Your anxiety is for your delicate child; the child that in spite of all your careful over-watching, keeps thin and pale. Exercise seems to weaken her and food fails to nourish. That child needs Scott's Emulsion with the Hypophosphites—not as a medicine, but as a food containing all the elements of growth. It means rich blood, strong bones, healthy nerves, sound digestion. No child refuses Scott's Emulsion. It is pleasant and palatable.

SCOTT & BOWNE, Chemists, New York.

Committee on Football: William Gammell, '13, graduate member; Walter A. Galle, '12, '13, undergraduate member.

New-Haven, Conn., Feb. 7.—The most important news of the week has been the various announcements of lecture courses which are to be given here this term. The Sheffield lecture course, formerly known as the Mechanics' course, will be opened on February 16 with a talk on "Egypt."

For several weeks there have been plans on foot for students interested in yachting to organize a Regatta. It is thought that this will considerably stimulate interest in the sport.
