

"soon" in the impeachment proceedings started against Attorney General Daugherty by Representative Keller, Minnesota, Republican.

Chairman Volstead of the House Judiciary Committee said today he would find out what evidence the Minnesota Congressman had to submit, and then would call the Judiciary Committee to set a date for a hearing.

More than seventy affidavits were read at the morning session. Government attorneys said they have approximately 25,000 such exhibits to present.

Mr. Esterline said he probably would devote the afternoon session and probably part of to-morrow to these sworn statements of violence.

Judge Wilkerson warned both sides to refrain from making statements tending to influence public opinion prior to the disposal of the case.

the Turks. Several squadrons of biplanes and marines are on duty at Smyrna, and the Allied garrisons at Constantinople would have to be reinforced heavily in event of actual war.

Constantinople was taken from the Turks and neutralized after the World War. Since that time it has been held by a small force representing all the Allies, with the British predominant.

The Sultan is permitted to remain there, with his personal bodyguard. The recent Turkish successes were achieved by the Nationalist forces under Mustafa Kemal, whose object is to regain by force of arms the territory taken from Turkey by the Allies under the Treaty of Sevres.

LENGLEN GIVES UP TENNIS PLAYING BECAUSE OF HEART

Loses Only Set of Season by Default Through Recurrence of Trouble.

PARIS, Sept. 12 (Associated Press).—Suzanne Lenglen has played her last singles tennis in tournament matches, she told friends today upon her return to Paris from Le Touquet, where she experienced a recurrence of the heart trouble to which she has been subject recently.

At Le Touquet the champion requested her opponent in the semi-finals, Mrs. E. M. Hannan of England, to postpone their match, which the latter declined to do, winning by default but losing in the finals to Miss Elizabeth Ryan of California, 6-3, 6-0.

FATAL CHANGES IN TARIFF COMPARED WITH UNDERWOOD AND PAYNE-ALDRICH RATES

Most Articles for the Home Use Carry Much Higher Duties.

RAISES COST OF LIVING. Estimated to Produce \$400,000,000 in Revenues, on Basis of Present Trade.

WASHINGTON, Sept. 12 (Associated Press).—The Administration Tariff Bill, as finally perfected in conference, was presented today in the House and the conference report on it, bearing the signatures of the Republican managers, will be called up to-morrow with the expectation that it will be disposed of not later than Thursday.

The measure then will go to the Senate, but because of opposition to the dye embargo and other provisions, action there may be delayed a week or more.

As now framed the bill is estimated roughly by the experts to raise approximately \$400,000,000 in revenue on the basis of the present volume of the Nation's import trade. The level of its rates, according to the experts, is slightly below the level in the Payne-Aldrich bill, the last Republican protective tariff, but is considerably above the level of the Democratic Underwood law now in force.

LEAP FROM FLAMES OF BURNING INN ON TOM HEALY'S FARM

Fire That Destroys May-November Roadhouse at Hartsdale Imperils Employees.

May-November Farm, a prominent country inn owned by Thomas Healy, restaurant proprietor of New York, located just off Central Avenue, at Hartsdale, four miles from White Plains, was destroyed by fire at 5 o'clock this morning, entailing a loss estimated at \$100,000.

Flames were seen for miles around when the Hartsdale volunteer firemen received the alarm that the inn was on fire. They sent word for help to the Fire Departments of Greenburg, Scarsdale and White Plains, but they could do little as the inn, which was a four-story and basement building, is located on a high knoll far back from the roadside and the village fire hydrants.

WOMEN AND BABES AMONG 100 SAVED AT BROOKLYN FIRE

(Continued from First Page.)

Mrs. Carrie Brady and her six-month-old baby, Helen, just as the woman was about to fall from smoke. He guided them to a window and later to the street.

More than half the families had reached the street by fire-escapes, stairways and roofs before firemen arrived under Deputy Chief O'Hara. More than twenty-five persons were taken down ladders from windows and fire escapes by firemen.

