

FIRST PLAY LOT FOR 1916 SEASON FOR N. Y. KIDDIES

It Will Be Opened Monday and Will Give Joy to 500 Joyless Children.

PLAY STREETS, JULY 8.

Evening World Campaign for Fun for Children Goes on Famously.

Play spaces for kiddies. As a result of the plea for children's playgrounds considerable money is coming to the Police Department as well as the Parks and Playgrounds Association at 1123 Broadway, for supervisors and equipment to open more spaces to play during the summer.

As fast as funds are obtainable vacant spaces will be utilized. The opening of seventy-five play streets has now been set for July 8. It will take the form of a civic celebration, with bands of music, city officials and prominent citizens in attendance.

According to the campaign carried by The Evening World to open more play spaces for the children, a large play lot is to be officially opened next Monday at 4 o'clock in the most thickly populated section of the city, at Ludlow and Essex Streets.

This use of vacant lots for play was inaugurated by The Evening World two years ago and every available place is being reported by the police to the Police Department and made accessible for the children. Also, children from twenty-five day nurseries will utilize yards and street centres.

The lot to be opened for play, Monday, will mark the first official opening of these lots this year.

Deputy Commissioner Lawrence Dunham and Le Roy Peterson of the Police Department, as well as Sophie Irene Loeb of The Evening World staff will speak.

Mrs. Minkov, President of the Spanish and Portuguese Starhood, has supplied a supervisor and equipment for the play lot. Some five or six hundred children of the neighborhood will be accommodated here and the police will see to it that no traffic disturbs the play.

Among the other play spaces to be opened next week by the Parks and Playgrounds Association are the following:

Just One Application and the Hairs Vanish

(Follet Talks)

Any woman can keep her skin free from unlight hair or fuzz if she will follow these simple instructions: When hairy growths appear, apply a simple paste, made by mixing some water with powdered delatone. Apply this to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real delatone.—Adv.
