

HAS ROSEBERY RESIGNED?

THE RUMOR CURRENT IN THE LOBBIES OF THE COMMONS.

LEADING LIBERALS KNOW NOTHING OF SUCH ACTION, AND THE REPORT IS NOT CREDITED.

—THE PREMIER RETURNS UNEXPECTEDLY FROM HIS YACHTING CRUISE.

London, May 20.—A rumor was current in the lobbies of the House of Commons this evening that Lord Rosebery had resigned the Premiership. The rumor, however, was not credited. Leading members of the Liberal party declare that they are not aware of such action on the part of the Premier.

Lord Rosebery arrived in London this morning from his cruise in the channel on board the Enchantress. His hurried return and the delay of the departure of the Queen for Balmoral are associated in the public mind with the known difficulties among the Ministers on the question of disbursements. A Cabinet Council has been summoned for Thursday.

—ENGLAND AND THE LITTLE REPUBLICS. SHE WILL NOT DROP THE VENEZUELAN AFFAIR.

—TROOPS TO BE WITHDRAWN FROM HONDURAS.

London, May 20.—In the House of Commons today Sir Edward Grey, Under Foreign Secretary, in reply to a question by Sir George Baden-Powell, said that no explanation had yet been received from Venezuela in regard to the hauling down of the British flag and imprisonment of police officers. However, he said, the Government would not allow the matter to drop.

Sydney Buxton, Under Secretary for the Colonies, replying to a question by Vice-Admiral Hall, said that the Legislature of Honduras had made provision for the establishment of a new civil police force, whose sphere of duty would be limited to the southern and southern-western districts. This arrangement would enable the withdrawal of the British troops in July.

—IN HONOR OF SIR JOHN FRANKLIN. FIFTH ANNIVERSARY OF HIS DEPARTURE FOR THE ARCTIC REGIONS COMMEMORATED BY THE ROYAL GEOGRAPHICAL SOCIETY.

—MR. BAYARD'S SPEECH.

London, May 20.—The Royal Geographical Society this evening commemorated the fifth anniversary of the departure from England of the third Arctic expedition, led by Sir John Franklin, which sailed from Greenwich on May 21, 1845, and never returned. Among those present were the Duke of Devonshire, the American Ambassador to Great Britain, a number of other prominent men, and some of the survivors of the parties which went to the Arctic regions in search of Sir John Franklin.

Clements R. Markham, the president of the society, made an address, in which he recalled Franklin's services to geography and science, dwelling on his discovery of the Northwest Passage. Mr. Markham eulogized the generosity of Henry Grinnell, the American who in 1850 fitted out an expedition in search of Sir John Franklin, and spoke in high praise of a sympathy shown by the United States in the attempt to discover the fate of the explorer.

Mr. Bayard also spoke. He said he regretted that none of his countrymen who had shared in the search for Franklin were present at the meeting. If the names of Franklin, Ross and McClintock were found guarding nature's secrets, the world would be enriched. He said that the search for Franklin was the beginning of the drawing together of the ties between the Anglo-American nations.

Mr. Bayard also spoke. He said he regretted that none of his countrymen who had shared in the search for Franklin were present at the meeting. If the names of Franklin, Ross and McClintock were found guarding nature's secrets, the world would be enriched. He said that the search for Franklin was the beginning of the drawing together of the ties between the Anglo-American nations.

—URGENT REFUSED BY THE DEPUTIES. THE CHAMBER NOT YET READY TO ABOLISH THE ANTI-ANARCHIST LAW.

Paris, May 20.—In the Chamber of Deputies today a demand of urgency was made in the discussion of the anti-anarchist law. The motion of urgency was rejected.

This is the law which was voted soon after the assassination of President Carnot, at Lyons, on June 24, 1894. The action was taken too tardily, indeed, and was unfortunately one more example of the policy of locking the stable door after the horse is stolen.

As was to be expected, the indignation caused by the horrible murder of M. Carnot, it provided not only measures for the punishment of Anarchists, but it also curtailed some of the rights enjoyed by inefficient citizens. For instance, in the expectation of preventing Anarchist attempts and conspiracies, it violated the secrecy of private correspondence, and authorized janitors, servants and other employees to act as spies on tenants and employers.

It was in fact a law similar to those enacted by the Roman Emperors of the Decadence and the Terrorists of the French Revolution of 1793, which enveloped all citizens within the net of a general suspicion, and which, therefore, could not be applied, and it has become a dead letter, like those which were enacted during the Second Empire, and which did not prevent the attempts of Flourens, Orsini and other conspirators on the life of Napoleon III.

It is not clear that the indignation caused by the assassination of M. Carnot, it provided not only measures for the punishment of Anarchists, but it also curtailed some of the rights enjoyed by inefficient citizens. For instance, in the expectation of preventing Anarchist attempts and conspiracies, it violated the secrecy of private correspondence, and authorized janitors, servants and other employees to act as spies on tenants and employers.

—A SCOTCH LIBERAL RESIGNS IN ANGER. London, May 20.—Dr. Donald Macgregor (Liberal), member of the House of Commons, for Inverness, shire, has accepted the stewardship of the Children's Hospital, which is equivalent to resigning his seat. His action in retiring from the House is due to his indignation at the Government's supposed neglect of legislation for the benefit of the Scottish crofters.

—FOR TRANQUILITY IN HUNGARY. Budapest, May 20.—It is expected that the Hungarian Parliament will adjourn on May 23, and not reassemble until the end of October, thus giving a respite to the country from the prevailing political turmoil.

It is reported that the statement that Archbishop Agliardi, Papal Nuncio to Austria, has been recalled by the Vatican.

—SUGAR BILL PASSED BY THE REICHTAG. Berlin, May 20.—The Reichstag today passed the sugar bill, by a vote of 191 to 45.

