WILSON'S SPEEDY PROGRESS SHOWN BY INCREASED WORK INDICATES EARLY RECOVERY

He Begins the Day at 7 o'Clock by Going Through a Sharp Setting-Up Exercise.

BREAKFASTS AT TABLE.

After Two-Hour Sun Bath President Devotes Time to Reports on Official Business.

By David Laurence. (Special Correspondent of The Evening World.)

WASHINGTON, D. C., Jan. 3 (Copyright, 1920).—Some day in the not far distant future—it seems now only a matter of weeks—the man about whose health and physical condition there have been so many odd rumors will motor up to the Capitol from the White House and answer all questions himself. For the truth is, President Wilson is getting along very well. Barring complications, such as winter colds and digestive disturbances, which are always possible with a man sixty-three years of age, Mr. Wilson will be back at work actively by the early spring. His progress has been so satisfactory of late that he no longer requires the hour-to-hour watch of a physician and is free from medical attention the greater part of the day and night. To ascertain just how the President spends his time, I have made inquiries, which resulted in this information:

Mr. Wilson wakes up about 7 o'clock in the morning. His physician is there to go through some setting-up exercises immediately. The purpose of this is to strengthen the muscles of the arms and legs, which have been weakened by the three months of enforced rest in bed. Every-day an improvement is noted. It should not be forgotten that the President has suffered from neuritis for many years—even before he came to the White House. Indeed, Mr. Wilson took up the typewriter largely because neuritis affected his ability to write longhand. The President doesn't have to be assisted as he walks about his apartments, though he does rely on a cane, because of the weakness in his lower limbs—a residue of his long stay in bed, but only a temporary condition.

HIS ROUTINE FROM DAYLIGHT TO DARKNESS. The President and Mrs. Wilson take breakfast in one of the rooms on the second floor adjacent to the bedrooms, as the physician believes the state dining room on the first floor cannot be maintained at an even temperature because of its immense size. Seated at the breakfast table, Mr. Wilson has all the morning newspapers, which he glances at in much the same fashion as the average business man. He looks at head lines and reads quickly, letting his

Clemenceau Is to Wed And Be President at 77; AND HE BELIEVES IN 12 Children to Family

PREMIER GEORGES CLEMENCEAU INTERNATIONAL

Big Families, the Premier Says, Are Necessary for Re-peopleing of France.

WIDOW TO BE HIS BRIDE.

She Is Countess D'Aunay and, Like First Wife, of An American Family.

PARIS, Jan. 3.—Families of ten and twelve children are being urged by Premier Clemenceau, who is touring the Department of Var, his constituency in the Chamber of Deputies. M. Clemenceau points out to his rural audiences the need of re-peopleing France, laying emphasis on the fact that large families are more common in Northern than in Southern France.

While the Premier is adhering to his determination not to talk politics while on his trip, he is giving wholesome advice to the throngs who come to see him.

Allusion to the "approaching marriage" of Premier Clemenceau to the widow of a "former Senator and former Ambassador of France" is made by Humanite to-day.

It is understood that this refers to gossip which has been current in Paris political circles for some days that M. Clemenceau had married Countess Le Pelletier d'Aunay, former Ambassador of France at Bern. The marriage was said to have taken place in England a fortnight ago. An authority very close to the Premier declares the story is without foundation. The Countess is of an American family.

Available records fail to show of what American family the Countess D'Aunay is a member. M. Clemenceau is daily receiving visits from Mayors and councilors, many of whom have walked twenty miles to pay their respects. "We shall be coming to the Elysee Palace to see you the next time," said one caller. "Don't talk about that," the Premier smilingly replied.

MAKE FINAL PLEA FOR BOOZE IN BOND

Kentucky Distillers Ask Year's Grace to Export 60,000,000 Gallons in Warehouses.

WASHINGTON, Jan. 3.—In a last appeal for an opportunity to save the 40,000,000 gallons of liquor stored in Kentucky and 20,000,000 held elsewhere, distillers have asked the Government to permit them to take their liquor out of bonded warehouses and put it under bond for export, and that the Government consider it exported as of the day the export bonds are given. They think a year at least should be allowed.

