New-York Daily Tribune.

FOUNDED BY HORACE GREELEY. FRIDAY, AUGUST 3, 1904. TWELVE PAGES.

THE NEWS THIS MORNING.

Foreign.—The Emperor of China issued a manifesto accepting war with Japan and throwing the blame for bloodshed upon that country.

PERSONAL.

Mrs. Elia Wheeler Wilcox is spending the summer at Short Beach, about six miles from New Haven, Conn.

Judge who questioned him was pert and even impudent. He showed not the slightest symptom of remorse, and brutally asserted that after the commission of his crime he had felt nothing whatever.

The need of an amendment to the Constitution to prevent the Lieutenant-Governor from abusing his powers as presiding officer of the Senate, when his own party is in the minority, has been made plain by the conduct on various occasions of Edward F. Jones and William F. Sheehan.

NO PROGRESS.

There is an extra supply of clapnet at Washington in these days about the tariff bill. Some persons profess to be much attracted by the countless flying rumors, which fill the air like guinea in August sunshine.

Indeed, if Democratic dispatches are correct, any departure from the Bill of Sale will end all dispute for this session. "The New-York Evening Sun" states that Senator Murphy has served notice upon the Senate conference that if the pending Senate bill should be altered, even to the extent of a hair's breadth, he will personally move indefinitely to postpone the conference report.

"SHIBBOLETHS" AND "PLATFORMS."

Mr. Clark Howell, of Atlanta, Ga., who occasionally enlightens the readers of "The New-York Herald" on their political duties in this New York.

THE NATURE OF SUNDRY COMPROMISES.

What Democrats are considering under the name of compromise is simply fraud. They should see that the country will not be deceived by devices so shallow.

INDIVIDUAL HERDISM ON THE PART OF AMERICAN SEAMEN.

Individual herdism on the part of American seamen has been a characteristic of the United States Navy from the time of its organization down to the present day.

THE REPUBLICAN CAT HAS SMELLED THAT RAT OF THE CUCKOO DEMOCRACY.

When the whole matter is carefully analyzed it will be found that the failure of every attempt at practical tariff legislation in the present Congress has been due to structural defects in the Democratic Congress.

THE LATEST HUMOR OF KENTUCKY CIVILIZATION.

The latent humor of Kentucky civilization cropped out in a queer form the other day in the conduct of the leader of a lynching party, who stopped the proceedings long enough to offer a fervent prayer that Heaven's choicest blessings might descend upon the helpless wretch who was about to be launched into eternity.

THE SUMMER VACATION SCHOOLS.

Few movements have been started in this city for many years that have deserved more hearty commendation and generous support than does the vacation school plan of the Society for Improving the Condition of the Poor.

THE EDUCATION OF LAWYERS.

The establishment of a Section of Legal Education by the American Bar Association is a matter of concern, not only to lawyers but to the public, whose welfare depends in a large degree upon their professional and moral character.

ized. This consideration is doubtless entitled to carry some weight, but it is not a controlling argument. Nor does it include the whole subject.

DEATH LOSSES ON RAILROADS.

The railroads appear to have an excessive influence in the Preamble Committee of the Constitutional Convention. They have had far too much influence in the Legislatures of this State. The law limiting the amount to be paid State, the law limiting the amount to be paid for the death of a passenger to \$5,000 is unjust and indefensible.

Our railroads have generally been able to do pretty much as they pleased with our little Legislature in this big State, with its small number of Senators and Assemblymen, and they have usually dictated the make-up of the railroad committees in both houses.

THE TALK OF THE DAY.

The following advertisement appeared in "The Churchman" of last week: "An experienced clergyman, age 25, will be open to engagement in September. He seeks to establish religious congregations, worship, fearless, unselfish, and energetic."

THE GOODS HAVE BEEN PAID FOR.

"The San Francisco Examiner" says that the Japanese in San Francisco are prepared to form a brigade of 4,000 men, arm themselves with American rifles and go to Japan at their own expense if their services should be needed in the Korean conflict.

THE EVE OF A SPLENDID WASHINGTON.

"The Washington Post" says that the eve of the departure of the "St. Louis Globe Democrat" for Washington is a hot one for the "Doe" man.

THE DETROIT FREE PRESS.

"The Detroit Free Press" says that a business man of that city has a very pretty daughter, and that one of his office staff is hopelessly in love with her.

PASTOR-TOMMY.

Pastor-Tommy, who you read the story of in the bullfinches, says that he does not think that their good defective stories are finally "em' up" on 'em up.—Chicago Inter Ocean.

ADVANCED WOMAN.

Advanced Woman? They say that Madame Tsvet found the publication of "The Heavenly Twins" very difficult.

BRUTE OF A MAN—DIFFICULT.

Brute of a Man—Difficult? It ought to have been impossible.

FOR REPEATING TO GENERAL BUTLER.

For repeating to General Butler, then in command of the army of the James, a disparaging remark made by a subordinate concerning the efficiency of the military, an officer in the Pennsylvania regiment, who was not in uniform, was severely reprimanded by the general.

WHEN GOVERNOR FLOWER.

When Governor Flower a few months ago vetoed the bill appropriating funds for the work of the Lexow Committee, he tried to make the committee odious and uttered some coarse and vulgar language concerning the motives, plans and purposes of the members of the committee.

ized. This consideration is doubtless entitled to carry some weight, but it is not a controlling argument. Nor does it include the whole subject. If a longer preparation for the bar is not generally feasible at present, a better preparation certainly is. If all the time which most students of law are able to spare is now given to professional study before their admission to practice, a large part of that time might be profitably employed.

THE NEED OF AN AMENDMENT TO THE CONSTITUTION.

The need of an amendment to the Constitution to prevent the Lieutenant-Governor from abusing his powers as presiding officer of the Senate, when his own party is in the minority, has been made plain by the conduct on various occasions of Edward F. Jones and William F. Sheehan.
