

PROTEST IN POSTAL RATES.

Publishers of Magazines and Trade Journals Heard.
 WASHINGTON, June 28.—The increased rates for second class mail, which are to become effective Monday, were attacked at a hearing to-day by a delegation of publishers of magazines, farm, trade and class journals.
 E. Meredith of Des Moines, Vice President of the Agricultural Publishers Association, urged repeal of the Zone System Law, declaring that it means the ruin of the agricultural business.

LOAFERS HAVE ONLY TWO DAYS TO GET JOBS OR GO TO JAIL

State Ban in Effect Monday and Police Here Are Ready to Round Up 5,000.

Every able bodied citizen of New York City between the ages of eighteen and fifty must either be working at, or go to work in some regular occupation which keeps him busy at least thirty-six hours a week, on July 1. The police and detectives under Second Deputy Commissioner William Lahey are in charge of rounding up the delinquents. Conviction calls for a fine of \$100 or three months in jail, or both. This is the interpretation of the Compulsory Employment Act, Laws of 1915, State of New York, Chapter 625. It holds good for the duration of the war.

The law originally went into effect June 1, but at the time it would have worked hardship upon innocent persons and thirty days of grace were given. This time expires Monday at noon.

New York detectives have at hand a list of 5,000 names. For the most part these names represent professional loafers, crooks of all sorts, gamblers, race track touts, loafers in parks and libraries, lounge lizards and hundreds of others of questionable pursuits.

Those rounded up by the police will not be privileged to enjoy the usual law procedure of ethics; namely, of being considered innocent until proved guilty. They will be considered guilty until they can prove their innocence. Realizing the law would go into effect, some 300 crooks migrated from New York about three weeks ago. The police declare there are still 2,000 race track followers to be rounded up. Farms and factories will benefit by this law in being able to command the services of these fellows.

Anticipating the passage of this law, many idlers persuaded their friends to allow them to use their offices to evade the law. Others opened real estate offices, where no business was transacted.

BLINDFOLDED SOLDIERS "FIGHT" WITH SHOTGUNS

Test Weapons Loaded With Buckshot, the Gift of a Boston Merchant.

AYER, Mass., June 28.—The first test at Camp Devens of "fighting in the dark" with shotguns loaded with buckshot was given to the men of the 20th Infantry yesterday.
 The guns were presented to the regiment by a Boston merchant in memory of a Sergeant formerly employed in his store who was killed in action. Shotguns have been recommended for the close fighting which is encountered in patrol work. Today soldiers were blindfolded at the target range and fired at moving targets, aiming solely by sound. Officers voted their scoring remarkably high, many of the targets being riddled with shot.

JERSEY BANKERS ORGANIZE.

State Association Formed by 150 Officials in Trenton.
 TRENTON, N. J., June 28.—The State Association of Bankers was organized here at a meeting of 150 officials of State banks, savings institutions and trust companies of New Jersey in the State House. The declared purpose of the new organization is to defend the financial institutions of New Jersey against so-called Federal encroachment.
 Frank H. Smith, State Commissioner of Banking and Insurance, who called the meeting, said he did not believe the financial situation of the country should be in the hands of three or four men in Washington and that it was up to the State bankers to get together and make plain what they wanted in the way of Federal legislation.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. North Taylor St., Philadelphia, Pa.
 The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal, healthy condition, as it did to Mrs. Worthline.—Advt.

News from Home
 for Soldiers and Sailors

The American soldier in France is clamoring for news from home, according to Hon. Eliot Wadsworth of the Red Cross Council, who has just returned to Washington after a three months' inspection tour abroad.

The simplest and easiest way to keep our soldiers and sailor boys who are overseas informed regarding current events at home is for their friends or relatives to send them a bright, cheerful, HOME newspaper filled with entertaining news—a paper that always looks on the bright side of life and has a heartening, cheerful influence on its readers. Such is the THIRCE-A-WEEK edition of THE WORLD, published every Monday, Wednesday and Saturday. It contains all the latest reliable news of the habitable globe received by cable and wireless from its correspondents everywhere. It only costs \$1.00 per year, and for that small sum will be sent by mail regularly for twelve months to any soldier or sailor overseas. Every subscriber will receive 156 issues of the paper during the year. That should be a sure cure for loneliness.

When ordering give the full name of the soldier, his company and regiment. Mention the name of the ship if in the United States Navy. Use this coupon.
