

"DUCK POND" FUN
20 STORIES IN AIR

Blaze in Broadway Building Makes
Flooded Floors From
17th Up.

When the hundreds of clerks, accountants, stenographers, managers and assistant managers employed in the American Surety Company building, No. 100 Broadway, began arriving at their posts this morning, a fire in a working shaft between the nineteenth and twentieth floors and a lot of firemen kept them away from their work. What started the fire, which was discovered about 8.45 o'clock, has not yet been made known, but the firemen had it out in less than an hour with nominal damage.

Some of the stenographers were timid of trusting themselves in the elevators, none of which were injured, but the mass of employees went shooting skyward at the first opportunity. The seventeenth, eighteenth, nineteenth and twentieth floors had been flooded, and the boys who had learned a few things over on the other side promptly threw boards into the "duck ponds" and scooped across to their offices. Many of the stenographers, all dressed in their best for Flag Day, got their toes wet in making the perilous crossings, but outside a whole lot of screams at contact with cold water, no casualties were reported.

CHICAGO OPERA CO.
MAY DROP NEW YORK

Organization Will Appear Here
This Season but Probably Not
Thereafter.

CHICAGO, June 14.—New York may be omitted from the itinerary of the Chicago Opera Company after next winter. This was outlined in a talk by Harold F. McCormick, member of the executive committee of the company, at a luncheon yesterday of the Citizens' Chicago Opera Company. "The destiny of the opera company in the future is in Chicago and of Middle West," said Mr. McCormick. "In the past it was thought advisable to take the company on a New York tour and sustain a financial loss of close to \$200,000 because of the added prestige which the New York season gave the company. In the future this may not be necessary or advisable." Mr. McCormick was asked if the company planned to cancel the New

York engagement for next winter. "Certainly not," he replied. "I want it definitely understood that the Chicago Opera Company will sing in New York next winter."
