ITALIANS GAIN IN A NEW OFFENSIVE AS HAIG DRIVES ON BELOW MESSINES

STATE'S MILITARY CENSUS BEGUN WITH AID OF 80,000 VOLUNTEER ENUMERATORS

Every Person From Sixteen to Fifty Inclusive Must Register Within Next Two Weeks. FEW DELAYS AT START. Albany Authorities Announce Exemption Must Be Claimed at Enrollment.

With but few delays, due to the unfamiliarity with their duties of 80,000 volunteer workers and to a slight shortage of stationery supplies, the taking of the New York State Military Census began with a rush today. The demand for blank cards exceeded all estimates for the opening day and the thousands of unused stores, drug stores, department store bookshelves and other registration places were the centers of impatient men and women eager to get the unusual formality off their minds. A still heavier rush was expected when the school houses are opened to applicants for enrollment at 2 o'clock this afternoon.

The only confusion in the making of answers seemed to be caused by the question asking if the applicant wished to claim exemption from service in the State militia to which all men between eighteen and forty-five not enrolled in the Federal registration are liable. The Albany authorities sent out word to-day that exemption must be claimed at enrollment if at all, under such grounds as "religious scruples," "alien," "physical disability" with the nature of the disability indicated such as "loss of right arm" or "defective eyesight."

Every resident of the State, citizen or alien, between the ages specified must answer the questions of enumerators or lay himself or herself liable to six months' imprisonment. The enrollment will continue daily except Sunday until 10 P. M. Monday, June 18. The name, age, address, occupation, capabilities and possessions valuable from a military point of view will be noted of every resident, whether citizen, friendly or enemy alien.

Director E. F. Goodrich has adopted a "rule of reason" for all who have announced they will not register. He will go before any organization opposed to the census, on request, and explain what it is for. He points out, in a letter to some of these "conscientious objectors," that he must carry out the law, and that there are but three things residents of the State may do—obey the law, slip out of the State, or go to jail.

Persons who publicly assert they mean to evade the law or who refuse to answer questions or are obviously untruthful in their answers will be served with subpoenas and will have every opportunity to explain themselves, be instructed in better conduct and retrieve themselves. In some communities well meaning civic organizations contemplate asking additional questions for community purposes. Questions not on the State blanks may be answered at the pleasure of the person enrolling, but he is subject to no penalty for refusing.

Both in New York and in Brooklyn there were delays in getting the enrollment started, due to many reasons. Many sought to enroll at the places usually used as polling and registry places and were disappointed. All schoolhouses are registry places after 3 o'clock until 9 on school days and all day on Saturdays. The use of many unoccupied stores has been accepted, and many

ALL IRISH PARTIES TO JOIN CONVENTION TO PLAN HOME RULE

Sinn Feiners, Who Threatened to Keep Out, and Orangemen to Be Represented.

LONDON, June 11.—All Irish parties have agreed to the Government's plan for a convention of all factions which shall map out future Home Rule for Ireland. Premier Lloyd George announced in the House of Commons to-day.

John Redmond, the Nationalist leader, will be invited to nominate five members of the Irish Convention, Lloyd George announced. Sir John Lonsdale will be invited also to nominate five members, the Premier added, and William O'Brien two members.

There would be ten Irish representative peers, five members of the Irish Unionist Alliance, five Sinn Feiners and fifteen members nominated by the Government.

The Premier said the Government had invited each county council and each borough council to send its chairman as a delegate to the Irish convention. The urban councils had been invited to send two representatives.

The church, he said, would be represented by four Catholic bishops, by the Primate and Archbishop of Dublin, representing the Protestant religion, and by Dr. John Irwin, moderator of the Presbyterian assembly.

In addition the chambers of commerce of Dublin, Belfast and Cork would be represented and there would be five representatives of the Irish labor interests. There will be 101 delegates in all.

The Premier said the government would prefer that the convention nominate its own Chairman, but it was prepared to nominate a Chairman and submit his name to the King.

The Sinn Feiners in Ireland at first expressed strong opposition to take part in the Home Rule conference. They were unalterably opposed to the consideration of any measure short of the absolute freedom of Ireland. Within the last few days, however, they have shown a more moderate tone.

The Orangemen of the North of Ireland were on the other hand violently opposed to any proposal that might lead to a curtailment of British rule in Ireland. Pressure has been brought to bear on them to fight out the situation in the convention.

Lloyd George delivered a eulogy of William Redmond, whose death from a wound received at the front was announced last week. He said Mr. Redmond was about all Irish and felt the war was Ireland's great opportunity for winning liberty for herself by fighting side by side with Great Britain in the world struggle for freedom. Mr. Asquith associated himself with the Premier's tribute and Joseph Devlin, Nationalist, thanked them for the references they had made.

