SENATE TO PASS THE TARIFF BILL BY END OF JUNE

Both Parties Will Be Eager for Vote After Another Month of Night Sessions.

WEARIED BY DEBATES.

Outlook Is for Congress to Adjourn About the Middle of August.

By David Lawrence. (Special Correspondent of the Evening World.)

WASHINGTON, May 16 (Copy-right).—Congress looks to-day as if it would wear itself out with talk.

Two things have contributed to the acceleration. Democrats and Republicans are getting sick of the tariff debate.

As for the Democrats, they too are saying that from a political viewpoint the passage of the tariff act before the Congressional elections will be advantageous.

There is a chance that all calculations, however, on the tariff may be upset. Lately a movement has been launched to take the tariff out of politics.

Mr. Harding has asked that the Executive be empowered to change rates as conditions fluctuate.

The Democrats are fighting strenuously against giving the President the right to fix rates.

The tariff will give way to-night to the circus.

The Senate met to-day an hour earlier than usual—10 A. M.—and will forego a night session.

HARDING DECLARES U. S. MAY YET JOIN ALLIES AT HAGUE

Admitted at White House Door Was Left Open in Reply to Invitation.

WASHINGTON, May 16.—The American note yesterday, declining to participate in the proposed meeting at the Hague next month for discussion of Russian conditions, was intended to leave the door open for further conversations.

Beyond this confirmation of the interpretation placed on the State Department's communication to-day by Premier Lloyd George, no comment on the situation at Genoa or the American attitude toward participation in discussions on economic conditions in Russia was made.

GENOA, May 16 (Associated Press).—Prime Minister Lloyd George does not feel, it was indicated this afternoon, that the American refusal to participate in the commission to sit at The Hague on Russian affairs is final word.

Plans were said already to be on foot to relieve the proposed agenda of much of its political aspect.

PARIS, May 16.—The French Cabinet to-day decided to refuse to send delegates to The Hague to consider the Russian question.

Belgian Girl Spy Is Released From Ellis Island; She Is Now Free to Marry Hero of the War

Laura Galle, Sentenced to Death by Germans, Will Enjoy Life in America.

No matter what the proverb may say, all the world doesn't love a lover half as much as it loves a sweetheart, and particularly if she is a heroine.

Perhaps that's one of the reasons underlying the release to-day from Ellis Island of Miss Laura Galle, the young Belgian, whose head was once sought by the Germans just as eagerly as her heart was sought by Camillo Asp, a Uruguayan, living at No. 11 West 83d Street, representative of a South American company.

When she and young Asp arrived here about a week ago on the Grace Line steamship Santa Teresa, from Valparaiso, she was not permitted to land, the Belgian quota in the country being filled.

She and Asp were coming here to get married as there had been too much red tape to be unwound in Buenos Aires, where they first sought wedlock.

"I knew love would find a way," was her exclamation when the release orders came.

This young woman, who is now only twenty-one, had one of the most thrilling experiences the World War afforded. She was at Lille when she secreted two French officers, afterward enabling them to escape to their own country through the German lines.

When this became known to the Germans her name was at once placed on the condemned list, her execution to follow her capture.

It was there she met Asp, who had fought with the French and was twice wounded. Also it was beside his cot that the love affair began.

Then, just before the capture, the Germans made a determined drive and as nurses were needed at the front, Miss Galle was sent there.

Lightning fires at the Tidewater Tanks, Agitators and Treators Destroyed; Plant Menaced.

Lightning struck three tanks at the Bayonne refinery of the Tidewater Oil Company late yesterday and when the resulting fire was conquered early to-day it had caused \$500,000 loss.

Examination of the plant showed that six large gasoline tanks, five agitators and seventeen continuous treaters had been destroyed.

A tremendous bolt of lightning struck all three tanks at once, and set all afire. In one of them was only 1,400 barrels of refined gasoline.

For two hours the company's fire department fought the flames with water and foamite, a chemical preparation for oil fires.

CHICAGO, May 16.—Evidence distinctly connecting bomb throwers and the slayers of two policemen with the "Big Three" Chicago labor leaders was claimed to-day by police and State's Attorneys.

HOOSH SHIP TAKEN BY DRY NAVY'S HAHN OFF JERSEY COAST

Had 1,700 Cases Aboard Seized From Rum Runner—Tug Escaped With as Much.

Capt. T. H. Denmore and the crew of the motor sloop Grace and Edna, seized off Scotland Light in the dusk of last evening by the hoosh destroyer Hahn of the Prohibition Navy, were under close examination all day to-day at the Custom House.

The Grace and Edna, with 800 cases of whiskey aboard, was tied alongside the Barge Office under an armed guard.

According to Capt. George Tawes and Inspector George Thorp of the Customs Service, the members of the crew of the Grace and Edna say they bought about 1,700 cases of liquor from the Isle de Luzon, which has been huckstering whiskey up and down the coast, well out at sea, for months.

The Hahn went out looking for a hoosh runner on information which had come from the West Indies. Just before dark she made out the Grace and Edna, about which information had also come to the Custom House ten days ago.

Alongside the sloop was a tug, into which cargo was being transferred. The boats were eight miles east of Scotland Light and beyond the three-mile limit.

There was apparent evidence that a conspiracy to defraud the customs was in progress on the high seas and the Hahn went to it. The tug cut loose from the Grace and Edna and disappeared into the gathering night.

Besides Capt. Denmore, there were John C. Rooney of Miami, Fla., Mate; Alfred A. Knowler of Miami, Engle; Louis Wells, Miami, cook; Louis Desprane, Nassau, and Elijah C. Craig, Miami, and Clifford F. Saunders, Nassau, sailors. They were an unkempt, unshaven, piratical looking band.
