"MY LITTLE GIRLS ARE STRONG AND HEALTHY"

Mother Gives Credit to Father John's Medicine

"My two little girls, whose picture I send you, have taken Father John's Medicine with good results. One of the children, Marcella, had throat trouble, but did not get relief until she took Father John's Medicine. This little girl is now strong and healthy and able to resume her studies at school. The other little girl is using the medicine as a tonic and it helps her." (Signed) Mrs. Margaret M. Carey, 537 Barbadoes street, Norristown, Pa.

memencement day in the history of Columbia, more degrees being awarded than by any other university in the history of the world. Several hundred more diplomas and degrees were issued this year than last, the total number being 2,212.

With music and song and speech the day was celebrated and the rain failed to dampen the ardor of the spirits of the young men and women sent forth so well equipped for the battle with the world. Honorary degrees of doctors of law were conferred by Columbia on Joseph H. Choate, former Ambassador to Great Britain, and Gov. Samuel Walker McCall of Massachusetts.

Thousands of relatives and friends of the graduates stood in the rain on the campus waiting for the march of the students, unaware that an underground passage led to the gymnasium, where the exercises were held. After a prayer by Chaplain Raymond C. Knox, President Nicholas Murray Butler of Columbia addressed the graduates. He said in part:

"There is no such thing as a common, a humdrum or a sterile life, unless we make it so ourselves. The most beautiful thing that happens in the short life of man is the discovery of men by one another. In the clash of interests a meeting of minds begins, and of that is born the gladness of comradeship. The university is the expression of spontaneous society. The State is necessary society."

New York University conferred diplomas upon 743 young men and women. In the auditorium at University Heights this morning diplomas were received by students in the College of Arts and Pure Science, the School of Applied Science, the Washington Square College, the School of Pedagogy and the Graduate School. This afternoon degrees were conferred at the commencement of the Law School and the Medical College. In his address this morning President Henry S. Pritchett opposed the introduction of compulsory military training in colleges. "The college does its greatest service for preparedness," he said, "when it so deals with its students that they leave college with disciplined minds ready to do service in any vocation."

"WEAR SKIRTS? BOSH!" SAY WOMEN COLONISTS

Clad in Knickerbockers and Bare-footed, Feminine Residents of Free Acres Defy Criticism. (Special to The Evening World.) NEW PROVIDENCE, N. J., June 7.—The single-tax colony at Free Acres has delivered a reply to resolutions passed by the townsmen of New Providence asking that the women single-taxers wear skirts. The reply is: "Bosh!"

CROSEY URGED TO ORDER GUARD FROM LAKE'S ISLAND

Supreme Court Justice Crosey, sitting in Brooklyn, was handed additional data to-day in support of the contention that the wrong island had been selected for the erection of a city garbage disposal plant. Mrs. Janet P. Doyle yesterday asked for permanent removal of the police protecting the contractors on Lake's Island on the ground that they were on the wrong island.

It was the city's intention to erect the crematory on Prall's Island. Then the site was transferred to Simonson's Island in Fresh Kills. Prall's Island is in Arthur Kills and Lake's is at the mouth of both kills and between two other islands. The contractors and police, it is now maintained, had Lake's Island pointed out as Simonson's Island and seventy policemen with motor boats and motor cycles have been protecting the contractors since May 23 at a cost to the city of \$3,000 a week.

"COOL AS A CUCUMBER"

NEW TONIC FORTIFIES SYSTEM AGAINST RIGORS OF SUMMER'S HEAT. Everybody is talking about malto-ferri, the new summer tonic that keeps the blood cool and the system refreshed. "WEAR SKIRTS? BOSH!" SAY WOMEN COLONISTS

The scandal started when a girl domestic from the colony wandered into Berkeley Heights wearing sandals, bloomers and blouse. The colony was founded by Bolton Hall, a New York lawyer. It embraces seventy-five acres and numbers among its residents business men, actors, collegians, writers and a physician. The colonists say they are getting tired trying to make people believe they are neither "free thinkers" nor free lovers.

RISKED LIFE IN VAIN SAVING MAN FROM RIVER

Police Officer Brings in Watchman, but He is Dead When Landed on Pier. Cries from the river took Police Officer John J. Lynch of the East Twenty-second Street Station to the recreation pier at the foot of East Twenty-fourth Street at 4 A. M. to-day. A man 150 feet away was being carried out by the tide. Lynch fired his revolver for help and dived off the stringpiece. He swam back with the man and was assisted to the pier by Police Officer Walker, but the man was dead. There was a wound on his forehead. He was identified as the Dock Department watchman for the pier, James McDonald, thirty-five, No. 838 East Fourteenth Street. It is believed he be-
