

NAME OF HEARST ABOVE HYLAN'S ON DEMOCRATIC TICKET

Ikewise Bennett's Will Precede Mitchell's, According to Primary Drawing.

The Board of Elections met today in the Municipal Building and conducted a series of drawings to determine the places candidates names will occupy on the Republican and Democratic primary tickets.

As a result of the drawing the name of William B. Hearst will precede that of John P. Hylan, the probable regular Tammany candidate, provided, of course, Hearst decides to run.

At the Republican Primaries the name of William M. Bennett will precede that of John Parroy Mitchell, the Republican Fusion candidate.

William A. Prendergast, Republican Fusion candidate for Controller, will have his name printed above that of Judson G. Wall, the Bennett man.

The name of Robert Adamson, Republican Fusion candidate for President of the Board of Aldermen, will appear on the primary ballot ahead of that of Frank D. Wall, the Bennett man.

Former Assistant District Attorney Frank Moss, who will be a candidate for District Attorney on the Republican ticket, will have his name above that of William T. Ransom, the Mitchell-Prendergast-Perkins - Childs candidate.

Judge Hylan to-day sent a message to his headquarters, No. 56 East Forty-second Street, that owing to the illness of his wife, he would not return to the city until Thursday. The Judge and his wife are at Hunter, Greene County, N. Y.

the blame will not be the committee's. There is boundless interest in the "Send-Off Dinner." Messages are pouring into the committee from all sections. The Evening World has received dozens of letters about it.

DONATION OF 500 POUNDS OF TURKEY FROM ST. LOUIS.

It's so big, so important, so all-interesting, this "Send-Off Dinner," that St. Louis business men have asked to share in it. Two hours after the supplies headquarters had been opened yesterday in the Ninth Regiment Armory, Fourteenth Street and Sixth Avenue, August 27, 1917, received the following message: ST. LOUIS Aug. 27, 1917. "Donate five hundred pounds of

turkey for me. Deliver same. Mail me the bill. FRED HEGGER. Who is Mr. Heger? was the first question asked by members of the transportation committee. "A friend of mine," replied Mr. Silz. Then Mr. Silz contributed for his own house 10,000 pounds of turkey. Making a total of 20,000 pounds, all the turkey needed for the bill of fare. Fleischmann Baking Company, through Adolph Lorber, added 1,000 loaves of bread, making a total of \$6,000, all the bread wanted. The Franco-American Company sent 5,000 rolls. Corn on the cob is pouring into the base of supplies from John Buche, J. P. Sauer, Peter McClees, Seaman Lichtenstein & Co., M. O'Brien, W. J. & S. H. Davenport and others. The Sun-Ray Company sent large

TO-NIGHT. At the Billmore—Formal dinner to Major Gen. O'Ryan and his staff. Reception at 7.30, dinner at 8 o'clock. This function, under the auspices of the Mayor's Committee and The Evening World, begins three days' festivities, ending with "Send-Off Parade" Thursday.

TO-MORROW NIGHT. "Send-Off Dinner" to Twenty-seventh Division, U. S. A. mobilized at Van Cortlandt Park, Pelham Bay Park, Minoa, Sheepshead Bay Speedway, Hilla estate, and quartered at local armories.

THURSDAY MORNING. Farewell parade of Twenty-seventh Division, U. S. A. (present and former National Guard units), starting 10 A. M. from Fifth Avenue and One Hundred and Tenth Street. About 25,000 men in line. Route, south on Fifth Avenue to Washington Square. Parade will be more than five hours passing any point. Special request: Civil and military authorities point out that each soldier will have three "passes of honor" for relatives, entitling them to best places along sidewalks on line of march. All good citizens of course will cheerfully give way to these kinsfolk of the fighting lads and assist them to points where they may have a good view of their loved ones.

quantities of ginger ale. Francis H. Leggett Company added to the store of cheese. The Metropolitan Tobacco contributed "all the cigars needed." Everybody is working hard to make August 29, 1917, as Chairman Silz puts it, "the most memorable day in the history of the city."

TRANSFER OF PROVISIONS FROM SUPPLY BASE BEGINS.

The first shipment of provisions from the base of supplies began at 10 o'clock to-day. Horton, the ice cream man, will deliver his tribute direct to each armory and encampment; so will the bread and the tobacco men. Several of the hotels will prepare the dinner for regiments that have no facilities for cooking, but in most cases the dinners will be cooked in camp kitchens. The committee requests that chaplains in each camp and armory offer grace. Then let the "cats" come on: Cantaloupe, roast turkey, corn on the ear, boiled spuds, ice cream a la Horton, cakes, cheese, coffee, White Rock, ginger ale, peach mints, cigarettes (a package for every man), cigars, chewing gum.

And then the fun, some of it during the dinner, a lot of it after the dinner. Lambs gambols in every camp. It's up to the boys to help make this a successful success. It has been found difficult to build, in such short time, suitable stages. Let the men help the performers by suggesting to their officers to-day that they be allowed to arrange a makeshift stage of some kind. Get your chaplains interested. The committee is promised pianos, but distances are great. Let camps borrow one from the nearest neighbor for an hour or two, and so make certain what is still a dubious undertaking. Call up "Send-Off Headquarters," at the Ninth Regiment Armory, and let the committee know what can be done.

