IN THE CYCLING WORLD.

THE RACING BOARD TO INVESTIGATE THE SIX DAYS' RACE.

EXECUTIVE COMMITTEE OF THE L. A. W. DOES NOT FAVOR BOSTON FOR THE NATIONAL MEET—ACCOMMODATIONS FOR TOURING CYCLISTS.

An investigation into the recent six days' bicycle race at Madison Square Garden will take place in the city on Saturday morning. Albert Mott, the chairman of the Racing Board, is the League of American Wheelmen. He will be here on Friday night, yesterday that he would be here on Friday night, prepared to hold the investigation the next day. It is probable that the investigation will be conducted by the entire National Racers' Board, and it is thought that, besides Mr. Mott, of Baltimore, and A. D. Waite, of this State; G. W. Burrows, of Massachusetts, and Herbert C. Fox, of New York, will be present. President Potter himself may take a hand in the matter, as he is just as desirous to have the scandal cleared up as are the members of the Racing Board. Mr. Mott has made an excellent chairman of the Board this year, and those who know him are confident that he will make a thorough investigation of the short-track scandal, and that he will meet with success in his endeavor to close down the sport. The meeting will be held in closed doors, but competent stenographers will take full reports, and the same will be submitted to the reporters after the meeting.

In considering the application of Boston for the 1898 League of American Wheelmen meet, the Executive Committee has been forced to regard the hostile attitude of the New-England railroad and steamship combination, and their unpopular practice of making an extra charge, ranging from 10 cents to several dollars, for each bicycle checked as baggage over roads running to and from Boston. A League of American Wheelmen meet at Boston would be popular, and would probably add \$200,000 in railroad fares and freights to the New-England railroads. The League of American Wheelmen members argue that this amount, and even more, had better be paid to friendly roads running to some Western city, than to the New-England combination. A letter has been sent by the Executive Committee of the League of American Wheelmen to the general body of the League, asking them to ascertain, before final decision is reached, whether these lines cannot be induced to abandon their obnoxious law in force of making extra charges for bicycles.

The General Council of the Cyclists' Touring Club, of England, has accepted the proposition of the L. A. W. looking to an interchange of benefits, and contracts are now being prepared which provide that an L. A. W. member may join the C. T. C. (when about to tour abroad) and receive the benefits of the C. T. C. in Europe, and vice versa. This arrangement will enable him not only to lay out his money in the most profitable way, but will insure to him the benefits of discount rates at hundreds of hotels in all the popular cycling districts of the Continent and the British Isles.

President Potter is in correspondence with prominent members of Congress to obtain the passage of a bill empowering the Secretary of the Treasury to admit touring cyclists from Canada and from trans-Atlantic countries into the United States, without exacting the payment of duties of customs duties on the wheels brought by such tourists for their personal use.

L. A. W. members during 1898 will have an advantage not heretofore enjoyed, in reduced subscription prices to many periodicals, magazines and papers. Favorable "club rates" have already been granted by many publications, and a full list of the same will be published in the next issue of the Cyclist.

E. C. Bald is confined to his bed at the Hotel Marlborough. He had an ugly fall at Madison Square Garden during the six days' race. His match race with Michael will be declared off, and it is doubtful if Bald will do much more racing this winter.

Cyclists desiring to join the League of American Wheelmen may obtain full printed information and membership blanks by sending names and addresses to the Cycling Editor, The Tribune.

WALL STREET AND EXCHANGES.

The Southern Express Company yesterday paid over to the National Park Bank of New York \$10,000 in settlement for the loss of that amount by the robbery of the express company's safe at Columbia, S. C., on Monday. The National Park Bank was the shipper of the stolen package. The money, which was for a bank at Newbury, S. C., was abstracted from the express company's safe while in transit.

The \$100,000 (\$200,000) in gold shipped from Australia on Monday by the Steamship Atlantic to San Francisco is consigned to the London, Paris and American Bank, of which Lazard Freres, of New York, are the agents. The gold is sent on a triangular operation on orders from London.

Currency transfers by telegraph through the Sub-Treasury yesterday were \$230,000 to Cincinnati and \$40,000 to New-Orleans.

Standard Oil Trust certificates sold yesterday at \$2, the highest price on record.

