

CHANGES IN THE CHARTER

REVISION BILL ADVANCED TO THIRD READING.

MOST OF COMMISSIONER'S RECOMMENDATIONS ADOPTED BY SENATE COMMITTEE—NEW PROVISIONS.

Albany, March 29 (Special).—Senator Stranahan, as chairman of the Committee on Cities in the Senate, submitted to that body to-day the charter revision bill of the New-York Charter Revision Commission, which was at once ordered to a third reading and may be passed the coming week.

In the main, the recommendations made by the Charter Revision Commission have been adopted. The chief feature of the work done by the revision commission was a large addition to the authority of the boroughs of New-York to make needed local improvements. It had been the experience of the smaller boroughs since greater New-York was created to have desired local improvements refused to them by the Tammany Hall officials in charge of the city government. This is to be changed by the charter amendments.

It is said that Governor Odell has been consulted about most of the changes made in the Charter Revision bill, and fully approves of them. It is not probable, therefore, that the bill will meet with many obstacles from Republicans in its passage through the legislature. Democratic members of the legislature from New-York, however, expressed considerable hostility to the bill, and were predicting that Mayor Van Wyck would veto the measure. One feature of the bill which meets with the disfavor of Tammany Hall and Kings County Democrats is the following amendment to the sections of the revision in relation to the Police Department:

It shall be the duty of each patrolman and foreman of police to perform not to exceed eight hours of continuous reserve duty or special duty in each calendar day in which he is on duty, and to perform not to exceed eight hours of continuous reserve duty every third day, except in time of strikes, riots or other emergencies, when the Commissioner, or Chief of Police, may hold or detail any member of the police force as he may deem necessary.

MAY CHANGE POLICE SYSTEM.

That amendment to the charter, it is suspected, may require the heads of the Police Department to create a three platoon system; a system, it was stated here to-day, which would render necessary the addition of three thousand men to the present police force, and would increase the expenses of the Police Department by \$4,000,000. Whether the three platoon system is considered in this eight hour amendment is not positively known, however, and it may not possibly lead to such a large increase of the police force. At least, such a provision was not inserted in the bill by the Charter Revision Commission. It is the work of the Senate Committee on Cities.

The charter revision makes the term of the Mayor and of the Controller to be elected in November next two years. The Mayor is authorized through his term to remove the head of any department, except a member of the Department of Education or an Aqueduct Commissioner. Thus a vast amount of additional power is granted to the Mayor of the city. Plainly under such a provision he will be directly responsible for the good or bad administration of every one of the city departments.

The act passed by the legislature abolishing the four-headed Police Department and providing in its place a single-headed department was incorporated in the charter revision. The Mayor is to appoint the head of the Police Department, and this head is to be removable either by the Governor or the Mayor. The act says:

The Police Commissioner may be removed from office by the Governor or the State whenever in his judgment the public interest shall so require.

The charter as revised says that a deputy police commissioner shall not make any appointments or transfers when acting as Chief Commissioner. Neither the Police Commissioner nor his deputies are to share in the pension fund.

RULES FOR PAY OF EMPLOYEES.

One highly important provision of the charter says that "the salaries of all officers whose offices may be created by the Board of Aldermen shall be prescribed by resolution." There are expressly exempted from this authority of the Board of Aldermen "day laborers and teachers, examiners and members of the supervising staff of the Department of Education."

The charter abolishes the present obstructive Municipal Council, and substitutes a Board of Aldermen of seventy-three members. To each Assembly district in the boroughs of the city is granted an alderman except that each ward of the borough of Queens is made an aldermanic district. The Eighth, Thirtieth and Thirty-first wards of the borough of Brooklyn are also made aldermanic districts, and also that portion of the XXXIVth Assembly District in the borough of Manhattan, Castleton, on Staten Island, is made a separate aldermanic district. The towns of Middletown and Southfield are made one aldermanic district, and Northfield and Westfield are made another. Staten Island has three aldermanic districts in all. Four districts which will elect aldermen are provided in Morrisania: First, that portion of the XXXIVth Assembly District in the borough of The Bronx; second, that portion of the city lying between the XXXIVth Assembly District and the boundary line between the Twenty-third and Twenty-fourth wards, extending from the Harlem River to the Bronx; third, that portion of the territory of the city lying between the same ward's boundary line and Fordham Road, Jerome-ave. One-hundred-and-eighty-second-st., Kingsbridge Road and Pelham-ave. and that portion lying between Fordham Road, Jerome-ave. One-hundred-and-eighty-second-st., Kingsbridge Road and Pelham, and the northerly line of the city.

