

ANOTHER BIG OIL WELL.

BIG GUSHER ONLY FORTY MILES FROM THE CITY OF NEW-ORLEANS. New-Orleans, May 29.—An oil gusher of mighty proportions was brought in to-day, according to a dispatch, fifteen miles southeast of Houma, La., forty miles west of New Orleans.

SEEKING OIL IN ALABAMA.

SEARCH FOR COAL LEADS TO DISCOVERY OF ASPHALTUM AND FUEL OIL INDICATIONS. Birmingham, Ala., May 29.—J. W. Hughes, a mineral expert of Beaver Falls, Penn., who figured prominently in the deal by Pennsylvania coal operators came into possession of the Virginia and Alabama and the Corona Coal Company's investments in Walker County, Ga., and in search of coal, he is striking oil deposits of asphaltum three and one-half feet thick. The asphaltum has been pronounced of good commercial quality.

HAVE NOT REALLY RESIGNED.

A SOUTHERN SENATOR'S VIEW OF THE ACTION OF TILLMAN AND M'LAURIN. Washington, May 29.—According to a United States Senator who has gained prominence as a leader of the Southern wing of the Democratic party, the resignations of Senators Tillman and McLaughlin, of South Carolina, may prove to have an unsuspected string attached to them. This Senator said today:

Senators Tillman and McLaughlin have not resigned. They have merely notified the Governor of their State of their intention to resign. Their actual resignation will not take effect until the date specified—that is, either 15 or November 15. In the mean time either may withdraw his resignation, and the Governor may not be obliged, under the law, to recognize such withdrawal. In a case in Indiana some years ago this State held that such a resignation was simply a notice of an intention to resign, and that the man who had submitted it was entitled to withdraw it at his pleasure. In order for Messrs. McLaughlin and Tillman to resign in the regular and legal way it will be necessary for them to sign a paper relinquishing their seats at once. If they do not do this, their seats will, and will be until September 15 or November 15, whichever the date may be. No man can be appointed to fill an office until the office is vacant, and a possibility of lack of sincerity on the part of one or the other of the two Senators. There is no reason why a resignation should be held in abeyance until the date specified. It is a matter of course that the Governor should be notified of the resignation of a Senator, but it is not necessary that the Governor should be notified of the resignation of a Senator until the date specified. It is a matter of course that the Governor should be notified of the resignation of a Senator, but it is not necessary that the Governor should be notified of the resignation of a Senator until the date specified.

MAY BE A FIGHT OVER PRIMARY.

TILLMAN MAKES ANOTHER ATTACK ON M'LAURIN. Columbia, S. C., May 29 (Special).—The question of when the primary should be held to suggest candidates for Senator to the Governor will probably develop into a serious fight. State Chairman Jones, replying to a letter from McLaughlin, says that against a campaign in the hot months, and that McLaughlin can be assured of fair play from the committee. Chairman Jones and probably another committee man are candidates for the short term. This evening Senator Tillman came here, had a conference with the chairman, and then gave out a statement condemning McLaughlin for attempting to dictate to the people when they should have an election. The senior Senator favors a summer campaign.

TROLLEY LINE ALONG BLACK RIVER.

NEW ROAD TO CONNECT WATERTOWN AND SEVERAL VILLAGES. Watertown, N. Y., May 29 (Special).—Papers of incorporation of the Watertown and Carthage Traction Company have been filed in the County Clerk's office here. The company is capitalized at \$200,000, and will operate a street surface railroad through miles from Watertown to Carthage, connecting this city with Black River, Felt's Mills, Bend, Eggleston and Carthage, manufacturing centres representing the pulp and paper making industry of Black River Valley. The work of construction will be begun at once. The directors and principal stockholders of the proposed company are Arthur S. Fairchild, John W. Horner, jr., New York; Ernest S. Emanuel, Brooklyn; T. Hollister, Rutherford, N. J.; Clyde Notman, Short Hills, N. J.; John N. Swan, Hugo, L. L. Lutter and Masson, N. Swan, Watertown.

CHURCH SAFE BLOWN OPEN AND ROBBED.

Worcester, Mass., May 29.—St. John's Catholic Church was broken into last night by burglars, the safe containing the sacred vessels was blown open and vessels to the value of more than \$1,000 were taken. The altar of the church was not disturbed, which leads the police to believe that the work was that of Catholics, who were afraid to disturb the sacred precincts.

REPORT ON TROLLEY WRECK.

Albany, May 29.—The electrical expert of the State Board of Railroad Commissioners has completed his inquiry as to the cause of the head-on trolley car collision on the Albany and Hudson Electric road on Sunday last. He stated to-night that he would present his report to the board on Friday. Commissioner Baker and Mr. Barnes, the expert, will be present at the corner's inquest to be held at Troy on Friday.

BLEW OPEN BANK SAFE AND TOOK \$4,000.

