

IT WAS A GREAT VICTORY.

BOSTON BALL-PLAYERS BEAUTIFULLY BEATEN BY THE GIANTS.

GAME WAS CALLED IN THE EIGHTH INNING WITH A SCORE OF 16 TO 7—NO ONE KNOWS WHAT IT WOULD HAVE BEEN IF IT HAD BEEN PLAYED OUT.

GAMES YESTERDAY. Philadelphia 16 Boston 7. New-York 16 Boston 7. Cleveland 15 Chicago 3. St. Louis 10 Cincinnati 5. Baltimore 10 Washington 5. Louisville 10 Louisville 10.

There were 8,000 wildly enthusiastic spectators at the Polo Grounds yesterday when the New-Yorkers gave the bearded champion from Boston one of the worst defeats sustained by the three-pennant winners in many a day.

It is a fine feat. The Giants' victory was the first since they were beaten by two to one, and when one considers that Boston's single-run victory was a "sucker" the followers of the Giants have good reason to feel content.

That haughty Boston spirit, which through constant success has become arrogant, was humbled yesterday as it will be humbled again many times before the season is over.

played to-day between Syracuse and Springfield. The home team won by a score of 9 to 4. Springfield made several disastrous errors, which lost them the game. The Stars' batting was heavy on the bases, and they scored in every inning for five runs in the fourth inning. The weather was fine and the attendance 2,500.

Troy, N. Y., May 8.—Twenty-five hundred people saw the boys sustain their first defeat to-day when they had the game well in hand. Meekaday was as well as a hawk in the latter part of the game, and Providence tallied eight runs in the eighth inning, winning by 18 to 10.

Playing Ball by Electricity. It does not work quite right yet, but it has possibilities. A crowd of some 200 or 400 people was partly amused and partly bored at the Standard Theatre yesterday afternoon.

TALK ABOUT TURF AFFAIRS.

WORK OF THE HANDICAP CANDIDATES. WHAT HORSEMEN AND BROOKLYN OFFICIALS SAY ABOUT THE DECISION OF THE COURT OF COMMON PLEAS.

The work of the candidates for the Brooklyn Handicap continues, in spite of rules, decisions of the court of common pleas, and the fact that the critics of the East have begun to express their criticism of Clifford as a racehorse before he has been asked to extend himself.

Clifford was "brezed" three-fourths yesterday in 1:38, merely an exercising gallop for him. As the horse is in racing condition, and has been raced, there is little need for him to be worked out to the last ounce.

Alax enjoyed a chance of some yesterday and was taken to Sheephead Bay, where he worked the Handicap distance—one and one-fourth miles—well within himself in 2:11. He is certainly a factor in the race, should he retain his present form.

Leonawell, with a snowball on his back, as one of the trainers called it, kept one of W. C. Daly's pupils, covered one and one-fourth miles in 2:09. Hence he may be considered to be in the race, with an outside chance to be in the first three.

Sport dislikes the Gravesend track, and will not work kindly over it. He has received as much harsh treatment that he is afraid he is going to be killed every time he is taken on the track. Yesterday he was attended by a lot of trouble before he would break away.

There are at least eight handicap candidates who have shown in their work that they are for the distance in a comparatively easy task for them. Perhaps Handspan is hardly a world-beater after all.

In a four and a half furlong race at Lexington, Ky., yesterday, he ran a lead heat with Little Eastern. The time of the race was 1:58. Handspan will sweep the board in this part of the country.

Matthew Hynes was at the Madison Square Garden yesterday looking for a hackney. Hynes said that his horse was doing splendidly and that Senator had not worked better than 1:45 to the mile. The two-year-olds are doing as well as could be desired.

Alexander McKeever, who is a hackney expert, yesterday said that he had seen a horse in the city that he thought was a world-beater in regard to the effect of the lives and law decision. The Coney Island track is the only one of the bookmakers at the St. James Hotel that in some games of such the jokers take the bowers.

Matthew Hynes has a card inscribed: "I have troubles of my own. Tell yours to Fred Hoy." Matthew Corbett said: "I believe that the decision was a case of an annoyance until the question is definitely settled."

Isaac Labov remarked that racing was no longer a sport, but was a lot of nothing. He said that he had seen a horse in the city that he thought was a world-beater in regard to the effect of the lives and law decision.

SOUTHERN MINES CLOSING

SPREAD OF THE STRIKE IN MARYLAND AND WEST VIRGINIA.

TROUBLE FEARED AT THE BLUE CREEK MINES, IN ALABAMA—PEORIA STRIKERS OUT OF MONEY—THE COMING CONFERENCE.

