#### NEW HOME FOR DELMONICO'S

THE FAMOUS RESTAURANT TO BE MOVED FURTHER UPTOWN.

LEASE OF THE SHERWOOD HOUSE, AT FIFTH AVE. AND FORTY-FOURTH-ST.-THE PRES-ENT BUILDING TO BE TORN DOWN

AND REPLACED BY A STRUCTURE WITH ALL MODERN IM-PROVEMENTS.

For some time there has been a vast deal of discussion as to whether or not Delmonico's move further uptown. Various localities have been pitched upon by common rumor as the possible site for the future home of the famous restaurant. It has been long accepted as a fact that the presence of the Waldorf has had something to do with the attraction of lovers of good dinners to a point further up Fifth-ave. than Twenty-sixth-st. The effect of this great establishment upon the pulse of hotel activity has been exemplified in the fact that only recently the Hotel Brunswick, nearly opposite Deimonico's, announced its inability to compete with the modern Waldorf and went into the hands of

e receiver. THE SITE SELECTED.

A Tribune reporter was informed yesterday by a well-known banker that the Sherwood House, on the northeast corner of Forty-fourth-st, and Fifth-ave., had been leased by Charles Delmonico for a term of ten years, at \$60,000 a year. The present tenant, George Murray, who has been the proprietor of this establishment for the last ten years, has been unable to renew his lease, which expires July 1 next, although he made every effort to do so. The owner of the Sherwood property is Theodore A. Havemeyer. He purchased it on April 39, 1890, for \$650,000. The property has a frontage of 65 feet 5 inches on Fifth-ave., by 140 feet deep on Forty-fourth-st. The building has 125 rooms, and is six stories in height. It has been run in every respect as a first-class hotel, and the guests have been of high social standing. Mr. Murray was for many years the chief steward of the Wirdsor Hotel. On the opening of the Murray Hill Hotel he resigned his place at the Windsor to take a similar position there. On his retirement from the Shergood he will assume the management of the Long Beach Hotel, on Long Island. T. A. HAVEMEYER'S BUILDING OPERATIONS.

It is announced that Mr. Havemeyer proto tear down the present building, and erect on the lot a structure that will be in every respect a model of modern hotel architecture, suited exactly to the needs of Mr. Delmonico. Mr. Havemeyer is already making extensive improvements in realty in the construction of massive buildings in other parts of the city. The twenty-five-story building at Ann-st, and Broadway will cost \$1,000,000 completed, aside from the cost of the site. A large business building is also in course of erection on one-half of the plot of the old Metropolitan Hotel in Broadway, Prince and Crosby sts., which will cost, independent of the site, at least \$500,000. It is plain that Mr. Havemeyer does nothing by halves, and it is fair to suppose that he will furnish an establishment for Delmonico that will be an ornament to the fine neighborhood. Some of the persons interested in this transaction were seen yesterday, and said they hoped in a short time to give full particulars, which they could not give until they had fully concluded the terms of the transfer. Some minor details remain unsettled. The cen-

Some minor details remain unsettled. The central character of the site is evident, not only for people who live in the city, but for residents of the suburbs, who, to get to the latter, have to go to the Grand Central Station.

A well-known Bostonian, speaking of Young's Hotel as being the Delmonico's of Boston, said to a New-Yorker, while dining at Young's: "This compares favorably, does it not, with your Delmonico's, of New-York?" The New-York man replied: "Yes, in every respect but one. You cat always enjoy a dinner at Young's when you are hungry, but at Delmonico's you can enjoy it whether you are hungry or not."

It is said that Mr. Delmonico will continue his present establishment at Twenty-sixth-st, and Fifth-ave, pending the changes projected on the Sherwood site. It will require at least one year's time to erect the new building after possession of the property is secured.

ssion of the property is secured.

IMPROVEMENTS NEAR THE SHERWOOD. The architectural changes that have taken the neighborhood of the Sne House within the last two or three years have been very marked. In Forty-third and Fortyfourth sts., near Fifth-ave., where formerly fourth sts., near Fifth-ave., where formerly stood old rookeries or stables, there are now some of the handsomest clubhouses in the city. At No. 7 West Forty-fourth-st. is the St. Nicholas Club house, and at No. 19 in the same street is the new Berkeley Lyceum. The Century Association is at No. 7 West Forty-third-st.; at No. 17 West Forty-third is the Academy of Medicine, and at No. 27 West Forty-third is the new Racquet and Tennis Club house. In Fifth-ave., near by, is the new Hotel Renaissance, while at a little distance is the Lotos Club. The new Lawyers' Club in Forty-fifthest, will also soon add to the improvements in this neighborhood. this neighborhood.