Look at this array of New York artists, just a few in the big "Send-Off Bill." Raymond Hitchcock and Company, Andrew Mack, Will Rogers, Clifton Crawford, Bert Williams, Jefferson DeAngella, Shreda and Errol, Grace La Rue, Julius Tanner, William Fields, Grace Emerson, Nat Willis, Barney Bernard, Elsie Janis, Stella Mayhew, Jack Hazzard, Frank Tinney, Nate Lepore, and Lion, the dog performer. The committee asks that armories be decorated and camps put on a gala night attire. Regimental bands can add to the success by short concerts after the meal. It is suggested that commanding officers exchange courtesies before the meal begins. The committee has finally decided that the ladies will best serve the intentions of the city by confining their efforts to armories.

"We had hoped," said Mr. Silz, "to be able to accept the generous services of the ladies' auxiliary committee at Van Cortlandt Park, but we are informed that the hour is not a suitable one. We will, however, appreciate auxiliary work of the women in the several armories."

Jere J. Cohan Left All to Wife. GOSHEN, Aug. 28.—The will of Jere J. Cohan, who died at his home near Monroe Ave. 1, was filed in the Surrogate's office here yesterday. Mr. Cohan left his entire estate to his wife, Helen F. Cohan, who is named as sole executor. The will is dated Sept. 17, 1916.

CATHOLICS INDORSE POPE'S PEACE NOTE AND U. S. WAR PLANS

Federation Convention Does Not Urge Acceptance of Papal Suggestions.

KANSAS CITY, Mo., Aug. 28.—The Catholic Federation of this country, in the war program of the United States, but constantly in claim being arrested by the American Government, were reported favorably here to-day by the Resolutions Committee of the American Federation of Catholic Societies now in session here. The resolution declares that "in accordance with the unbroken tradition of loyalty for the foundations of this Republic, we solemnly affirm our inalienable attachment to the principles of American Government, and we pledge without reservation our blood and our treasures for the defense and perpetuation of our beloved country."

The Pope's proposal was spoken of as follows: "We reverently and joyfully acclaim the action of our most Holy Father, Benedict XV., in his proposal of a basis for the negotiation of peace between the warring nations and we mark with pardonable pride the accord between the articles of agreement offered by the Supreme Pontiff

and the American suggestions... made by the President of the United States. The committee which drew up the document was headed by the Right Rev. Joseph R. Reynolds of Toledo, 11-12th Street, Toledo, Ohio, and its members from all sections of the United States and it was characterized as being the first of the kind since the outbreak of the war in this country. Numerous other resolutions also were recommended by the convention. These included plans for welfare work of Catholic societies among men of the Army and Navy, and for aid for conservation clubs and pledged support to laws which would encourage a compensation law, voluntary arbitration of disputes, collective bargaining and others.

WILSON'S REPLY TO POPE BEFORE CABINET TO-DAY

Answer to Be Sent This Week—Expected to Set Forth Aims of Democracy.

WASHINGTON, Aug. 28.—President Wilson to-day is expected to read to his Cabinet a completed draft of his reply to Pope Benedict's peace proffer. It will then probably go forward this week.

Those knowing the President's mind say his answer will show the liberalism of the world that America is in the way for no selfish purpose and for no gain for herself—beyond assurance that the subtle intrigues of autocratic power can not waste themselves about democratic nations to accomplish their destruction. This can come only with changes inside the German Empire. It will be a declaration of principles clearly defining the purpose of this Government, and it is expected to be a great factor either in prolonging or shortening the war.

Secretary Wilson... Birmingham, Ala., Aug. 28.—The proposed miners' strike in the Birmingham district has been averted through the efforts of Secretary Wilson. Practically all of the demands made by the union, including recognition, have been indefinitely postponed.

DOING OUR BIT Twenty-Five Telephone Calls Every Second! IN NEW YORK CITY on an average every time the clock ticks, day and night, twenty-five new telephone calls are being made. The requirements for service for use in the all-important work of National Preparedness are many and urgent. The need to avoid waste is pressing, and in the interests of National Efficiency the lines must be kept as free as possible to handle the abnormal amount of "traffic" used in the many war-time activities. Just one minute saved on each telephone call made in New York City every day means a saving of five years of productive time each day! You can save time on every call you make By looking in the book to make sure you call the right number and thus avoid the delays in "wrong number" calling; By talking clearly and distinctly directly into the telephone, so that repetition of parts of the conversation is not necessary; By answering all telephone calls promptly with your name or the name of your company, so that time is not wasted in uncertain inquiries and introductions. To help keep the telephone lines free for calls of a military nature, will you "do your bit" and "Save a Minute a Call in the Interests of All" NEW YORK TELEPHONE COMPANY

Preparedness is a good slogan not only for a nation but also for the individual; and the first duty of every subscriber to this creed is to see that he is in excellent physical condition. If you have any eye defects or have headaches which are sometimes the first indication of eyestrain, have one of our oculists (registered physicians) examine your eyes. Frequently temporary glasses, or those that must be worn only during working hours will relieve such conditions—in any case our oculist will set your mind at rest on that point. If glasses are advised, a practised optician will help you select the mountings that are most comfortable and suitable for your needs. Harris Glasses are priced \$2.00, and more when specially ground lenses are required or gold or special mountings are selected. M.
