STRONG RESOLUTIONS FROM THE NINTH DISTRICT-THE COUNTY CONVENTION TO MEET ON FEBRUARY 9.

Parlor D. R. in the Fifth Avenue Hotel was filled last evening with members of the Executive Committee of the Provisional Organization of the Anti-Machine Republicans. Large and important accessions to the ranks of the new organization were shown, mainly from the ranks of the old organization of this city. General Michael Kerwin, leader of the regular Republican organization, the XXVIII Assembly District, presided.

Frank J. Martin was secretary. A call of the roll showed the presence of 147 delegates, representing all the Assembly districts of the city. Among those present were John E. Millholland, chairman of the General Committee, and the leaders and prominent members of the anti-machine organizations in the city.

Before the meeting adjourned, Wilson Berryman, of the XXVIII District, spoke in support of the resolutions of the Provisional Organization of the Anti-Machine Republicans, which had unanimously adopted resolutions, which he presented to read.

HE WANTS TO ROUPE THE BARSALS.

To the Editor of The Tribune. Sir: For some reason the vote of New-York for Congress is not in the Tribune for this year. Will you kindly give the vote in the two up-town districts in to-morrow's issue? I want to know how many good, honest voters will be necessary to rout the rascals and send two Republicans to Congress.

FOR GOOD CITY GOVERNMENT THE CHAMBER OF COMMERCE ENTERS THE LISTS.

A COMMITTEE OF FIVE TO WAIT UPON THE LEGISLATURE AND THE CONSTITUTIONAL CONVENTION-AN INVESTIGATION OF THE POLICE DEPARTMENT FAVORED.

Representative business men of New-York, members of the Chamber of Commerce, met yesterday afternoon in the Chamber of Commerce to call for a special meeting to consider what action should be taken to secure good municipal government in this city. There was a lively discussion on all the topics presented. Strong arguments were made by Cornelius N. Elias, John Claflin, Joel B. Erhardt and others in favor of reform in the municipal government, and a committee of five was appointed to wait upon the Legislature and the Constitutional Convention.

"Whereas, it is the opinion of the Chamber of Commerce of the City of New-York that the government of municipalities when corrupt is a great source of danger, and when honest and efficient is a source of strength and stability to the State; and whereas, the commercial prosperity of a city is intimately connected with its government, and whereas, the Chamber of Commerce of the City of New-York is desirous of promoting the success of the municipal government of this city, and of securing the best possible municipal government for the City of New-York; therefore, the Chamber of Commerce of the City of New-York do hereby resolve, That a committee of five be appointed by the Chamber of Commerce to wait upon the Legislature and the Constitutional Convention with regard to any laws which may affect the good government of this city and the commercial prosperity of the State.

GRAND JURY DOES NOT ACT.

REPORT THAT TAMMANY INFLUENCE SHIELDED THE ACCUSED MEN.

IT IS POSSIBLE THAT THE COMPLAINT OF LUCY MCCARTHY HAS BEEN DISMISSED SUPERINTENDENT BYRNES.

The Grand Jury, contrary to expectation, did not file any indictment yesterday in the case in which Lucy McCarthy was the chief witness, and in which Superintendent Byrnes took a deep interest. It was given out in the morning that the Grand Jury had not acted. Sessions Building that the subject had been dropped, as the evidence was not sufficient to warrant the finding of a bill. The officials concerned in the affair were reticent, but various rumors were in circulation, some of which were so specific as to bear every semblance of the truth.

Lucy McCarthy, who went before the Grand Jury on Tuesday and again on Wednesday, kept the house No. 104 and 106 West Forty-ninth-st., on which a raid was made several weeks ago under the direction of Captain Haughey. She was arrested, with a number of other women, all being arraigned in the Yorkville Police Court, John C. Munzinger was Mrs. McCarthy's counsel. She was held for trial, awaiting to have her case go to the Court of General Sessions.

The story which is apparently most worthy of credence is that some men who are prominent in his district organization in Tammany Hall went to Mrs. McCarthy just after she was arrested, and told her that for \$2,000 he would insure her against being molested by the police in the future. He explained that \$1,000 of the sum would be for her and the other \$1,000 would be for the police. She refused to do so. Four checks, each for \$500, were drawn by the woman, as the story runs, and handed over. These were taken by the police, and the woman was released. It is said that she paid the money before she was arrested, and naturally felt aggrieved when the Grand Jury failed to act. She is said to have written Superintendent Byrnes and to have demanded that he should make a complaint against the police. Superintendent Byrnes scoured the cancelled checks at the bank and showed them to the Grand Jury. He was in the Yorkville Police Court, Colonel Holloway, who had been home ill, managed to be in his office yesterday. He went to the Grand Jury and told them of the matter. It was rumored that the politician complained of had such strong friends in Tammany Hall that he was able to have possible action by the Grand Jury. It is said that the Grand Jury itself was indignant at this interference with its prerogatives, and would take action in spite of its official advisers.

A FAST POWER CONTROLLED. SUCCESSFUL TEST OF THE HYDRAULIC TUNNEL AT NIAGARA FALLS.

THE WATERS OF THE UPPER RIVER NOW TURN HUGE TURBINE WHEELS AND MAKE POWER FOR MANKIND.

Niagara Falls, Jan. 25.-The first practical test of the great hydraulic tunnel, which has been under construction in this city for the last three years, was made at 11 o'clock this morning. When the gates were raised at the entrance to the feeder, leading from the big hydraulic canal to the wheel-house, and the water rushed through their new found channel to the wheel-house, where they poured down the penstock of the pit, a high structure, thirteen feet in diameter, for a distance of 15 feet, then striking in an upward direction three of the largest turbine wheels ever built, and thence passing into the big tunnel, and flowing out into the lower river below. The test was a successful one, and the water of the upper river rushed through their new found channel to the wheel-house, where they poured down the penstock of the pit, a high structure, thirteen feet in diameter, for a distance of 15 feet, then striking in an upward direction three of the largest turbine wheels ever built, and thence passing into the big tunnel, and flowing out into the lower river below.

This test shows what many thousands have been waiting to see—a practical demonstration of the great scheme for harnessing the terrific power of the Niagara—a scheme which has already cost nearly \$10,000,000. The test was a successful one, and the water of the upper river rushed through their new found channel to the wheel-house, where they poured down the penstock of the pit, a high structure, thirteen feet in diameter, for a distance of 15 feet, then striking in an upward direction three of the largest turbine wheels ever built, and thence passing into the big tunnel, and flowing out into the lower river below.

WOUNDED AT A PIGEON-SHOOTING MATCH.

A SMALL BOY FIRES AT A BIRD AND HITS A NUMBER OF SPECTATORS.

The pigeon-shooting match held at Sea Cliff on Wednesday will long be remembered by the spectators. Several of them were accidentally shot. The match was between Dr. B. Dougherty, of Sea Cliff, and Stephen W. Hendrickson, of Glen Cove. A crowd of 250 people gathered to see the shooting. Among those who stood about to shoot birds were missed by the contestants was a Cold Spring boy apparently sixteen years old. He sighted a bird and fired. The shot struck a man directly into the crowd. The shot created a panic. A cry of pain and horror arose and many persons fled to the house of Dr. Dougherty. The boy who was shot was taken to the hospital. He was not seriously injured.