### THE TAMMANY MAN ELECTED.

GOODMAN CHOSEN AS KERRIGAN'S SUCCESSOR IN THE ASSEMBLY.

The special election in the XVIIth Assembly Dis trict for Member of Assembly to succeed the late Patrick J. Kerrigan was held yesterday. Five candidates entered the field, the contest resulting in the success of the Tammany Democrat, Francs J. Goodman. The total vote was as follows: F. J. Goodman, 2,170; Lewis J. Cook (Republican), 1,107; Joseph E. (Socialist-Labor), 116; James S. Wetherby (Pron-bition), 22.

The vote in the regular Assembly District last fall was as follows: H. Wilson (Rep.), 1,577; P. J. Ker-rigan (Tam.), 3,728; J. E. McMahon (S. D.), 229; M. B. Rozelle (Pro.), 24; J. H. Urell (Pop.), 20; N. Bendin (S. L.), 187.

DEAD WOMAN WORE DIAMONDS.

SUPPOSED TO HAVE BEEN THROWN OVERBOARD

FROM A STEAMER. An Italian clam-digger at Lloyd's Neck, on

Island Sound, while digging yesterday found the body of a German woman, about thirty years old, which had evidently floated ashore. She is supposed to have fallen or to have been thrown overboard from a passing steamer. Coroner Rodman ex-amined the body, but could find nothing which would identify it. The inquest, which was to have been held yesterday afternoon at 2 o'clock, was post-poned until to-day. Foul play is suspected. She was handsomely dressed, and wore on the third finger of her lett hand a ring with three diamonds in it.

CAPT. GRANT BEFORE THE INSPECTORS. Captain Grant, of the American Line steamship New-York, appeared yesterday before Captain S. G. Fairchild and W. H. Barrett, of the Board of Steam Vessel Inspectors, for examination as to the cause of the grounding of his vessel last Saturday. The Captain rehearsed the voyage of the New-York from the time she left Southampton until she stuck her nose into the mud of West Bank just before 6 o'clock on Saturday morning. He did

not hold the pilot responsible for the accident, and said that the liner was running at a slow rate of speed and the utmost precautions were taken. The inspectors will resident arrival responsible for the New-York will sail this morning, according to her schedule, at 11 o'clock, among her passengers being Dr. James W. Atkinson, W. E. Coleman, Professor D. G. Elliott, Miss Mabel Love, of "His Excellency" company, and Dr. P. Robertson.

A PETITION TO DEEPEN A CHANNEL.

At a meeting of the Board of Pilot Commissioners held yesterday morning at No. 24 State-st., there was presented to the Board a petition asking that Congress take measures to deepen the Buttermilk Channel. The petition was signed by the presilents of the leading exchanges of the city, the Maritime, the Produce and others, as well as by the agents of the leading steamship lines, and was sent to the Pilot Commissioners with the request that the president of the Board sign it. The present depth of the channel is twenty-six feet, and peti-tioners ask to have it increased to thirty feet. The White Star Line is one of the chief movers in the

matter.

The petition was signed by A. Foster Higgins, the president of the board, and was forwarded by Secretary Nash to Dennis M. Hurley, of Brooklyn, member of Congress for the IId District.

Whether there was a conspiracy against us last year, an attempt to test the truth of our advertising whipcord livery as "ready-to-wear," we don't know.

We do know that the demand for these suits was so great it obliged us to change to "ready in about two

weeks." This year we are prepared to meet all "ready-to-wear" demands.

NEW-YORK CITY.

The Grand Jury yesterday dismissed the complaint against Mrs. Eliza Landau, of No. 122 East Forty-first-st., the midwife who was charged with causing the death of Gussle Rosenkranz by a criminal operation. The necessary witnesses are all in New-Jersey, and could not be induced to come to New-York. The girl died at the home of her uncle, just outside of Hoboken.

Abraham Plonsky, of No. 180 Vernon-ave., Brook lyn, who was arrested on February 10, charged with attempted arson in his shoe store, No. 206 Bowery, was yesterday discharged by Magistrate Crane in the Centre Street Court.

