

WILSON'S FAMILY ALLOWED BRIEF VISITS TO SICK ROOM

Latin was issued after a consultation of physicians, and recorded the only change in twenty-four hours. When it was given out the President was sleeping naturally. He is understood to have had good periods and unfavorable ones during the day, but after yesterday's bulletin Dr. Grayson said the President's mind was clear and alert and that his physical condition was fairly good, with pulse normal, no temperature and heart action good.

It was announced at the White House that none of the President's family had been summoned to his bedside, but that the physicians saw no objection when they expressed a wish to be with him. They are the only ones except physicians and nurses to see the patient and they are permitted only the briefest of visits.

The President is, of course, taking no part in the Government, but fortunately he was so well along with his work when he gave up that everything that has arisen so far has been easily handled without him. An instance of this was the appointment last night of Bert Jewell of the Railway Division of the American Federation of Labor as one of the delegates to represent the public in the coming industrial conference. Major Gen. Dawes declined the appointment, but the President had provided a list of alternates for just such a contingency.

Secretary of State Lansing has decided a Cabinet meeting for Monday morning to complete the arrangements for the conference, and that will go on as scheduled. Instead of the President, Secretary of Labor Wilson is to call the meeting to order.

Cardinal Mercier telegraphed from Springfield, Mass.: "Accept my sympathy. I pray for your recovery."

Among the other messages received was one expressing the sympathy of 40,000 farmers in Wisconsin, through their organization.

The apparent stability of the President's condition is typical of such cases, the doctors say. His nerves have simply gone to pieces, reacting on his physical system. The only treatment is quiet and the maintenance, so far as possible, of the patient's mind at ease, coupled with the upbuilding of his general health.

A local practitioner compared the President's ailment to shell shock. Under these conditions progress is bound to be slow, and days may go by without a definite change and still without any greater cause for alarm than exists at present.

Published by Six Years' Work, Says London Paper.

LONDON, Oct. 4.—In an editorial in the illness of President Wilson, the Daily News says:

"It is manifest that the President's powers have been taxed altogether beyond their limit by his labors not merely of the past month or year but of the whole six and a half years of his tenure of the White House."

PRESENTS MADE WILSON ON VISIT TO EUROPE OF NO GREAT VALUE

Gold Casket From City of London the Most Important, Tumulty Reports to House.

WASHINGTON, Oct. 4.—Gifts received by President Wilson while in Europe were of "very insignificant value," Secretary of Tumulty said today in announcing that he had prepared and would submit an inventory of the President's presents to the House.

Mr. Tumulty said the President received a present by the Attorney General on the question of legal acceptance. The most valuable present, Mr. Tumulty said, was a gold casket which contained a certificate of citizenship from the city of London. The King of Italy presented the President with two gold guns, and the King of England gave him a book.

ALLAN RYAN PAYS FINE FOR BOARDING A LINER

Schwab's Secretary Also Punished for Violating Customs Rules.

It became known today that Allan A. Ryan, Special Deputy Police Commissioner, and James H. Ward, secretary to Charles M. Schwab, pleaded guilty before Federal Judge Mayer, Wednesday to having unlawfully boarded the White Star liner Olympic at Quarron to greet Mrs. Schwab when she returned from Europe early in the year. Mr. Ryan was fined \$100 and Mr. Ward \$25.

HARVARD ENROLLMENT BIG. Shows Return to Normal After Heavy Drop During War.

CAMBRIDGE, Mass., Oct. 4.—The enrollment at Harvard University has passed the 3,000 mark and that of the college alone has reached 2,500. According to the first official figures given out this year at the university. Up to date only rough estimates have been available. The exact figure for the entire university, including university extension and the summer school, is 5,017. That for the college is 2,500.

The college registration shows a return to normal after the severe drop during the war, but still somewhat short of the record of 2,857 set in 1914.

BRITISH UNIONS WARN NATION OF GENERAL STRIKE

Lloyd George Must Modify Stand or Labor Will Act, Is Ultimatum.

LONDON, Oct. 4.—A deputation of trade union representatives left the headquarters of the striking railway men late this afternoon to confer with Premier Lloyd George.

The Premier to-day sent telegraph messages to the heads of the principal civic bodies of the country asking them to confer with him and the other Cabinet Ministers on Tuesday next, the day for which the trade union conference has been called.

A statement issued this afternoon by the Conciliation Committee of the Trades Union Conference said:

"The Premier and his advisers adopted an irreconcilable attitude in response to the moderating influences brought to bear. The Trades Union Conference that has been convened for Tuesday will consider the viewpoint of the whole trades union movement."

"We feel bound to warn the Government and inform the nation that unless a more reasonable attitude is adopted before the conference assembles it will be impossible to avert a widespread extension of the strike, with all its consequences."

The conference from which this committee derives its authority, to act as mediators is unanimously of the opinion that the Government's terms were not merely harsh, but such as no union could accept. They consider the spirit in which the Government conducted the negotiations indicated a desire to inflict punishment upon the railwaymen's union for striking.

