A SUBASSHERS SUICIDE. HE HAD BEEN ILL AND BECAME DEPENDENT—A GRADUATE OF OXFORD. Thomas Hanlon, one of the sub-asshers of the Mutual Life Insurance Company, committed suicide while suffering from dependency at his boarding house, No. 41 Seventh-ave., shortly before 8 o'clock last night by shooting himself through the heart and in the head with a 25-calibre Smith & Wesson revolver. Hanlon was forty years old, married, and had a son nine years old. With his family he occupied the second floor back room in the boarding-house, which is kept by a Mrs. Sullivan, Last May he moved into the house and was looked upon as a quiet, contentedly person. Two months ago he secured his present position with the insurance company.

On Monday he complained of having pains in his head, but went to work as usual. Tuesday morning he also went to his office. When he returned in the evening he complained to his wife that his head had bothered him considerably. While talking to her he took up a revolver, and fearing that he might do himself harm, his wife took it away from him and hid it. Wednesday he was unable to go to work and had been confined to his bed since.

Last night his wife, who is the secretary of St. Mary's home, at No. 14 West Fourteenth-st., which is just around the corner from their home, was in the charge of the house when she heard two pistol shots. She immediately called her husband, who had made and lost at least two fortunes in mining speculation. Two years ago he had an attack of epilepsy, and he recently completed the building of the "Eden Musee," a member of the Democratic Club, the Ancient Order of United Workmen and the Benevolent order of Elks.

ATTRACTIONS AT THE EDEN MUSEE. The Eden Musee has excelled itself lately in the reproduction of historical personages in wax. Dr. Parkhurst is now occupying a conspicuous place below the railway dictator, impersonated by a large wax doll with decision in his face, "stands alone in the central hall to tell the tale of organized labor and its relation to capital." Coxey is looking on in the distance as if wondering "just where he is to come in." The handsome new President of France, M. Carnot, makes an imposing appearance in the entrance of the concert hall, while down in the dim lower chamber containing the morbid sights of infidelity, a more grotesque representation of the deceased President and the dark form of the assassin in a cell near by. Uprais the concerts go on as usual, and the programme being given twice a week by the Royal Gipsy Band.

WONDERFUL ACTS OF HAGENBECK'S ANIMALS. The wonderful performance of the Hagenbeck trained animals in the new Hagenbeck Arena, at Manhattan Beach, have already excited the interest of thousands. Nothing like it has ever before been seen in this country. Since their engagement at "Paradise," the "wonder" makes an imposing appearance in the Albany Day Line, which affords tourists an opportunity to view the picturesque scenery of the Hudson River; thence over the Delaware and Hudson Railroad, arriving in Albany on Friday, the 21st. The programme is to be given in visiting the several springs, concerts, fairs, etc. The total cost for these four days of enjoyment is \$1.00, and admission to all the principal points of interest. Parties will leave Albany late, boats will leave New-York at 4:30 P. M. every Friday. Descriptive circulars and tickets may be obtained at any of the following places: New-York, New-York Transfer Company, or on board of the steamer.

ADVANTAGES FOR THE HOTEL GUESTS. Through the foresight of the managers of the great transatlantic lines, passengers staying at the Adelphi Hotel, Liverpool, may go on board the steamers by special train an hour before the arrival of the special trains from London, and thus avoid the usual delay of waiting at the docks in Liverpool, with its comfort and elegance and the charm and repose to be found there, is a suitable

WHITE PLAINS.

In the Supreme Court at White Plains yesterday Judge Dykman ordered the discharge of Mrs. Margaret Collins, of Mount Vernon, from the County Jail, where she was committed several weeks ago for contempt of court, on her paying the costs of an action instituted by her husband, who obtained a judgment of \$15.90 against her. In her affidavit Mrs. Collins said that she was the mother of five children, the oldest of which was eighteen and the youngest three years old. Her husband, James E. Collins, a farmer, died in 1887, and three years after his death she married James E. Collins, who is now insane. She was unable to sustain a small confectionery store at Mount Vernon, which was her sole support. The court granted the discharge of Mrs. Collins, and she was released from the County Jail. The annual excursion of the O. & D. O. Society, a fraternity composed of members of the various churches in the city, will take place on Long Island Sound next Wednesday, leaving New-Rochelle Harbor at 11 a. m. The excursion will consist of a two-day and two-night tour, and will include a two-day tournament at live-pigeon and bluecock shooting on August 26 and 27.

PORT CHESTER.

