

**PRIEST BRAVES FIRE TO AID MAN BURNED**

Climbs to Fifth Story, in Brooklyn, to Administer Last Rites, but Victim Is Dead.

An unidentified man was burned to death during a \$15,000 three-alarm fire in the five-story loft building, Nos. 241-255 Osborne Street, Brownsville section of Brooklyn, at 3 A. M. today. Israel Katsner, who has a candy shop on the ground floor, his wife and five children were rescued from their apartments in the rear by policemen who found them asleep. Quinia Marcy, a watchman, was rescued by a policeman from the second floor.

The dead man is believed to have been John Burns, seventy, who slept in the establishment of the Sitabile Clothing Company, on the fifth floor, and had been reported missing. Father Richard Hamilton, a department chaplain, climbed up with the firemen to give the last rites if the man were alive, but he was dead when they found him.

**ARMS LOCKED IN DEATH.**

Youth Drowns With Chain He Tries to Rescue.

Searchers last night found the bodies of Walter Schrimp, seventeen, Baldwin, L. I., who was drowned while swimming Sunday, and William M. Hiddell, No. 36 Wool Street, Elmhurst, L. I., who sacrificed his life in a vain attempt to rescue his chum.

The lads went to the beach at Baldwin, and Schrimp, who was unable to swim, was first in the water. He stepped off a sand ledge into deep water and shouted for help. Hiddell, without waiting to discard his clothing, plunged in after his friend, who locked arms with him in a death grip, and they were drowned together.

**American Tenor at Stadium.** Walter Wheatley, an American tenor who was with the Chicago Opera Company, will sing at the National Symphony concert at the Stadium to-night in place of Nicola Zerola, who is ill, and will sing July 24 instead. The orchestra will play Dvorak's "New World" symphony.

**New colored flakes**

—give lovelier shades of every color

DRESSES, little blouses, rompers—you can make them truer, prettier shades than you could ever get before—with Twink, the new colored flakes.

Twink is made by a wonderful new method for producing colors that makes it possible to get more exquisite shades than have ever been obtained.

When it was found that in this product any fashionable shade could be produced, the authorities on fashion colors were asked to select the smartest colors for this season. Twink was then made to match these colors.

The Twink flakes dissolve instantly in boiling water. You wash the small gar-

ment about in the rich lather and squeeze the suds through the fabric. In a twinkling you have restored its first bright color, or given it some charming new shade.

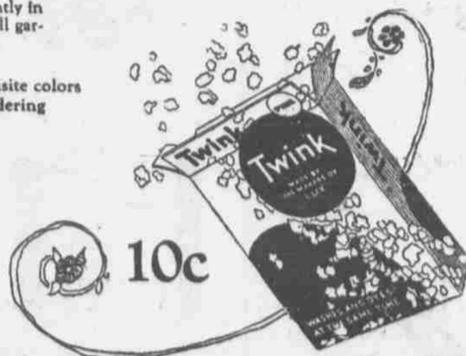

The Twink colors are so fast that you can wash a garment several times before you need Twink it again. Twink will not injure any fabric that pure water will not harm.

Get two or three packages of Twink today. Your druggist, the department stores, and the 5 and 10 cent stores have Twink. Lever Bros. Co., Cambridge, Mass.

For restoring color and for giving these new exquisite colors Twink is as perfect as Lux is for all fine laundering