BIG CONSTRUCTION COMPANY FORMED.

CENTRAL REALTY BOND AND TRUST COMPANY IN NEW GEORGE A. FULLER COMPANY.

The George A. Fuller Company, building contractors, will file in Trenton to-day papers increasing its capital stock from \$500,000 to \$2,000,000. The stock will be divided in \$50,000,000 of preferred stock and \$1,500,000,000 of common stock. All of the stock has been subscribed at par by those interested and none will be offered to the public. The company will go into all kinds of iron and steel construction. The plans for the increase of the stock of the company have been effected since the death of George A. Fuller, the founder of the company and its former president, last December. Harry B. Black, son-in-law of Mr. Fuller, succeeded to the presidency of the company and the control of Mr. Fuller's interests. Negotiations were begun with the officers of the Central Realty Bond and Trust Company, which resulted in the increase of the stock of the George A. Fuller Company, with Henry Morgenthau, president of the Central Realty and Trust Company; ex-Mayor Hugh J. Grant, vice-president of the Central Company, and James Sillman, president of the National City Bank, as the new directors of the Central company, on the new executive committee of the Fuller company, with Harry B. Black and Judge S. B. Connell, who is the present counsel for the Fuller company. A meeting will be held next week to elect new officers for the company.

NEW-YORK DEFEATS ST. NICHOLAS IN FINAL GAME.

The final hockey game of the season was played at the St. Nicholas rink last night between the New-York Athletic Club and the St. Nicholas Skating Club teams. As the latter presented the better team from winning the championship, there was lively interest in the result. It was fast hockey in the first half, the score being even, at 1 to 1. In the second half the St. Nicholas men went to pieces, and New-York won by the score of 5 to 2. Three of the forwards played for the New-York team. The players had a supper after the game. The teams lined up as follows:

St. Nicholas. Goalkeepers: New-York. Forwards: Goalkeepers: Hunt, Mortimer, Fenwick, Campbell, Barron. Forwards: H. Hornbeck, Wylie, De Witt. Score—New-York 5, St. Nicholas 2. Goals—Hornbeck, Wylie, Fenwick, H. Hornbeck, Barron and De Witt. Time—Halves of twenty minutes.

TO SAVE ATHLETICS AT COLUMBIA.

MONEY SECURED TO PAY PRESSING DEBTS OF THE UNIVERSITY.

Through President Low's generosity in advancing the collateral, a prominent bank in this city has agreed to lend the Athletic Association of Columbia \$475, a sum sufficient to pay Andrew Freedman and the other pressing of the other creditors. These guarantors to pay Freedman, but these men, F. R. Hutton, R. H. Sayre, J. M. Hewlett and G. T. Kirby, have agreed to wait for a considerable time for the payment of their claims.

These facts were brought out at a mass meeting of students yesterday afternoon at which Francis S. Hanes, graduate trustee of the university, presided, talked upon the present conditions confronting Columbia. He said in part:

President Low's invaluable aid has enabled us to devise this plan for the continuance of athletics at Columbia. One of the things that we are going to do is to get the bank to lend us the money before any return is made to the four chief guarantors who have consented to wait for their guaranties. To make the plan as feasible as possible, I have outlined for you undergraduate students do your full share. There must be five hundred student members of the athletic association, and each of them must contribute from their dues. If you want athletics you must show it plainly and positively by your readiness to go down in your pockets.

MOULTON'S FURNITURE SEIZED.

SAID TO HAVE SWORN THAT HIS WIFE'S MAIDEN NAME WAS MAY BUCKLEY CLAYTON.

City Marshal George W. Klune on a writ issued by Justice Hoffman in the West Fifty-fourth-st. civil court yesterday broke into the apartment at No. 27 West Twenty-sixth-st. formerly occupied by Robert H. Moulton, who recently fired four shots at a party in the Pabst Rathskeller of which May Buckley, the actress, was a member, and took possession of the furniture found in the apartment. The writ was issued on the application of the Borough Mortgage Company to recover \$200 which the alleged Moulton obtained from them fraudulently.

Richard F. Price, the lawyer for the Borough Mortgage Company, said last night that in the affidavit in which he asked for the loan Moulton had said that he was married to an actress whose name was May Buckley Clayton and that he wanted the money to go to the city in which she was then playing. He said that he had quarreled with her and wished to try to effect a reconciliation.