Mayor Strong, Controller Fitch and Corporation Counsel Scott expect to go to Washington on March 26, to appear before the House War Claims Com mittee in relation to the \$1,000,000 debt which the Government has owed the city since 1861 for money advanced for equipping and maintaining troops. A delegation of North Side citizens called on the Mayor yesterday and invited him to attend the dinner of the Taxpayers' Alliance at Protection Hall on the date mentioned for the hearing. The Mayor pleaded the previous engagement with the Congress committee.

Professor T. C. Mendenhall, formerly of the United States Coast and Geodetic Survey, will de-liver a lecture on "The Alaska Boundary Question" before the American Geographical Society next Monday at 8:30 p. m. in Chickering Hall. There will be stereopticon illustrations.

The trustees of the Harlem Law Li adopted a resolution protesting against rule No. 43 of the Appellate Division of the Supreme Court, which, the trustees say, discriminates against the citation and the use of any other than the so called official reports. The trustees add that they heartily approve Assembly bill No. 147, now pend enforcement of any such rule.

William H. Cline, of No. 146 East One-hundredand-twenty-ninth-st., the former transfer agent of the Third Avenue Cable Company, was tried and convicted in Part III, General Sessions, yesterday before Judge Cowing of selling transfer tickets of the company and keeping the money. He was sen tenced to two months in the penitentiary. John Beaver, treasurer of the company, who was the complainant, asked to have sentence suspended.

Notices of appeal were filed in the County Clerk's office yesterday morning from conviction of mur-der in the first degree by the counsel for Charles cently sentenced to death by Justice Keogh, in the Criminal Branch of the Supreme Court.

The latter part of the talk was devoted to the parents' care of the nestlings. The size of the parents' care of the nestlings. The size of the families to be reared varied from one to twelve, but whether few or many they kept the old birds busy in finding enough to supply their proverbially ravenous appetites. Cathirds, robins and several other varieties were entitled to be ranked as philanthropists, for they were often known to care tentherists, the many methods of giving food to the young birds were described in detail, and the devotion of the mother to her home and family was touched upon. The Baitimore ortole is said to exhibit this in an especially marked degree.

Next Tuesday the topic will be "The Bird's Education."

A HARD FIGHT WITH A MANIAC.

THE EFFORTS OF FIVE POLICEMEN RE-QUIRED TO SUBDUE HIM.

A small man, who stood only five feet three in thes, but who displayed manlacal strength, wrestled with five big policemen of the Eldridge-st, station yesterday afternoon. Policeman Cornellus Shechan, while patrolling Forsyth-st., was called by the priest into the Polish Catholic Church at Forsyth and Stanton sts. yes-terday afternoon at 1:30 o'clock. A small man, who proved to be Grodonski, was trying to climb on the altar and was making shrill outeries. While pray ing he had become violently insane. Sheehan's attempt to conduct the small man quietly out of the church brought forth a torrent of picturesque and forcible Polish curses. When the policeman grabbet him, the Pole ceased his mutterings, and there began a long hard struggle between the two. Policemen Harris and Cox went to their comrade's aid when they reached the pavement, and there the small man gave a demonstration of strength which would have brought forth praise from Sandow himself. The crazy man proved to be a skilful wrestler, and before the station was reached threw each of the policemen several times.

After the officers had gone a short distance with their prisoner, they called two other policemen to their aid. The five, with much difficulty, piaced the crazy man in a wagon and drove him to Essex Market Court.

SUPERB EASTERN RUGS AND CARPETS. There will be offered for sale at the American Art

Galleries, Madison Square South, to-morrow, Friday and Saturday afternoons a large and varied assort-ment of Eastern floor coverings. These rich products of the loom will be on exhibition until the sale and will be sold by S. B. Donchian, of Hartford, Conn., through the American Art Association Thomas E. Kirby, auctioneer. Mr. Donchian, who possesses rare artistic discernment, has taken speci-mens of fine Eastern rugs which, though beautiful in design, contained some blemish, and has "trans-colored" them, leaving the firmness of the body unweakened, and producing mellow, harmoniously blended fabrics, free from harshness in color, without injury to either woof or warp.

More than six hun ired fine rugs will be sold in the three days' sale. To-morrow afternoon's offerings will include an antique Iran of tare workmanship and an Indian carpet of a fine, solid texture, twelve feet one inch by ten feet, and many other equally fine specimens of the workmanship of the skilled Eastern weavers. The richest of tints are woven in the rugs which will be shown, and they are all things of beauty.

