NO WONDER WOMEN
LIKE OUR HATS
at 15.00

WITH most good shops a fifteen dollar hat is merely an accident or an incident—no thought or effort was expended to produce it, or to provide an assortment at that price.

We've specialized in hats at 15.00—put much of our resources and all our resourcefulness into producing a line that would include more models and fewer duplicates than would be found elsewhere.

At the same time, each hat has benefited by the Best ideal of quality, and has intrinsic worth as well as obvious chic.

Other women approve—we believe you will.
