

TWO MORE AMERICANS SLAIN BY RAIDING MEXICAN BANDITS

Deaths of American troops from Mexican territory, but merely a series of charges which the American Government brings against us. We are preparing refutations of these charges, which will be published very soon.

"It is well known that all over the Republic men, women and even children have volunteered their services to fight foreign invasion. We will have to realize that the sovereignty of Mexico is being menaced by the United States and in defending that sovereignty we are defending the sovereignty of all Spanish-American countries."

Significant stress is laid to-day by all local newspapers in the concern manifested by the Spanish-American governments in the result of the dismemberment between Mexico and the United States. It is inferred here that the next development will take the form of an offer from a group of southern republicans to mediate.

Daniel Dillon, the Hearst correspondent, who had been imprisoned for nearly a month, was released last night in the custody of James Lynn Rodgers, the American Government's special agent. He will leave for Vera Cruz on Thursday for the United States.

Mexican Advance at Nogales Is Reported.

NOGALES, Ariz., June 28.—Shots were exchanged shortly before midnight last night between a sentry squad on the west side of town and a detachment of Mexican soldiers. The corporal in charge of the post reported he challenged the Mexicans, that they continued to advance without replying and that after they were well over the line they fired a shot at him. He then ordered his squad to fire, retreating to a point 150 yards north of the line to prevent being flanked. The Mexicans retreated.

When reserve companies of infantry were rushed to the line, the Mexican border guard opposite withdrew into the Mexican town. About twenty shots were fired by the United States troops. A Mexican officer then rode up to the Customs House and said his men had been fired on while they were on their side. No casualties were reported by the Mexicans. Later the reserve troops were withdrawn.

OBREGON DENIES VILLA HAS JOINED FIRST CHIEF

"If Alive, Bandit Leader Is Outlawed," Declares Mexican Minister of War.

MEXICO CITY, June 28.—War Minister Obregon to-day indignantly branded as a "fake" the report circulated in the United States yesterday that Villa had tendered his services to the Constitutional forces and the tender had been accepted. "Pay no attention to El Paso reports," said Gen. Obregon. "They are uniformly fabrications. Furthermore, Villa, if alive, is outlawed and comes under the proclamation refusing amnesty to him and others of like character."

MEXICAN SLAYERS OF 2 AMERICANS REPORTED KILLED

Six Raiders Said to Have Been Caught This Side of the Border By Troops.

COLUMBUS, N. M., June 28.—Six Mexicans, believed to have been the band which murdered William Parker and wife in their ranch house near Hachita, are reported to have been killed in a fight this side of the border during the night. The report, received to-day by a relative of Parker living here, failed to state which of several cavalry patrols and posse killed the raiders.

The bodies of Mr. and Mrs. Parker were found in their home yesterday. Both had been shot. The ranchmen who found the bodies reported that they learned from Mexican cowboys employed on the ranch that mounted bandits had approached the ranch about 10 o'clock last night. The cowboys fled, and the bandits, after killing the Parkers, looted the house, rounded up all the horses and cattle at the ranch, about 200 head of the latter and twenty-five horses, and drove them off toward the international line.

Several large posses of citizens joined the cavalry detachment in the search for the bandits. EL PASO, June 28.—Grave fears are felt that the Carranzistas in Juarez plan an attack upon this city and Gen. Bell has greatly increased the army patrols along the Rio Grande, while his artillerymen, with guns trained on Juarez, are prepared to wipe that town off the map if the Mexicans, aided by 400 Villa bandits who are in Juarez, attempt to move across the river.

At least 50,000 Mexican soldiers are massed in the State of Chihuahua ready to attack American troops if war is declared, army men assert. They are said to have over a hundred pieces of French artillery.

Two more batteries, Fifth Field Artillery are on the way here from Fort Sill, Okla., to be added to the row of guns lining the heights above El Paso and trained on Juarez. One battery of the Fifth with four and seven-tenths-inch cannon, the largest field guns in the American army, is already here. Of the two batteries coming, one comprises guns of the same calibre and the other the regulation 3-inch guns of all other field artillery regiments. These correspond to the French seventy-fives.

