

BROOKLYN SCHOOL NOTES.

POLYTECHNIC PREPARATORY.

The outlook for the first "Poly Prep" Annual is promising. It will be a modest little volume, but will contain a record of the school incidents of the year, of athletics, social life and the regular school work.

On Monday the track team journeyed to Berkeley Oval to the inter-city games. The team gave a good account of itself, winning fourth place among the school teams from both boroughs, and second place among the Brooklyn teams.

The baseball game between Erasmus Hall High School and "Poly Prep" on Wednesday at Washington was a very interesting one. The score was 16 to 11. Many errors were made in the early part of the game, but the playing improved as the game advanced.

At the meeting of the Mathematical Club Wednesday before the meeting of the next regular meeting there will be a discussion of the regular system of teaching arithmetic, led by the Misses Pateman, Hill and Roethgen, of the Adelphi. Professor Osborn will preside.

Professor Peckham sailed on Friday on the steamer Jamestown, of the Old Dominion Line, with a party of Adelphi seniors to observe the eclipse of the sun. The destination of the party is Norfolk, Va.

Through the kind offices of Congressman Briggs, permission has been obtained from the superintendent of the Naval Observatory for the party to spend the evening of Tuesday at the Naval Observatory to observe the eclipse of the sun.

The programme for commencement has just appeared. The baccalaureate sermon will be delivered on June 10, at 10 o'clock, by the Rev. Dr. A. J. Lyman. The seniors will receive their diplomas on the evening of June 5.

On Tuesday the birthday of the composer Wagner was celebrated. Appropriate exercises were made by Professor Brower, the director of music, and the school sang the "Bridal Chorus" from "Lohengrin" and the chorus of Pilgrims from "Tannhauser".

On Wednesday a visit from Mrs. Katherine Flisk, the contralto soloist of St. Bartholomew's Church, Manhattan, who gave an aria from Beethoven, "The Silver Ring," by Chamaine, an old English ballad, and, finally, a lullaby composed by Professor Brewer.

The annual exhibition of the primary department will be on Saturday, June 5, at 9:30 a. m. in the assembly hall, and on the following Monday at 3 o'clock in the gymnasium.

The chief interest of the coming week centres around the annual exhibition of students' work, which will be held on Thursday afternoon and evening, Friday afternoon and Saturday afternoon.

At the church of the Messiah, Greene and Clermont ayes, a special musical service will be given this evening, beginning at 7:45. This service is intended as a celebration of Ascensiontide.

The normal kindergarten departments of the Teachers' College will be held on Wednesday afternoon in the Pratt music room on Wednesday.

PHILHARMONIC CONCERTS.

ARRANGEMENTS FOR NEXT SEASON.

COMPLETED-TO BE GIVEN FRIDAY EVENINGS.

Arrangements are now completed for the series of five orchestral concerts by the Boston Symphony Orchestra, under the direction of Wilhelm Gericke, given on Friday evenings, instead of Saturday evenings, as heretofore.

The number of points scored for "Poly Prep" was sixteen. Among the individual athletes Henry Smith Roberts especially distinguished himself by winning the low hurdle race, scoring the only high hurdle race, Carl Herman Zoelch was second in the high jump.

EASY FOR THE BURGLARS.

POLICE DID NOT DISCOVER FOR TWO DAYS THAT DOORS OF RANSACKED HOUSE WERE OPEN.

If the neighbors of Charles N. Thompson, whose house at No. 297 De Kalb-ave. was shut up for the summer on Saturday, May 19, are to be believed, the fact that the front door of the house, after being broken open by burglars remained open for two days without attracting the attention of the policeman on that beat makes a strong argument for the contention that the burglar, who used Tammany methods in his little office two years ago, had demoralized the police force of Brooklyn.

On May 17 Mr. Thompson, who is now at his country home on Long Island, told the police of the Classon-ave. station that his De Kalb-ave. house would be closed that day for the season. It was not closed, however, until May 19, and in the mean time cases went into the house and furniture left it. This did not attract the attention of the policeman on that beat, the fact that on Tuesday and Wednesday following the front door was open and the vestibule glass smashed.

Luckily the family had sent all their valuable silver to the safe deposit vault, and other portable valuables were hidden in the house and furniture. Therefore the thieves obtained little of value, but in their disgust and disappointment the marauders did not leave the house until they had broken into drawers and closets and strewn things around the rooms.

The police of the precinct, which is in command of Captain Baldwin, refuse to discuss the case.

LEGALITY OF TEN CENT FARE.

RAPID TRANSIT COMPANY LAWYERS SAY CHARTERS OF OLD STEAM ROADS PERMIT IT.

The officials of the Brooklyn Rapid Transit Company appear to have covered carefully their ground before throwing the ten cent fare to Coney Island on the public. Some way they persons of Coney Island, who will now be obliged to cut down their number of trips to that resort or else lay aside twice as much money for that purpose, said on Friday that the Brooklyn Rapid Transit Company could be forced by the courts to carry passengers to Coney Island for five cents, under an agreement which compels street car and trolley companies to give continuous ride for five cents within the city limits.

But that law cannot be applied to the Brooklyn Rapid Transit Company in this case, according to Vice-President Williams, as his company is now chartered by the State of New York, and the old steam roads, the charters of which allow a ten cent fare. That question had been thoroughly investigated by the company's lawyers before the board of appointing cables from Europe, and following that and Santos—amounting to 10,000 bags—and to the United States, amounting to 10,000 bags, and to the United States, amounting to 10,000 bags, and to the United States, amounting to 10,000 bags.
