

JAPAN PRESENTED NO OBSTACLES FOR THE ARMS PARLEY

Official Washington Well Pleased by Action of Mikado's Ministers.

RESULTS, NOT TALK.

Immigration Matter, It Is Expected, Can Be Settled Between Two Countries.

By David Laurence. (Special Correspondent of The Evening World.)

WASHINGTON, July 28 (Copy-right, 1921).—The United States Government is proceeding on the assumption that all the Powers, including Japan, will approach the subject of a programme for the disarmament conference with a desire to get results and not to use the meeting as a vehicle for an interminable discussion of international problems.

Japan's acceptance of America's invitation created in Washington a most favorable effect. It is true there are some phrases in the Japanese reply which appear to be a qualification, but the important fact to bear in mind is that Secretary Hughes doesn't regard it as a qualified acceptance.

When Japan said problems should be omitted from the discussion which are of "sole concern to certain particular powers," and that matters be excluded which may be regarded "as accomplished facts," it was possible to construe her words as a sort of warning against too much optimism concerning her attitude, but Mr. Hughes, who is a distinguished lawyer, doesn't have that impression.

MOTOR CARAVAN OF 28 FAMILIES OFF FOR WEST

Modern Brooklyn Argonauts Hit Trail for Idaho After Farewell From Hylan.

WELCOME LIFE IN OPEN.

Delighted With Prospect of Getting Away From Strain of City Existence.

The Idaho caravan—twenty-eight families from New York and New Jersey—bound on a 3,000-mile motor trip, almost across the continent, to take up irrigated Government land twelve miles from Buhl and make a home place of it, started off from City Hall this afternoon following a reception by Mayor Hylan and a brief speech of well wishing.

The caravan will make its first halt at Croton, spend the night there and then go on, stopping to-morrow night at Rhinebeck and Saturday night at Schenectady.

Most of those who have set out on the overland trail were delighted with the prospect of getting away from cities and into the wide, open country.

"It isn't anything of a sacrifice to give up city life," said Mrs. Edward Dunne, who with her husband, a builder of Clarendon Road, Flatbush, was eager for the great adventure.

One of the most enthusiastic of the pioneers was Major F. J. Smithwick, formerly of the British Army, recently a hospital inspector and leaving a home at No. 546 East 23d Street, Brooklyn.

"Mrs. Smithwick and I are taking with us our two little sons, Frank, eight, and Vincent, six, and going to give them a start out in the open country," he said.

Another man in the party admitted today that he was going out West "to have the time of his life."

There was one woman of sixty in the caravan. She was Mrs. J. C. Layton, accompanied by her son-in-law and daughter, Mr. and Mrs. J. I. Holder.

LIST OF U. S. VICTIMS IN SOVIET PRISONS WHO MUST BE FREED

Else No Food to Be Sent From This Country to the Starving Russians.

Details of the conviction and imprisonment of American citizens in Soviet prisons were given out here today by the American Red Cross and Kenneth Durant, publisher of Soviet Russia.

A letter from Capt. Emmet Kilpatrick, one of the imprisoned Americans to the Red Cross, gave the name of others who were held. It declared the food was bad.

Durant, who investigated the details of the imprisonments, supplied the actual charges against the Americans and some of the information given at trials which preceded their imprisonment. He said he had direct information that the Americans were better fed than the Russian Communists.

A Greek-American, James Kalamitiano, who formerly lived near Los Angeles, Cal., is the American imprisoned for the longest period. He was sentenced to death for being involved in the overthrow of the Soviet regime in the "Lockhart" plot to blow up several railroad bridges near the battle front. His arrest, trial and conviction followed. The death sentence was reprieved and he has been in jail since May, 1919.

Mrs. Marguerite E. Harrison, Baltimore newspaperwoman, is in prison, charged with "double crossing" Soviet officials. She was first in the employ of "Anti-Soviet forces," and when arrested, it is reported, agreed to enter the Intelligence Department of the Soviet regime. She was later re-arrested, states a Berlin despatch, when Chicherin received information that she had turned against them.

Capt. Emmet Kilpatrick, Uniontown, Ala., whose brother, Dr. G. C. Kilpatrick, Mobile, has attempted to obtain his release, was captured on the battle front with an American nurse, who was later released. At his trial in Petrograd evidence was introduced to show he fought in the Lithuanian army against the Soviets.

