ATTACK OPENS ON ARBUCKLE'S STORY

DR. LORENZ FAINTS THREE TIMES, BUT GOES ON WITH TASK

Continues Examination of 100 Sufferers Despite His Collapse in Hospital.

LINE WAITS ALL NIGHT.

Parents With Children Staid in Rain for Chance to Consult Noted Surgeon.

Dr. Adolf Lorenz fainted three times today while examining patients for tubercular treatment at the hospital for Joint Diseases, Madison Avenue and 123d Street, but despite his weakened condition went this afternoon to the Kings County Hospital, Brooklyn, to examine sixty patients.

The first time he collapsed he was carried from the examination room and placed on a bed for ten minutes, after which time he revived and insisted upon returning to his task. Ten minutes later he collapsed again but was soon brought to consciousness and in less than a quarter hour he succumbed a third time.

For a long time Dr. Lorenz has suffered from nervous indigestion and has been unable to partake of food in sufficient quantity to vitalize himself. He went to a physician yesterday for treatment.

His examinations at the hospital were begun at 8:30 o'clock this morning, there being hundreds of men, women and children awaiting his ministrations. The selected patients were examined in compartments, and it may have been that the lack of air circulation in them had something to do with Dr. Lorenz's fainting.

After his first collapse he examined the applicants in groups of five.

Although the physicians assisting and watching him besought Dr. Lorenz to relinquish his task for the day, he refused to do so, remaining at the hospital until he had examined 100 of the sufferers.

When Dr. Lorenz left the hospital there was a crowd of several hundred still waiting at the door, unwilling to go away or to believe the word sent out to them that the physician could see no more to-day.

There were about 150 parents and children in line outside the hospital last night at 11 o'clock. They waited in the drizzling rain, and their number was augmented throughout the night until 6 o'clock this morning. When a milkman and a sandwich vendor came around there were 200 waiting for the surgeon.

Many of these mothers and fathers said it was their third night of vigil. They remained in line, despite the pleadings of the hospital authorities that Dr. Lorenz could not possibly examine their children until next Tuesday. Those inside the hospital had cards of admittance from family physicians.

Dr. Lorenz will not hold a clinic Saturday at the hospital. On Monday his work will be confined to examinations of children with diseases of the joints—dyslocation, rheumatic and tubercular.

Dr. Lorenz announced that next week, unless he became stronger, he would not hold but one clinic a day. "It is too much, all this work," he said. "I cannot do it all with my strength. I'm sorry."

HEARINGS ON TARIFF TO BE RESUMED DEC. 7

Tobacco Schedule Will be Taken Up First, Then Cotton.

WASHINGTON, Nov. 29.—Chairman Penrose of the Senate Finance Committee, announced to-day that hearings on the Permanent Tariff Bill would be resumed on Dec. 7.

ARBUCKLE'S STORY FINISHED, PROSECUTION OPENS ATTACK IN EFFORT TO PROVE IT FALSE

Former Nurse of Dead Actor's First to Testify in Rebuttal.

PERJURY IS CHARGED.

Warrant Issued for Mrs. Neighbors, Who Took Stand for Comedian.

SAN FRANCISCO, Nov. 29.—Rebuttal testimony was begun at the reopening of the Roscoe Arbuckle trial to-day. The District Attorney's office, after a conference of all those engaged in the prosecution, announced that about forty witnesses would be heard. The testimony each is expected to give is so brief, however, that it was indicated it probably would be completed to-day.

District Attorney Brady to-day had drawn up a warrant charging Mrs. Minnie Neighbors of Los Angeles, a defense witness, with perjury.

Mrs. Neighbors testified that in August, 1920, Virginia Rappe was at Wheeler's Hot Springs, near Los Angeles. Testimony to-day by Mrs. Mary Pauline, clerk at the resort, indicated Miss Rappe was not there that month, and Mrs. Josephine Harbeck, Miss Rappe's housekeeper, substantiated this statement by saying her employer was in Los Angeles in August.

Among witnesses on the prosecution's list for to-day was Mrs. Catherine Fox of Chicago, a close friend of Miss Rappe. It was intimated she would testify that Miss Rappe's health was good. The defense has contended a chronic ailment caused her death.

Louise Glauin, film star, is another witness who is expected to testify to-day, and from her the prosecution is hopeful of obtaining damaging evidence against Arbuckle.

It is believed the case will go to the jury Thursday.

VIRGINIA RAPPE, IN A MOVIE, MAY TESTIFY

Virginia Rappe herself—In the form of a motion picture—may be called to testify against Arbuckle. The prosecution was to-day considering this move.