Premier Lloyd George's appeal for the formation of "Citizen Guards" throughout the country in the emergency caused by the railroad strike and its possible spread met with a prompt response on all sides today.

The Lord Mayor of London lost no time in complying with the request, and his example was followed by other Lords Mayor, Lords Lieutenant, Chairmen of County Councils, Watch Committees, Chief Constables, and Town Clerks the country over. Representative committees were formed everywhere to recruit the guards, whose duties will be to assist the police in the protection of citizens engaged in the maintenance of the supply of food and otherwise to preserve order.

TAFT URGES BUDGET PLAN TO CUT U. S. EXPENDITURES

Members Should Openly Explain Their Estimates.

WASHINGTON, Oct. 4.—Former President Taft, appearing before the House committee on a national budget system, stated to-day his experience as President convinced him that a budget system should be authorized by Congress as the only means of protecting economy in Government expenditures.

He recommended that the President be authorized to appoint a staff of experts who shall investigate all requests of the Government departments for money before they are submitted to Congress and shall outline the Government's expected revenues. Mr. Taft declared he was able to reduce estimates \$100,000,000 while President, and he believed that a similar reduction of all estimates, as would be done under the budget system. He also urged that cabinet members be called on the floor of the House to explain their estimates for appropriations.

TEXAS G. O. P. IS LILY WHITE. State Council Decides Not to Count Negroes on Its Polls.

PORT WORTH, Tex., Oct. 4.—A Lily White policy by the Republican Party of Texas was officially announced from headquarters of the Texas Republican Council by Chairman C. C. Littlejohn in a statement to the press today following a meeting of Republican leaders here. The statement follows: "Texas is a white man's country and government must rest exclusively in the hands of the Caucasian race. This council is composed of white Republicans and they will dictate the policies of the party without consulting the members of any other race. We accept all law abiding citizens who we invite to join the party. We will not count the votes of the colored men and are going to remain there."

U. S. FLYER SAVED MEXICANS. BROWNVILLE, Tex., Oct. 4.—While officials in Mexico City recently were denying published reports that an order had been issued to Federal troops to fire upon American airplanes crossing the Mexican border, an American plane, answering an appeal of the authorities of the Matamoros district, dived below the border here, flew over the town and dropped 1,000 bags needed to strengthen threatened levees with sandbags.

This became known to-day when Lieut. Col. Manuel Herera, Commander of the Matamoros district, thanked Brig. Gen. F. C. Marshall, Brownsville District Commander.

"Stopping the Fighting Machine" to Be Shown in Pictures. A remarkable set of motion pictures taken during the war but not hitherto shown in New York will be shown to-morrow at the opening of the Public Forum in Public School No. 191 on 111th Street. The pictures will illustrate an address by Lieut. Col. Ernest K. Coe, whose subject will be "Stopping the Fighting Machine. The 228 Regiment had been in the line."

PITTSBURGH MILLS PLAN NEW TEST WITH MEN MONDAY

General Reopening Planned—Chicago District Quiet After Strike Riot.

PITTSBURGH, Pa., Oct. 4.—The strike zone in the Pittsburgh district was quiet to-day in apparent anticipation of development Monday, when many mills which have been shut down by the steel strike, will resume operations, work of which has come from various sources. Union leaders continued to exert every effort among the strikers to keep them away from the mills.

One of the biggest breaks in the ranks of the strikers, it is said, occurred yesterday when hundreds of employees of the Farrell Works of the American Sheet and Tinplate Co., one of the largest in the country, expressed a desire to return to work after having been on strike, according to Supt. Daniel T. Haddock. The works will be in full operation Monday morning, Supt. Haddock said. The mill employs 2,500 men.

The Mercer plant and the plant of the American Steel and Wire Company at Farrell expect to be running at normal, also, it was announced.

BETHLEHEM, Pa., Oct. 4.—Union officials admitted to-day that the Bethlehem Steel Company has made inroads into the ranks of its striking workmen, but accomplished the admission with the statement that they were well satisfied with the situation.

David H. Williams, the strike leader, who until yesterday had declared that at least 35 per cent. of the men were out, said that he could not now claim 75 per cent. of them. Officials of the company claim that every shop is working with practically 100 per cent. production. They declare that the number of absentees does not total more than 1,000.

CHICAGO, Oct. 4.—The thirteenth day of the strike in the steel industry began quietly in the Chicago district after the most serious rioting since the strike was called. The situation at Indiana Harbor, Ind., where last night two natives and a squad of about twenty-five who sought to return to work and were attacked by approximately 500 strike sympathizers, fired several shots, wounding one man, to-day was reported tranquil. Special officers reported order after the negroes who held the shooting were placed in jail and pickets had chased the other negroes into the city.

There were the usual claims and counterclaims to-day of the industrial and labor leaders.

YOUNGSTOWN, N. O., Oct. 4.—While no statements have come from the complex, striking workers believe that activities at the local plant of the Carnegie Steel Company and of the Youngstown Sheet and Tube Company indicate an early attempt to reopen.

\$150,000 FIRE AT PLANT CLOSED BY STEEL STRIKE

Investigation Ordered of Blaze at Carnegie Company Works Near Steubenville.

