

ADULTS' DENYING.
 (From the Record (The Star).)
 A man who is fond of putting the blame through natural history examinations to others, surprised by their denial.

He recently asked them to tell him "What natural" is satisfied with the "The South" one of them admitted "It was nothing but false."

FRENCH CORPORAL DECORATED FOR TAKING 100 MEN

President Poincaré Hands Him Military Cross in Honor of Remarkable Exploit.

PARIS, Aug. 7.—Corporal Goutaubeur, of the French light infantry, has been decorated with a military cross by President Poincaré for capturing 100 Germans, including two officers, and only by a single companion. The reference to Corporal Goutaubeur's exploit in army orders reads: "For bravery and contempt of danger, which struck terror into the trenches and shelter of the enemy. With a single comrade he has made 100 prisoners, including two officers, whom he took to the rear and then retained his post." When Corporal Goutaubeur was paraded before President Poincaré on the recent visit of the latter to the Somme front he told the story of his feat at the request of the President. It was on July 29 before Hem Wood. The French troops had just dashed forward at the German

positions. The first wave had swept over the enemy's trenches and the second had followed to complete the operation. From a hollow toward the right, a well sustained fusillade was being poured on the flank of the attackers.

Goutaubeur, who was at the right side of the second wave, called out to one man: "Gulliot, come with me." The two men approached the spot whence the firing came. They girded from tree to tree until they were close to the shelter where a German company was holding out. Goutaubeur broke as fast as he could and the fire ceased.

"Goutaubeur," shouted the Corporal in a stentorian voice from behind a tree. In response to his demand 100 Germans emerged from the shelter with upraised hands, led by two officers. "Come along this way," shouted Goutaubeur from his hiding place. "Go out of the wood at once and march to the rear."

Two minutes later the 100 Germans, accompanied by the Corporal and Gulliot, arrived at the French lines. The prisoners admitted that some of their comrades remained in the shelter. "Come on, Gulliot, let us go and fetch them," said Goutaubeur. The two men started back, but Gulliot fell with a bullet in his breast, and the Corporal had to abandon his enterprise.

May Vote on Suffrage This Session.
 WASHINGTON, Aug. 7.—A canvass of the Senate is being made by Senator Thomas, Chairman of the Suffrage Committee, to learn whether it will be possible to hold extended debate on a vote at this session on a Federal Suffrage amendment. Senator Shafer, a White House caller today, said he expected to see the vote taken.

TURKS ARE CAUGHT IN TRAP BY BRITISH; BRIGADE IS CUT OFF

Cavalry Lures on the Modern Army of 14,000 and Waiting Infantry Flanks Them.

CAIRO, Aug. 7.—Three thousand one hundred and forty-five prisoners, among them thirty-six German officers and thirty-four men, arrived here to-day from the region east of the Suez Canal where British troops are pursuing into the desert the remainder of the Turkish force of 14,000 troops that began an attack last Thursday night and has continued twenty-three miles from the Suez Canal to a point beyond Kates.

Large crowds watched the prisoners pass through the streets and displayed great interest in a battery of German guns among the material captured. Other prisoners are being brought in as the pursuit continues. A description of how the Turks were drawn into the trap by British cavalry is given in a Cairo despatch to the Exchange Telegraph Company. It says that the cavalry was sent out to entice the enemy, who had shown a disposition to assume the offensive. The British horsemen fought an admirable rear guard action, drawing on the Turks until their flanks were turned by the mounted division. A whole brigade was compelled to surrender. Among the prisoners were seventy Germans, including thirty-six officers. A complete battery of German guns was also taken.

"The net results of the battle of Romani are the destruction of more than one-fourth of the Turkish effectiveness and the pushing of the remainder out into the blazing desert beyond the Katia cases," said Major-Gen. F. B. Maurice, director of military operations of the Imperial General Staff, in explaining to-day the significance of the latest operations in the Near East.

"By advancing slowly we established ourselves firmly in entrenched positions behind Romani and awaited the Turkish advance from El Arish, an advance of which we had constant news from our air service," said the Major General.

"The Turks not only made a frontal attack on our entrenched positions, but attempted to get around our left flank. Our artillery, infantry and cavalry co-operated not only in repelling but in attacking the enemy, with such satisfactory results that he is liable to have an uncomfortable time recrossing the desert at this season of the year. Military writers are unable to fathom the reason why the Turks ventured upon their attack, in which they lost heavily in killed, wounded and prisoners. The only conclusion reached is that the Turkish military authorities were misled as to the British preparations for the defense of the Suez Canal and hoped to make an impression on the rebellious Arabs, who are extending their hold on important places in Arabia. The Turkish advance as far as the greatest difficulties. Their six-inch guns being dragged across the desert by oxen after relays of planks had been placed to prevent the wheels sinking into the sand.

FEARS FOR THE FATE OF BRITISH PRISONERS.
 LONDON, Aug. 7.—Apprehension exists as to the fate of the British prisoners taken at the time of the surrender of Kut-et-Amara to the Turks. Lord Robert Cecil said in the House of Commons to-day that repeated inquiries had been made through the American Embassy at Constantinople to ascertain the whereabouts of these prisoners, but that no reply had been received from the Porte. This, he said, inspired considerable misgivings, as the prisoners were compelled, after the fall of Kut-et-Amara, to cross the desert at the worst season of the year.