The State is known to have available portions of the last film in which Miss Rappe appeared—"The Twilight Baby." It shows her riding horses and bicycles and performing stunts which she claims no sick girl could have done. This picture would be brought before the jury to refute claims of the defense that Miss Rappe was virtually an invalid and that these ailments and not injuries suffered in an attack by Arbuckle caused her death.

There was much conjecture in the court room to-day as to whether Mrs. Marie Taube, who until yesterday was entirely in the background, would be brought forward as a witness. Arbuckle brought Mrs. Taube into the limelight while he was testifying. He said she was the only person he had invited to his apartment in the Hotel St. Francis the day of the party. He had been out with her the night before, he testified. On the afternoon of the party she was to have gone motoring with him, but he said she was "pooeved."

\$30,000,000 LOAN OFFERED ARGENTINA BY BELGIANS

New York Bankers Seen to Propose One for \$50,000,000.

BUENOS AYRES, Nov. 29 (Associated Press).—Belgian bankers have offered a loan to Argentina of 150,000,000 francs (normally about \$30,000,000). It is announced by Minister of Finance Salaberry.

This follows official announcement Saturday that a group of New York bankers had informed the Government of a forthcoming definite proposal for a loan of \$50,000,000.

NEW ULSTER OFFER TO BE FORMULATED BY LLOYD GEORGE

British Representatives Meet and Decide to Make New Proposals.

LONDON, Nov. 29 (Associated Press).—It was authoritatively stated after the British representatives to the Irish conference had met this afternoon that Prime Minister Lloyd George would endeavor to formulate new proposals for an Irish settlement, following Ulster's refusal of the British Cabinet's original offer.

Immediately following the receipt of Sir James Craig's statement on Ulster's position Mr. Lloyd George this evening summoned Arthur Griffith and Michael Collins, the principle Sinn Fein delegates, to a consultation in Downing Street.

BELFAST, Nov. 29 (Associated Press).—Sir James Craig, the Ulster Premier, speaking before the Northern Parliament here to-day, said he had told Prime Minister Lloyd George that the British Government's proposals to Ulster for the settlement of the Irish question were utterly impossible. He said Ulster would not enter an All-Ireland Parliament under the present conditions, but was prepared to discuss other avenues for settlement.

"By Tuesday next these negotiations will have broken down, or the Prime Minister will send me new proposals for consideration by the Cabinet," Sir James said.

"Meantime," the Ulster Premier's statement added, "the rights of Ulster will be in no way sacrificed or compromised."

The Premier said the accounts of the Government's plans for an all Ireland parliament that had appeared in the press were "fairly accurate."

Sir James made these statements in speaking to a motion for adjournment. Replying to a question, he said the Northern Ireland cabinet had given instructions for the immediate enrollment of 100 whole-time "specials" and 5,000 part-time "specials" to complete the establishment of these forces.

U. S. JOINS POWERS TO SAVE FINANCES OF ALL THE WORLD

Great New Conference in Europe Will Attempt to Stabilize Exchange.

MAY TAKE NEARLY YEAR

Factors Now Depressing Business Will Be Taken Up Along With Readjustments.

By David Lawrence.

(Special Correspondent of The Evening World.) WASHINGTON, Nov. 29. (Copyright, 1921).—America has decided to join hands with the other powers in an effort to stabilize international exchange.

The United States Government has accepted the invitation of the Allied Governments to be represented at a conference to be held abroad in the near future at which the whole question of exchange will be examined.

This is the most important step in the direction of financial readjustment which has been taken since the armistice. If successful, the movement may have a far-reaching effect upon the revival of business in America, and particularly in the restoration of markets for the sale of American agricultural and manufactured products.

For a long time there has been a persistent effort on the part of European countries to elicit America's interest in an international financial conference. There has even been a suggestion that the question of the war debts of the allies might be discussed at the Armament Conference at Washington but this idea has been abandoned.

The movement to reconstruct the world's finances will be a slow and evolutionary one and will not be confined to a single conference but to a series of meetings which may take the better part of a year. The whole thing is the outgrowth of the recommendations made at the last international conference at Brussels, but it now has the moral support of the United States Government, which means that more results will be accomplished.

Just who the American representatives will be is not known, but undoubtedly some banker or bankers of prominence. These men will be in the nature of observers and will not be authorized to conclude any agreements binding the United States, but will explore the whole field and bring back to this country recommendations which might be laid before American bankers in a series of conferences such as President

GIRL'S BODY FOUND ON JERSEY FARM

Believed That of Stella Ostroska, Six, Who Disappeared From Fresh Pond, N. J., Oct. 26.