Among them were Mrs. Arthur Donnelly and her children, Helen and Caroline, from the second floor of No. 3 Liberty Street. Fireman Wagner of Hook and Ladder No. 102 took Dorothy Downey from the fifth floor. Fireman Hines of Hook and Ladder No. 118 rescued William Downey and his daughter, Mary, from the same floor.

Trapped on the top floor Catherine Drogan, Catherine Simcox and Minnie Brady reached windows just as firemen ran up ladders and they were carried to safety.

Mrs. Brady's husband carried down Howard Cleveland, his stepson, by which time Mrs. Brady was overcome by hysteria and had to be treated by an ambulance surgeon.

Among those assisted by Corporal Belfort was Miss Helen Downey from the top floor of the Liberty Street building. Some of those on the roof had to remain until firemen reached them by scaling ladders.

Fireman George Gerie, of Engine No. 224, was overcome by smoke while carrying a boy from the fourth floor to the street, but returned to duty. The fire did little damage to the buildings and the families were allowed to return to their apartments an hour after the first alarm.

12 PERSON LIQUOR INDICTMENTS ARE FOUND IN B'KLYN

Grand Jury Regrets That It Could Not Indict For Homicide.

Thirteen indictments were returned today by the Kings County Grand Jury as a result of its investigation into the distribution of poisonous liquor in the "Red Hook" section which resulted in the deaths of two persons.

Those indicted and arraigned are: M. K. Invernizzi, No. 149 Conover Street, against whom five indictments are returned; Michael Caffero, No. 52 Van Brunt Street, one indictment; Michael Aulet, longshoreman, No. 115 Wolcott Street, three indictments; Jennie Johnson, No. 169 Conover Street, one indictment.

The following indictments were returned against Mrs. Vitala, possessing liquor at her store, selling liquor, possessing liquor in her garage at No. 123 Wolcott Street, maintain a public nuisance in her store.

Her bail was fixed at \$25,000 on motion of District Attorney Ruston. The charges carry a maximum penalty of \$4,000 fine and prison sentence of two and one-half years.

In some of the liquor found in her place, it is alleged, the wood alcoholic content was 32 per cent, by analysis as Charles Wagner, chemist of the District Attorney's staff.

Michael Caffero, clerk for Mrs. Vitala, is charged with selling liquor. Keenan purchased a bottle of liquor from him a short time before he was taken fatally ill. His bail was fixed at \$2,500.

Jennie Johnson is charged with possessing liquor. Sigma Gamma, William Streit and Edward Burke are alleged to have purchased liquor at her store a short time before their deaths.

FIRST HARD COAL SINCE STRIKE'S END REACHES NEW YORK

(Continued from First Page.)

be about the same as before the strike was the opinion this morning of officials of some of the large operating companies. These officials, who would not allow their names to be used, said they did not think there was any shortage of coal cars and that the embargo placed yesterday by several railroads was unnecessary.

An official price list of anthracite coal has not yet been prepared by the companies or independents, but, it was said, this would be ready within a few days, as experts are now working on it.

According to unofficial reports, the prices of anthracite coal should be in the neighborhood of \$13 a ton in New York, as it was on March 21, when the miners went on strike. Deliveries should be made within the next few days, one official said, as the miners are gradually going back to work.

Production of about 50 per cent. of the output of the mines should be under way in the next three or four days, one official said, as it will take length of time to thoroughly inspect the mines and set up of cases that have formed since the mines have been idle and replace props which have rotted during the past few months. A full force of miners is not expected "back on the job" for at least a week, it was said, as some have taken other jobs.

Another official was emphatic in saying that his company would deliver coal before the end of this week. When questioned as to his opinion on the suggested plan that local dealers file orders of their orders with a central body of dealers, to prevent duplicating, and they be made legal representatives of the fuel administration, he said he thought it a good idea and added that "dealers know more about coal than any fuel administrator that could be appointed and the matter should be left in their hands" by putting them on their honor.

That State Fuel Administrator William H. Woodin was "a good man and shouldn't have any trouble" was the opinion of one official who said that he did not think any one would suffer "unless the politicians butt in."