The strike at the West & Simmons shirt factory, Port Chester, is about over. Some of the strikers have returned, and the places of the others are being filled. It was not so great as represented in some papers, only forty-five out of 80 having engaged in it. The margin on shirts, so close is the competition, is small, and expenses have to be regulated accordingly. The Shendroths are running on full time and all other factories are four-fifths full. The strike was broken by the return of Hawthorne as a summer resort. It has been reported to private parties, who have closed it against the public, and the strike is over. The strike which is far from Port Chester, where a person can dip in the Sound. It is a great deprivation and is felt by the people of the city. The strike has come over the village since the introduction of the Law and Order League, and greater improvement will be made in the future. The League propose to act in concert with it and see that the laws, which it is their business to enforce, are properly respected.

CROTON.

There will be a big mass-meeting at Croton on Monday night next, held by the residents, at which steps will be taken to incorporate Croton into a village. The taxpayers think a change of government would do the place good, and at the meeting a resolution will be presented, to be signed by the taxpayers, to present to the Town Board, asking them to set aside a day for an election to be held to decide by popular vote whether to incorporate Croton into the City of New-York. John Gibney, a member of the Constitutional Convention from Simsburg, will speak at the meeting.

MOUNT VERNON.

The Mount Vernon Board of Education has approved the following favorably by its report, and has provided for the new Fulton Avenue School and for the addition to the Sixth Street School. The plan selected for the Fulton Avenue School, to cost not more than \$25,000 complete, was submitted by Lord & Hewitt. It contemplates a handsome building of brick, with stone trimmings. The first floor will be divided into an assembly-room, capable of seating 100 persons, a hall, a library, two rooms, also two large classrooms, cloak and bathtubs, and rooms for the principal and teachers. The second floor will have two classrooms, two rooms, etc. The basement will contain the heating furnace, coalbins, lavatories, janitor's room, and two playrooms for pupils to use in wet weather. NEW-JERSEY.

The Hudson County Board of Equalization of Taxes held a secret session on Friday night. It was decided that the practice maintained by the other cities and townships, of undervaluing property, worked an injustice to Jersey City by compelling it to pay 61 per cent of the taxes, its fair proportion being about 50 per cent. To remedy the evil, valuations in the county were increased as follows: Hoboken, 5 per cent; Bayonne, 2; North Bergen, 10; West Hoboken, 10; Union Township, 10; Union Hill, 20; Weehawken, 10; Guttenberg, 20. The total valuations as finally fixed are \$135,000,000, and \$132,883,000. The county budget is \$734,700, and the State school tax, \$30,527. The tax rate will be \$3 a \$1,000, or 30 cents less than it was last year.

SUITS AGAINST PHYSICIANS.

DR. CHARLES McBURNEY WANTS A BALANCE OF \$1000 AND HIS FORMER PATIENT SEEKS \$5000 DAMAGES. Two suits have been begun in the Superior and Common Pleas courts against two of the most prominent physicians and surgeons in this city, and damages are asked against the physicians in the sum of \$5,000 for alleged malpractice and unprofessional treatment. One of the suits is brought by Dr. Charles McBurney, of No. 28 West Thirty-seventh-st., against Henry N. Smith, of Trenton, N. J., and he seeks to recover \$1,000 balance which he alleges the defendant owes him for professional services rendered between June 2, 1889, and October 3, 1890. When the suit came to trial Dr. McBurney defaulted, and judgment was rendered for the defendant. The default was opened later, however, by Judge Bischoff, of the Court of Common Pleas, and the trial of the issues will be had in October. In his affidavit Dr. McBurney alleges that he was called to attend Mr. Smith at Trenton on June 2, 1889. He found Smith's right leg in a cast, and his right leg was shattered, and the upper bone of the left leg was fractured. Dr. McBurney put the broken bones in splints, and thereafter visited his patient regularly at intervals of once a week during the months of July, August and September, and subsequently paid him many visits up to April 2, 1890. Then Mr. Smith came to this city, and again paid him many visits. Dr. McBurney's care, as he did not seem to be getting any better, he suggested that Mr. Smith enter Roosevelt Hospital, and that an operation might be performed upon him. He consented, and on October 3, 1890, he entered the hospital and submitted to the operation. Dr. McBurney says that "the operation was not a success, because of the imperfect condition of the patient when he failed to enter." Several operations had subsequently been performed, but the result was the same. The plaintiff presented his bill for services, amounting to \$1,000, but having paid \$100, and claiming that the defendant was guilty of malpractice, Mr. Smith refused to pay the balance of \$900. He refused to do so.
