

trial of his regular Board duties, that he was striving to build up a separate and individual control and mastery in the Department in connection with the Superintendent of the control of the Board and destructive of harmony, discipline and good administration.

PARKER SAYS HE WILL FIGHT. Commissioner Parker, when seen at his home last night, said: "I have not seen the Mayor's statement, and consequently shall not say anything about it now. I do not know that I shall say anything when I do see it, as it may not be necessary or proper for me to say anything. I desire to keep strictly within the bounds of official propriety, and shall in all probability confine my statement entirely to such as may be made in my behalf by the Governor."

"I shall at this time say only this, which I believe to be entirely proper: That the charges were entirely without foundation and that I believe no better commentary upon the charges can be made than that for almost nine months since the hearing closed, the Mayor, who made the charges, heard the evidence, and is by law charged with the duty of giving a decision, has not done so until now, although last year my counsel more than once requested him to do so. I have always been anxious for a decision."

Mr. Parker said that he would fight the case and expected confidently that the Governor would give him a chance to face the charges before making any decision upon the Mayor's recommendation.

OPINIONS ON THE ACTION. President Roosevelt, when told of Commissioner Parker's removal last evening, said: "The removal of Parker will at once solve the differences in the Police Board and enable it to go on successfully with its work."

Commissioner Frederick D. Grant said: "I have no means of knowing what stand the case against Mr. Parker will be sustained by the courts. It will be recalled that Sidney P. Nichols and General 'Baldy' Smith were removed by Mayor Cooper and Governor Robinson about fifteen years ago on charges of a similar nature, and that they were reinstated by the Court of Appeals."

The fact is that the charge that Parker's absence from meetings of the Board obstructed public business is not well founded. A unanimous vote is needed only in cases of retirement and promotions, and Parker could not have been removed from the Board on any such ground. There was only one case of a delay in pensions and that was the woman mentioned by the Mayor. It might have been acted on forty days sooner, but if a actual payment was not postponed at the Mayor's request, the Commissioner should be put in the Board and the charges against Chief Conlin would have to be preferred over again."

The Rev. Dr. Parkhurst, on hearing of Parker's removal last evening, said: "That is right. They ought to get together. Then he added: 'Parker has been a disgrace and a blot to the Board. Perhaps it is expected that he will resign, but I hope that the Mayor will show his independence and regard for the public interests by promptly approving the Mayor's action.'"

Edward Lauterbach said last evening that he would not believe that the bill to create the Greater New York Police Commission will be seriously retarded. The more the Governor examines the condition of things in the Police Board of this city, the more he must be convinced of the necessity for a complete change."

Mr. Parkhurst, who prosecuted the charges against Mr. Parker, said last night: "I think the Mayor's action is a just one and will be generally sustained."

PRIZE CONTESTS AT THE GARDEN. A LARGE ATTENDANCE AT THE REVOLVER SHOOTING AND FLY CASTING EXHIBITIONS.

Unusual interest was manifested in the shooting contests at the Sportsman's Show at Madison square Garden last night. The trophies offered in the different matches were on exhibition, and after seeing the prizes the novice no longer wondered at the keen rivalry among the contestants to capture the rich prizes. There was a large attendance at the revolver races during the afternoon and evening.

Most of the trophies are shown at the booth of the Meriden Britannia Company. The trophy for the shooter making the highest twelve-shot score on the bull-eye target was on exhibition in the range, and it attracted much attention. This is the trophy offered by The Tribune, and the rivalry between the revolver experts raises a lively competition. The trophy is a real silver cup, appropriately inscribed, and it will make a handsome ornament for a clubhouse or the home of the winner.

The police and military team matches will take place to-day and to-morrow. In the "Any" revolver championship yesterday the following scores were made: Dr. A. A. Weber, 27; Dr. H. R. Sayre, 24; Z. C. Talbot, 24; A. L. Smith, 24; and P. Neigel, Jr., 106.