FEDERATION TAKES STEPS TO CULL OUT RADICALS IN UNIONS

Gompers to Report To-Day on Expulsion of New York Agitators.

ATLANTIC CITY, Sept. 12.—While awaiting the decision in Federal Judge Wilkerson's Court at Chicago of Attorney General Daugherty's injunction against the rail shop crafts, the Executive Council of the American Federation of Labor, beginning the third day of its annual session today, turned to the consideration of organization problems.

Recent troubles among unions of accountants, stenographers and bookkeepers, which the A. F. of L. chiefs declare are "the result of attempts by unprincipled radicals to destroy the organizations by boring from within," was the first on to-day's program.

Mr. Gompers was expected to report on his recent expulsion of the officers of the Bookkeepers, Stenographers and Accountants Union in New York City, which was looked upon as the climax in a long series of "insubordinate actions" by unions of other cities. A definite programme of action against organizations which do not adhere to the policies of the Federation will probably be laid down.

A programme of labor education, more extensive in scope than in any previous year, will be submitted to the council for ratification. Labor is prepared, this year, "to make a concerted effort to push into the public schools with its campaign for the education of the sons and daughters of laboring men and women," said one of the council members.

HYLAN CONFORMS TO MARKET LAW, BOWS TO CROPSEY

of establishing grade and positions of market supervisors. The Mayor, it is asserted, should have taken this action immediately after the Legislature passed a law providing for the appointment of supervisors—not the hand-picked Tammany-O'Malley kind but candidates who passed a civil service test. The Aldermen will meet Thursday at 1 o'clock.

The Mayor's excuse for failing to act last spring, as outlined in the call for the special meeting of the Aldermen, is as follows: "Budget conditions last year and relation of the tax limit thereto made impossible action conforming in whole or in part to his request of a year ago. The obstacle has now disappeared."

The letter does not state what the "obstacle" is. Tammany leaders laughingly admit the "obstacle" was camouflage and that the Cropsley injunction frightened the Mayor and others into conformity with a law which had been introduced with his consent for an entire year.

According to Supreme Court Justice Cropsley, during this year upward of \$600,000 was collected by this sum they paid their own salaries. Not a cent was turned into the city treasury during the year, according to O'Malley's own admission, and "strippings" from markets did not begin to come into the Sinking Fund until The Evening World laid bare the entire O'Malley scheme.

ZICHYS ARE FREED ON HOTEL'S CHARGE

No Evidence They Tried to Dodge Bill for \$1,000.

Magistrate Nolan refused to hold the Count Edward George Zichy and his wife, who was Miss Charlotte Gardner Demarest, on a criminal charge of defrauding the Hotel Warrington by taking baggage away without the consent of the management when they left July 17 last.

Thomas R. Hagen, cashier, said the Zichys had an apartment leased to Sept. 1 and owed the rent for their full term, money advanced and paid on articles delivered from stores, a substantial telephone bill and restaurant charges—\$1,009 in all. But he could not produce any one who actually saw them take their suit cases away.

Count Zichy said the hotel had a lace bedspread and a fur coat belonging to his wife and worth far more than the amount of the unpaid bill. He denied the statement of Mr. Hagen that he and the Countess were about to leave the country.

SHAMOKIN, Pa., Sept. 12.—In less than six hours after work was resumed in the Shamokin district yesterday, fourteen cars of anthracite left the collieries of the Susquehanna Collieries Company here.

30,000 EMPLOYEES OF P. R. R. TAKING VOTE ON STRIKE

Freight Embargo It Is Said, Will Not Affect New York Food Situation.

Strike ballots will be issued today to 30,000 clerks and freight handlers on the Pennsylvania Railroad, according to C. H. Fenstermacher, Vice Chairman of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

It is charged that Pennsylvania officials refused to meet union representatives of the men, who allege that the road has violated decisions of the Railway Labor Board in imposing a four-cent-an-hour pay cut and violated the Transportation Act in depriving men of their weekly days of rest.

