

Will Have Women Governors, Senators, Congressmen---If They Win in Fall Elections

And There Are Many of Them Willing to Serve the Public in Minor Offices—Two Seek to Be State Executives.

WASHINGTON, June 5.—More women will seek high political offices in the elections this fall than ever before in the history of the country, a survey made by the National Woman's Party shows. Already reports have been received that four women are candidates for the Senate, twenty-two for the house, and two for Governors of States.

In addition to the women candidates for Congressional and gubernatorial offices, there are scores of "the newly enfranchised voters," in the race for minor offices.

Miss Alice Robertson, Oklahoma, the only woman member of Congress, believes she will have "considerable company" in the next House. She thinks probably half a dozen women will be elected to that body. Although the National Woman's Party is vitally interested in the success of women candidates, it has decided not to campaign for them as an organization. In other words, it will not seek the election of women, simply because they are women.

"We are not a political party in the sense of having a political ticket or party of our own," said Miss Alice Paul, head of the party. "We merely hold to the policy of acting as a balance of power group to secure action from the party in power."

Women running for the Senate are from New York, Minnesota, Mississippi and Pennsylvania. In New York Mrs. Ella A. Boole is opposing Senator Calder on a strictly dry platform. Mrs. Peter Olson, Democrat, has filed for Senator Kellogg's seat in Minnesota; Miss Belle Kearney, Jackson, is running for John Sharp Williams' seat in Mississippi, while Miss Rachel C. Robinson is the Prohibition Party's candidate for the Senate in Pennsylvania.

Women who are in the field for election to the House are: Alabama, Mrs. Lela S. Edmundson and Mrs. T. T. Cotman; Arkansas, Mrs. Mary Gates Hamlin; Illinois, Mrs. Winifred Mason Huck and Mrs. Mary B. Spencer; Indiana, Mrs. Artie G. Guillop and Miss Esther K. O'Keefe; California, Mrs. Annette Adams, who was formerly Assistant Attorney General; Michigan, Miss Altha M. Wheeler; Minnesota, Mrs. A. E. Gault; Nebraska, Mrs. Irene C. Buell; Missouri, Mrs. L. W. St. Clair Moss.

Representative Alice Robertson, a candidate for re-election, Mrs. Tamar Looney and Miss Perle Dunham are Oklahoma's entrants; Pennsylvania, Mrs. Ellen D. Davis and Mrs. John D.

Davenport, Tennessee, Miss Jennie Burkes, and Texas, Mrs. Lucien W. Parrish, Wichita Falls, widow of former Representative Parrish, and Miss Annie Webb Blanton, State Superintendent of Education.

SIX-CORNERED RACE IN IOWA PRIMARIES

Battle Spirited To-day for Kenyon's Vacated Seat in Senate.

DES MOINES, June 5 (Associated Press).—Interest in the Iowa primaries to-day centred largely in the six-cornered race for the Republican nomination for United States Senator to complete the unexpired term of W. S. Kenyon, now a Federal Judge.

If none of them receives 35 per cent. of the total vote when the ballots are counted to-night the nomination will go over until the State Convention in August.

The six candidates are: Col. Smith W. Brookhart of Washington, Charles E. Pickett of Waterloo, Burton E. Sweet of Waverly, Clifford L. Thorne of Washington, Leslie E. Francis of Des Moines and Col. Claude M. Stanley of Corning.

Candidates for all State offices, as well as candidates for Congress from the eleven districts, were nominated to-day.

TWO BOY RADIO FANS ACCUSED OF THEFT

Charged With Robbing Store to Start Station in Shack.

Fortunate Crino, fifteen years old, and Almond Didomendo, eleven, both of No. 2403 Hoffman Street, were arrested last night after they and five other boys, according to the police, had robbed the radio store of Samuel Paur, No. 2111 Southern Boulevard.

Patrolmen Condon and Hunter of the Bathgate Avenue Station noticed a group of boys carrying radio apparatus. The youngsters took to their heels when they saw the patrolman. The two prisoners told the police that the gang had decided to build a radio station in their headquarters in a nearby shack. Charges of juvenile delinquency were lodged against the boys and they were taken to the rooms of the Children's Society.

U. S. MOVES TO-DAY TO END COAL STRIKE IN 3 BIG FIELDS

Owners in Ohio, W. Va. and Penn. Called to Conference at Washington.

WASHINGTON, June 5.—The Government will initiate a "feeling out" process to-day to determine the possibility of ending the strike of bituminous coal miners by conciliation. Secretary of Labor Davis has issued a call for a conference of coal operators here.

The operators to confer with Secretary Davis are from the Ohio, West Virginia and Pennsylvania fields.

No explanation is given as to why the operators from other regions affected by the strike were not called into the conference. For that reason reports are spread that there has been a break in the ranks of the mine owners and that a possibility exists of a settlement of the controversy in the three sections.