ON THE KAISER WILHELM DER GROSS.

The North German Lloyd steamer Kaiser Wilhelm der Grosse arrived here yesterday from Bremen, Cherbourg and Southampton, after a stormy voyage of 6 days, 20 hours and 20 minutes from Southampton. The heavy weather on Broad Street in the packing of one of the valves of the port engine gave out and the vessel had to be stopped for eight hours for repairs. Two infants died in the steerage and were buried at sea. Among the passengers on board were Chester Arthur, the Rev. Canon London, the Rev. Canon Dr. and Mrs. W. H. Draper, Colonel George Gordon, J. Bruce Ismay, Judge Meier, General A. Williams, Major Eaton, Mr. and Mrs. John L. Gardner and Charles Flint.

A RHINELANDER MEDAL FOR POLICE.

At the meeting of the Police Board yesterday a letter was read from Philip and T. J. Oakley Rhinelanders, stating that as an expression of their appreciation of the good work of the police force distinguished by the heavy weather, they had performed an act of exceptional valor at the peril of their own life. The Board accepted the offer.

THE ALLIANCE ENDS HER CRUISE.

The United States training ship Alliance, Commander H. N. Manney, was sighted off the Highlands at 7:30 o'clock yesterday morning, and passed in at Sandy Hook an hour later. She left Key West for here December 12. The Alliance engaged her in target practice. This finishes a long cruise for the Alliance. She left Newport, R. I., on June 23, with a full complement of apprentices, and the first port visited was Southampton, where she arrived on July 27, after which she proceeded to Cherbourg, Gibraltar, Madeira, Azores and a short time in each port. Commander Albert Ross is under orders to take command of the Alliance. She will come up to the Navy Yard and have some needed repairs made.

CAPTAIN BUCK TAKEN TO SWINBURNE.

When the Ward Line steamer Saratoga arrived here yesterday from Havana and Mexico port, Captain E. P. Buck was sick from a high fever. He was taken off the boat at Quarantine and conveyed to Swinburne Island to have his case examined. The steamer was then disinfected and allowed to proceed to her pier, and no one else was detained.

HOW THE CARS ARE WARMED.

PASSENGERS IN A BROADWAY CAR HAVE AN EXPERIENCE WITH THE HEATER.

Three persons who came downtown in Columbus-ave. car No. 14 yesterday afternoon are satisfied that the company is making an honest effort to heat at least one corner of the cars, and that the sign now conspicuously posted in the car windows, "This car is heated," has special significance if you sit near the heater.

A man and two women were the victims. The man, who weighed about three hundred pounds, entered the car at Twenty-third-st. The only vacant seat was the one that faced him to sit with his back against the heater. Soon he began to feel the heat, and he moved around in his seat as if he was most uncomfortable. He reached up and closed the damper in the pipe, but this only made matters worse.

Just then a woman entered the car who was a close rival to him as to weight. "Madam, please take the seat," said the man as he hastily arose, as if glad to escape the torment. The woman sat down, but soon felt the power of the heater. "Conductor," said the woman, "this car is too hot. Please open the door." This was done, to the discomfort of the other passengers.

The next passenger left the car, and the woman moved away from the heater and, with a most gracious smile, motioned to victim No. 1 to resume his former seat. He declined with thanks. The last victim was another woman, who, like the first, was a friend of victim No. 1, who was still holding on to a strap. She dropped gracefully into the vacant seat by the heater, the same time bowing to the man, and they entered into a conversation. The heater once more moved unobtrusively in her seat. At Houston-st. a passenger got out, and the woman moved to the vacant seat by the heater. "Please sit down here beside me, you look tired," she said, and she sat down, while the other passengers in the car, who had been watching the struggle with the heater, allowed their heads to droop.

Both women seemed to enjoy the predicament of the courteous man as they slowly watched him move about in the seat. He held the car at the Postoffice with more haste than ceremony.

A LAWYER SEED FOR A SEPARATION.

NEW COMPLICATIONS FOLLOWING THE WESTERN DIVORCE OBTAINED BY CHARLES F. BEACH, JR.