AUSTRIANS BEAT BACK ATTACK BY ITALIANS
 Vienna Admits Initial Success of the Enemy, but Claims Final Advantage.
 BERLIN, Aug. 7 (by wireless to Sayville).—"In the southern section of Dobrodo Height on Friday," says the Austro-Hungarian army headquarters report of Aug. 5, "the Italians with at least seven regiments attacked our positions after four hours of artillery preparation. The Italian troops at first were frustrated by our artillery. Later the enemy temporarily entered the Austro-Hungarian positions at several points, but everywhere was ejected. We took 330 unwounded Italians and captured two machine guns."

way station at Thionville; twenty-five on factories at Remlach, north of Metz, and twelve on military camp near Stain.

GEN. HAIG REPORTS FAILURE OF GERMAN COUNTER ATTACKS

LONDON, Aug. 7.—Replies of several German counter attacks against British positions east of Pozières was announced this afternoon by Gen. Haig in official despatches to the War Office.

Following is the text of to-day's report from the British War Office: "The situation is unchanged. Artillery bombardments continue between the Ancre and the Somme, both on the front line and back areas. The enemy made several counter attacks east of Pozières, all of which were repulsed with loss to the enemy. We retained the ground won yesterday. Last night we carried out a successful raid on the enemy's trenches east of Neuville-St. Vaast. Southeast of Bois Grenier the enemy endeavored to raid our trenches, but the raiding party was unable to reach our line and was driven back with loss. The crest of the important ridge west of Martinpuich is now firmly in British hands. Despatches from war correspondents' headquarters at the British front revealed this fact to-day. Entrenched on the newly won heights, Australian troops now look down a slope rolling away to the city of Bapaume, the immediate objective of the great British offensive, and now less than seven miles away. British artillery already is preparing the

way for another advance on both sides of the Bapaume highway. The Kaiser has made another sudden shift from the east to the west front, which Berlin says is interpreted there to mean he thinks Hindenburg and the great Russian offensive has now again to secondary importance, and the danger is growing on the west.

Fate, Here, Symbols Shown on Beach
 ATLANTIC CITY, N. J., Aug. 7.—When city officials a few weeks ago raised the embargo on beauty and announced that bathers would be allowed to promenade from hotels to beach in bathing costumes they started something. Fair symbols with undressed and ultra-low neck bathing suits took advantage of this concession to parade the beach, and all other bathing suits were prohibited. To-day, however, were instructed to show the sun lightly and quickly back to the beach.

Does Your Condition Discourage You?
 After suffering from a severe cold which has now become a chronic cough, do you think that you should do you feel your system needs a change of treatment? In many such cases—where symptoms of asthma, bronchitis, catarrh or pulmonary affection appear—Dr. Williams' Pink Pills for Pale People are the only remedy. This non-drying preparation has been widely used for more than twenty years, with remarkable results in numerous instances. As with any prescription, the drug must not be expected to do the medicine itself. At best it can only assist Nature. And here is a remedy that is safe to try, and if suitable to your condition, will give you a new lease of life. At your druggist. For sale by ALL Dispensaries, Retail-Wholesale Drug Stores, Eckman Laboratory, Philadelphia, Pa.—Aust.

Resinol Soap
 a friend to poor complexions

Resinol Soap is not only unusually cleansing and softening, but its regular use helps nature give to the skin and hair that beauty of perfect health which it is impossible to imitate. Tendency to pimples is lessened, redness and roughness disappear, and in a very short time the complexion usually becomes clear, fresh and velvety. The soothing, restorative influence that makes this possible is the *Resinol* which this soap contains and which physicians have prescribed for over twenty years, in Resinol Ointment, in the care of skin and scalp troubles. If the skin is too hot condition through age, or as an order use of Resinol, use a little Resinol Ointment at first. Resinol Soap and Ointment are sold by all druggists. For sample, write to Dept. 30-E, Resinol, Baltimore, Md.

To **John Purroy Mitchel**
 Mayor of New York

Dear Mr. Mayor:
 In your capacity as executive head of a great city, don't you feel that the *material welfare* of the people is, in a measure, under your control? You use every possible precaution to protect lives, health, liberty and happiness—your record is definite evidence of the fact.
 Now, Mr. Mayor, many individual things make up what we know as "material welfare" and not the least of these is the cigarette. Are you aware that millions are annually consumed in your city and hundreds of thousands of dollars invested by the people in this form of pleasure? Isn't it true, because of these facts, that the cigarette has ceased to be a luxury and may now be classed as a necessity?

All this being true, together with the fact that *seven-tenths of the male population smokes cigarettes*, wouldn't you be interested in knowing that a cigarette has been created which insures quantity, quality and economy?

It will interest you to know, Mr. Mayor, that the Lord Salisbury cigarette is the first cigarette to be made of 100% pure Turkish-tobacco of fine grades (see guarantee on package) and to sell at so low a price as 15c for 20. It's the first cigarette to afford maximum satisfaction at minimum cost.

In thus reducing the cost and increasing the quantity of a former luxury which has now become a necessity, don't you think The American Tobacco Company has solved a problem in economics and contributed to the "material welfare" of the people?

Mr. Mayor, you recognize clearly the rights and liberties of your people. And while I wouldn't pretend to ask you to endorse this, or any other product, I am bold enough to ask you if it is not your rule to approve any movement that reduces the cost of living and adds to the material content of the people at large?

I'd like to have you try the Lord Salisbury cigarette, Mr. Mayor, just to see whether it is worthy and whether it is really the solution we have all been looking for. And, Mr. Mayor, look out for imitators.

W. K. Cochran
 Pres. W. K. Cochran Adv. Agency

P.S. After all, the proof is in the smoking. Buy a package today. Judge for yourself.
