

## BLAMES MOTHERS FOR "BABY CRIME WAVE" IN BRONX

Magistrate Calls Them the Real Criminals as Boy Bandits Are Arraigned.

### CHEAP MOVIES SCORED.

Urges Use of Strap to Nip Juvenile Delinquency in Its Early Stages.

The Bronx was stirred today by Magistrate Max Levine's assertion in Morrisania Court that "there appears to be a genuine baby crime wave in the Bronx," to which he later added the comment: "I think the mothers are most to blame."

The case which evoked Magistrate Levine's outburst of indignation was one against Sidney Seigel, sixteen years old, of No. 764 East 152d Street, Abraham Stenders, thirteen, and Michael Friedman, eleven, next door neighbors of Seigel. These three boys were charged with a bold daylight hold-up of Mrs. Amelia Bloch of No. 783 Bock Street, whose pocketbook, containing \$31.65, was snatched from her hand as she stood on the street talking with another woman.

"A certain type of modern mother," Magistrate Levine said, "seems to think more of gadding about, gossiping with neighbors and attending cheap motion picture shows than of raising boys and girls in the way they should go. It is the mothers of this type who are the real criminals in cases of this sort."

Detectives Herman Meyer and Michael Hezney of the Simpson Street Police Station, following a tip that three boys had been seen dividing a roll of bills in a vacant lot, arrested Seigel, Stenders and Friedman. Seigel was held in \$1,000 bail for further examination to-morrow, while the other two were turned over to the Children's Society and will be examined later in the week in Juvenile Court.

"The combination of cheap motion pictures and negligent mothers has produced a condition of Wild West crime here in the Bronx which can be curbed best if women will use the strap on their wayward sons at the first signs of serious delinquency," said Magistrate Levine. "In the last two weeks I have been impressed by the number of cases of small children caught in the commission of crimes. It looks as if we are having a baby crime wave."

"The fault seems to be with the mothers. The fathers, having to provide the living for the family, must necessarily be away from home, and the children are in the hands of the women. If mothers pay more attention to the well being of their children it is not to be wondered at that the youngsters go astray."

"When I was a boy on the east side the place had a bad reputation, but there were no children committing crimes in those days. Our mothers knew how and when to use the cat o' nine tails, and we all had to account for our time and our movements. In other words, family life was real. There were no yellow movies and cheap pool rooms for boys then, and there should be none now."

## WINS FREEDOM FROM A DRAFT EVADER

Wife in Name Only Gets Marriage Annulled—First Case of Its Kind Here.

What appears to be the first case here where a young woman procured an annulment of her marriage on the ground that her husband went through the ceremony in order to evade the draft was granted today by Justice Leishman to Sylvia Bugoff, No. 32 Jackson Street, against Samuel.

She testified that she married Samuel on June 17, 1918, and shortly after he told her to go away to the country. She did so on money that she had saved, reaching away five weeks. Bugoff, by claiming that he was a married man, supporting and living with his wife, succeeded in being placed in Class 2, which entitled him to go to the front in the army. She said that she never lived with her husband, or did he support her. He did not defend the action.

## SELL NOW LEAGUE TO SPEED RETURN OF GOOD TIMES

Merchants and Manufacturers Organize to Keep Goods Moving.

In an effort to speed the return of industry to normal conditions and to end the present unemployment problem, the Sell Now League has been formed by merchants and manufacturers. This body, with headquarters at No. 119 West 40th Street, includes in its membership leaders in virtually every branch of American business endeavor.

The principal object of the league is to encourage merchants to turn over their stock rapidly in order to bring greater production, and therefore more widespread employment. The league will foster a general sales campaign throughout the country in every form of merchandise. Intensive selling is to be the motto.

The Executive Committee, of which J. Mitchell Thorsen is Chairman, includes bankers, automobile men, real estate operators and public officials. Among them are Francis H. Sisson, Vice President of the Guaranty Trust Company; State Senator Nathan Straus Jr., Senator Arthur Capper, John N. Willys, President of the Willys Overland Company; J. H. Tregeoe, Secretary of the National Association of Credit Men, and O. W. Bartlett, President of the Executives' Club of Chicago.

"I think the time is opportune for the merchants of the country to render helpful service looking to a return of normal conditions through a vigorous selling campaign," Senator Capper said.

More optimism and less pessimistic propaganda is needed by salesmen at this time, according to Mr. Bartlett.

Cashing in on the present is Mr. Sisson's view of the need that faces the American people today.

## MILK PRICE SAME; FARM RATE IS UP

Distributors Will Not Pass on July Raise to Consumers in This City.