After Jan. 16, whiskey cannot be exported. It has been found impossible to move the stocks in Kentucky by Jan. 16. The distillers point out that the permission sought not only would save them enormous loss, but would mean around \$100,000,000 to the Government in revenue.

\$28,000,000 FUND OFFERS SPENDING SPREE FOR "DRYS"

Prohibition Campaign Will Be Carried to Mexico, South America and Europe.

WASHINGTON, Jan. 3. THE Anti-Saloon League plans to spend almost \$28,000,000 this year, \$18,500,000 of it to aid in the enforcement of Prohibition in the United States. Besides this, the budget of the drys calls for an expenditure of \$4,600,000 in Mexico, West Indies, Central America and South America, and \$2,500,000 for general world prohibition, mostly in the Eastern Hemisphere, and to include crusading in Scotland and Japan.

Of the sum to be spent in this country, the biggest appropriation is for propaganda—\$2,500,000 for "periodicals, books and pamphlets."

REDS SENT TO ELLIS ISLAND; DEPORTATIONS TO BE RUSHED

DEPORTATION FOR 2,616 REDS; SCORES OF 'PARLOR BOLSHEVISTS' FACE TRIAL UNDER STATE LAWS

Washington Announces "Perfect Cases" Against More Than Half of Those Arrested and Strong Evidence Against Rest.

WASHINGTON, Jan. 3. ASSISTANT DISTRICT ATTORNEY GENERAL GARVAN, in charge of the raids on radicals, said to-day that of the 4,500 persons arrested, at least 2,616, were held on "perfect cases," and that the raids promised to be not only the greatest in scope, but also the greatest in results of any in history. In New York 201 "perfect cases" were listed, and in Newark 300. In every city where the raiding machinery was set in motion, he said, success attended the efforts. Four thousand warrants were issued, but the arrests exceeded that number. Besides the 2,000 "perfect cases," Mr. Garvan said, Federal agents obtained sufficient evidence to justify the arrests of the others. Scores of "parlor Bolshevists" were among those arrested in the raids, officials said. These, it was admitted, may have to be dealt with under State laws.

PLOT TO SEIZE GOVERNMENT SMASHED BY U. S. ROUND-UP

Roundup Continues and Deportation Is Planned for Reds As Rapidly As Possible.

WASHINGTON, Jan. 3.—The Government dragnet into which the greatest number of alien radicals ever arrested in America was swept last night still was in operation to-day, with the lists of arrests growing hourly. In nearly two score cities Department of Justice agents swooped down upon headquarters and other meeting places of communists.

Arrests had exceeded 4,500 at noon, it was estimated at the Department of Justice. More than half of this number probably will be held for deportation, officials said. Evidence gathered by Department of Justice agents will be turned over to the Department of Labor, which will be asked to deport the radicals. Anthony Caminetti, Commissioner General of Immigration, said to-day deportation would require time, as many hearings would have to be held in the various cities and then those held for deportation moved out of the country on ships.

Not all those arrested will be held. In fact, many already have been given their liberty, but officials of the Department of Justice are confident that the deportations to result from the raid will break the backbone of the communist agitation in the United States. It is understood documents proving the existence of a conspiracy to overthrow the Government and set up a soviet regime in this country were found and will be made public later after all the plotters implicated have been taken into custody. These revolutionary plans, it is understood, were worked out in detail and ready to be put into operation at short notice.

The Government's "counter-offensive" of last night was launched just in time to prevent a fusion of several radical groups under one leadership preparatory to the attempt at revolution, it was learned. A new feature of the present raid was the drive at the sources of propaganda. The Communist Party alone had 25 newspapers printed in several languages actively supporting its cause. The Communist Labor Group, the second radical contingent, against which the raids were directed, was said not to have gained the strength in propaganda through its newspapers so much as through literature, tons of which were taken in the thirty-three cities where raids were conducted.

In addition to the newspapers, the Communist Party was actively engaged in the dissemination of literature. It is understood that the party has been asked to attend the meeting.

JESS WILLARD IN COURT.