STEUBENVILLE, O., Oct. 4.—Fire destroyed a shed containing building material at the plant of the Carnegie Steel Company at Mingo Junction, O., near here last night at a loss estimated between \$100,000 and \$150,000, according to a manager of the plant. The plant has been closed for the past ten days owing to the steel strike. Officials say an investigation will be made as to the cause of the fire.

JEWELS OF HAPSBURGS TO BE SOLD IN U. S.

Austrian Government Decides to Send Them Here Despite Protests in Vienna.

VIENNA, Oct. 4.—Austrian Government officials have decided to send the valuable property of the Hapsburgs, including many of the jewels, to the United States, sell it there to the highest bidder and buy food with the proceeds. The municipality protested and is endeavoring to have the decision rescinded.

BOLSHEVISM BEHIND STEEL MILL STRIKE, TIN WORKER CHARGES

Washington, Oct. 4.—Administration officials said to-day there was no probability of a meeting of the League of Nations in Washington until after the Peace Treaty had been ratified by the Senate. None would hazard a guess as to when this might be, but Republican Senate leaders said they expected a final vote by Nov. 1.

Even if ratification of the treaty were completed during November, it is not expected that the League would be called to meet here until early next year. A meeting might be held in Paris and London after three of the Allied nations have ratified the treaty. Such a session probably would be comparatively brief, with appointment of the Star Basin Commission and of a high commissioner as the principal business.

GLASS AND TAFT ON BUDGET. Both Are in Favor of Plan for the Government.

WASHINGTON, Oct. 4.—Former President Taft and Carter Glass, Secretary of the Treasury, will go before the House committee on a national budget system to-day to discuss needed reforms in the financial administration of the United States. It is thought that continuing of which will close the hearings, will show much new light on the budget system.

The committee adjourned to meet on call after the members present had voted to continue the inquiry at Philadelphia.

ENGLISH RAILROAD STRIKE FORCES KING TO USE AUTO ON TRIP FROM BALMORAL

Ruler Had Been Spending Some Time at Late Queen Victoria's Castle.

BALMORAL, Oct. 4.—King George left yesterday for London in a motor car, using the automobile on account of the interruption of railroad traffic. Balmoral Castle is in the Highlands and was long the home of Queen Victoria when in Scotland.

CLEMENCEAU ASKS WILSON TO HURRY LEAGUE MEETING

Friends, said M. Renaudel, "what price we attach to their ratification." "Exactly so," the Premier replied. M. Franklin-Bouillon said he had heard that Gen. Bliss, of the American peace delegation, proposed on Oct. 28, 1918, that the German army should be disbanded before it entered Germany. He asked why this proposition was not accepted, and why the German army was allowed to return home with flags flying?

M. Lefevre finally withdrew his motion in favor of one "inviting the Government to reach an understanding with the Allied and Associated Powers with a view to the execution of measures rendering the disarmament of Germany and her allies effective by the interdiction of certain manufactures of war, and other necessary measures." This was adopted unanimously.

M. Renaudel and Albert Thomas moved an amendment which would insert the words: "In agreement with President Wilson, who should convocate a conference under the provisions of the Covenant of the League of Nations." This amendment was adopted.

STATE BOARD ACTS TO SOLVE CITY'S STRIKE ROBBERIES

Reconstruction Labor, Body Calls Employers and Workers to Hearing.

The Governor's State Reconstruction Board took its first step to-day in an effort to clean up the strike situation in New York. Mrs. Belle Markowitz, the Board's secretary, sent requests to the Building Trades' Association and the Building Trades' Union, picture frame manufacturers and their striking employees, and the hat manufacturers and their striking employees to attend the first sitting of the Board at Albany next Wednesday morning. Gov. Smith will sit with the Board.

In case of failure to appear, employers and employed will get subpoenas through the machinery of the State Industrial Commission. The Board will handle the three big strikes first and then will take up the others. The Maritime Exchange this morning asked the assistance of the Governor's Board in straightening out the maritime strike and named a committee to attend the sessions of the Board when a date for a hearing is set. The committee comprises: Frederick Bolander, Joseph B. Morell, Welding King, Edg. E. Lehighbridge and Charles R. Norman.

W. K. VANDERBILT LEADS RACING WINNERS IN FRANCE

Horses Have Won \$82,500 During Season—O'Neill First Jockey.

PARIS, Oct. 4. (Associated Press).—W. K. Vanderbilt, whose horse, Tachai, won the French Derby, heads the list of winning owners during the racing season in France this year, announced to-day his horses won \$82,500 in 1919 during the season. Baron Edouard Rothschild is second on the list and J. D. Conn, third.

The American jockey, Frank O'Neill, who has been riding in Europe for a number of years, is the leading jockey, having ridden fifty-eight winning mounts. Bellhouse is second and Sharpe third on the list.

The strike stable boys on the French tracks has not yet been settled. The owners, trainers, and the jockey club are making every possible effort to hold a meeting Sunday, when the Municipal Council handicap for a purse of 100,000 francs is scheduled to take place. W. K. Vanderbilt has entered three horses.