THOUSANDS WATCH BODY OF SLAIN BABY BORNE TO THE TOMB

Little Victim of Kidnappers Attracts Great Crowd to Home of Banker Keets.

SPRINGFIELD, Mo., June 11.—While authorities investigating the abduction and murder of baby Lloyd Keet, whose body was found in an old well near Springfield Saturday, continued in the dark to-day as to the actual perpetrators of the crime, thousands of Springfield citizens and persons from the adjoining country gave expression to their sympathy for the bereaved family. As the little white casket was borne to St. Paul's Church for the funeral ceremony, crowds stood in the streets with bared heads.

The home of J. Holland Keet, wealthy banker, father of the murdered baby, was filled to-day with flowers sent by friends, relatives and even persons unknown to the family.

Announcement was made to-day that a charge of murder in the first degree in connection with the Keet case had been preferred in Justice Court against Dick Carter of Springfield. It has been learned, however, that Carter, who was taken into custody at Hutchinson, Kan., has been released upon giving proof that he had not been in Missouri for more than a year.

Mrs. Keet, mother of the baby, is still in a serious condition, but is bearing her grief bravely. After the first shock of the baby's death, she regained her composure somewhat.

Baby Keet was not drowned as at first supposed. The coroner's inquest determined that he had died from exposure or malnutrition of might have been smothered.

One of the letters was postmarked Detroit, Mich.

The Naval Affairs Committee this afternoon ordered a sweeping investigation into the charges of defect in ordnance and ammunition communicated to Senator Frelinghuysen.

There were reports here to-day of additional arrests in the alleged abduction plots that had to do with the kidnapping and murder.

In the meantime conditions in this city were practically normal to-day after thirty-six hours of intense excitement due to the finding on Saturday of the body of the missing baby, and the announced intention of the populace to take the lives of the six prisoners.

The prisoners to-day were thought to be safe in the jails of other counties to which they were spirited after the mob tried to hang one of them.

Mr. and Mrs. Taylor Adams, Maxie Adams and Sam McGinnis are at Stockton, and Claude Piersol and Cletus Adams are in Kansas City, Mo.

Near Humansville Sheriff Will Webb and his party, trying to spirit the prisoners to safety, were overtaken Sunday morning by a few men from Springfield, who had travelled in motor cars and Piersol and Cletus Adams were subjected to a grilling that is said to have left them with their lives only as a result of the iron nerve of Piersol.

The Sheriff apparently made no resistance to having his prisoners taken from him when the Springfield men promised him no harm would be done the suspects unless they confessed to complicity in the baby's death.

A rope was placed around Piersol's neck and the end thrown over a limb. He was assured that he was about to die, "whether guilty or not," but only replied that he hoped "you will tell my parents I had nothing to do with the abduction or death of the Keet baby."

TRAITOR IN NAVY, IS CHARGE MADE BY DANIELS TO SENATE

Accidents at Gun Practice on Mongolia and St. Louis Attributed to "Laxity."

WASHINGTON, June 11.—Either a spy or traitor has been divulging confidential information of the Bureau of Ordnance, Secretary Daniels to-day told the Senate Naval Affairs Committee.

When the Committee to-day resumed investigation of the Mongolia and St. Louis shell accidents Senator Frelinghuysen produced some letters which Secretary Daniels said contained information which only could have been obtained from the confidential files of the Ordnance Bureau. He asked to have them turned over to the Secret Service. Senator Frelinghuysen said he had no desire to shield any one, that he had attempted to find out something about the author and could not.

Secretary Daniels said it was absolutely necessary to run down traitors or spies in the Navy Department and that the person who furnished the information was one or the other. He urged the Committee to uncover the author of the letters and make him disclose everything. He contended that charges of incompetency were made in the letters against inspectors and contained grave reflections upon the basic defenses of the country.

One of the letters was postmarked Detroit, Mich.

The Naval Affairs Committee this afternoon ordered a sweeping investigation into the charges of defect in ordnance and ammunition communicated to Senator Frelinghuysen.

FOUR EARTHQUAKES CAUSE CITY RESIDENTS TO FLEE

Now Camping Out in the Fields, Fearing the Recurrence of the Tremors.

ROME, June 11.—Four violent earthquakes early to-day caused a panic at Terni. Despatches received here assert considerable damage was done.

All inhabitants of the town fled to the open fields and are now camping out there, fearing further earth tremors.

Terni is a town of about 31,000 population, located in the Province of Perugia, forty-nine miles northeast of Rome. A big Government arsenal is there. The town is famed for its Roman ruins and a cathedral.

U. S. DEPARTMENT HEADS TO APPOINT WOMEN FIRST

Official Order Issued to Employ Them So That Men May Be Free for War.

WASHINGTON, June 11.—The first official step in employment of women in clerical positions in preference to men, in order that men may be free for war service, was made to-day when the Secretary of Commerce, State, War and Navy requested the heads of all bureaus to give preference to women.