Fosteria, Ohio, May 29.—The Bradner branch of the Mechanics' Bank of this city was wrecked early to-day, and \$4,000 stolen. Two charges of high explosives were used by the robbers, the first blowing the outer door off the vault and the second opening the strong box. The watchman fired two shots at the robbers as they left the bank, but they escaped unharmed on a Hocking Valley handcar. The entire glass front of the bank building was blown out and the walls were cracked. Burglar insurance fully covers the loss.

BUTTED TO DEATH BY A RAM.

Lexington, Ky., May 29 (Special).—A ram butted T. A. Bowling, a wealthy farmer of Larue County, to death this afternoon. The ram struck the farmer unexpectedly, and after knocking him to the ground butted him repeatedly in the chest and on the face. The ram was shot, but died shortly after being taken from the field.

M'GOVERN DEFEATS HERRERA.

San Francisco, May 29.—"Terry" McGovern and Aurelia Herrera, of Bakersfield, Cal., met at Mechanics' Pavilion to-night, before the National Athletic Club, for a twenty-round contest and McGovern won in the fifth round.

NEW JERSEY NEWS.

HISTORICAL SOCIETY IN A NEW HOME.

ADDRESSES BY CORTLANDT PARKER, DR. VAN DYKE AND OTHERS. The new home of the New Jersey State Historical Society in West Park, Newark, was formally opened yesterday. The building was formerly owned by the Newark Library Association, a private corporation, which gave up its library to the Historical Society, which gave up its library to the Newark Free Library, which is now installed in a handsome edifice near Washington Park. The Historical Society has always had other quarters cramped quarters on the third floor of Broad-st. building, and the present quarters were given by gift or purchase of the stock of the old library Association.

NEW-JERSEY'S MINERAL EXHIBIT.

SAID TO SURPASS THE EXHIBITS AT BUFFALO AND OF ALL OTHER STATES. Professor Kummel, the acting State geologist of New Jersey, has just made public an interesting extract from a letter to Professor Snook, who was until recently the State geologist, concerning New Jersey's geological exhibit at Buffalo. The letter was written by Frederick A. Canfield, of Dover, who is an authority on such matters. The extract is as follows:

None of the exhibits were completed when I left Buffalo, but enough was done to show that New Jersey is way ahead of all the other States in the quality and number of fine materials. There will be exhibits showing the large specimens from all parts of the world, but none of the latter contain specimens of the quality, or exhibit combinations of minerals all of which are found in New Jersey. In this number are 95 distinct and good species, many of them being shown by first class specimens. We were highly complimented by the United States Government will contain so many good species. We were highly complimented by the United States Government will contain so many good species. We were highly complimented by the United States Government will contain so many good species.

AARON S. BALDWIN RETAINED.

HE WILL CONTINUE TO BE ADMINISTRATOR OF THE M'PHERSON ESTATE. Judge Blair, in the Hudson County Orphans' Court yesterday, decided to retain Aaron S. Baldwin as executor of the estate of the late Mrs. John W. McPherson, widow of United States Senator McPherson, who was appointed Judge Otto Crouse administrator pendente lite to act in conjunction with Mr. Baldwin during the contest. Mrs. Ella Muir, the sole surviving child of Mrs. McPherson, was given only a life interest in the estate, valued at over \$200,000, and no interest in the real estate. The removal of Mr. Baldwin, who is a beneficiary, and have an administrator pendente lite appointed. The court also ordered that the money on deposit in the name of Mrs. McPherson and the money on deposit in bank until the obligations of the estate are discharged.

PLANK ROAD MATTER TO GO TO COURT.

The counsel for the Newark Manufacturers' Committee and Board of Trade decided yesterday to begin mandamus proceedings against the Hudson County Board of Freeholders, to compel the board to comply with a new law requiring the counties of Essex and Hudson to assume charge of the removal of the plank road. The board of freeholders refused to do so, and the board of freeholders refused to do so, and the board of freeholders refused to do so.

WANTS RIGHT TO DOCK HIS VESSELS.

The Riparian Board received an application yesterday from the Holland-America Steamship Company, through the Hoboken Land and Improvement Company, which asks a revolutionary right in the land, to dock its vessels on the north side of Hudson Square Park and over the riparian lands owned by the city. A similar permission was granted to the Holland-America Steamship Company, and a successor to Mr. Dolliver was elected. When his credentials were presented to the House on December 3 the point was raised that they did not entitle the newly elected member to a seat in the House. This objection was overruled by a majority of 100 to 80. The case is somewhat similar to that of the two South Carolina Senators, neither one has resigned, each has simply notified the Governor that he intends to resign. Not until September 15 will either man be considered an ex-Senator, and either may at any time during the interim withdraw, the Governor, according to the Indiana decision, being obliged to consent to such withdrawal.

YOTED FOR A NEW LIBRARY BUILDING.

Assembly Park, May 29 (Special).—At a special meeting held here to-day the proposition to issue \$150,000 worth of municipal bonds to purchase the site for a new library building on Grand-avenue, was adopted by a small majority.