JAMESBURG, N. J., Nov. 29.—The body of a girl, believed that of Stella Ostroska, six years old, who disappeared on Oct. 26 last, at Fresh Pond, N. J., while returning home from school, was found to-day on a farm near this place.

It was found by a boy named Thion, who was crossing through woods of the farm of Dr. Foersterling, formerly of Perth Amboy. The face was unrecognizable.

The theory of the county authorities at the time of the girl's disappearance was that she wandered into the woods on returning from school, lost her way and perished. A wide search in which police, boy scouts and residents took part was made without finding a trace of her.

HARDING MESSAGE TO BE ON "BUSINESS"

President Will Outline to Congress Plans to Restore Normal Conditions.

WASHINGTON, Nov. 29.—President Harding will deliver a "business message" to Congress when it meets for the regular session next week.

The message will be devoted for the most part to outlining the Administration's efforts to put the Government on a business basis, and to legislation designed to speed up the return to normal conditions.

One section of the message, it is learned, will be devoted entirely to discussion of the estimated economies achieved by the new Budget Bureau. It will be delivered to Congress next Tuesday, probably in person.

The President is not satisfied with the tax bill just passed, it is said, but he does not contemplate asking for new tax legislation at once, feeling that business should not be held in further uncertainty.

PROCTER FAMILY ROBBED IN HOME OF \$100,000 IN GEMS

Four Bandits Invade Cincinnati Mansion and Line Women Against Wall.

CINCINNATI, Nov. 29.—A country-wide search is being instituted to-day for four bandits, two white and two colored, who last night invaded the home of Col. W. Cooper Procter, President of the Procter & Gamble Company, at Glendale, a suburb of this city, and stole jewelry valued at \$75,000 to \$100,000.

Col. Procter was away on a hunting trip, and the bandits forced Mrs. Procter, her sister Miss Johnson, and the aged cook in the home to stand with their faces to the wall when, with revolvers drawn, they entered the house. Mrs. Procter was compelled at the points of pistols to go upstairs with two of the robbers and open the safe, which was in a closet. From this the bandits took the jewelry.

Before escaping the robbers made the three women go into the cellar with them, where they prepared to bind them with ropes. Mrs. Procter pleaded with them not to do so and asked them to picture their mothers as being in their position. The bandits heeded her plea, but they bundled the women into a laundry room in the basement. The women finally escaped by crawling through a cellar window.

JUDSON HARMON CAN'T PRACTISE LAW IN U. S. DEPARTMENT

Former Attorney General Is Barred—Unable to Prove He Was Admitted to Bar.

COLUMBUS, Ohio, Nov. 29.—Though a former Attorney General of the United States and one of the foremost lawyers of the country, Judson Harmon may be unable to practice his legal profession before a certain Government department in Washington.

To practice before this department, a prerequisite for all attorneys is that they file with the department a certified copy of their admission to the bar. So far Mr. Harmon has been unable to locate any official record of his admission as he was admitted many years ago through the old District Courts.

The State Supreme Court advised him to-day that it was unable to find the official record.

10 BADLY INJURED IN REAR-END CRASH OF SUBWAY TRAINS

Collision Occurs on Elevated Structure at 226th Street and Broadway.

ALL TAKEN TO HOSPITAL

Motorman of Second Train, Caught in Wreckage, Most Seriously Hurt.

Ten persons were hurt in a rear-end collision of subway trains at 226th Street and Broadway at 10:30 o'clock this morning. The victims were taken to Fordham and Columbia Hospitals, suffering mostly from bruises, lacerations and contusions.

Both trains were north bound and were carrying only a few passengers. The first train, operated by Motorman Fritz A. Nelson, No. 13 Greystone Avenue, stopped in response to a signal, and the second, in charge of Motorman Alfred Arcout, No. 17 Vermilyen Avenue, crashed into it. The vestibule of the second train and the rear end of the first were smashed, and Nelson was buried in debris. He was badly cut about the face, and his right hand was broken.

The others injured were: Hugh Verget, a guard, No. 144 West 124th Street; Emily Feltz, thirty-nine, No. 124 West 207th Street; Anna Fehel, thirty-eight, No. 3246 Kingsbridge Avenue; Mary McCarty, forty-five, No. 408 West 188th Street; Martin Murray, forty-one, a guard, No. 7 Van Cortlandt Park Avenue; Henry Miller, a contractor, No. 6053 Broadway; Angelo Acenty, seventeen, 234th Street and Albany Crescent; William Rees, a guard, No. 555 Seventh Avenue, and Lillian Langstroff, forty-three, No. 265 Ninth Street, Midland Beach, S. I.