Mexican reports to-day indicated that possible hostilities with the United States are not far off. The strength of which is variously estimated from 25,000 to 40,000 men, has been distributed along the two railroads of Chihuahua, the Santa Fe Central and the Mexico Northwest, and in the Santa Maria River Valley in such a way as to menace the American line of communication and present an obstacle to a possible American drive toward Chihuahua City.

Circulars spread broadcast from Hermosillo by recruiting officers and brought to Nogales, Ariz., by fifteen American refugees who arrived there yesterday. The circulars, in Spanish and English, declare: "They say in part: 'No fighting will be necessary. Our brave troops will simply march northward, brushing the gringos aside, until our glorious tri-color floats from the dome of the capital at Washington.'"

To offset these manoeuvres Gen. Pershing has gathered at Colonia Dublan more than 20 motor trucks, which in an emergency he can transport infantry across country rapidly.

FIRST ARTILLERYMEN GET BIG SEND-OFF AT VAN CORTLANDT

Great crowds of relatives, friends and other well-wishers gathered at Van Cortlandt Park to-day to see the artillerymen of the Second Battalion, First Field Artillery, strike camp and get under way for the border. Robert Bacon, former American Ambassador to France, was among the more prominent visitors. He was there to say goodbye to his son, Robert V. Bacon, a lieutenant in Battery F.

Capt. Joseph L. Gilbreth of the U. S. Army conducted the medical examination of the men in Battery D, the first unit to march. The whole battalion was inspected by Lieut. Col. Merritt H. Smith and by Col. Benjamin Von Raden and Lieut. Weir were to go with Major Austin as aides. Col. Smith, with the headquarters staff, the hospital corps and the band, are to remain and go with the First Battalion.

The entire cavalry strength of the State was concentrated at Van Cortlandt Park to-day by the movement from Camp Whitman of four troops, B of Albany, D of Syracuse, G of Utica and H of Rochester. This brought the force up to approximately 1,600 men, being the full First Regiment, Squadron A and a machine gun troop.

SUPPLIES ARRIVE AND REST OF N. J. GUARD IS READY

Delayed Equipment Will Enable Last of Men Called to Leave.

SEA GIRT, N. J., June 28.—Every one is happy here this morning. Clouds that obscured the military sky have blown away. Gen. Wilbur F. Hadler Jr., the Adjutant General, has received equipment expected a week ago. It arrived here this morning, a whole trainload of it. The supplies were quickly unloaded and the men are now fully outfitted had his needs supplied. The first time since the mobilization commenced there is no soldier in camp without a uniform. There are blankets in plenty and 1,400,000 rounds of rifle ammunition.

Gen. Hadler said this morning that "There is no question that the Fifth Regiment can entrain Friday. That will leave here the Fourth Regiment, Troops C and D of the cavalry and the Signal Corps, and these units will be able to entrain on Saturday morning at the latest. When the Fifth goes it will take with it all of its own recruits and also those of the First Regiment who had to be left behind because of lack of material. The Fourth will take its own recruits with it. I expect the units here will be sent to El Paso, where the First is bound, and while the Fifth reaches there the First's recruits can join their regiment."

"When the men go on Saturday, as I expect they will, it will complete New Jersey's quota on the first call. We will be ready then for another summons."

12TH IMPATIENT AS LARGE CROWD AWAITS DEPARTURE

(Continued from First Page.) At Green Haven this afternoon for Brownsville. The Twelfth will travel south on a train of three sections. The officers will have parlor cars and dining cars. The men will ride in day coaches and their meals will be cooked in baggage cars.

The Forty-seventh Regiment of Brooklyn received orders from Major Gen. Wood's headquarters to-day to depart for the border as soon as it could entrain. The regiment has been waiting in its armory for several days.

