

MAY DISMISS INDICTMENT. DEVERY NOT CALLED UPON TO PLEAD—TALK AT THE DISTRICT ATTORNEY'S OFFICE.

Job E. Hedges, the Deputy Attorney-General, and John H. Hammond, his assistant, were at the Criminal Courts Building yesterday apparently interested in election cases before the Grand Jury.

There was some talk about the indictment found against Devery. It is to be dismissed in view of the fact that the indictment was issued to the police on Sunday and recalled, and in view of the fact that the police gave aid to John McCullagh and his deputies whenever arrests for illegal registration were made at the polls on Tuesday.

Some of the assistants of District Attorney Gardiner said yesterday that they thought the Devery indictment would be dismissed by Recorder Goff upon the application of Devery's counsel, because no overt act had been committed under the order.

This comfortable argument for Devery, however, does not apply to his case, because it was contended by the Deputy Attorney-General at the time the indictment was issued that Devery had committed an overt act in sending the Recorder Goff upon the application of Devery's counsel, which was plainly intended to cause interference with the work of Superintendent McCullagh's deputies at the polls.

The Grand Jury yesterday handed up to Recorder Goff several indictments in election cases, and one indictment was said to be for a person living in New Jersey, for whose extradition an application will be made.

MORE THAN A MILLION BET. LOUIS WORMSER HEADS THE LIST OF WINNERS WITH \$92,000.

According to estimates which there is reason to believe are rather liberal the sums which have been wagered in the financial district on the outcome of the election aggregate \$1,500,000. While the total amount cannot be fixed very definitely, however, there is no doubt that the many bets made during the last few weeks, at a rate of \$100,000 to \$1,000,000, in addition to the large class of wagers on the result in specified States or groups of States, and on pluralities, represent a very large sum of money.

The largest individual winner is understood to be Louis Wormser, whose gains are placed at \$92,000. Next to him comes Jacob Field, with about \$75,000 gain, and it is credited to Field and Mendham Brothers will collect \$500,000 profits on bets placed by them for customers.

Justice Maddox granted judgment yesterday annulling the marriage of Lillian May to Michael W. Kessel, of No. 4 Debevoise-st., Brooklyn. The suit was brought by Louis Levy, of No. 825 Broadway, Brooklyn, father of Lillian, on the ground that his daughter had not reached the statutory age of consent, eighteen years.

KINGS LEADERS HAPPY. REPUBLICANS GAIN THREE CONGRESSMEN, ONE SENATOR AND TWO ASSEMBLYMEN—WORTH'S DEFEAT.

The gain of three Congressmen, one Senator and two Assemblymen by the Republicans in Brooklyn gave much pleasure to the party leaders here yesterday. The defeat of Jacob Worth for Congress in the 14th Congress District was regretted by many. It had been confidently expected that the well known leader and ex-Senator would win, and his friends could not believe that he had really lost when they first heard of it.

The race for Congress in the 14th Congress District between Clayton and Hanbury had been regarded by Democrats as a sure thing for Clayton. The Democratic candidate for the office in the Bath Beach station worked hard for Clayton, and nearly all the conductors and motormen at the carshops in Unionville had been drawn into line. When it was found that Hanbury had won the election, the Democrats were as great as the regret over the defeat of Worth had been among the Republicans.

Brooklyn was decorated yesterday in honor of the success of the Republican party at the polls. All over the borough rich and poor alike hung out flags and trimmed the fronts of their houses with bunting.

The most lavish decorations were those on the houses in the Belmont and in Macdonald. There the flags hanging between the trees made a picturesque sight. The Twenty-third and Twenty-fifth wards were bright with the National colors.

SHOOTS WIFE AND HIMSELF. THE WOMAN DIES INSTANTLY—MAN IN A CRITICAL CONDITION.

