THE DAY'S GOSSIP. It is a source of regret to all women that the Johns Hopkins University continues to exclude women from admission to its graduate courses. This university is almost the only one of the important educational institutions in the world that does not accept women as students.

GROWING APPLE TREES. How is an apple tree made? The seed is sown in 1883, planted in 1886. The seedlings do not grow until 1890, when they are taken up and sorted, and in the spring of 1890 they are planted. In July or August, 1890, they are budded. The bud and the bud shoot is cut off or left. In 1892 the shoot branches, or the top is cut off to form a bush. In 1893 the tree may be grafted. In 1894 the tree is ready to be planted in a nursery.

HER WILL ADMITTED TO PROBATE. SURROGATE DOES NOT FIND THAT MRS. SUESS WAS UNDULY INFLUENCED. After hearing testimony, Surrogate Thomas Saturday admitted the will of Mrs. Charlotte Sues to probate. Her will was contested by her children, Mrs. Julia Fitzpatrick, Theodore Sues, Charles Sues and Mrs. Katie Engel, on the ground that Mrs. Sues's first husband, Jacob Sues, died several years ago, and that she had married his brother, Charles Sues, who, when he died, left the property to her. It will be brought in the suit on the ground that the property was not hers to leave.