HAS NO RIGHT TO BUILD SUBWAYS.

The Essex Electric Company was lately organized in Newark to supply light, heat and power, and application was made to the Board of Works for permission to construct subways. The new company engaged to sell electricity to the city at much cheaper rates than the United Electric Company, which is now alone in the field. Corporation counsel Price, the legal adviser of the existing agreement between the city and the United Electric Company, which are in the nature of a contract, the board has no right to grant the privilege to the new company, and will apply to the city wire area and subway plant of the United Electric Company, and will accept all the terms and conditions of that company's contract.

DEDICATION OF THE NEW-JERSEY BELL.

The New-Jersey bell will be dedicated at 3 p. m. to-morrow in front of the Mackin Street School, No. 1, in Mackin-st., near Pierce-avenue, West Newark. The bell was captured in May, 1862, at Suffolk, Va., by William Pfeiffer, of the 20th New-Jersey Volunteers, and by him was brought to West Newark at the close of the Civil War. Soon afterward it came into the possession of the Mackin Street School. The Veteran Zouaves of Newark, and several members of the Woman's Relief Corps of Summer Post, G. A. R., of Newark, will be present at the dedication.

HUDSON COUNTY NEWS NOTES.

Judge Blair has fixed June 17 as the date of the trial of Thomas G. Barker, who shot the Rev. John Keller in Arlington on February 2.

THE HUDSON COUNTY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS HAS PURCHASED A BUILDING FOR ITS PERMANENT HEADQUARTERS AT GRAND AND WARREN STS., JERSEY CITY, FOR \$5,000.

The four Grand Army posts in Jersey City will to-day march directly from their headquarters to the cemeteries they usually visit. The Union Veteran Legion will hold exercises at Trinity Methodist Episcopal Church.

Chief of Police Benjamin Murphy read a paper yesterday at the convention of the chiefs of police of the United States and Canada being held at the Hotel Savoy, New-York City. His subject was "The Prevention of Crime the Primary Duty of the Police."

GRAND JURY REFUSED TO INDICT.

The Hudson County grand jury has not sustained Dr. John D. McGill, president of the Jersey City Police Board, in his attacks on the suggestive theatrical poster, as they refused to indict the advertising agent of a variety theatre.

THE NEW-YORK TO HAVE NEW ENGINES.

Philadelphia, May 29.—The disabled American Line steamship New-York, which broke her tall shaft on April 22, when a few miles from Cherbourg, France, arrived at Cramps' shipyard yesterday from New-York. She will be repaired and re-fitted with new engines. When the big steamer takes her regular place next spring she will be a 21-knot vessel.

FOLEY-DIVVER RIVAL SHOWS.

BOTH CROWDED IN THE FIGHT FOR SUPREMACY IN THE ILL DISTRICT.

All the braves of Tammany Hall, politicians big and small, in the Ill went last night to the Foley-Divver fight. All the boys in Bowery lane, glad for shelter from the rain; all the heavers on the pier, who were thirsty for "free beers," from South Ferry to the Bend, were invited to attend. For to all it was well known that "Tom" Foley had now grown so ambitious that he reckoned he was leader of the Ill, and had boldly planned to rout "Paddy" and to turn him out from the leadership, while he assumed supremacy.

"Paddy" hearing that his foe, had thus planned to lay him low, said: "Say, boys, we'll have a show, then we'll have 'Tom' on the go, for the Ill belongs to me, 'Paddy' is its leader. See?" So the "Divvers" went out cards with their "Paddy's" best records, asking all to see the show, as it "wasn't nothing slow." When "Tom" heard that "Paddy" had done, he replied, "We'll have some fun; I'll give 'Paddy' a long run, till he owns up I have won." So the giants in the fight both had vaudeville shows last night. Foley had his vaudeville show at his clubrooms in Park Row. "Paddy" told his crowd to meet at headquarters, in Madison-st. All the boys of Bowery Lane, glad for shelter from the rain, all the heavers on the pier, who were thirsty for "free beers," crowded to these rendezvous to see the show and get the "boozie." Those who went to Foley's show, filled the rooms to overflow, and when beer was out and run dry, they were treated to old rye. Naught was left undone to show that "Tom" Foley was not in slow.

THE CENTRAL'S NEW OBSERVATION CARS.

The new Pullman observation parlor cars just placed in service on the Empire State express are the three "V's"—Victorine, Victorine and Victorine. They are the largest and most perfect of modern Pullman construction, being well ventilated, with steel platforms and observation facilities at one end. They are illuminated by Pintsch light and electricity, with the air pressure system of hot and cold water. Each car has twenty-nine seats in its body and a drawing room containing five seats and a smoking room with six seats. The smoking room is finished in English oak and upholstered in blue moquette and finished in Sardinia moquette. The drawing room is finished in white and upholstered in blue moquette, with the car is fitted out in vermilion, with marquetry finish, the chairs in this room being of the panel back pattern, upholstered in green moquette.