Ex-Champion Arraigned To-day on Preferring Charge. KANSAS CITY, Mo., Jan. 3.—Jess Willard, former heavyweight champion, was to appear for arraignment before O. Q. Claffin Jr., United States Commissioner in Kansas City, Kan., this afternoon on charges of preferring in the state of firewood from his farm, near Topeka, Kan. J. J. Hopkins, Attorney General for Kansas; Harry Darby, former Fuel Commissioner; the City Commissioners of Topeka; the State Price Fixing Committee; and eleven farmers have been asked to attend the meeting.

New York Raids Net Over 700 Radicals—New "Soviet Ark" Soon to Sail With Aliens—May Move to Deport "Envoy" Martens.

Federal agents and police detectives armed with 800 warrants for the arrest of persons accused of plotting to overthrow the Government, continued to-day the city-wide raids on Communist and Anarchistic meeting places, which began at 9 o'clock yesterday evening and netted 700 prisoners during the night. Reports from all over the country indicate that about 4,500 Reds have been arrested.

Of the 700 gathered in before daylight, 264 were held on evidence. All are aliens and will be sent to Ellis Island during the day to await hearings in deportation proceedings. A few American citizens taken in the raids will be prosecuted under the State Law as conspirators to overthrow the Government by violence.

SHIP SINKING OFF COAST. Captain and Two Survivors of the Resina Picked Up.

WILMINGTON, N. C., Jan. 3.—The schooner Resina was reported by wireless early to-day in a sinking condition 100 miles off the North Carolina coast. The message said the Captain and two survivors had been picked up by the steamer Lake Isha. The coast-guard cutter Seminole has put out to aid the schooner.

SAYS RAID WILL REDOUBLE COMMUNIST EFFORTS.

Harry Wintsky, one of the organizers and secretary of the Communist Party of New York, who was arrested in the raid on the headquarters of the organization, entered a formal protest with Chief Flynn of the Secret Service to-day on the ground that he is an American citizen and that the charge that he conspires to overthrow the Government is not acceptable of proof. Chief Flynn released him on his own recognizance.

GLISTENING ICE SPECTACLE CAUSED BY A BROKEN MAIN

Water Sprays Trees on Brooklyn Street and Freezes—Novel Scene at Sunrise.

THOSE who passed through 99th Street, near 16th Avenue, in Brooklyn, at sunrise to-day saw a scene draped in glistening ice with the colors of the spectrum dancing among the icicles. A water main burst at 4 o'clock this morning, and the stream, forcing a passage to the surface, went high in the air, spraying everything and immediately freezing. There are few houses in the neighborhood and the inconvenience pending repairs did not affect many people. The damage was chiefly to the street and the pipe.

HALF HOUR TIE-UP OF BRIDGE TRAFFIC

Flames Extinguished by Sand Following Short Circuit Near Bedford Avenue Station.

All cars of the New York Railway Company and the Third Avenue Railway Company on the Williamsburg Bridge were tied up for a period of twenty-five minutes during the morning rush hour as the result of a short circuit following trouble with the "pilot" in the channel rail of an east-bound Fourth and Madison Avenue car, as it was approaching the Bedford Avenue Station, Brooklyn.

Following the short circuit a fire broke out among the planking at the point of the trouble. Firemen and others extinguished the blaze by pouring sand on it. The short circuit stalled all the "red" and "green" cars on the bridge. Some passengers on cars stalled midway across the bridge got out and walked to Manhattan, using the roadway. Persons waiting for cars at the Bridge Plaza, Brooklyn, and the Bedford Avenue Station made use of the U. I. elevated and surface lines and the Bridge Loop.

ALDERMANIC SLATE NAMED.

Kennally Vice Chairman, Cunningham Chairman of Finance Committee. Tammany members of the Board of Aldermen at a caucus this afternoon named the following slate to become effective at Monday's organization meeting: Vice Chairman, William B. Kennally, Manhattan; Chairman of the Finance Committee, Frank A. Cunningham, Brooklyn; Chief Sergeant at Arms, Martin J. McGowan, re-elected; majority floor leader, William T. Collins, Manhattan.

Mrs. Anne C. Donner, confidential stenographer to the retiring Aldermanic President, whose resignation was requested by President La Guardia, will be appointed clerk of the committee at a salary of \$1,800 a year. August Ferrand of Brooklyn will be minority floor leader.
