New-York Daily Tribune. FOUNDED BY HORACE GREELEY. MONDAY, APRIL 5, 1897. THE NEWS THIS MORNING.

FOREIGN.—St. Petersburg semi-official organ announces that the blockade of Greece will begin on April 6. In Crete the foreign forces are beginning to withdraw.

DOMESTIC.—The cruiser Vesuvius captured a schooner, the Fernandina, Fla., and prevented the transfer of Sanguily and a party of Cubans to the Bermuda.

THE WEATHER.—Forecast for today: Rain in the morning, clearing in the afternoon; high, 50 degrees; lowest, 41; average, 44 1/2.

THE SLOW IMPROVEMENT.—Many persons sincerely feel, and others express more or less insincerely, disappointment because the improvement in business expected to result from Republican success does not come fully and at once.

NEW-JERSEY'S ELECTION MIDDLE.—For legislative purposes the cities of New Jersey are divided into classes. This the first class consists only of Newark and Jersey City, because the population of each is over 100,000.

THE DEATH OF BRAHMS—WHAT THE COMPOSER WROTE AND THE KIND OF MAN HE WAS.—When Mr. Hispahan, last January, sang the four solemn songs which bear the last number in the catalogue of the compositions of Johannes Brahms...

ments merely for the sake of talk, so far as the rules of that body make it possible. LEGISLATURE AND COMMISSION.—There has seldom been a more fantastic exhibition of inconsistency than the present Legislature has made in its treatment of this city.

Here are some of the claims which were solemnly made by the Charter Commission in commending their work to the Legislature and the people: The charter has been constructed upon the principle that it is expedient to give to the city all the powers necessary to conduct its own affairs.

To these judicial utterances, delivered with a fine air of wisdom and conviction, the Legislature responds by rushing the charter through, and then resumes with cheerful alacrity the occupation of making them ridiculous by promoting just such impudent and outrageous looks as the charter is officially pledged to prevent.

HOW THE CITY IS WRONGED.—At least one clause in the Greater New-York charter deserves hearty commendation, even if the document contains a great many things which do not merit praise.

Many persons sincerely feel, and others express more or less insincerely, disappointment because the improvement in business expected to result from Republican success does not come fully and at once.

THE TALK OF THE DAY.—"Several days ago," says "The Ohio State Journal," "Congressman Watson sent several large sacks of flower and garden seeds home for distribution among his constituents.

les are bracing themselves for the struggle, realizing as they do that it is the advance skirmish of the great fight in which the Democrats hope to recapture the State. MONEY AND BUSINESS.—Clearly the flood must be taken into account as a considerable factor in business, both present and future.

Clearly the flood must be taken into account as a considerable factor in business, both present and future. It affects a most fertile region several hundred miles in length, arrests business and industries of all sorts in many counties, makes country roads impassable, blockades important cities, and has even made it impossible to run trains on some small railroads for weeks.

Washington Heising, who is running for the Mayoralty in Chicago, is a unique man in some respects. Being asked the other day what was the assessment on his newspaper office, he replied: "It is \$1,000, and one cent on all other things."

ernor Cornell in 1882, he was reappointed by Governor Flower, and on Friday last by Governor Black. For many years he has been chairman of the committees on Reformatories and on Schools for the Deaf.

PERSONAL.—The Archbishop of Canterbury and York meant to show their anti-Romanism in their recent reply to the Pope's last encyclical letter, but their courteous use of the phrase "Reverend Brother Christ," in addressing the Pope, has been interpreted as a rebuke to the ultra-Protestants in the English Church, who regard the Pope as Antichrist and the "scarlet woman."

AN ANGLI-GERMAN DEAL.—It is understood in official circles in London that the true reason for Lord Salisbury's return to the office of Premier in England in connection with his attitude toward Crete and Greece is the existence of a deal with the Emperor of Germany.

NEO-CATHOLICISM RECEIVES A BLOW.—Neo-Catholicism has received a severe blow in Belgium, for the Pope, having now realized that the tendency of this movement is to make use of the Church for political purposes, as well as for the propagation of doctrines opposed to those of Catholicism, has ordered the Bishop of Liege, Monsignor Drouot, to sever his connection with the leaders of the so-called Christian-Democrats.

MOSCOW'S MEDICAL CONGRESS.—Germany has now definitely given notice to the Russian Government that it will refrain from any kind of representation at the forthcoming International Congress of Medicine at Moscow unless all restrictions with regard to the passports of the Hebrew members of the German delegation are at once withdrawn.

GETTING AROUND FRENCH LAW.—One of the principal clauses of the divorce law in France forbids marriage between the respondent and respondent of a case. This has been practically set at naught by the recent decision of the Supreme Court of Appeal at Paris, according to which the divorcees have no power to annul a union of this kind.