When the city marshal succeeded in getting into the apartment yesterday he found Thomas H. Moulton, the brother of Robert H. Moulton, in possession. Mr. Moulton was packing up some of the property in the flat to take away. The marshal examined the articles Mr. Moulton was getting ready to take away and then allowed him to proceed, there was nothing of value. Among the things being taken, said Mr. Klune last night, were a number of letters written to R. H. Moulton by Miss Buckley.

When the marshal began to take an inventory of the furniture in the apartment he found a large number of pictures of May Buckley, many of which had been signed. Many of the books also contained Miss Buckley's name, and on some of a woman's clothing found in the closets was the initial "B."

In one of the rooms was a water color landscape signed "May Buckley." When the janitor saw the pictures of Miss Buckley last night, he said that Miss Buckley was the woman he had known as Mrs. Moulton. Miss Buckley could not be seen last evening.

ORGANIZED TO FIGHT TAMMANY.

THE COMMITTEE OF SIXTY FOR UNION OF FORCES AGAINST THE WIGWAM.

The Committee of Sixty, of which Colonel Alexander P. Ketchum is chairman, last night at the Waldorf-Astoria effected its permanent organization for the municipal campaign and adopted a platform pledging its support to a union of forces against Tammany Hall. Thirty-four members of the committee attended the meeting last night, and all the boroughs were represented. On motion, of Henry D. Purroy, the following was adopted without a dissenting voice:

Resolved, That understanding fully the many serious difficulties which stand in the way of the realization of an effective union of the forces which are now or may be hereafter opposed to the present vicious system of municipal misrule, this central committee of sixty citizens, representing civic associations, which it now proposes to unite, hereby declares its chief object to be to aid in overcoming all the said difficulties by the prompt inauguration and uniform maintenance throughout the campaign of a conciliatory and judicious course of deliberation and action and by advocating firmly that due weight be accorded to the views of every representative body of voters that may favor a united and unselfish effort to secure in the coming election better government for the city of New-York.

The election of permanent officers resulted in the selection of the following:

Colonel Alexander P. Ketchum, chairman. J. G. Boyd, Ezra Tuttle, J. C. J. Lanzetta and Lucien Knapp, vice-chairmen. E. S. Eckerton and Joseph I. Berry, secretaries. George W. Everett, sergeant-at-arms. Legislative committee: R. H. H. E. Tremain, Robert Stewart and H. C. S. Stimpson.

BROOKLYN'S WATER SUPPLY.

SENATOR MARSHALL'S BILL FOR THE RELIEF OF THE BOROUGH.

Albany, March 29 (Special).—Senator Marshall introduced a bill to-day authorizing the Board of Estimate and Apportionment of New-York by a unanimous vote of all its members, "and without the consent or concurrence of any other board or public body," to direct the Controller to issue corporate stock of the city of New-York in such amounts as the public interests may demand "for defraying the cost of extending and improving the water supply system of the city."

Coming as the bill does from Senator Marshall, of the borough of Brooklyn, it is clear that residents of that borough feel that the central financial board of the city should be given authority to increase the water supply of that borough, and should not be checked in any way by any other official body. The act specifically says that "the consent or approval of the Municipal Assembly of the city of New-York shall not be necessary for the incurring of liabilities or the letting or execution of contracts for public work or supplies required to be incurred, or accepted, or for the improvement and extension of the water supply of the city of New-York."

TAMMANY'S ANNUAL CRY OF "WOLF."

MR. BUTTS STATES THAT PRESENT BILLS, IF PASSED, WILL COST CITY \$2,421,400.

Albany, March 29.—Assistant Corporation Counsel Butts, of New-York, to-day issued a statement showing that there are now before the legislature bills which, if they become laws, will compel New-York City to expend \$2,421,400. The statement was prepared under authorization of Corporation Counsel Whalen, who was in this city this week investigating the condition of New-York City legislation.

THE SOLDIERS' SHOW.

LIEUTENANT-GENERAL NELSON A. MILES REVIEWS THE TROOPS AT THE MILITARY TOURNAMENT.

The largest attendance of the week was present at the Military Tournament at Madison Square Garden last night, when the troops and smart marching sailors were reviewed by Lieutenant-General Nelson A. Miles. The evolution evoked hearty applause from the assembled throng, and General Miles received a hearty welcome. The garden was thronged from the arena to the top gallery, and late comers who had not secured seats in advance found accommodations scanty in the extreme.

One of the features in the athletic programme has been the practical clean sweep of the athletic soldiers from the assembled throng, and General Miles received a hearty welcome. Animosly, the favorite in the third, beat Draughtsman by only half a length, while in the fourth Isla, the favorite, won by three lengths. Imperialist, a third choice, easily took the fifth.