KILTS MAY REPLACE TROUSERS IN ENGLAND; NEED NO PRESSING.

LONDON, June 11.—Kilts may replace trousers for civilian dress. Their adoption is under serious consideration as a result of the Government's advice to men to wear material of one hue to save dyes.

A Government fashion expert says kilts dispense with the nuisance of pressing, and of their durability there can be no question, because Scottish families have passed one kilt from generation to generation. Another favorable argument is the advice of physicians that it is the ideal dress for boys, giving the greatest warmth around the stomach and greater freedom than trousers.

The presence of thousands of Scottish troops in all parts of the country has made the kilt popular with many civilians.

WILL FIGHT TO IMPRISON THE EX-CZAR IN FORTRESS

Crew of Cruiser Diana Threatens to Sail Up Neva to Petrograd to Enforce Demand.

PETROGRAD, June 11.—Sailors on the Cruiser Diana adopted formal resolutions to-day demanding that the ex-Czar and his family be confined in the fortress of Kronstadt, declaring otherwise they would sail up the Neva to Petrograd to "fight for it."

Three times this demand has been made," the sailors declared. "If the Government does not comply, we will fight to achieve it."

NO SAILINGS FOR ABROAD WITHOUT PASSPORTS

Government Tightens the Restrictions on Travel Between United States and Foreign Countries.

WASHINGTON, June 11.—The Government to-day began to tighten restrictions governing travel between the United States and foreign countries.

Secretary Redfield directed all steamship companies to accept no passengers for foreign ports, either American citizens or aliens, unless they possess passports from the State Department. The Department of Labor at the same time ordered its agents to be particularly careful in admitting persons into the country.

To put a double check on outgoing passengers Mr. Redfield directed the shipping companies to accept no passports unless vised.

Fails to Register; He Kills Himself. CARROLL, Me., June 11.—George Kenison, twenty-two years old, shot and killed himself at his home near here yesterday. Investigation by the police showed, they said to-day, that he had failed to register for the selective draft and feared the consequences.

ITALIANS BEGIN A NEW OFFENSIVE ON TRENTO LINE

Switch Scene of Operations From the Isonzo and Capture a Village.

ROME, June 11 (via London).—The Italians have resumed the offensive. To-day's official statement says they have captured Monte Ortigara, east of Cima Udice, and have carried Angelo Pass.

The Italian attack was made during a heavy storm. More than 500 Austrians were taken prisoner.

The Italians have turned from the Isonzo front, where they made important gains toward Trieste in opening their offensive, to the Trentino front for the drive just begun. The positions captured are in the Sugana Valley region, southeast of the City of Trent, one of the great Italian objectives in the war.

It was over this ground that the Austrians in May of last year made their most powerful attack of the war against the Italians. After initial successes they were halted in their advance toward the Venetian Plains, and driven back. Since that time there have been frequent engagements in this sector, although no operations have been undertaken on the scale indicated by the Italian announcement.

AMERICAN SHIP SUNK BY U BOAT GUN FIRE

Five Masted Schooner Magnus Manson Sent to Bottom, but Crew Is Safe.

LONDON, June 11.—An American vessel, the Magnus Manson has been sunk by bombs and gunfire from a German submarine. The crew have reached Faro.

The Magnus Manson was attacked by the submarine fifty miles west by south of Cape St. Vincent on May 25. She was unarmed, and after two shots had been fired at her she dove to and waited developments. A collapsible boat was launched and placed bombs on board. The crew was given five minutes to abandon the ship in two boats.

The submarine then sank the American vessel by exploding the bombs and by gunfire.

The Magnus Manson was a wooden, five-masted schooner owned by the Benedict-Manson Marine Company and registered at New Haven, Conn. She was built in 1904 and her gross tonnage was 1,751.

"Our own and the enemy's artillery showed great activity last night south of Ypres. Our line has again been advanced slightly south of Messines."

PERSHING A GUEST OF KING AND QUEEN AT A LUNCHEON

First Contingent of the General's Staff Has Already Reached Paris.

LONDON, June 11.—Major-General John J. Pershing and United States Ambassador Page took lunch with King George and Queen Mary at Buckingham Palace to-day. The King has invited the enlisted men of Gen. Pershing's party to visit the Palace on Tuesday.

Gen. Pershing and Ambassador Page drove to the palace in the Ambassador's car and spent nearly two hours there. After luncheon the King and Queen showed the visitors through the historic rooms and about the palace grounds.

From the palace Gen. Pershing went to the War Office, where the members of his personal staff had been in conference for several hours with representatives of their corresponding departments in the British Army. The officer who represents the American military air service devoted two hours to discussing plans for co-operation with the British service.

This evening Gen. Pershing and several members of his staff will dine at Mr. Page's residence. The other American officers will take dinner at the American Embassy as guests of the embassy staff.
