

WEALTHY MAN HELD ON MURDER CHARGE

Quincy, Mass., Killing a Mystery, but Said to Have Followed Quarrel.

QUINCY, Mass., Jan. 6.—Caleb L. Cunningham, a wealthy resident of Milton, was arrested on suspicion late last night after the body of John Johnson, fifty-two years old, of West Quincy, had been found in a patch of woods known as Cunningham Pines and owned by Cunningham. Johnson had been shot. The police said Cunningham admitted that he had quarreled with Johnson. Johnson left home to cut some wood, and when he failed to return at his usual time his wife notified neighbors, who organized a searching party. His body was found lying face upward under a pine tree, with a bullet wound in the left side. The axe which he had been using was missing. Cunningham was asleep when officers

went to his home and arrested him. They said that he made no statement with regard to the case, further than to say that he had had words with Johnson.

BALKS GOV. EDWARDS AGAIN.

Senate in Special Session Fails to Confirm Public Utility Board.

TRENTON, Jan. 6.—The Senate, called again in special session by Gov. Edwards to act on his appointment to the Board of Public Utility Commissioners, again failed to confirm them yesterday. The vote on the question of relieving the Judiciary Committee of consideration of the nominations stood 10 to 10, five Republicans voting with the five Democratic Senators. The Commissioners recently ousted by the Governor have an appeal pending in the Court of Errors.

MAY LAND CABLE IN CUBA.

Last Obstacle to Service From U. S. to Island Lifted.

WASHINGTON, Jan. 6.—The Cuban

Government has granted a permit to land telephone cables from Key West at Havana, according to Representatives of the International Telephone and Telegraph Corporation of New York, who have just received a similar permit from the United States.

This removes any official obstacle from the path of the cables connecting the United States and Cuba, which are already reeled up on the cable ship, Stephan, ready to be laid. The permits are granted in the name of the Cuban-American Telephone and Telegraph Company, jointly owned by the International Telephone and Telegraph Corporation and the American Telephone and Telegraph Company of New York.

Say Milk Dealer Tried to Bribe. Julius Brody, a milk dealer, of No. 1732 Bergen Street, Brooklyn, wanted to remove condemned milk from Willard Parker Hospital, according to charges made against him by Yorkville Courts and gave \$48 to a Board of Health inspector. It was alleged Detective Cornelius Brown watched the transaction through a transom. Brody was held in \$1,000 bail for the Grand Jury, charged with attempted bribery.

Don't Kill The Goose That Lays The Golden Egg

IT'S TIME TO WAKE UP

What gaineth a man if the barrel of flour he needs sells for Two Dollars and he has only thirty cents to his name.

And is looking for a job and can't find one.

The people of this country right now, to-day, are facing a situation that calls for common sense.

Let's forget about Psychology and Economics and Read-justment and all the other much-talked of things.

And use common sense.

In every city, town and hamlet in the land people are telling each other what the country needs.

But you know and I know that what the people of the United States need most of all just now is Common Sense.

If you are a shoemaker, and the furniture worker, the weaver, the hatter, the machinist, the miner—

And the producers of a hundred other commodities you buy during the year stop buying the shoes you make,

And by so doing throw you out of work.

How are you going to get the money to buy the things they produce?

You've got to help consume what the other fellow produces and he must help to consume what you produce.

To-day the country is in good shape—the troubles exist mostly in the minds of the people.

But if we do not wake up now and start to do more buying, it won't be long before our troubles will be real.

Nations like individuals can make themselves sick by worrying when there is no cause for worry.

An ounce of prevention is worth a pound of cure and the way to prevent an industrial breakdown in the near future is to—

Buy what the other fellow produces and start doing it to-day.

The excuse of high prices has faded away.

The cut-price advertisements of reputable merchants fill the pages of the daily newspapers.

Read them to-day and buy to-morrow the things you have put off buying so long.

Keep this fact everlastingly before you.

If you don't buy what the other fellow produces he cannot buy what you produce.

And if buying slows up many thousands of people not actual makers of the things we consume will be thrown out of work—

Railroad men, for instance, and cartmen, clerks and book-keepers and people employed in a thousand different ways.

That's about all there is to the whole situation.

And all the Senators and Congressmen and Governors and Commissioners can talk their heads off and can't change it.

Men and women of America, and especially you who are well able to buy, YOUR COUNTRY NEEDS YOU—needs the same patriotic endeavor that you gave so freely during the War.

If the non-buying condition continues to exist idleness will continue to increase throughout the land.

Industry after industry will close, and want, poverty, soup houses and bread lines will naturally follow.

And if once our country gets into such a miserable situation it will take a long and weary time to get out of it.

There isn't a man or a woman reading this message who cannot help to avert the troubles we are drifting into by supplying themselves with the things they need.

If you haven't the ready cash, use your credit.

Do something to help move the goods from the shelves of the retailer who in many instances has cut prices to less than he actually paid for the goods.

Prices are down—read the advertisements again—there is no excuse for further waiting.

Buy now from the retailer, so that he can order from the manufacturer and give him a chance to keep his workmen employed.

All can help—Don't say all this sounds good, but I'll just hang on to my money and let the other fellow spend his.

Buy now—Put your shoulder to the wheel, for industry is but a big wheel.

And when it revolves easily and without strain, it grinds out prosperity, and prosperity means happiness, cheerful homes and contented families.

Contrary to the idea that seems to prevail in certain circles—

Merchants who sell on credit terms or partial payments do not urge people to go in debt for things they do not need.

Extravagance is not encouraged, but on the other hand and especially at this particular time, credit merchants are doing much to help dispose of the surplus stocks of merchandise.

Because of their unbounded faith in the honesty of the people they are disposing of a great deal of merchandise that would otherwise remain unsold.

It's time to wake up—Buy now and buy all you can that prosperity may continue to reign in the land we love.

This message is published in over 100 newspapers with a combined circulation of nearly ten million copies by the Mentor Company, operating 42 stores in 42 cities—Main Office, 45 East 17th Street, New York City.