An action for separation was begun in the Supreme Court yesterday before Justice Smyth by Anne Beach, against Charles F. Beach, Jr., a lawyer, who is the author of several recent divorce precedents. The action was begun in the Supreme Court yesterday before Justice Smyth by Anne Beach, against Charles F. Beach, Jr., a lawyer, who is the author of several recent divorce precedents. The action was begun in the Supreme Court yesterday before Justice Smyth by Anne Beach, against Charles F. Beach, Jr., a lawyer, who is the author of several recent divorce precedents.

THE BISCUIT TRUST TO BE CHARTERED.

PRICES INCREASED FROM A CENT TO A CENT AND A HALF.

The new biscuit company, embracing most of the large firms in the country, will be incorporated under the New Jersey laws within a few days, possibly before the first of the year.

The name of the new company has not yet been decided upon, and a few other minor details have not been decided upon. As soon as these matters have been settled the application for a charter will be made, and the company will begin business.

This is the outcome of three years' negotiations on the part of various companies. J. D. Gilmore, who is interested in the new milk company, was the prime mover in the matter, which, however, developed into the cutting of prices and to develop the foreign trade.

A new price list was sent out by the New York Biscuit Co. on Monday, in which the prices fixed on October 15 have been increased from a cent to a cent and a half a pound.

COMPLICATIONS IN THE JOHNSON SUIT.

MORE RELATIVES SEEK A SHARE IN THE ESTATE—BRING AN ACTION AGAINST ALL THE OTHERS.

While additional testimony was being heard yesterday in the Surrogate Court on behalf of the estate of the late Mrs. Mary Johnson who are seeking to set aside her will on the ground that it was made out under undue influence exercised by her lawyer, Peter Condon, and the Rev. Father Power, of All Saints' Church, Charles Shirley and Timothy Donovan, two other cousins of the testatrix, filed a new suit in the Surrogate Court against all the other relatives of the dead woman, the trustees, churches and priests mentioned in the will, and all other persons interested in the estate. This suit also attacks the validity of the will. It is brought for a partition of the estate and for the appointment of a receiver pending the determination of the suit. The new plaintiffs also demand that the will be set aside, and that Mrs. Johnson's estate be administered as if she were dead.

MRS. ECKSTEIN'S PLEA AVOIDED.

Mrs. Annie Frank, the poor woman arrested Tuesday night by Agent Watson of the Gerry society for begging with her four-year-old child in her arms in Twenty-second-st. Market Street, was yesterday taken to the Jefferson County Court by her husband, a carpenter out of employment, at No. 23 East Twenty-fourth-st. She said she had been compelled to beg in order to keep her family from starving.

Mrs. Morris M. Eckstein, of No. 23 West Forty-third-st., the wife of Senator Platt's private secretary, was arrested by Agent Watson at the same time. Mrs. Eckstein was taken to the Jefferson County Court by her husband, a carpenter out of employment, at No. 23 East Twenty-fourth-st. She said she had been compelled to beg in order to keep her family from starving.

ADVANCE IN RUBBER COTTON HOSE.

The price of rubber cotton hose has been advanced 10 per cent. That action was decided upon at the meeting of the Mechanical Rubber Manufacturers' Association, at the Astor House, yesterday. The rubber manufacturers formed a new organization, severing themselves from the old one. The severance is not for the purpose of any fight between the two, but to combine more closely the cotton hose interests. The new organization is headed by the Rev. President, E. L. Stone, New-York; vice-president, John J. Voorhes, New-Jersey, and treasurer, C. Jones, New-York.

POLICEMAN HANNIGAN INDICTED.

The Grand Jury yesterday found an indictment against Policeman John J. Hannigan, of the East One-hundred-and-fourth-st. station. Hannigan, on Thanksgiving Day, shot Charles McNally, of No. 25 East One-hundred-and-seventy-st., a boy, who had been playing football in the street. The shooting occurred in upper Second-ave. The boy was not seriously hurt. He afterward made charges against Hannigan at Police Headquarters.

THE CELEBRATED

S-O-H-M-E-R

Heads the list of the Highest-Grade Pianos.

CAUTION: Do not buy a cheap piano, not confound the genuine SOMMER Piano with one of a similar sounding name of a cheap grade.

S-O-H-M-E-R

New York Warehouse, 110-112 East 14th St. Will remove to new SOMMER BUILDING, 170 FIFTH AVE., COR. 22d STREET, about February.