The women visitors evince so much interest in the fly casting contest that the management has invited some of the fair friends of angling to enter a tournament to take place on Saturday. It was held last night that Mrs. Peter Cooper Hewitt and Miss Hewitt might enter. There will be a dinner of the Maine guides in the pressroom on Saturday afternoon.

Individual Championship, 100-shot match. Distance 100 feet. Resulted as follows: W. Rosenbaum, 237; J. Blackman, 226; L. Howell, 225; L. P. Johnson, 220; J. E. Smith, 219; J. M. Stewart and H. Stanley, 195; C. E. Leavitt, R. H. Mills, 92 feet; J. N. Hayes, 90; C. E. and E. R. Hewitt, 70 feet.

THE ALISA WINS AGAIN. Cannes, March 17.—The Prince of Wales's Britannia and A. Barclay Walker's Alisa started in a fresh southerly breeze to-day in a race for a prize given by President Roosevelt to the Alisa. The race was won by the Alisa, which finished ten minutes ahead of the Britannia.

A RUNNER GOES AHEAD. Charles Kilpatrick, who has won many notable victories on the cinder-path for the New York Athletic Club, sailed for England on the steamship Paris yesterday. Kilpatrick goes abroad to meet Bredin, the English runner, becoming a professional. He is the holder of the half-mile record.

CRUSHED UNDER A TRAIN. Patrick O'Neill, a coal-haver, twenty-five years old, of No. 51 West Forty-ninth-st., was killed last night at Eighteenth-st. and Tenth-ave., by a train bound for St. John's Park. O'Neill had just got work, and was standing on the platform when the train struck him. He was killed instantly.

Win favor everywhere because they are so easy to take, so gentle yet reliable, in fact perfectly satisfactory as a family cathartic. Cure sick headache, biliousness, indigestion, constipation, flatulence, etc.

TARIFF BILL TO BE PUSHEd.

CHAIRMAN DINGLEY EXPECTS TO REPORT IT BACK TO-MORROW.

PROMPT ACTION NECESSARY TO STOP THE FLOOD OF ANTICIPATORY IMPORTATIONS—SLIGHT MODIFICATIONS MADE AT THE MEETING OF THE WAYS AND MEANS COMMITTEE.

[BY TELEGRAPH TO THE TRIBUNE.] Washington, March 17.—Chairman Dingley, of the Ways and Means Committee, hopes to be able to report the tariff bill to the House on Friday and that the debate will immediately proceed. This plan may be modified somewhat if the minority of the committee strongly insist on more time for preparation before the beginning of the debate. Chairman Dingley and his Republican colleagues feel that not an hour ought to be wasted by the committee or the House before sending the bill to the Senate, and this feeling is understood to be shared by Mr. Bailey, the leader of the Democratic minority, as well as by other Democratic Representatives, who realize the need of additional revenue and that it must be had, if at all, through a speedy and prompt revision of the tariff to stop the flood of anticipatory importations which will surely glut the domestic market and clip the revenues if the revision shall be delayed beyond the first day of May.

Never before, probably, in the history of American tariff legislation was the necessity of expeditious action so strong or so urgent, not to say absolutely imperative. This fact also appears to be keenly realized by some of the silver Senators. Chairman Dingley was informed to-day by one of the silver Representatives that at least three of the silver Senators were strongly inclined to favor the passage of a joint resolution to take effect immediately, imposing on wool and woollens the duties proposed in the bill.

Mr. Dingley said to a Tribune correspondent to-night that if it seemed probable, after a canvass of the situation in the Senate (which is already under way), that such a resolution would pass, he would promptly bring forward in the House and pass such a resolution, if passed, would do much to relieve existing anxiety and temporary uncertainty respecting the effect of the tariff for the fiscal year. He added:

"Of course the effect of such importations is difficult to estimate. If we could get a rate on the statute book, say \$20,000,000 to \$25,000,000 more revenue for the first year than the same law would if its enactment should be delayed until July 1. In making my estimate of the effect of the bill, I have tried to make a fair allowance for the effects of anticipatory importations, provided the law could go into effect on the former date. I also gave weight to some considerations that were hardly taken into account by persons who had not carefully studied the free list proposed by the committee. With the help of the appraisers and other customs officials, I think we have stopped all the big boys on the free list and a good many of the little ones. The revenue will be a good many millions of additional revenue. Mr. Tichenor and others who know the ins and outs of customs administration assure us that the result will be a saving of \$10,000,000 to \$15,000,000. There will be no free admission of antiquities that were manufactured a month or a year before importation; no more free admission of horses and carriages and expensive wares, costing thousands of dollars, and so on. If the bill goes to the statute book in the form it leaves the committee, the Republican members of the committee at their conference to-day decided to take up the tariff and duties on the free list and transfer them to the dutiable list with a duty of \$1.50 a ton on the crude and \$1 a ton on the dried. This change will result in a large addition to the revenue. The importations of all commodities would be at an average price of \$8 a ton, in the United States at an advance of 200 to 250 per cent. It was also decided to modify the schedule somewhat, so as to make the operation of the tariff as well as more equitable, and also to remove what might be a serious temptation to defraud the revenue. Instead of a uniform advance of 3-100 of a cent a pound on each degree above 25, it is proposed to graduate the duty according to the polariscope scale of tenths. Thus, on sugar which polarizes at 55.5-10 mms. Under the schedule as originally framed the duty on the former would be 15-100 of a cent more per pound than on the latter."

Some other changes in the tariff schedule were made, and only one of which was of importance. The one transfers several articles of woolen manufactures from one paragraph to another, and thereby reduces the rates somewhat below those of the act of 1890.

THEY WANT MORE PROTECTION. HARNESS MEN PASS RESOLUTIONS ASKING FOR A DUTY OF AT LEAST 60 PER CENT.

The harness and saddlery manufacturers of this city are dissatisfied with the 45 per cent rate that the Dingley bill places on goods competing with their industry. Anything less than 60 per cent, they say, will have a serious effect upon their trade of the heavy importations of foreign-made harness. A meeting of the Harness and Saddlery Association was held last evening at the Grand Central Hotel. The necessity for at least a 60 per cent rate was argued. J. Stillings, president of the association, presented a resolution that the tariff be immediately reduced to 60 per cent. The resolution was adopted. It is entirely inadequate to afford a favorable opportunity of competition with the foreign manufacturer, and while the per cent would be a fair protective duty, anything less than 60 per cent would be non-beneficial, were it unimpaired. The resolution is subject to duty and suggesting that an expert in the value of harness should be appointed to investigate the matter. The principal ports of entry to this country were also adopted.

THE NOMINATIONS FAVORABLY REPORTED. Washington, March 17.—The Senate Committee on Foreign Relations to-day ordered a favorable report to be made on the nominations of John Hay, to be Ambassador to Great Britain; Horace Porter, to be Ambassador to France; and Henry White, to be Secretary of the Embassy at London.

ARMY AND NAVY ORDERS. Washington, March 17.—Captain H. F. Pickens has been selected to command the Wahash at Boston, succeeding Captain Kautz on his promotion to commodore. Lieutenant A. Sharp, as naval aid to the Assistant Secretary, transferred from the Equipment Bureau. Lieutenant A. C. Hodgson ordered to the Alert, relieving Lieutenant A. C. Baker, to whom they have been assigned. Ensign E. R. Johnson, having detached from the Oregon and ordered to the Asiatic Steamer, with a draft of men, by steamer from San Francisco to New York. Lieutenant J. E. Cann from the Newark to the Columbia, relieving Paymaster D. Rand, to be a second assistant surgeon on the Alert, relieving Assistant Surgeon L. W. Sparring, to whom three months' leave is granted. Captain J. N. Allison on his duties as purchasing commissary. Captain Allison will proceed to Vancouver. Rear Admiral J. C. McGowan, chief commissary of the Department of Columbia, to relieve Lieutenant Colonel W. H. Nash. Lieutenant Colonel Nash will be relieved by Major H. H. Smith, who will proceed to Boston and relieve Major H. B. Osmond, who will proceed to Denver, Col., and relieve Major W. L. Alexander.

