BROADWAY TENANT SAYS RENT WENT UP \$1,700 IN 2 YEARS

Landlord Demands \$2,500 After Five Years at \$900, He Tells Mayor's Committee.

All records of rent boosts were broken by a Broadway landlord, according to a report made to-day to the Mayor's Committee on Rent Profiteering by I. Mayers of No. 2754 Broadway. He says he has carried on business at that address for five years, paying rental of \$900 a year until last September, when it was increased to \$1,080, and that now he has received notice that it will be \$2,500 from next September. According to his figures the increase, therefore, is about 180 per cent. in two years.

Five tenants of an apartment house on Benedict Avenue, the Bronx, report that their rent has been jumped from \$40 a month to \$65 with a promise of no further increase. Others, who are boosted from \$30 to \$35, say they are given no such promise.

Old time Greenwich Village tenants are also feeling the pressure of

rent increases. Some report boosts of 70 per cent. in the neighborhood of West 14th Street.

A West 19th Street tenant says his landlord managed to get rent from two different tenants for the same apartments at the same time. He says he refused to pay his rent because the landlord declined to make repairs called for in the lease. He then received notice to vacate and moved out on the 12th of the month. Immediately, he claims, the landlord let the apartment to another tenant at a higher rate and then got judgment in a court against him for that full month's rent.

SOLDIERS' LEGION WILL SUPPORT SELF

Chairman Lindsley Gives Plans for Financing New Organization of War Veterans.

In response to inquiries as to the method of financing the American Legion, the national organization of American veterans of the great war, Henry D. Lindsley, Chairman of the Executive Committee to-day authorized the following statement:

"It is planned that the American Legion shall be entirely a self-supporting organization of soldiers, sailors and marines who served in the world war. When the National Convention meets in Minneapolis on Nov. 10, 11 and 12, to effect the permanent organization, it is expected that one million members will be enrolled in local posts throughout the country. To support the national organization, a portion of each member's dues will be allocated for that purpose.

"An application for a federal charter is now being drawn. This will be presented to Congress in a few days. It will provide for complete publicity of the accounts and an annual audit of the Legion's financial affairs of the War Department.

"In order to finance the temporary organization the National Executive Committee plans to raise a fund of \$250,000 from members and friends in the form of advances, to be returned when the Legion is on a permanent basis. John W. Prentiss, who served as a Lieutenant Colonel during the war, is Chairman of the Finance Committee."

BATHS TO BE KEPT OPEN BY EDUCATION BOARD

For That Purpose \$6,912 Is Set Aside—Bronx Appeals for New Elementary Schools.

The Board of Education yesterday afternoon appropriated \$6,912 for the purpose of keeping baths open during the summer. The money will be taken out of a reserve fund.

A delegation of men and women from the Bronx led by Borough President Broecker appealed for new elementary schools, another Superintendent and a branch office of the Board of Education. Speakers said the Bronx has only three District Superintendents for her eight local school boards, whereas every other borough has one District Superintendent to each local board.

President Pratt promised that the Board of Education would spend much time putting the "bulletin" programme through. He said Mayor Hylan is keenly interested in giving every child in the city a full school day.

The building programme for which \$5,000,000 has been appropriated calls for seven new schools in Manhattan, six in Brooklyn and four in the Bronx.

750-FOOT BAR AT GARDEN FOR "FUNERAL" OF BOOZE

Wet Obsequies on June 30 Expected to Draw 15,000 Mourners to Wake.

Arrangements are being made for a "hall" to be held in Madison Square Garden on next Monday night, June 30, to "celebrate" the coming of Prohibition. It was said yesterday that 15,000 persons would see the new era in.

At the stroke of midnight, when wartime Prohibition goes into effect, a band will play Chopin's "Funeral March," and the drinking will stop unless people buy and pay for their beverages before 12.

It was reported that a 750-foot bar would be installed, and that 300 bartenders would be engaged to supply the wants of the celebrants.