[BY TELEGRAPH TO THE TRIBUNE.] Baltimore, May 8.—The miners' strike continues to spread in the George's Creek and Cumberland region. After a week's agitation the strikers sent to the Maryland and West Virginia districts are succeeding in getting the men out. Two thousand miners are now on strike, 700 having gone out today. Two thousand more are expected to quit work to-morrow.

The Baltimore and Ohio Railroad has asked that these cases, and refuses to surrender them, on the ground that without fuel trains cannot run, and that suspension of traffic would be more serious than the stoppage of manufacturing establishments. At every point on the Baltimore and Ohio lines in the Cumberland region the railroad men are confiscating all the coal in sight. Quiet prevails throughout the region.

Nashville, Tenn., May 8.—At Blue Creek mines, Ala., this morning, over 100 negroes were put to work, and evicted from the mines. The strikers are much irritated in consequence, and many threats are made. Threatening notices, bearing signatures of the Governor, are being promiscuously posted. Meetings are being held at all the mining camps in that region, and troops of armed men are being sent out to guard the property of the coal companies.

Columbus, Ohio, May 8.—A telegram received here today from Kilgus, Ky., announces that 200 miners employed by the Ashland Coal and Iron Company have suspended work. President McBride says many of the strikers are much irritated in consequence, and many threats are made. Threatening notices, bearing signatures of the Governor, are being promiscuously posted.

There are dozens of the big operators, he said, who have offered what the men have asked, viz., 70 cents a ton. Many of them have the assurance of their men that they will go to work. The rate that has been offered is 70 cents a ton. The men are much irritated in consequence, and many threats are made. Threatening notices, bearing signatures of the Governor, are being promiscuously posted.

STRIKERS THREATEN WORKMEN. NOTICES POSTED ABOUT THE HILL FARM PLANT—FOUR OVENS IN THE COKE REGION OPERATING. Connellsville, Penn., May 8.—The strike in the coke region has degenerated into secret attempts by the operators to start and an open warfare by the strikers for a continuous shutdown.

Only ten men went to work this morning. The company served notice this morning that they would take possession of the Hill Farm plant. The strikers are much irritated in consequence, and many threats are made. Threatening notices, bearing signatures of the Governor, are being promiscuously posted.

THE TRADE IN CHICAGO. Chicago, May 8 (Special).—Although wheat to-day closed about where it did last night, at the time to-day it showed a break, all the futures making new low records. July opened at 58 1/2, closed at 58 1/2, and advanced to 59 1/2. The market was weak, there was a poor cash demand, the weather was perfect, the Baltic shipments, the arrivals, the total European supplies, the arrivals, the total European supplies, the arrivals, the total European supplies.

THE WINNERS AT LEXINGTON. Lexington, Ky., May 8.—The weather here to-day was excellent and the track in good shape. The feature of the day was the Pepper and the two-year-olds. Nerveless acted badly at the post and delayed his start. Little Eastern, 2 to 1, got off five furlongs in 1:18. At the three-quarter mile, Handspan began crawling up. At the head of the stretch Kitty City was passed, and off after her went the favorite, who was a head in the lead, and won by a head. The judges, however, called it a dead heat.

THE FUR MARKET. Boston, May 8.—The demand for fur is mostly confined to small lots, and no large quantities are being ordered. The market is weak, there is a poor cash demand, the weather is perfect, the Baltic shipments, the arrivals, the total European supplies, the arrivals, the total European supplies.

FRIENDS OF THE PUBLIC.

MEN OF MARK WHO GATHER AND TRANSMIT THE NEWS.

SOME PERSONAL SKETCHES AND INCIDENTS OF BRAIN WORKERS IN THE HIGHEST WALKS OF LIFE.

The reader of the daily paper who is sitting in his cozy home and is informed of what is transpiring in every quarter of the globe, seldom realizes the amount of actual labor necessary to accomplish the task of gathering and transmitting the news.

Mr. William Henry Smith, formerly manager of the Associated Press, is in the prime of life, and possesses a mind clear as a bell, and a will as strong as iron. He has been a journalist for many years, and has been a journalist for many years.

Mr. George Alfred Townsend, the famous newspaper correspondent, whose letters, written over the name of "Gath," have attracted such wide attention, said to the writer: "I have been a journalist for many years, and have been a journalist for many years."

Mr. Townsend, I can't see why you should be so kind as to write for me. I have been a journalist for many years, and have been a journalist for many years. I have been a journalist for many years, and have been a journalist for many years.
