

**MILK PRODUCERS
OPEN OWN PLANTS
TO AVERT DISASTER**

Fourteen Co-operative Creameries Opened When Manufacturers Refuse to Buy.

The Dairywomen's League announced today that by means of its fourteen plants in this State and its plans for the operation of more plants for the manufacture of cheese, condensed and evaporated milk and other by-products, it intended not only to preserve the herds of milk cows in the State, but also provide a market for producers who have, of late, faced ruin in being deprived of their market.

During the last week thousands of contracts have been signed by dairy owners who will deliver their milk to the plants of the league. Two weeks ago they were confronted with the fact that they would have to slaughter their cows for beef. Most of these dairywomen had been selling their milk to manufacturers of condensed and evaporated milk.

Owing to the inability through foreign exchange conditions to export the millions of tons of milk stored in and about New York City, manufacturers ordered the closing of their factories. This left the dairywomen without a market, particularly as the manufacturers seemed, according to President H. D. Cooper of the league, bent upon selling the old product, made when sugar was high, before manufacturing more.

GARAGE HELP CLAIM OWNERS PLAN BOOST

Workers, Alleging Lockout, Meet To-Day to Discuss Sympathetic Action by Other Unions.

The union garage workers who say they have been locked out by garage owners because they asked for more money announce that a meeting will be held to-day to decide on sympathetic action by other unions. They expect Alexander Marks, organizer for the A. F. of L. to come and take charge of the situation for them.

The garage workers declare that the owners of most of the 900 garages in Manhattan and the Bronx plan to boost prices and force automobile owners to sign year's leases for garage space and that after they get what they want they will hire back their discharged men. The garage owners deny it and say that while they have not decided on a definite plan, their policy will be to keep prices down.

MANY DODGE STATE TAX.

Greater New York's Second Installment Is \$1,300,493.78.

ALBANY, Oct. 1.—Greater New York's second portion of the State income tax collections has been paid the Receiver of Taxes in the form of a check for \$1,300,493.78 from State Comptroller Travis.

On June 1 he received the first allotment, and the metropolitan counties' total share now amounts to \$12,231,444.02. Altogether \$26,000,000 has been handed over to the State and localities from this source. Previously \$22,000,000 was distributed and \$4,000,000 is now being allotted.

"Our investigation," explained Mark Graves, director, "has brought out thousands of persons who failed to pay their taxes. This prompts the thought that this tax is everybody's business. If John Smith knows that William Jones failed to pay his tax he should report this fact."

Engraved crystal pitcher with sterling silver band 3 qt. \$10.00

SOME of the most Saimple remembrances and some of the richest gifts come from Ovington's, but for one as for the other, the proportion of what you get to what you pay is very great indeed!

A Correct Shoe for every growing foot

—a protective shoe for children (and adults)

NOTE the last, the sturdiness of the shoe, the marvelous flexibility of the sole.

This shoe is built on Nature's last—the toes have ample room to spread, the flexible arch (free from any artificial support) holds, grips and supports the foot in a natural manner, the weight of the body is properly distributed, correct balance is insured, and the whole foot develops normally and healthily.

This is the perfect shoe, for those who want foot health and perfect posture. Good-looking as well as comfortable, it is end. and by fashionable women and the Y.W.C.A. committee on correct footwear.

Sizes 8 to 10½ \$8.25

Sizes 11 to 2 \$9.50

Women's Sizes, \$11.50 up.

ORPIC is one of the proven Best & Co. lasts, perfected during our 41 years' study and experience in shoes, sold nowhere else.

Between This Store and its Customers

That the Sales Plans of this store have forecast the needs of the public during the past year is evinced by the quotations given below.

From the files of "Women's Wear" and the "Daily News Record," which are daily papers published in the interest of wholesalers and retailers only, we have received their listings of our principal sales during 1920. It should be clearly understood that these are in no way our own records, but were compiled by the above papers.

Each article written is represented by one of these headlines which form a striking and unquestionable record of the consistent and successful efforts through which McCreery's has steadily recognized and met the public need for lower prices.

Even when prices, and spending, almost everywhere were at the peak, this store realized the true need of the greatest number and held their prices down to lowest possible level, consistent with McCreery quality.

Jan. 8, 1920—McCreery loses 28 cents on each blanket sold.

Jan. 14, 1920—McCreery's Coat Sale silences clamor for low prices—annual event brings flood for high values.

(Main Floor)

Women's Fashionable Coats

Anniversary Sale Price, 39.50—Worth 55.00

If they had no other virtue than the fact that they are fashioned of Velour de Laine and Duvette they would be remarkably good value at 39.50. But in addition to being made of costly materials they have been tailored by experts in "dashing," new styles.

There are straight-line, graceful and full, rippling models after the fashion of some of the newest Parisian effects.

Rust, Chippendale, Nanking, Musketeer, Partridge, Beaver, Moose, Elk, Brown, Radium, Navy Blue and Black.