—ARRANGING FOR A CHESS TOURNAMENT. London, May 20.—Arrangements are being made for the international chess tournament at Hastings in August. Steinitz and Tarrasch have promised to play. Lasker, Gunsberg and Blackburne are expected to take part, and possibly Tchigorin and Weiss.

—DESTRUCTIVE FLOODS IN AUSTRIA. Vienna, May 20.—The heavy rains which have prevailed for the last few days, caused the River Save to rise to a height sufficient to burst the dike near the town of Agram, and together with a wide overflow of the Danube, the flood has destroyed the crops in the inundated district, and the damage to other property is great.

—TAYLOR'S TRIAL BEFORE WILDES. London, May 20.—Oscar Wilde and Alfred Taylor were arraigned in the Central Criminal Court, Old Bailey, this morning for lewd and obscene conduct, as charged by Lord Douglas.

—MRS. GEORGE DARWIN ENTERTAINED. Mrs. George Darwin, of Cambridge, England, a daughter-in-law of Charles Darwin, the great scientist, who has been in this country for a short time, has received many pleasant social attentions from numerous friends in New York. Yesterday she was entertained at a small reception by Mrs. E. Darwin, sister of the late Charles Darwin.

—ANOTHER ELBE INQUIRY BEGUN. London, May 20.—The Board of Trade inquiry into the circumstances attending the loss of the steam-

DANGERS OF SUMMER.

THEY ARE MANY, BUT ONE OF THE WORST IS THE LEAST EXPECTED.

People have an idea that colds are contracted in cold weather. This is not correct. When the pores of the skin are open and a chilly wind blows against the body, then is the greatest danger. The first sneeze, a stifling in the nostrils, a dizziness of the head—all indicate the first symptoms of a cold. And a cold in warm weather is as bad as at any other time.

There is but one thing to do when any of those symptoms come, and that is to bring about a reaction at once. A delay may mean serious consequences. There is but one way by which a healthy reaction can be brought about, and that is the use of a pure medicinal stimulant, and upon such a time—that is Duffy's Pure Malt Whiskey. It is what its name implies—perfectly pure. It has been before the public for many years, and is the most popular of all stimulants, because it is so pure and powerful.

If you have any of the first symptoms of a cold you should not delay a moment, but use this great preparation at once. Do not permit any drug to be given to you until you are well. A cold cannot be cured on the start by an inferior whiskey, and you should insist upon having the best, and just what you ask for.

MONROE DOCTRINE ASSERTED.

REPORT ON THE SUBJECT BEFORE THE REPUBLICAN CLUB.

EUROPEAN INTERLUDE SHOULD NOT BE PERMITTED TO HAVE A FOOTHOLD ON THIS CONTINENT—A CRITICISM OF THE ADMINISTRATION AND ITS POLICY IN THE RECENT SITUATION.

A regular meeting of the Republican Club was held last night at the clubhouse, No. 434 Broadway. The usual routine business was quickly transacted, and then, upon call of the chair, Mr. J. J. McLaughlin, chairman of the Committee on National Affairs, read a report which embodied the opinions arrived at by the committee as to the recent political occurrences in Central America.

When James Monroe, as President, set limits to foreign interferences with the American continent, the population of the United States was only 1,000,000. West of the Mississippi the inhabitants were few and the territory was almost unexplored. The Monroe doctrine was a bold and magnificent policy which opened upon the horizon of the future.

The Monroe doctrine was a bold and magnificent policy which opened upon the horizon of the future. It was a policy which was to be maintained by the United States. It was a policy which was to be maintained by the United States. It was a policy which was to be maintained by the United States.

—THE PANIC IN FLORENCE OVER. NO RECURRENCE OF EARTHQUAKE SHAKES BELIEF FOR THE SUFFERERS.

Florence, May 20.—The inhabitants of this city have entirely recovered from the fright caused by the earthquakes of Saturday night, there having been no recurrence of the shocks. Premier Crispien has telegraphed to the Senate here, saying that he intends to ask Parliament to grant a pension to the victims. In the mean time the Government will send relief to those who are in need of it.

—NICARAGUA AND COSTA RICA FRIENDLY. Washington, May 20.—Dr. Guzman, the Nicaraguan Minister, is authorized by his Government emphatically to deny the report that war is imminent between Nicaragua and Costa Rica. The dispatch says that there are no grounds for such a report.

—CARLISE ON THE STUMP. THE SECRETARY WARMLY GREETED IN COVINGTON, KY.

Cincinnati, May 20.—At Central Garden, in Covington, to-night, Secretary Carlisle met with a warm reception. At the home of his friend, Mr. Queen, before the meeting, he witnessed a parade of thousands from Covington, Newport and the suburban villages, augmented by 800 from Cincinnati, with bands and horns, who passed in review before him. At the Garden the Secretary was cheered throughout his speech against silver.

—HE DELIVERS AN ELABORATE ARGUMENT AGAINST THE FREE AND UNLIMITED COINAGE OF SILVER.

Those of us who oppose the free coinage of silver at the rate of 16 to 1 are proposing to change the measure of value. We are proposing to substitute silver for gold. We are proposing to substitute a measure of value which is not a standard of value. We are proposing to substitute a measure of value which is not a standard of value.

—SUGAR BILL PASSED BY THE REICHTAG. Berlin, May 20.—The Reichstag today passed the sugar bill, by a vote of 191 to 45.

—ARRANGING FOR A CHESS TOURNAMENT. London, May 20.—Arrangements are being made for the international chess tournament at Hastings in August. Steinitz and Tarrasch have promised to play. Lasker, Gunsberg and Blackburne are expected to take part, and possibly Tchigorin and Weiss.