Police of the West 177th Street Station arrived at the same time as the ambulances. Dr. Allen came with the ambulance from Fordham Hospital and Dr. Durand with the one from the Columbia. The firemen also were called out, but had nothing to do.

The police have not yet obtained a statement from I. R. T. officials as to the cause of the accident. The subway is elevated at the point where it occurred. Traffic from that point north was interrupted for more than an hour.

GUNMEN ATTACK JOHN D.'S PASTOR

Cleveland Minister Shot At by Five Men Who Resented Campaign for Morality.

CLEVELAND, Nov. 29.—Guards were placed to-day around the home of the Rev. W. W. Bustard, pastor of John D. Rockefeller's church here, following an attack on the house last night.

A watchman surprised five men cutting telephone wires at Dr. Bustard's residence. He tried to shoot, but his revolver missed fire. The gang seized and held him while they threw bricks at the house. When the police arrived the gangsters fled, firing at random.

Fashionable Shaker Heights was thrown into turmoil. The attack is believed to have been prompted by a desire for revenge for his pulpit campaign for morality in city politics.

ROME DEMONSTRATES AGAINST U. S. FILMS

Actors and Operators Say Fox Films Cause Italian Crisis.

ROME, Nov. 29.—A guard was thrown about the American Embassy here to-day following the demonstration of 1,800 movie operators and actors protesting against the Fox Film Company of the United States being allowed to produce films in Rome.

8 DEAD FOUND, 12 MISSING IN COLLAPSE OF WALL AND ROOF OF BROOKLYN THEATRE

Hundred Workmen in Building When Structure Falls In—Firemen Quickly Go to Rescue and Owners Are Detained by Police.

The New American Theatre at Nos. 879 to 887 Bedford Avenue, near Park Avenue, Brooklyn, in course of construction, collapsed, at 1:15 o'clock this afternoon, and one of the contractors estimated at 3 o'clock that 15 to 20 of the nearly 100 men who were within the walls were killed.

Only eight bodies had been recovered at that hour.

The building is owned by Victor Rosenthal of No. 1581 Pacific Street and Samuel Moskowitz of No. 279 Putnam Avenue, who were also the general contractors. Both men were detained by the police following the collapse.

TWO MORE DEATHS FROM THEATRE FIRE

Allan Keith, Yale Sophomore, Received Fatal Injuries Saving Lives of Many Women.

NEW HAVEN, Nov. 29.—Two more persons burned in the fire at the Rialto Theatre Sunday night died to-day, making the actual death list six, the coroner having eliminated the name of Timothy Hanlon, who was a victim of heart disease. Those who died to-day were Everett Case and Victor Corteller.

The deaths last night were those of Allen Keith, a Yale sophomore whose home was in Southport, Conn., and Miss Mabel Moran, a telephone operator of Derby, Conn. The funeral of Keith will take place from Hattel Chapel to-morrow afternoon and his classmates will attend in a body.

It is said of Keith that after getting out of the theatre unharmed he returned and assisted a number of women out of the place, returning again to search for others. It was on his last trip inside, which he prolonged in order to grope about in the smoke, that he was burned.

GRAND JURY PROBE FOR MORSE DEALS

Government to Lay Transactions With Shipping Board Before Federal Body.

WASHINGTON, Nov. 29.—The Government is preparing to lay before a Federal Grand Jury here on Dec. 8 the results of its investigation in connection with certain transactions between Charles W. Morse and the Shipping Board.

Shipping Board officials would make no announcement to-day on the ground that they had no right to talk about a contemplated Grand Jury proceeding. Fletcher Dobyns, special Assistant Attorney General attached to the Shipping Board, would say no more than that the case would be presented.

The report which has been current has said that others beside Mr. Morse would be involved.

TOWN HAS NO MAYOR; IT ONCE BOASTED TWO

ATLANTA, Ill., Nov. 29.—This little Logan County town, which last week had two Mayors, to-day was without any. Following a ruling by J. Lindley that neither Sam J. Iddins, chosen by the voters, nor Otto Drehr, named by the City Council, could hold office, both relinquished their claims.

Charges that Iddins "assumed the name of a Czar," ignoring the City Council, resulted in action of the Council unseating him and the selection of Drehr, one of its members, as Mayor pro tem. Mayor Iddins, however, refused to yield his office, and the matter finally was taken into court.

Atlanta will be without a Mayor until a special election is held.