ROUND ABOUT EUROPE.

ANOTHER ACTOR MURDERED.—Murders either of or by members of the dramatic profession are so unusual that the assassination of the English actor, William Terris, last week by a fellow-member of the profession serves to call attention to the fact that a German actor of the name of Franz Anton Schindler was shot at Strasbourg, in Bavaria, by the royal executioner, in punishment for his deliberate murder of a fellow-actor. As in the case of the English actor, Terris, Schindler's crime was prompted by jealousy.

RUSSIA'S NOMINEE FOR CRETE.—Russia's candidate for the Governor-Generalship of Crete, who is likely to receive the appointment, is Buzo Krovitch, the cousin and Prime Minister of Prince Nicholas of Montenegro. He is about thirty years of age, very shrewd, and has held his present post of Prime Minister and President of the Montenegrin Senate for over twenty years. He is rather an easy-going man, who does not know a word of English, although he professes the Orthodox Greek faith, but who, on the other hand, has the advantage of speaking the language of the Crete, the Turkish language and of Turkish.

FRANCE'S RIVAL SALONS.—Although the rival Salons of Paris will hold their annual exhibitions next spring under the same roof, in the machine gallery of the Champs de Mars, and the single exhibition of the Salon des Artistes Français, which is to be held in the Grand Palais, each is to retain its autonomy, its separate regulations and its separate exhibitions. The reports are that complete reconciliation and amalgamation prove to have been premature.

PRINCESS DE CHIMAY AT WARSAW.—The ex-Princess de Chimay has abandoned her projected trip to Japan, and is now at Warsaw, in the East. She is reported to be getting money in her new rôle of Impresaria, and proposes to take her troupe of dumpy musicians to St. Petersburg on leaving the ancient capital of Poland.

RUSSIA 170 MILES FROM PESHAWAR.—Insurgent tribesmen on the northern frontier of India are far from constituting the only peril which the British Government has to face in connection with their great Oriental dependency. The Russians have far extended their navigation of the inland waterways of Central Asia by directing that the bottles of steamers now plying on the River Amu-Daria should henceforth make Falezabad the eastern terminus of their route. Falezabad is about a hundred and seventy miles, as the crow flies, from Peshawar, the British headquarters in the Punjab, and a slight dash under the left eye, a blueness of the lips and a mark or scar on the upper portion of the breast. The detective did not think that these were caused by violence, as he has often seen these peculiar marks on persons who have met death by inhalation of gas. There was no evidence of any trouble with the woman's health, and she was reported to be in the best of health at the time of her death. She had been in the hands of a surgeon for some time, and she was reported to be in the best of health at the time of her death.

WHY LONDON'S POLICE ARE INEFFICIENT.—Important changes are reported as imminent at Scotland Yard, owing to the increasing failure of the detective department of the English metropolitan police to detect the perpetrators of no less than twelve murder mysteries that have taken place in and around London during the last two months. It is only fair to add that the police are not altogether to blame in the matter, since all the best men of the department, from Inspector Melville down, are under the necessity of being in the metropolitan districts in connection with the investigation of the various crimes.

SLAVE TRADE UNDER THE EYES OF EUROPE.—Within sight of Gibraltar, and certainly within gunshot of Europe, namely, at Saffo, on the Moorish coast, slaves are publicly bought and sold in the open market, and according to the Saffo correspondent of the "Chronica," which is the Italian paper at Tangiers, women are being sold to the British Government for \$2, while children are sold for \$1. The Saffo correspondent also writes that the British Government is endeavoring to suppress the slave trade in the Mediterranean, and that the British Government is endeavoring to suppress the slave trade in the Mediterranean, and that the British Government is endeavoring to suppress the slave trade in the Mediterranean.

ITALY'S RUINOUS POLICY.—No more striking indication is needed of the positive aberration of the policy of the leading statesmen of Italy than their hesitation to concede the demand of \$300,000 in annual grants of \$300,000 for a period of ten years toward the great work of draining the marshes in the southern portion of the kingdom. The work has been surveyed, and by devoting this who do not hesitate to propose no less than sixteen million dollars for the purpose, and to restore to cultivation and habitation, besides which work and means of livelihood will be afforded to thousands who would otherwise be completely starved. Yet Italy, which hesitates about this eminently profitable investment, and which has spent millions of dollars in naval and military armaments, and in colonial enterprises, that are altogether unprofitable, and which are a burden on the economic and political condition of the kingdom.

