

HUNGARY FLATLY REJECTS PEACE TERMS OF ALLIES

Reply Is Said to Be Based on the Principle of Self-Determination.

PARIS, Feb. 23.—The Hungarian reply to the Allied peace terms, now in hand, is represented as being an uncompromising rejection of the Allied treaty. It is based, it is said, on the principle of self-determination, and says that Hungary is willing to accept a really impartial plebiscite to determine whether contested areas shall remain under Hungary.

BOLSHEVIK ARMY IS ONLY 20% RED

More Than Half of the Officers Are Said to Be "Czarists."

AMSTERDAM, Feb. 23.—About 80 per cent. of the Red army in Russia is not "red" at all, but is neutral, according to the staff correspondent of the Handelsblad, G. Nypels, who has just returned from an extended tour through Soviet Russia. He says about 80 per cent. of the officers, who are largely drawn from the trained military men of the old upper class, are "Czarist" in inclination. This

leaves only about 20 per cent. of the soldiers and 40 per cent. of the officers thoroughly attached to the Soviet regime, the rest being neutral or Czarist.