Board of officers, to consist of Major Henry McEldeery, surgeon; Major J. M. Bannister, surgeon; and Captain W. F. Elliott, Jr., surgeon. It is appointed by the Secretary of War to meet at Fort Leavenworth, Kan., April 13, for the examination for promotion of First Lieutenants C. C. Wood, J. H. Sullivan, and F. R. Payne detached from the Newark, to the Columbia and the Terror respectively.

L. Brainard, commissary of subsistence, is relieved from temporary duty at New York City and ordered to the Alert, relieving Lieutenant A. C. Baker, to whom they have been assigned. Ensign E. R. Johnson, having detached from the Oregon and ordered to the Asiatic Steamer, with a draft of men, by steamer from San Francisco to New York. Lieutenant J. E. Cann from the Newark to the Columbia, relieving Paymaster D. Rand, to be a second assistant surgeon on the Alert, relieving Assistant Surgeon L. W. Sparring, to whom three months' leave is granted. Captain J. N. Allison on his duties as purchasing commissary. Captain Allison will proceed to Vancouver. Rear Admiral J. C. McGowan, chief commissary of the Department of Columbia, to relieve Lieutenant Colonel W. H. Nash. Lieutenant Colonel Nash will be relieved by Major H. H. Smith, who will proceed to Boston and relieve Major H. B. Osmond, who will proceed to Denver, Col., and relieve Major W. L. Alexander.

Charles Kilpatrick, who has won many notable victories on the cinder-path for the New York Athletic Club, sailed for England on the steamship Paris yesterday. Kilpatrick goes abroad to meet Bredin, the English runner, becoming a professional. He is the holder of the half-mile record.

DECLARED THE FORGER SANE. Chicago, March 17.—A "Chronicle" dispatch from Cleveland says: "A jury in Common Pleas Court yesterday decided that Charles B. Cunningham, who is charged with the forgery of the name of John E. Hamilton to a check for \$75,000, is sane. This is the second inquiry as to the sanity of Cunningham, who was arrested several weeks ago after he had presented the forged check at a bank and failed to get the money on it. It has developed since his arrest that he was arrested at Elmira, N. Y., several years ago for a similar offense, and was afterwards committed to the asylum. Cunningham was afterwards pardoned. Cunningham's attorneys set up the plea of insanity, asserting that his loss of reason was due to an injury received in a fall from a tree from which he was thrown by a musk rat. He will now be placed on trial for the crime with which he is charged."

WASHINGTON NEWS NOTES.

GENERAL HARRISON AT THE WHITE HOUSE.—Ex-President Harrison and his wife, W. H. Attorney-General and present law partner, W. H. Miller, of Indianapolis, called on President McKinley today and had a pleasant talk of twenty minutes with him. They started for Indianapolis this afternoon. Mr. Miller spoke to the President in behalf of Francis A. Coffin, the Indianapolis bank wrecker, who made application for pardon. The President promised to take up the case as soon as possible. General Harrison and Mr. Miller soon as possible. General Harrison and Mr. Miller soon as possible. General Harrison and Mr. Miller soon as possible.

THE CASE OF THE DAUNTLESS.—A conference on the subject of enforcing the neutrality and navigation laws was held at the White House yesterday afternoon. The President, Secretary Sherman, Attorney-General, Secretary Long and Attorney-General McKenna. It lasted nearly two hours, at the time when the rush of visitors was greatest, and many callers went away disappointed in their hope of seeing the President. The question which formed the basis for the conference related to the steamer Dauntless, now under surveillance at Jacksonville, Fla. Her owner has made application for a license to carry a cargo of munitions of war, and the conference was held for the purpose of arriving at a decision to grant or reject the application. Law books were sent for by the Attorney-General, and the statements of the Attorney-General and the statements of the Attorney-General were read. The conference was in continuation of the discussion concerning the Dauntless and the general enforcement of the neutrality laws.