Company C of the Twelfth left the armory early to-day and went to Hoboken to supervise the loading of regimental supplies on the train. Three hundred men of the Twelfth will go without guns.

The First Field Hospital Corps, now at Camp Whitman, is also scheduled to leave for the border to-day. More than 2,000 New York Guardsmen will be on their way to the border to-night.

Lieut. Col. Sternberger, Chief Quartermaster of the New York Division, announced to-day that he expected the Second and Sixty-ninth, now at Camp Whitman, would be the next regiments sent to Brownsville.

Rush orders to Major Gen. Leonard Wood, head of the Department of the East, to send all the remaining organizations in his department to the border without delay may take from New York many of its remaining Guardsmen to-day.

The urgency of the War Department's need was indicated by its statement that the call for cavalry was so great that a mounted unit may be considered "reasonably prepared" even if it had no horses, and is to be sent to the border at once. After the departure of the Seventh, Fourteenth and Seventy-first for Brownsville, Tex., Gen. Wood wired the War Department that 14,061 men from the National Guard of five States in the Department of the East are on their way to the border. There are more than 4,000 New York Guardsmen ready to-day to leave on a moment's notice.

Seventy-First Regiment on the Way to Mexico Happy to Go and Hoping to See Active Service

71st REGIMENT OFF FOR BORDER.

men will be more rapid to-day than at any time since the movement began. MUSTER ALL NIGHT FOR 12TH REGIMENT; 1,400 READY TO MOVE

All night long the men of the Twelfth were being mustered into the Federal service by Col. Buffington, of Gen. Wood's staff, and also undergoing the physical examination required by the regular army. It is a matter of pride with the regiment to-day that out of fifty-three officers and 1,400 men examined last night only six were rejected. These six were turned down because of slight defects in eyesight which can be corrected easily with glasses. As soon as this is done the six men expect to join their regiment at the border.

Far from being short of officers, as some reports have had it, the Twelfth has its full complement and also has on file 137 applications for service from previous members of the regiment who have had experience as officers. One of these, a former Colonel, offered to go as a Second Lieutenant if they would only take him along.

The officers of the Twelfth are all college men, Harvard, Yale, Princeton, Columbia and the University of Pennsylvania being some of the institutions represented by them. The rank and file, by contrast, are boys from the west side, plumbers, mechanics, chauffeurs and motormen, a fine husky crew of fighters.

It was stated at the armory to-day that the surface car lines had been rendered short-handed recently by the enlistment of 200 of its motormen and conductors. Not all of these are in the Twelfth, of course.

At 8 o'clock this morning the boys of the Twelfth, who had spent the night in the armory, were relieved in detachments and given one hour each in which to go home and wash up preparatory to leaving for the front. Crowds of parents and other dear ones awaited about the armory from an early hour this morning, awaiting the arrival of their sons.

There will be 200 recruits to follow the regimental wagon train was drawn up on the floor of the armory this morning, awaiting the arrival of horses. The wagons, according to schedule, will be aboard the train before the arrival of the men.

JOHNSON TO COMMAND WHEN BORDER IS REACHED. Capt. Gordon Johnson of the regular army, the man Col. Roosevelt said would "charge hell with a bucket of water," will replace Col. Wadsworth in command of the Twelfth Regiment as soon as it reaches Brownsville. Capt. Johnson is aide to Gen. Wood and is a former Rough Rider. Wood turned over the command to Capt. Johnson Col. Wadsworth will become Lieutenant Colonel and Lieut. Col. Foster will be made a Major.

MORE STATE TROOPS START FOR BORDER; OTHERS GET READY

Twelfth Regiment leaves about 5 o'clock this afternoon for the border, entraining at Hoboken. First Field Hospital Corps left Camp Whitman for border. Third Ambulance Corps left Camp Whitman for the border. Second Battalion, First Field Artillery, left Van Cortlandt Park at 12:30 o'clock to entrain at Yonkers for the border.