It is pointed out that if Secretary Davis should be able to suggest a working agreement between the mine owners and the workers, the other operators, of necessity, must fall into line to protect themselves from heavy losses.

HEALTH CLERK DROPS DEAD

William H. Smith, fifty-five, of No. 141 Seventh Avenue, for twenty-five years a clerk in the Board of Health, dropped dead last night in front of No. 871 Brook Avenue, the Bronx. He had just left William Lebright, who is ill at that address.

MEMORIAL PLANNED FOR VERNON CASTLE

Widow of Dancer to Place Graceful Female Figure on Woodlawn Grave.

An atmosphere of romance hovers about a graceful, crouching nude feminine figure that Mrs. Robert Treman, better known to the large world that adores dancing grace as Mrs. Vernon Castle, soon will have placed over the grave of her late famed dancing-aviator husband in Woodlawn Cemetery.

There was mystery about the memorial which has been designed by one of Mrs. Treman's intimate friends, Sally James Farnham, until the latter, in the absence of Mrs. Treman in Europe, disclosed that the original of the figure, dropping the size figure is not the form of the dancer.

When the dancer abandoned his stage career to "carry on" in the war and met his death at Kelley Field four years ago last February, his young widow started her search for the sculptured idea that would best express abiding affection. Her search ended in Mrs. Farnham's studio in 47th Street.

MANCHESTER MILLS REOPEN, FEW AT WORK

Strikers Jeer Sent Hundreds Who Report.

MANCHESTER, N. H., June 5.—Gates of six of the cotton mills of New Hampshire were opened to-day for the first time in three months. When the whistles blew to call the 25,000 workers back to their places, thousands were near the mills, but only scanty hundreds responded, according to observers. There were demonstrations at all the mills, but without disorders. A few arrests were made.

The strikes began February 13 as protests against a wage reduction of 20 per cent, and an increase from forty-eight to fifty-four hours in working schedules. The biggest picket line since the inception of the strike was present, notwithstanding a police ruling that only two pickets designated by the strikers, should be on duty. Thousands of strike sympathizers filled the streets for a mile on either side of the mills and would-be workers were jeered and hooded.

FLOOD WASHES OUT ERIE R. R. TRACKS.

Cloudburst in Delaware Valley Sweeps Bridges—Mine Flooded.

BINGHAMTON, N. Y., June 5.—Damage estimated at more than \$2,000,000 was caused by a cloudburst near Hancock, in the Delaware River Valley, Saturday and Sunday, and by swollen streams following heavy rain in the Lackawanna Valley near Carbondale, Pa.

In the Delaware Valley, in the vicinity of Hancock, the cloudburst swelled streams until bridges were swept away and railroad tracks washed out, and covered elsewhere by landslides.

A section of Erie tracks near Lordville was carried away for 900 feet. Hundreds were driven from their homes near Carbondale. One mine was flooded and streets become torrents. Damage was estimated at \$1,000,000.

PRINCESS MARIE LEAVES TO WED KING ALEXANDER

All Backseat Turns Out to Bid Her Farewell.

BUCHAREST, June 5 (Associated Press).—Princess Marie left for Orsova last night, accompanied by a royal party, on her way to Belgrade for her marriage to King Alexander of Yugoslavia. Virtually the entire population of the city turned out and court dignitaries and 50,000 citizens gave her a demonstrative farewell at the railway station.

The party is to embark this morning at Orsova, on the yacht Stephen the Great, which will proceed to Orsova, being up there to-night because of numerous snags in the river beyond that point. To-morrow at Dubrovitz the yacht will be joined by King Alexander's Danube flotilla, and the party is expected to reach the Jugo-Slavian capital at 5 P. M.

TUG'S HULL TORN BY FRENCH LINER

Captain Crosses North River and Reaches Craft.

The tug John Barrett ventured too close to the stern of the French liner Bayole as she was docking at the foot of West 15th Street to-day. The starboard propeller of the steamship clipped the small boat's hull below the water line, tearing a big gash, through which the tug's pumps could get it out.

Calculating to a nicety how long his craft would stay afloat, Capt. Charles Coon of the Barret headed her full speed for the Jersey shore, beaching her successfully a few yards from a dry dock at the foot of 10th Street, Hoboken.

\$100,000 FORGED U. S. BILLS FOUND IN CANADA RAID

Large Printing Press, Three Men Seized Near Montreal.

MONTREAL, June 5.—Royal Canadian mounted police to-day raided a farm house on St. Theresa Island and seized nearly \$100,000 worth of forged United States Federal Reserve bank notes. Phillip Briers, alias Desrocher, and Alfred Jean were arrested.

A large modern printing press was discovered in the house. The bogus bills were clever imitations of American currency, officials said.

Beauty Unsurpassed

The wonderfully refined, pearly-white complexion rendered, brings back the appearance of youth. Results are instant. Highly antiseptic. Exerts a softening and soothing action. Over 75 years in use.