Dr. Estes, New York dentist, was captured with a motion picture man named Flick. At his trial evidence was produced to show that he served in the American Intelligence Branch during the war and had no proper credentials for entering Russia. Flick was arrested on suspicion because he was found with Estes.

of the detectives in New York, how much money was raised by the detective force to put through detective legislation and who got the money.

Smith said he did this, but that he had nothing to do with the drawing of the bill. He also said that he met Detective Devanny and Conking and asked them about the so-called Harris and Smith bills. They told him that the detectives would get together and make one bill of them, withdrawing the Harris bill. Amendments to the Smith bill were made in committee, said Senator Lusk.

Senator C. Ernest Smith of Staten Island was put on the stand today by Commissioner Hirschfeld. He stated that Assemblyman Judson, Chairman of the Committee on Taxation and Intoxicants, gave him the bill for the detectives and asked him to introduce it as it was too late for the Assembly.

It was reported today to Commissioner Hirschfeld that a process server with a subpoena for Dan Johnson, companion of Kleist, the Albany lobbyist, had seen Johnson yesterday at the Empire City race track, which is out of the county. It was stated that Johnson had not been at his home for the last four days.

Arrested on Auto Theft Charge. John Russett of No. 291 E. 60th Street, was arrested today by Detective Michael Mullin in a paint shop at the foot of East 31st Street while he was signing a bill of sale for a newly painted automobile, for which he purchased \$1,100.

TRENTON, July 28.—Richard Lodge No. 113 of the Grand Lodge of Odd Fellows of New Jersey, was ordered by Vice Chancellor Fielder today to turn over all its property and funds to the Grand Lodge, because its members, who are German or of that descent, refused to abide by a Grand Lodge order that English should be the only language used at meetings and ceremonies.

Rumors Say Russia May Pay Its National Debt. COPENHAGEN, July 28.—Rumors are in circulation in Reval, says a despatch to the Postiken from the Lithuanian capital today, that as an extreme measure in an effort to secure help in the present crisis in Russia, Nikolai Lenin has proposed to the Soviets the acknowledgment of the national debt which the Bolsheviks cancelled after the revolution. The proposed payment of interest and capital would not be begun before the signing of a peace conference be summoned between the Soviet Government and the European countries.

WALKER IS LEADING BY ONE STROKE IN "MET" GOLF PLAY

Total After Third Round Is 221—McDonald of Chicago Next.

By William Abbott (Staff Correspondent of The Evening World.)

SIWANEOY GOLF COURSE, July 28.—Clyde Walker of Englewood led the field by a single stroke at the start of the final round this afternoon, after the Metropolitan Open Golf Championship on the Siwanoy links. His total for 54 holes was 221. Bob McDonald of Chicago was second with 222. William Crenay of West Point was third with 223.

Pat O'Hara of Staten Island was next with 224. James Barnes, the new national champion, was fifth with 225.

The feature of the third round this morning was the collapse of Walter Hagan, present Metropolitan champion. At the seventh hole he drove out of bounds and was twice bunkered, taking 8 for the hole. His bad showing at this hole discouraged him and he was forced to take 84 for the round, which put him hopelessly out of the running.

Most of the leaders of the morning round were much affected by the heat and their scores suffered. The only exception to this rule was Pat O'Hara, whose shots were working nicely and whose round was 71.

This was the best round turned in a large gallery turned out in spite of the heat and followed the most promising contestants, Walker, Hagan and Barnes attracted most of the attention. Hagan's bad showing surprised everyone, as he was one of the two big favorites expected to win.

England Adheres to Decision That More Troops Are Unnecessary. LONDON, July 28 (Associated Press).—The latest French communication insisting that more troops be sent into Upper Silesia immediately is understood to have been the subject of a conference this morning, at which Mr. Ambassadors, the Dominion Premiers and several members of the Cabinet were present.

After the meeting it was announced that Lord Curzon would see the French Ambassador this afternoon and that the meeting of the Allied Supreme Council might again be somewhat delayed. It is understood Lord Curzon will send a reply to reuter Britain, reaffirming the view that the situation in Upper Silesia does not justify the sending of more troops at the moment and urging the desirability of a meeting of the Supreme Council at an early date to deal with the report of the Allied Commissioners in Silesia.

\$910,306 PAID BY FANS IN 1920 TO SEE WHITE SOX

(Continued From First Page.)

Felsch or Weaver will play ball again is up to Judge K. M. Landis for decision.

Comiskey stated shortly after the seven players were suspended following their indictment that none of them would ever play for him again, even if they should be freed.