OBSTACLE TO TRADE WITH SPAIN.—The principal obstacle to American trade with Spain, according to a report from Consul Adams at Cadix to the State Department, is the high and discriminating tariff imposed by the Spanish Government. But to this must be added the extra tax levied by the States and towns on all articles intended for consumption in the interior. The fact that the tariff on the excessive freight rates from the ports of entry to the interior, and the high duties on the United States and Spain, nearly the whole of the carrying trade between the two countries being by way of Liverpool, England, France and Germany have special trade conventions or treaties with Spain, reciprocally facilitating the exchange of certain classes of products. The United States, such as sugar, coffee, and other articles, and is therefore at a disadvantage with respect to the classes of goods or products embraced under the tariff. The United States and Spain, nearly the whole of the carrying trade between the two countries being by way of Liverpool, England, France and Germany have special trade conventions or treaties with Spain, reciprocally facilitating the exchange of certain classes of products. The United States, such as sugar, coffee, and other articles, and is therefore at a disadvantage with respect to the classes of goods or products embraced under the tariff.

INTERNAL REVENUE COLLECTIONS.—The total collections of internal revenue for the month of February were \$10,729,056, an increase of \$2,634 over February, 1896. The collections from July 1, 1895, to and including February, were \$1,000,000,000, an increase for the period ended February 1897 of \$7,175.

TROUBLE AT TANGER.—The State Department has received an intimation of another war speck on the Mediterranean, which may require the presence of some of Admiral Selfridge's ships at Tanger. The American Consul-General at that port, Mr. Burke, reports an incident which, unimportant as it may appear at first sight, may grow to a serious complication if the Sultan of Morocco is stubborn. Mr. Burke writes: "When Arthur Nicholson, British Minister at this port, visited the Sultan last year or the early part of this year, he requested that His Majesty grant permission to open one or two more gates in the walls of the town in order to facilitate ingress and egress from that part of the town close to the soko, or market-place. With only one gate in that part of the town it is not only a great inconvenience to one going in or out of the town, but is attended with a good deal of danger to persons because of the donkeys, mules, horses and camels, with loads on the narrow passages, and the necessity for people to do a great deal of walking on the narrow passages. The Sultan asked Sir Arthur Nicholson to have the plan sent to him as to where the diplomat body wished to open the gates, and it would be considered. Accordingly, this was done, but not till a few days ago was my reply received. The reply came addressed to the Minister of Foreign Affairs, instead of direct to the doyen of the diplomatic body, and stated in substance that a request by the foreign press to open the gates should be refused. The Sultan made, as open other gates should not fall within their province, but is his own affair. The diplomat body replied that the tone of the Sultan's reply was discourteous, even to rudeness, but, as it did not come through the proper channel, being addressed to the Minister of Foreign Affairs, and that an answer to the request of the representatives to open other gates is awaited. The Sultan's reply was discourteous, even to rudeness, but, as it did not come through the proper channel, being addressed to the Minister of Foreign Affairs, and that an answer to the request of the representatives to open other gates is awaited. The Sultan's reply was discourteous, even to rudeness, but, as it did not come through the proper channel, being addressed to the Minister of Foreign Affairs, and that an answer to the request of the representatives to open other gates is awaited."

PRINTING AS A PRISON INDUSTRY. Albany, March 17.—The State Prison Commission printing supplied to individuals in the State by the Superintendent of Prisons. At the hearing yesterday much opposition to this was manifested. The Commission adopted a resolution to-day calling the attention of the Superintendent of Prisons to the fact that the Commission did not contemplate that printing should be done for cities, towns, villages or counties. The Superintendent of Prisons' original assignment, for he has arranged to do the printing for the State, is to supply the State with printed matter. The State may see fit to require the printing of printed matter.

When they read about the political conditions that cause this state of affairs, and to lavish a great deal of sympathy on the abused women. Our condemnation of some European institutions is doubtless all right, but we do not better serve a title, our own city and lavish it right here at home.