Joseph E. Freitag, a piano polisher, forty-nine years old, of No. 217 Frost-st., Brooklyn, after failing to bring about a reconciliation with his wife, shot and instantly killed her yesterday morning, and then fired two bullets into his head. He was removed to the Eastern District Hospital in a critical condition.

Freitag separated from his wife two years ago, and while his wife lived at the Frost-st. home, she and her daughter lived at No. 40 Humboldt-st. The daughter was married recently, and it is said that Freitag had since then vainly tried to persuade his wife to return to his home. Pistol shots were heard about noon yesterday in the Humboldt-st. house, where his wife lived, and a policeman named Kramer, who was passing and who told from the front of the house and went to the rear. On opening the shutter of a kitchen window the policeman saw Freitag standing in the doorway with a large English bulldog pistol in his hand. The moment he saw the policeman Freitag put the revolver to his head, and firing two bullets into it, he fell across his wife.

The policeman before entering the house sent a call to the Eastern District Hospital, and the ambulance arrived in a few minutes. Freitag died and his wife was pronounced dead. She had been shot through the left ear, the bullet passing through the brain. It was apparent from the disordered room that the woman had fought desperately to save her life. Chairs had been overturned and a cuspidor broken.

SQUADRON'S WINTER CRUISE. LEADER DAVIS DREAMS. THINKS DEMOCRATS WILL ELECT NEXT GOVERNOR OF NEW-JERSEY.

Robert Davis, the Democratic leader of Hudson County and prospective leader of his party in the State, in making a statement of the result of the election on Tuesday made a forecast as to the Democratic nominee for Governor. He said: "I believe that in spite of yesterday's vote New-Jersey will elect a Democratic Governor next year. Right here I wish to announce that contrary to the expectations of some people, E. F. C. Young will not allow his name to be presented next year for Governor. I have no objection to his doing so, but I do not know of anybody from Hudson who will be a candidate for the nomination. I should not be surprised if John J. Connelley, of Hudson County, or Senator Johnson Cornish, of Warren County, were nominated. Either would make a strong candidate. The year in this section and Democratic party would be glad to see either elected to bring on the McKinley tidal wave."

The Wanamaker Store. An Elaborate Display of ORIENTAL RUGS. Today we devote prominent parts of the store to an effort to illustrate that a magnificent and unusual collection of Oriental Rugs is here. This splendid stock can tell little of its beauty when stacked in piles in the Rug Store. Today the leaves of the book unfold. The hidden beauty comes out into the light, where the thousands of eyes can see at a glance the mystic figurings, the soft and fascinating colorings.

The Full, Rich Resonant Tone of the CHICKERING. The Chickering Piano has lived and grown in the most highly artistic atmosphere, for three-quarters of a century. Masters of composition and musical expression, the world over, have praised the perfection of tone and action in the Chickering. It represents the highest human achievement for the making of melody. Soft, mellow and sympathetic, it blends with the modulated voices for singing at home; yet it is strong, true and powerful for concert, or other uses. String by string and key by key, it has been brought up to absolute purity of tone and responsive touch.

Mourning CRAPES. From G. & Co. There are two makers of Crapes that are famous for superior goods, each with a distinct character, so that we keep in stock the product of both makers. One of these is G. & Co., of Bradford, Bradford, England. There is one equal, but no superior in the world.

Fabrics for Draperies and Wall Coverings. So many particularly fine stuffs at low prices are shown in this collection. An assortment unusually large and varied, even for this Upholstery Store. A plentiful gathering of the richest, necessarily high-priced sorts, too. But this chapter of today deals more especially with inexpensive materials, that are at the same time beautiful and exceptionally fine in quality, considering the moderate prices.

"Stringtown on the Pike" by John Uri Lloyd. A quaint title and a marvellous story. Northern Kentucky flows with romance. From the dusty pike, to the divide of the blood-stained mountains, the ground thrills with the fervid vigor of strong American life. And how well the author has drawn upon its air of romance and tragedy of slave day lore and science to build his wonderful story, like, lovable characters into one book.