Weaver and Felsch were expected to clinch their freedom to-day when they were subpoenaed to take the witness stand and answer a few perfunctory questions. Swede Risberg and Chick Gandil are also expected to testify, denying they had any part in the conspiracy.

With eight White Sox players called back to Chicago from Washington to testify for the defense and many other witnesses summoned, the defense has announced that it does not expect to conclude its testimony before the middle of next week.

President Ban Johnson of the American League was expected to decide to-day whether the rest of the Washington-Chicago series and possibly the New York-Chicago series would be postponed owing to the absence of Chicago players.

While this is an eventuality that has been feared since it was announced that most of the White Sox who participated in the 1919 World's Series would be called to testify, it did not seem so serious to-day as might be supposed.

While three members of the White Sox pitching staff are summoned to Chicago, this is considered no serious drawback to the Sox. Both Urban Faber and Dick Kerr have pitched their turns this week. Johnny Mostil is thought, will replace Eddie Collins at second base and Wilkinson has not been going to the mound regularly.

Catcher Schalk, also called to Chicago, it is thought can be replaced by Yaryan, who has been behind the plate frequently this season, and McClellan, outfielder, has been warming the bench of late and will not greatly handicap the team by his absence.

While "Kid" Gleason, the manager, is called away, as is also Trainer Stephenson, the summoning of the eight men yet leaves the Sox with plenty of material to put up a stiff fight with any American League club in case President Johnson decides to continue the schedule.

STOLE AUTO, IS CHARGE, HIT TAXI, HURT WOMAN.

Injury Laid to Chauffeur Accused of Taking Car From Garage.

Arnold McCarthy, twenty-three years old, a negro chauffeur, of No. 77 West 141st Street, was locked up in the West 133d Street Station early this morning on charges of grand larceny and felonious assault after a touring car he was driving hit a taxicab at Seventh Avenue and 135th Street. In the taxicab were five persons, one of whom, Mrs. Laura Hockett, sixty-three years old, of No. 510 West 170th Street, received a possible fracture of the skull.

McCarthy was driving a car owned by Gerald Rosenheim, a lawyer, of No. 39 West 75th Street. McCarthy works in the garage where the car is stored. According to the police, he took the automobile without the owner's consent.

When McCarthy hit the taxicab, the police say, he did not stop, but continued north on Seventh Avenue. Patrolman Hamon saw the collision, and halting an automobile overtook the fugitive.

The charge of felonious assault against McCarthy was made by Joseph M. Miley of No. 250 West 135th Street, driver of the taxicab. Rosenheim made the complaint of grand larceny.

DETROIT, July 28.—Herman Schmanski, sixty years old, died in a hospital here this morning from burns he said were caused when his brother, with whom he had quarreled, threw turpentine over him and lighted a match to it. The brother, George Schmanski, is being held by the police.

According to Herman Schmanski's statement to the prosecutor, the quarrel followed his refusal to loan money to his brother. The brothers had been business partners for thirty-five years.

COLLEGE MEN POOR ON THEIR HISTORY, AS EDISON SAYS

Dr. Tiger, U. S. Commissioner of Education, Backs Up the Inventor.

Dr. John U. Tiger, United States Commissioner of Education, asserted to-day that college graduates were as ignorant of matters of history as Thomas A. Edison had claimed, as the result of his examination of applicants for jobs.

Speaking before the New Jersey State Educational Conference at New Brunswick Dr. Tiger said that any one who had taught in college fifteen years knew how weak the college student was, particularly in questions of history. He argued for a broader history teaching in the schools with less national boasting and more appreciation of the contributions of every nation to civilization.

FORTUNE TELLER IN PLOT TO PROCURE A DIVORCE.

"Tall Dark Man," Mediator, Was Named as Co-Respondent.

Mrs. Gabriel N. Sayegh, wife of a Syrian silk importer and one of the owners of the New York Kinoma Company at No. 119 West 23d Street, answered her husband's divorce petition in the Brooklyn Supreme Court by charging that a fortune teller was used to trap her in an apparently but not actually compromising position.

She said her husband and she separated in August, 1920, and that afterward she met a fortune teller, who said that a reconciliation would be arranged through "a dark man." She said she met the "dark man," who proved to be Toufic Salhama, No. 71 West 23d Street, and arranged for a conference with him in a room over a restaurant. In the midst of her conference, she said, her husband burst in with a witness. He named Salhama as co-respondent. The Court gave Mrs. Sayegh \$25 a week temporary alimony.
