

## ROOMS OF WOMEN IN STUDIO BUILDING VISITED BY THIEVES

Apartment of Miss Wilkes Ransacked—Jimmy Marks on Mrs. Wilson's Room.

Burglars jimmed the door to the studio apartment of Miss Adeline Wilkes, Professor of Art at Hunter College, No. 23 East 6th Street, late last night and after thoroughly ransacking the place departed without taking anything. Miss Wilkes was away and the visit of the burglars was discovered by Mrs. C. H. Howe, Superintendent of the building, while making her rounds. Jimmy Marks were also found on the door of Mrs. Huntington Wilson's apartment.

A description of two men who were seen by Mrs. Evelyn Schwartz, a tenant of the studio building, was given the police of the East 6th Street Station. She told them she saw a roughly dressed stranger in the hallway when she entered at 11 o'clock. She watched him as he went out, where he joined another man in front of the place and they drove off in a taxicab.

Stuart Lindsay, who was recently released from Sing Sing after four years for a holdup, will be arraigned in the Morrisania Court to-day on a charge of stealing fifty sticks of dynamite and fuming caps from the magazine of the Dittmar Powder Works in Baychester, the Bronx. His wife, Lily, will be arraigned in the Jefferson Market Court charged with stealing linen and silverware from the Hotel McAlpin, where she was employed as a maid up to their marriage a short time ago.

Lindsay and his wife were arrested at their room, No. 13 West 126th Street, about midnight last night. The arrest of Lindsay by Detectives Braunschweig and Hayden followed the identification of his picture in the *Fluque's* Gallery by Frank Sumner, watchman at the powder works. Sumner told the police he was overpowered last Thursday by three men

who arrived at the magazine in an automobile.

Sumner, after surveying the line-up of prisoners at Headquarters this morning, picked out Lindsay as one of the men who had overpowered him and stolen the explosives.

David Rosenberg, who conducts a fruit store at 197th Street and Amsterdam Avenue, was held up and robbed of \$85 on Monday night by three men, two of whom wore sailors' uniforms. It became known to-day. Although the hold-up was reported at the West 197th Street Station, the news was suppressed by the police. Rosenberg said the men drew revolvers and, while the one in civilian clothes kept him covered, the two sailors went through his pockets.

Humbert Raveneau, who said he was employed at the St. Regis Hotel, and Herbert Frazer, employed in an apartment house at 111th Street and Broadway, both West Indians, were held in \$5,000 bail each by Magistrate Thomas in the Jones Market Court to-day because of their failure to explain their possession of a \$1,200 diamond ring. The men were arrested by Detectives Harbort and Caswell in Cooper Square yesterday when they were seeking to have a jeweler place a valuation on the ring. They told conflicting stories as to how it came into their possession.

## SIX KILLED BY LEAK IN CITY GAS MAIN

Family Wiped Out by Fumes Which Creep Along Pipes From Street Into Home.

SCANTON, Pa., Jan. 12.—An entire family of five, and their boarder, are dead in Dickson City, near here, having been discovered asphyxiated in their bedrooms by gas from a broken main in the street which crept along the outside of a pipe into the cellar of their home and sought out its victims in the rooms above.

The tragedy was discovered by an insurance agent, who, failing to receive any response to his continued knockings, opened the kitchen door, which had been left unlocked, and staggered back as the heavy gas fumes struck him. He rushed into the house, found no one downstairs, and hurried to the second floor. Lying full length at the head of the flight of narrow steps the boarder was found, his face bathed in a pool of blood that had oozed from his mouth, evidently in his struggle for breath.

In a room within a yard from the body the insurance man found the five members of the family, all fully clothed, four in bed and the father in a huddled position on the floor, indicating he had struggled after his effort to reach and open the bedroom window had failed.

## Edwards Approves "Child Welfare Week"

TRIDENTON, Jan. 12.—Gov. Edwards to-day issued a statement, suggesting to the people of New Jersey they celebrate "child welfare week" May 9-13, 1921.

appropriately. His action was taken at the request of the New Jersey Council of Child Welfare. The Governor recommended a campaign to inform people of the work already done for children and calling attention to the necessary work still to be accomplished.

# The Man's Shop

A Floor of Complete Masculinity

There are the Twentieth Century Limited, the Pennsylvania Special and the Express Elevators to The Man's Shop at Lord & Taylor

## The Man's Part—in Prices

THE liberality of the response to the re-marking of prices on all the clothes in The Man's Shop has well matched the liberality of these reductions.

mon acceptance of that term, is seldom encountered.

Particularly for the man that needs or may need an overcoat, when the snowstorm arrives or in the Spring, there are opportunities almost historic, at \$38, \$58 and \$68.

English and American—big, fleecy ulsters, warm but light-weight business coats, velvet-collar dress overcoats, and Spring slip-ons.

Suits of finest imported and domestic woolsens, at \$32, \$42 and \$48—reproductions of the best custom clothes in America and England, exhausting every resource of selection.

In all these there is a plentiful supply of longs, shorts and stouts—a special room set aside for them.

Golf suits at \$48 and \$42—four-piece and two-piece—both American and English make—about enough for a four-flight tournament.

The story is straightforward and simple: The tailors that made our American clothes—of the best in America—sold us all they had on hand at one-half the wholesale prices we had paid earlier in the season for the same clothes.

The Man's Shop is doing the man's part—offering them on the same re-adjustment basis and including all it had in stock, except evening clothes.

These prices are considerably less than the clothes cost the manufacturers to produce.
