

The buying side continues popular with the West, although the claim of hot weather damage is being abandoned. The cash demand does not improve. Deliveries July 1 will be large, almost the entire stock. The inspection was only 13 cars, the estimate for to-morrow 150 cars. Receipts at Western points keep at about one-third of what they were a year ago. The official weekly crop bulletins reported general improvement. Shipping sales were 20,000 bushels; clearances, 122,000 bushels. California wheat and the seaboard reported 60,000 bushels. Cots were strong, closing up over Tuesday. There was a decided improvement in the cash demand, sales here over 50,000 bushels. There was an early dip in futures with corn and wheat, but the close was at the top. July 27, 1901.