Union leaders said the strike feeling is so strong it had been difficult to prevent the men from walking out without a strike ballot. "The attitude of the Pennsylvania management is that it wants a fight," Mr. Fenstermacher said. It is understood the railroad officials' position is that they will deal with the men only through the "company union," formed not long ago.

It was said today that the embargo on Western freight, declared by the Erie, Lackawanna, Lehigh Valley and New York Central yesterday will not affect the food situation in New York. The embargo is for the purpose of speeding hard coal to New York, and the four roads announced they would accept nothing but food from other roads at Western points. The embargo affects only through freight taken from Western lines and does not affect intermediary freight.

SCORE OF TRAINS CANCELED BY BIG FOUR

CINCINNATI, Sept. 12.—Abandonment of nearly a score of trains of the Cleveland, Chicago, Cincinnati and St. Louis Railroad, effective to-morrow, is announced here for the purpose of conserving equipment and to facilitate the movement of coal.

300 PERSONS SLID INTO THE SEA AS THE HAMMONIA SANK

since noon for the heavy sea to abate so as to give them the chance to take to the boats, found themselves at this critical moment a wild and scrambling heap of humanity struggling among the violence of the waves amid pieces of wreckage, boat gear and deck equipment."

"It was like skidding into eternity," declared Baroness Krumpholtz, a merry little passenger, but whose gayety was drained since the wreck, especially after she was notified that her husband had not yet reached here. She was comforted, however, when she later learned that he was aboard another vessel which had reached Vigo.

After the listing movement of the vessel, the struggling multitude in the water kept afloat about the ship and its boats until they were picked up by the life craft of the Kintaufs Castle.

The hero of this scene was W. H. Judd of Gravesend, England, the only Englishman aboard, who was returning to Mexico on business. He threw off his outer garments and leaped into the waves and immediately proceeded to pick up those who were sinking. He personally saved seven women and children and helped the German officers to enforce the rule of "women and children first."

WRECKERS BLAMED FOR TRAIN CRASH

"Malicious Tampering With Track" Charged.

WASHINGTON, Sept. 12.—Derailment of an express train on the Michigan Central, near Gary, Ind., Aug. 26, which resulted in the death of two railroad employees and injury to two passengers, was caused by "malicious tampering with the track," according to a report issued today by the Bureau of Safety of the Interstate Commerce Commission.

PALESTINE RULERS SWORN INTO OFFICE

Moslem-Christian Society Not at Ceremony.

JERUSALEM, Sept. 12.—Lord Allenby, British High Commissioner for Egypt, Sir Herbert Samuel, Palestine High Commissioner, and Emir Abdallah, the ruler of Trans-Jordan, took their oath of office in an imposing ceremony yesterday, held in connection with the proclaiming of the British mandate in Palestine. Sir Herbert, in his inaugural address under the mandate, said:

"The Holy Land is entering upon a period of peace and progress under British Dominion. There is now hope for the revival of the religious fervor of the Jew, the Arab and the Christian. When that is accomplished, the British will be glad to give up the trust that has been placed in their hands."

Representatives of all the religious communities were invited to the ceremony, which was held at the Government House on the Mount of Olives. The Executive Committee of the Moslem-Christian Society decided not to attend.

SUBWAY TIED UP AT TIMES SQUARE

Heavy Rain Adds to Congestion When Coupling Breaks.

A southbound express from West Farms on the Seventh Avenue subway pulled out at a coupling in Times Square Station at 8:55 o'clock today. It was connected up again on its way eleven minutes later. Lunch hour traffic was disorganized for the next half hour.

Operating conditions were made worse because of the heavy rain which caught thousands at subway exits without umbrellas. Believed it would soon be over the outgoing passengers clustered on station stairways. The congestion worked back to the platforms and slowed up the moving of trains at all stations and on all transit lines in the city.

The passengers of one train which was twenty-four minutes between 72d Street and Times Square made a complaint to the Transit Commission that the ventilating fans were not working and the air became so heated and close that one woman fainted.