CONFESSED THE ROBBERY.

TWO PRISONERS AT HEADQUARTERS ADMIT HOLDING UP THE PICK-UP DRUG CLERK ON SUNDAY NIGHT.

Captain McCuskey was charged with holding up Harry Davidson, a clerk in the drug store at Pike and Madison-sts., in the store, on Sunday night. The prisoners are "Sammy" Mills, twenty-four years old, an ex-convict, and Frank Powers, twenty-six years old, said to be a thief. The prisoners were caught by Captain McCuskey on Tuesday night, and taken to Headquarters.

THE "PEOPLE'S LAW" UNCONSTITUTIONAL.

Stout Falls, S. D., Dec. 22.—Judge Smith, of the First Circuit, has decided, in opposition to other courts of this State, that the law passed by the last Legislature known as the "People's Law" is unconstitutional, because it is in conflict with the Interstate Commerce law. A representative of a certain firm, who was arrested for violating the law, and was convicted in a Justice's court. A writ of habeas corpus was granted, and the woman was released. The law was aimed at traveling men, and was designed to compel representatives of wholesale houses to pay license fees.

HIS OWN INJUNCTION SET ASIDE.

Topeka, Kan., Dec. 22.—Several months ago Judge C. G. Foster granted an injunction to prevent the Commissioners of Fraught County from collecting taxes from the Wichita and Western Railroad. Yesterday the Wichita and Western Railroad, Yes-today, received a letter from the County Commissioners saying that while the poor people were compelled to pay their taxes or lose their property the railroad was allowed to operate without paying any taxes. They said that the school-teacher were compelled to take county warrants for road taxes paid in some of the property, and that the road taxes could not be collected on account of the injunction. Judge Foster at once made an order for the writ of habeas corpus, and the commissioners were set at liberty. The railroad was allowed to operate without paying any taxes.

MORE EFFORTS IN BEHALF OF DURRANT.

San Francisco, Dec. 22.—The attorneys for Durrant have filed notice that they will ask for a change of venue from the recent order of sentence by Judge Bahers, on the ground that the Court is prejudiced. An appeal to the Governor for a commutation of sentence will also be made. The case of Durrant is one of the most interesting in the correlation of the Banche Lamont and Minnie Williams cases, should the Federal courts will also be made.

SOME DETAILS OF THE AGREEMENT

ARRANGEMENTS MADE BETWEEN THE THIRD AVENUE AND THE METROPOLITAN COMPANIES.

Edward Lauterbach yesterday gave out further details of the agreement which has been effected between the Third Avenue Railroad Company and the Metropolitan Street Railway Company. Under the terms of the agreement the Third Avenue company is to withdraw its opposition to the proposed crossing of the cable line in Third-ave. at One-hundred-and-thirty-first-st. and also to the construction of the electric conduits in Park Row, from the Brooklyn Bridge to the Postoff.

CONFERRING WITH FINANCIERS.

RAPID TRANSIT COMMISSION CONTRACT COMMITTEE MEETS AGAIN TO REPORT ON MONDAY NEXT.

The Contract Committee of the Rapid Transit Commission, composed of Mr. Orr, Charles Stewart, and Mr. L. Rives, met again yesterday morning at the Chamber of Commerce. They refused absolutely to give any hint as to the nature of the proceedings or as to the work transacted. This reticence is said to be due to the representatives of the syndicate or syndicates which have formed to bid for the contract.

HIS WIFE DEAD IN A BATHTUB.

A HUSBAND'S DISCOVERY IN A HARLEM FLAT—APPARENTLY SUICIDE BY GAS, BUT CERTAIN MARKS LEAD TO A POLICE INQUIRY.

Frederick Sharp, who lives at No. 1411 Fifth-ave., yesterday morning found his wife lying dead in the bathtub of their flat. A rubber plug was found in the gas jet, and it was thought by the police that the gas jet had been tampered with. The woman had made three attempts on her life at various times.

