

FUTURE OF RAIL RATES.

MUST DIFFERENTIALS GO?

NEW POLICY OF THE PENNSYLVANIA QUESTION.

There was no new development in the trunk line question yesterday, although the facts published in the Tribune caused a discussion of decided interest among those who looked upon the lowering of the West-bound tariff by the New York Central Railroad as a "shades-clap out of a clear sky." The revised tariff of the other roads were issued promptly upon the receipt of the announcement, and only the necessary details required for the completion of all offices...

The most interesting point of controversy now relates to the possible developments in the future in the policies which have resulted in the present condition of trunk line rates. Various vague rumors were in circulation that a meeting of the presidents had been called, or that steps were being taken to bring about a general conference of the presidents...

It is understood that the open reductions in rates made by the Central were not decided upon until after a final effort had been made to ascertain the purposes and position of the Pennsylvania Railroad. For several months the latter road has been acting in a manner consistent with the theory that it was not willing to allow differential freight rates to any road...

There will be a general conference of passenger agents at St. Louis to-morrow in pursuance of the negotiations entered into at Buffalo about two weeks ago. It is hoped that there will be a full representation of the trunk line and Central Traffic Associations...

IN FAVOR OF THE OREGON SHORT LINE.

REPORT OF THE ARBITRATORS ON THE DIVISION OF RATES WITH THE UNION PACIFIC.

Boston, Nov. 13.—Peter A. Dey, James W. Savage and George M. Hogan, the arbitrators to whom was submitted the question of a division of rates on through business between the Union Pacific and the Oregon Short Line, have rendered their decision which is slightly in favor of the Short Line. The Union Pacific directors referred the report to President Adams. The report says:

The general statement of the Oregon Short Line has been one of one-half or one and three-quarter miles to one mile on the Union Pacific is not strictly correct. In many cases an arbitrary rate has been allowed the Short Line of 1.55 per mile, which amounts to a .021 per ton per mile, which rate is lower than that of Chicago and but little higher than the trunk lines east of Chicago, with their enormous tonnage and rich local territory. The rate at which they carried freight during the year 1886 will appear by the following:

Chicago, Burlington and Quincy 95
Chicago and Northwestern 1.12
Chicago and North Pacific 1.07
Michigan Central 1.05
New York Central and Hudson River608
Atchafalaya, Toledo and Santa Fe 1.789

We have reached the conclusion that the division recommended by the Government directors in 1882-1884 to 1-1 is an equitable division for passenger and freight traffic on the Oregon Short Line and its branches for all freight hauls from and to Granger to Pocatello that goes over the Utah and Northern and is simply hauled from one point to the other, and that the mileage rate allowed should be the same as that allowed the main line.

While from the papers submitted it is believed that the contract will materially decrease at first the indebtedness of the Short Line already accrued, it is believed that the increasing volume of business from the territory traversed by that road will prevent any augmentation of it and in time give the stock an appreciable value.

MR. HILL SEEMS PLEASURED IN NEW-YORK. Governor Hill came down from Albany yesterday afternoon to enjoy a few days' rest and recreation here, at least such was the announcement made to his friends. He stopped at the Hotel Hamilton, and on Monday morning he went to Daly's Theatre, accompanied by Assemblyman Sheehan, Judge McCune, of Albany, and Mr. Judson, of the State Insurance Department. The party occupied a private box and the Governor seemed to enjoy the play exceedingly.

There will be a general conference of passenger agents at St. Louis to-morrow in pursuance of the negotiations entered into at Buffalo about two weeks ago. It is hoped that there will be a full representation of the trunk line and Central Traffic Associations...

JUBILANT REPUBLICANS.

CELEBRATING HARRISON'S ELECTION.

WEST VIRGINIA STILL IN DOUBT.

WEST VIRGINIA STILL IN DOUBT. REPUBLICANS INCREASE THEIR CLAIMS AND DEMOCRATS REDUCE THEIR FIGURES. PITTSBURGH, Nov. 13.—A dispatch to "The Chronicle-Telegraph" from Wheeling, West Virginia, says: "The all-important official count in the Mountain State has not yet been completed, and until it is not we know definitely whether Goff or Fleming is elected Governor, or whether the electoral ticket is Republican or Democratic. The majority cannot be more than 200 or 300 either way. The Republican State Committee has raised its estimate from 125 and 200 to the above figures as its claim, while the Democratic State Committee has raised its estimate from 400 to 500. It will probably be the latter part of the week before the official count is completed. Judge Fleming, the Democratic candidate for Governor, has demanded a recount of the Kanawha returns, which county reported a majority for Goff of 1,500. In the recounts so far no important errors have been discovered. What trifling gains are made by one party are offset by similar losses for the opposing side. The returns now in justice the belief that there will be no material difference in the totals between the Republican State and National tickets, as President will not run so much ahead of his ticket as was at first reported."

OFFICIAL VOTES FROM NEW-YORK COUNTIES.