Troops B, D, G and H of the First Cavalry move from Camp Whitman to Van Cortlandt Park. The Sixty-fifth Regiment, of Buffalo, leaves for Camp Whitman. The Tenth Regiment, of Albany, goes to Camp Whitman. The Third Regiment, of Rochester, goes to Camp Whitman.

POSITIONS OF OTHER NEW YORK CITY GUARD UNITS. Sixty-ninth Regiment at Camp Whitman. Twenty-second Engineers at Camp Whitman. Forty-seventh Regiment at Armory; ordered to entrain at once. Twenty-third Regiment at Armory. First Battalion Signal Corps at Armory. Squadron A at Van Cortlandt.

Three of his sons, Joseph, twenty-four; James, twenty-one; and Martin, nineteen, are members of Company G, and his fourth son, Charles, a naval midshipman, is trying earnestly to get transferred to the Twelfth so he can go along with the rest of the family. Morris Horn, the truck driver "tenor," discovered a few months ago by the Aborns, is another interesting member of the Twelfth. He has been studying singing under the best masters here recently, but when the call to arms came his plans for a career were temporarily abandoned and he is now on his way to be heard around the campfire instead of across the footlights.

The Twelfth was organized in 1841 and has seen service in the Mexican War, the Civil War, and the Spanish-American War. During the latter conflict it was longer in service than any other militia unit, and though it saw no actual fighting it did highly important garrison duty at Matanzas and Havana and aided materially in restoring order out of chaos in Cuba.

4TH WAS ALL READY AS ORDER TO ENTRAIN CAME TO ARMORY. The Forty-seventh Infantry, N. G. N. Y., was ready to the last man, and the last ounce of equipment had been packed up when the order to entrain was received. Eleven hundred husky fighters were waiting the word to go. The mothers, wives and sweethearts of the lads in the Forty-seventh were at the armory, Mary and Heyward Streets, Williamsburg, early this morning. Embraces and kisses and tears were abundant everywhere in the old armory. Col. Ernest E. Janney ordered all visitors out at 9:30 A. M., and since that hour the command has been ready to move.

Dinner was cooked and served at the cooking tents in Heyward Street at noon, while the police kept all outsiders out. Capt. Charles W. Brown of Company A, officer of the day, sent a few sergeants around the neighborhood this forenoon, and gathered in twenty recruits, who hope to follow the regiment to Texas very soon. Capt. George S. Chase of Company D, who hurt his knee when his horse fell at Peekskill Training School recently, was rejected by the surgeons to-day. Lieut. William Jackson succeeded him in command of Company

D. Lieut. Charles H. Rodgers was made Captain of Company H, in place of Capt. Haskell Bellinger, who volunteered in a Canadian regiment and is now fighting in France. Major Arthur Sien and the Seventy-nine men in his Third Field Hospital unit, with headquarters in the Forty-seventh Regiment Armory, hopes soon to be sent to the front. His most interesting recruit is William Coleman Jr., twenty-three years old, who was discharged from the French Volunteer Hospital Corps in May, 1915, came home and was operated on for appendicitis in the New Orleans Hospital. He married his nurse, Miss Doretta Smith. She will remain at home, No. 318 South Fifth Street, Brooklyn.

THIRD BRIGADE HEAD GOES SOUTH TO-DAY. Brig. Gen. James W. Lester of Saratoga Springs, commanding officer of the Third Brigade, National Guard, will leave to-day on hurry orders for the South. This is taken to mean that the brigade, including the First, Second and Tenth Regiments, will leave tomorrow for the border. Gen. Lester takes with him Major Chandler of the Tenth, assigned to his staff as Adjutant General, and Lieut. Griswold Green and Lieut. Chester W. Davis, aides.

5,000 MASSACHUSETTS TROOPS BOUND SOUTH; ALL FULLY EQUIPPED. FRAMINGHAM, Mass., June 28.—The last of the Federalized militia organizations called from this state for border service started for the south to-day. The field artillery and cavalry forces entrained during the night and forenoon and set out as the rear of the movement which Brig. Gen. E. Leroy Sweetser and the Ninth Regiment began on Monday night.