SEARCHING FOR RICHARDSON'S STOCKS.

HIS DAUGHTER NOT YET ARRESTED, BUT HER BROTHER ORDERED TO APPEAR FOR EXAMINATION.

Dellarita Richardson, the woman who threw into the gutter the papers calling upon her to appear in court to show cause why she should not be punished for contempt of court for not appearing when she was summoned to testify as to her father's estate, was not arrested yesterday afternoon, when C. E. Hotchkiss resumed his examination of her. The woman's brother, Joseph Richardson, was arrested yesterday afternoon, when C. E. Hotchkiss resumed his examination of her.

NO INCREASE IN THE COST OF MILK.

J. D. GILMORE IS AUTHORITY FOR THIS STATEMENT.—A DEALER PREDICTS HIGHER PRICES.

The Farm and Dairy Product Company, which was incorporated at Trenton, N. J., and announced in yesterday's Tribune, that it has formed a business in a few days. The subject of the company is to control the handling of milk in the emergency city of New York. The company is to be organized by J. D. Gilmore, who was active in organizing the company, is authority for the statement that the price of milk to consumers will not be increased, but that the company will make a profit out of the reduction in the cost of handling the milk. He said reduction in the cost of handling the milk.

THREE MEN KILLED BY FALLING TREES.

Malone, N. Y., Dec. 22.—While skidding logs Richard Sprague, of Duane, and William Dolan, of Whippleville, were instantly killed at Owieshead today by a falling tree.

SUNDAY NOT TO BE COUNTED.

Jefferson City, Mo., Dec. 22.—The Supreme Court to-day decided that Sunday must not be counted in the twenty-four hours allowed defendants in murder cases to make the challenge of jurors. Twenty-four working hours was what the statute means. The case decided was that of Charles and George May, charged with the murder of William B. Burt in the quarrel at Church. Charles May is discharged for want of evidence, and George May gets a new trial.

EXPLOSION IN GRACE CHURCH.

A PHOTOGRAPHER'S POWDERS BLOW UP AND SHATTER SOME STAINED GLASS.

Considerable excitement was caused among the holiday crowds in the neighborhood of Grace Church, at Fourth-st. and Broadway, about 10 o'clock yesterday morning, by a loud explosion followed by a volume of smoke pouring from the windows on the Tenth-st. side of the church. An alarm of fire was turned in, but by the time the engines arrived all excitement had subsided. The explosion occurred in the chantry. One of the photographers was taking snapshots of the interior when the powder used suddenly exploded, blowing to pieces some of the stained-glass windows. The explosion caused some of the stained-glass windows to be shattered, and the photographer was slightly injured by the explosion. The photographer was taken to the hospital, but he is not seriously injured. The explosion was caused by the photographer's powder.

LAST OF THE LEXOW CASES.

THE INDICTMENT AGAINST INSPECTOR M'LAUGH-LIN'S FORMER WARDMAN DISMISSED.

The last of the police cases which grew out of the Lexow Committee's investigation, and on which many indictments were found, was dismissed yesterday on the recommendation of District-Attorney Olcott. It was that of ex-Wardman James Burns, Inspector McLaughlin's wardman when McLaughlin was captain of the Old Slip station. Burns jumped his bail of \$5,000 and fled to Europe after he had been indicted.

BOY CHARGES CLUBBING.

Another clubbing case came up in the Jefferson Market Court yesterday. Policeman Thomas J. Blunt, of the Twenty-third-st. station, was in court with a prisoner, a boy of nineteen years, who had a big gash in his head, which he accused the policeman of having inflicted with his club. The boy is William Cummings, fifteen years old, of No. 94 Janes-st. He is a neophyte, who is a tall man and well-built, and is said to have a good record as a policeman. He is charged with clubbing a boy.

Another clubbing case came up in the Jefferson Market Court yesterday. Policeman Thomas J. Blunt, of the Twenty-third-st. station, was in court with a prisoner, a boy of nineteen years, who had a big gash in his head, which he accused the policeman of having inflicted with his club. The boy is William Cummings, fifteen years old, of No. 94 Janes-st. He is a neophyte, who is a tall man and well-built, and is said to have a good record as a policeman. He is charged with clubbing a boy.