The price of milk to consumers will remain during July at the June figures, though there has been an increase of a half-cent a quart, which the distributors will pay the farmers. This announcement was made today by Patrick D. Fox, President of the Borden's Farm Products Company.

Grade B pasteurized bottled milk will therefore remain at 14 cents a quart, the lowest price in almost three years. The price of this milk last July was 16 cents. Grade A pasteurized milk will sell for 17 cents, loose milk 9 cents.

The announcement by President Fox followed announcement of the July prices of the Dairymen's League, which raised the cost to the distributing companies 25 cents a hundred pounds, equal to forty-seven quarts.

## NUDD SAYS Hylan IS SHADOW-BOXING

Critic of Unsatisfactory Conditions in Schools Declares Mayor Fights an Imaginary foe.

In reply to Mayor Hylan's condemnation of the report of the Political Education Association criticizing the unsatisfactory condition of school buildings, Howard W. Nudd, director of the association, declared today that the Mayor was "shadow boxing with an imaginary foe"—the Gary system.

Mr. Nudd said no one would attempt to hold Mayor Hylan responsible for the condition of the schools when he assumed office, but he should be held responsible for the failure of his glowing promises of four years ago. The condition of the schools in worse now, Mr. Nudd declared, than it was when Hylan entered office.

The Mayor's statement that his Administration had spent more for school repairs than the Mitchell Administration was disproved by figures produced by Mr. Nudd, who claimed they were official. The largest sum spent for school repairs in 15 years was \$1,550,542 in 1915 in the Mitchell Administration.

Mr. Nudd declared it would take from \$8,000,000 to \$10,000,000 to put all

the old school buildings in proper condition. He inquired how, in the face of a \$27,000,000 school deficit for the current fiscal year, the Board of Education could possibly fulfill the promises made by President Prall that the conditions complained of by the survey would be to a great extent remedied during the two months of vacation.

## GIRL HURLED INTO CARPENTIER CAMP

Little Martha Fails to See Favorite and Her Father's Auto Is Wrecked.

Martha Broger, five, of No. 223 East 53th Street, went to Carpentier's camp at Manhasset, L. I., with her father, Pierre, in an auto yesterday to wish her fellow-countryman good luck. But the French pugilist had gone yachting. As they waited a touring car driven by Jack Baker of No. 1135 53d Street, Brooklyn, turned a corner and swerved toward the Broger machine.

Before Broger could lift his daughter out it was struck and wrecked. Martha was dashed against a fence surrounding the Carpentier camp. Men at the camp lifted the girl over the fence and she was treated by Gus Wilson, Carpentier's trainer. Martha went home with abrasions of her left leg and a cut lip.

## "INSPIRED" TO SHOOT WIFE, HE DECLARES

Polkeman Paroled After Wounding Woman in Sight of Their Children.

Patrolman Bernard Kane of the Charles Street Station, Manhattan, who said he had a "divine injunction" to kill his wife, was arraigned in the Stapleton, S. L. Police Court today and paroled in custody of the Stapleton police on a charge of felonious assault. His wife was slightly wounded yesterday by a revolver bullet.

The couple with their three children lived until last Wednesday at No. 1544 Park Avenue, Manhattan. Then Mrs. Kane took the children and moved to the home of her sister, Mrs. J. J. O'Neil, No. 4 Roosevelt Place, Tompkinsville, S. L. Kane went there yesterday afternoon and fired one shot. Mrs. Kane fell and her husband thought he had killed her. He telephoned the police, then gathered the children about him and tried to console them until he was arrested.

Mrs. Kane, after recovering consciousness, said she had left her home because she did not like the neighborhood. Kane said he went to mass yesterday and was there inspired to kill his wife.

## SHOT IN HEAD BUT STILL LIVES

Kapriza is in the McKinley Hospital and Mrs. Marie Winkler, twenty-four, to whom he is said to have been attentive, has been arrested. ## SYRIAN'S PROPERTY SEIZED.

Whereabouts Revealed in Announcement Here of Government Appointment.

Were it not for the fact that Assad S. Abdu-Nur, a Syrian horseman, who lives at the Hotel St. George, Brooklyn, consults Syrian newspapers daily, he would be still at sea to-day as to where was Frederick A. Arched, to whom he alleges he gave \$1,000 at various times a year ago to purchase horses. An article from El-Bach, a newspaper of Beirut, Syria, which reported the Arched had been appointed Collector of Revenue of the district of Haidra, immediately Abdu-Nur procured

writ of attachment from Justice Whitaker for the amount claimed, and property belonging to the newly appointed Syrian official was seized in lieu of Arched-Nur's claim. A translation of the article, together with an affidavit from another Syrian alleging that Arched sailed from here on Nov. 27 were attached to Abdu-Nur's application.