Among the rugs which will be sold on Friday afternoon is an antique Kirman, the ground being of dark ecru, upon which is thrown a mass of flowering forms. On a rose tree are singing birds. On the right and left are bisected trunks of willows, in the tops of which are seen neats of shattered eggs from

MOUNT VERNON.

It was not surprising that the people of Mount Vernon should feel in a dyspeptic mood yesterday morning, for there were more than the usual number of aggravations to sour the tempers of men and mail-carriers and the "demon of fire." The mail train and carried them to a station beyond. The result was that The Tribune was missed at many a breakfast table. On the other hand, there was no water to make the morning coffee and to provide the morning bath. The water company, without any warning to householders, shut off the water at 5:20 o'clock on Monday evening and did not turn it on again until nearly 7 o'clock yesterday—'making some changes.' In the mean while householders could not get any water for ordinary uses; it was either go thirsty or go to the "corner" for a drink of kumyes, or "something else"; and if a fire had occurred during the night that could readily be extinguished with a pail of water, there wasn't such a thing as a pail of water, there wasn't such a thing as a pail of water, there wasn't such a thing as a pail of water, there wasn't such a thing as a pail of water, there wasn't such a thing as a pail of water, there wasn't such a thing as a pail of water to be had. A fire did occur by which a barn was destroyed and three horses were burned to death. This happened at 4 o'clock a. m., and the Fire Department was quick to respond, but could not get the water to put out the fire with. It is said that the Fire Commissioners will be urged to take some action against the water company. train and carried them to a station beyond. The

DOCK SWEEPERS RESPLENDENT.

PROUD OF THEIR NEW UNIFORMS, THOUGH SOME DEMURRED WHEN THEY WERE PROPOSED.

The wild wind that whistled up and down the river front on Monday toyed for the first time more of the dock sweepers, who are under the charge of E. S. Atwood, Superintendent of Docks. The new uniforms consist of white duck trousers blouse, cap and belt. The cap is different from the Brownie headgear affected by Colonel Waring's

Brownie headgear affected by Colonel Waring's messengers of purity, and looks something like a German helmet. The dock masters, of whom there are eighteen, will soon appear in new cape, all of indigo blue, with straight visors and the legend, "Dock Master" in gilt letters.

Strange to say, many of the sweepers when first they were informed of the impending innovation thought fit to object with much vigor to the white and dazzling raiment. "We be free men," said they. "We will wear no man's livery." They said they in nine different languages. They based their objections upon the same principle which the house-maid observes when she refuses to wear a cap. But when the sliver-tongued Mr. Atwood pointed out with much cunning, but with strict regard to truth, that the soldiers of Uncle Sam were also clad in garments that were alike the one to the other, and that even the members of "the finest" followed their example, the malcontents saw a new light. In fact, they rather approve of the scheme.

EX-SENATOR ROBERTSON DEFEATED.

UNABLE TO SECURE THE OFFICE OF WATER COM-MISSIONER IN PEEKSKILL,

The annual charter election of Peekskill took place yesterday. The majorities were: Trustee, First Ward, Warren Jordan, Republican, 31 over Joseph M. Fox, Democrat; Second Ward, David G. Montross, Republican, 135 over James F. Martin, Democrat: treasurer, Robert S. Allen, Republican, 212 over Thomas Powers, Democrat; Assessor, John Mable, Republican, 51 over William H. Clinton, Democrat. The novel feature of the fight for the Democrat. The novel feature of the fight for the three Water Commissionerships was that ex-Senator George W. Robertson, who served on the Lexow Committee, was running on the Democratic ticket. He had the highest vote, but was, with his two Democratic colleagues, defeated. The successful Republican candidates and their majorities over Robertson were: Dr. Perley H. Mason, 112; Alonzo Durrin, 25; Oscar N. Barger, 58.

...THE...

Tribune Almanac.

HONEST, FAIR, FEARLESS AND ACCURATE. Especially valuable to politicians of every

party, and also to sportsmen, bankers, mer-A curious testimonial to the value of THE TRIBUNE

ALMANAC is afforded by the fact that, for several years, a resident of this city, with a mind for figures, a lawyer we believe, made a deliberate study of THB TRIBUNE ALMANAC every year, ferreting out every error and favoring THE TRIBUNE with his friendly but unsparing conclusions. The Almanac now contains so few errors of any sort that the voluntary critic has gone entirely out of the business. He does not find enough to reward his search. THE TRIBUNE challenges Democrats and Populists, Republicans and Free Silver men. Prohibitionists and others, to find any proof o unfairness or misleading information in THE TRIBUNE ton,
