

INCREASE SHOWN IN PRODUCTION OF CLOSED CARS

25 to 50 Per Cent. of All Cars Now Being Sold Are Closed Models.

"The closed car is the car of the future without question," says Tom Moore, manager of the closed car show at the Grand Central Palace, Sept. 23 to 29.

"Production figures show an amazingly steady increase since 1915 in every price class, with the exception in 1917 and 1918 of closed cars costing from \$2,000 to \$5,000.

"Apparently, the production of closed cars is increasing directly with the price. That is, a larger percentage of closed models is found among the expensive than in the lower-priced classes. In 1921 over 40 per cent. of the total number of high-priced cars were of the enclosed type.

"Automotive industries' gives interesting figures on the increase of closed models from 1915 to 1921, as follows: 1915, 1.5 per cent.; 1916, 1.5 per cent.; 1917, 4 per cent.; 1918, 7 per cent.; 1919, 10 per cent.; 1920, 15 per cent.; 1921, 25 per cent.

"In 1921 the total production of cars was 1,334,000. Of these 1,159,000 were open and 175,000 closed models. The percentage of the closed cars jumped to 23.1 per cent. of the total.

"Automobile production in 1922 seems to be headed in the same direction as far as closed cars are concerned. Alfred Reeves, General Manager of the National Automobile Chamber of Commerce, recently stated that the demand for this type of car has been on the increase since the first of January, 1922. This has been particularly noticeable within recent months. After July 4 of a given season there are usually a number of cancellations of orders. This has not been the case in 1922, owing to the fact that there are on hand a substantial number of orders for closed cars. Apparently, the demand will continue to be heavy during the rest of the year.

"During the past three months, varying with the locality, from 25 to 50 per cent. of all cars sold were closed models."

LACK OF HANGMAN GIVES ONE SLAYER 3 WEEKS' REPRIEVE

Sheriff Too Nervous to Spring Trap and Can't Get Substitute.

ST. JOHN, N. B., Sept. 15.—Bennie Swin, sentenced to be hanged this morning, yesterday got an unsolicited reprieve for three weeks because no one could be found to spring the trap.

Sheriff Foster said he first retained Arthur Ellis, but Ellis had been discharged as executioner. He then retained J. W. Holmes of Montreal, but Tuesday a wire came saying Holmes has been hurt in an automobile accident. He next tried to reach a hangman named Scott, but found he was in British Columbia.

He, himself, is unfit to carry out the execution, Foster said, because of nervousness resulting from an automobile accident. So Chief Justice McKewen set Oct. 6 for the execution, or until Holmes recovers.

Sage Tea Turns Gray Hair Dark

GRANDMOTHER kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.
