GETS \$21,000 VERDICT FOR HURT TO HIS RIGHT ARM

Fitzgerald, Irish American Athlete, Injured When 7-Ton Coal Truck Crashed Into Street Car.

Because of injuries he received on Jan. 6, 1918, when a seven-ton truck smashed the Third Avenue car in which he was a passenger, Bartholomew Fitzgerald, twenty-eight, of No. 122 East 53d Street, was today awarded a jury verdict of \$21,000 in the Bronx Supreme Court before Justice McAvoy. In a suit against the Wyoming Scranton Coal Company. Fitzgerald, prominent in the Irish-American Athletic Club had achieved fame in Gaelic football and other sports. The collision injured his right arm and compelled his retirement from all athletic activities. Suit had been brought for \$50,000 and Fitzgerald, through Thomas J. O'Neil of 203 Broadway, his attorney, had named the Third Avenue Railway Company as co-defendant. The jury in its verdict exonerated the railway company from blame. Witnesses for the Third Avenue testified that the driver of the coal truck tried to "cut off" the surface car at a corner and, falling, collided with it and ripped out the side of the car. Attorneys for the coal company made the customary motions to have the verdict set aside. Justice McAvoy denied them. Fitzgerald is married and has two children.

HUSBAND HELD FOR TAKING DRUG TO WIFE IN PRISON

Matron Complimented by Judges for Detective Work—Heroine in Hem of Handkerchief.

Helen Stertz, No. 432 West 56th Street, was in the Jefferson Market prison. Her husband, Stanley, a pale youth called on her there and asked permission of the matron, Mrs. Margaret Clark, to wipe the perspiration from his wife's face with a silk handkerchief. The matron, although she thought the request strange, granted it—and then watched. The man left the handkerchief behind and the matron took it from the prisoner. In the hem she found a quantity of heroin.

That evening—it was Wednesday—Mrs. Clark recognized Stertz in the Jefferson Market courtroom and he was arrested. When he was arraigned in the Court of Special Sessions this morning for conveying narcotics to a prisoner he was himself in a pitiable state from lack of the drug. He pleaded guilty and the justices ordered hospital treatment for him. He will be sentenced later. Mrs. Clark was complimented by the Court for her detection of the drug and causing the man's arrest.

MARRIED SERVANT GIRL WHEN HE WAS ONLY 16

So Testifies Manufacturer's Son in Effort to Have Marriage Ties Dissolved.

When Mary Jefferson was employed as a servant girl by the family of Abraham W. Wolf, a children's garment manufacturer, No. 43 West 28th Street, and went into his home, No. 1206 Union Street, Brooklyn, the romance of his son, David H. Wolf, age 17, began, a romance that the father has petitioned the Court to end.

David carried away Mary Jefferson to Pittsburgh on Sept. 8 last, but the youthful approach of the couple prevented the marriage. Then they went to Wellsburg, W. Va., where the boy swore he was 18 years old and the marriage bells rang out. About the time of the disappearance the father of the boy engaged Samuel N. Fleishman, attorney, to find his son. The agents of the attorney located them in Pittsburgh on Oct. 19, and according to the young wife's affidavit, forced them to return to Brooklyn under duress. In the young man's affidavit he says his wife knew he was only sixteen years old and he indorses his father's plea to end the thirty-day romance. The boy, according to his wife, was sent to Atlantic City and Philadelphia by the father and afterward sent to a military academy at Lexington, Mo. She asks for counsel fee and an allowance.

What Happens to the food you eat? During digestion certain kinds of food containing proteins, such as meat, egg white, milk casein, wheat gluten, etc., are split into many different substances. Some of these the body uses to rebuild damaged or dead tissues; some, however, are not only useless and harmful but in some cases actually poisonous. Regular, thorough bowel evacuation gets rid of the latter. Constipation permits stagnation and absorption of these poisons into the blood, with injury to the whole body. Taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move does not—cannot cure constipation—but makes it worse. On the other hand Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals, because Nujol is not a drug, does not act like any drug. Nujol brings about a return to Nature's methods of supplying necessary lubrication of the bowel contents, by facilitating intestinal muscular action, by absorbing poisonous matter, and thus securing necessary cleansing of the intestinal canal and protection of the defensive properties of the blood itself. Nujol has no deleterious after effects, produces no bad habits, makes the bowels regular as clockwork. Nujol is efficient at any age—under any conditions—is satisfactory and safe. How and Why Nujol overcomes constipation is described in an interesting and authoritative booklet, "Thirty Feet of Danger" free on request. Send for it and get a bottle of Nujol from your druggist today. Nujol Laboratories STANDARD OIL CO. (NEW JERSEY) 50 Broadway, New York