When concentrated at El Paso, their destination, Massachusetts troops will number 5,000 men, with four regiments of infantry, a squadron of cavalry, two battalions of field artillery, a hospital company, an ambulance corps and a signal corps. They are equipped with nearly every article required, and will have also various improved motor trucks, gun mounts, cycles and ambulances and other special appliances.

PENNSYLVANIA MOVES FIRST OF HER 14,000 GUARDSMEN TO-DAY. MOUNT GRETN, Pa., June 28.—Philadelphia's First Brigade Infantry and Pittsburgh's Signal Corps were to leave for the border to-day—first of the Keystone State's 14,000 troops to move.

Departure was delayed yesterday by the necessity for having all regulations of the United States Army carried out in detail. War Department orders required a new muster roll of the First Brigade and completion of typhoid prophylaxis. Next to move will be the Second Brigade, comprising Western Pennsylvania troops. Their departure was scheduled for to-morrow.

POLICY ON MEXICO GEN. BARRY ORDERS IS 'WISHY-WASHY,' DECLARES CANNON TROOPS TO HURRY IN MIDDLE WEST

"Can't Get Anywhere by Feeding Soothing Syrup to Bandits," He Tells House.

WASHINGTON, June 28.—President Wilson's handling of the Mexican problem is a "dilly-dally, wishy-washy, hog-wallow policy," "Uncle Joe" Cannon to-day declared to the House. If he were President, he said, he would establish a military government in Mexico City and support it by force until a Mexican could be found who could maintain peace and order.

"God knows I don't want Mexico," shouted Cannon. "I don't think we need it, but we can't get anywhere by feeding soothing syrup to bandits. I would go into Mexico and in a manly, straightforward way tell the Mexicans that we must have peace and order. I would not leave that country until we had written into its fundamentals a provision that the United States might intervene, as it may do in Cuba, in case orderly government is not maintained."

"Wouldn't you make Mexico with all its wealth pay for the great expenditure we would undergo in pacifying that country?" asked Representative Taggart of Kansas. "Well, we can settle that when the time comes," answered Cannon.

The sum of \$27,536,000 was appropriated to-day by the House in an urgent Deficiency Bill to cover army and navy expenditures in connection with the Mexican expedition.

VESUVIUS IN ERUPTION, PEOPLE TAKE FLIGHT. Dense Smoke From New Craters Alarms Towns—Big Streams of Lava From Stromboli.

ROME, June 28.—Vesuvius is again in active eruption, Naples despatches reported. Dense columns of smoke are arising from new craters and a large number of residents of towns near its base are leaving their homes. Stromboli is also emitting unusually large streams of lava.

GEN. BARRY ORDERS TROOPS TO HURRY IN MIDDLE WEST

At Urgent Call Illinois Regiments Are Expected to Move To-Day.

CHICAGO, June 28.—Orders were issued to-day by Major Gen. Thomas H. Barry, in command of the Central Department of the United States Army, for the immediate movement to the border of all units of the Illinois, Missouri, Kansas and Wisconsin National Guard, which are "reasonably ready."

The following statement was issued at Gen. Barry's office: "Orders have been issued directing the despatch of all units in Illinois, Kansas, Missouri and Wisconsin which are reasonably ready. The Illinois cavalry will go to Brownsville, Tex. All other Illinois troops to San Antonio, Kansas troops will go to Eagle Pass, Tex. Missouri troops will go to Laredo, Tex. Wisconsin troops will go to San Antonio, Tex. Other troops will be despatched whenever reported reasonably ready."

The First Illinois Infantry will entrain at 2 P. M. and the Second Illinois Infantry to-night. It was stated. These troops probably will reach their destinations before any eastern militia.

In addition to the general orders to the four States, three of them, Illinois, Missouri and Kansas, were given authority to move for the border on their own officers' direction without reporting back to the central department their readiness.
