

LIST OF HONOR WINNERS.

PAN-AMERICAN AWARDS IN FINE ARTS MADE PUBLIC.

SPECIAL MEDAL IS RECOMMENDED FOR AUGUSTUS ST. GAUDENS FOR EXCEPTIONAL EXCELLENCE IN SCULPTURE.

Buffalo, Aug. 6.—The list of awards in fine arts was made public to-day. The committee that passed on the exhibits was chosen from among the prominent exhibitors, but the members had been selected out of the competition before the voting of the awards began. The value of the awards depends to a great extent upon the men who make them, and the result of the committee's work will be better understood when it is known that the exhibitors include many of the best known artists in the world.

The fine arts jury as a whole prefaces its report to the superior jury with the following statement: "The jury of awards for the division of fine arts in the present exposition is the most complete and representative exhibition of American art ever yet put together. Almost all the works collected were solicited for the exhibition by the director and his assistants, and no unsolicited work was admitted without the approval of an expert professional jury, so that the mere presence of a work of art in this collection is itself a certificate of merit. Under these circumstances it has seemed necessary to the jury to make a very large number of recommendations of awards, in order to do even partial justice to the work exhibited."

This recommendation of the jury for fine arts was adopted by the superior jury, and the special award was created by the executive committee on August 2, and this great distinction of a medal of honor as the grand and chief award in the entire Pan-American Exposition has been given to Mr. Augustus St. Gaudens. It is in line with the success of this eminent artist in Paris last year, when his preliminary sketch of the "Statue of General Sherman," which is exhibited for the first time in the United States at the Pan-American Exposition, and for which, including the memorial to Colonel Shaw, erected on Boston Common, and the memorial to Robert Louis Stevenson, to be placed in Edinburgh, he was made an officer of the Legion of Honor without passing through the ordinary procedure. The award of a special diploma and medal of honor, above and apart from all other awards, is created solely for his work.

ROBBERS MAKE RICH HAUL. GOLD BULLION WORTH \$280,000 STOLEN FROM THE SELBY SMELTER AT VALLEJO, CAL.

Vallejo, Cal., Aug. 6.—Gold bullion valued at \$280,000 was stolen last night from the Selby Smelting Works here. The robbers evidently had been working on the job for two or three months. They had dug a tunnel from outside the house, beginning with a shaft about three feet deep. Thence they worked underneath the vault, and striking upward, bored holes in the floor of the strongroom. Part of the holes were bored two months ago, it is thought, and the last one was completed in the night. Through that hole they took the gold bricks and carried them to a bank near the mouth of the tunnel, east of the works, where they were evidently placed in a boat. In their hurry, the robbers left two of the bricks on the bank.

In the night one of the workmen reported to his fellows that he heard a noise in the strongroom, and declared it was a ghost. The others ridiculed him for his superstition, but no investigation was made. The entrance to the tunnel was covered with a frame, over which the employees of the smelter passed repeatedly every day, but no one seemed to notice anything out of the way. Sheriff Veale, chief of police of Vallejo, his deputies, and the Contra Costa County, his deputies, and the chief of police of Vallejo, as well as the police of San Francisco and all the bay cities, are at work on the case, but so far there is not the slightest clue to the robbers. The work was done by skilled men, and their elaborate plans were carried out without a hitch. They got all the bullion in the vault, leaving behind only the two bricks dropped on the shore. Only one day's accumulation of refined gold was kept at the works. Yesterday's run was unusually heavy, and the gold was to have been shipped back to San Francisco to-day.

The tunnel the robbers excavated was about three feet in diameter, and gave them plenty of room in which to work. It is supposed that the dirt from the tunnel was taken out at night and dropped into the bay. The shaft was started close to the wall and was sunk below the foundation. Thence it was only a short distance under the floor of the vault. It is thought the men who made the robbery took their plunder away in a launch and made directly for San Francisco. There are plenty of places, however, to which they may have gone on the Pacific Coast. Ores are sent there from all parts of the western slope for reduction. The works are near the bay shore, about thirty miles from San Francisco. The gold is kept in a steel tank in the strongroom. Every day from Selby's San Francisco office to the smelter by a special boat. The boat arrived at the works as usual to-day with the consignment of bullion, and the strongroom was opened, so that it could be stored. Then it was that the smelter officials discovered their loss.

MYSTERY IN BIG JERSEY PROJECT. TWO MEN GET A RIPARIAN GRANT AT PLEASANT VALLEY, BUT FAIL TO PAY FOR IT.

A riparian grant recently made by the New-Jersey State Riparian Board to George R. Ross and William Sprague of 50 feet of riverfront property at Pleasant Valley, a short distance south of the Fort Lee ferry, is surrounded by considerable mystery. Secretary John C. Payne of the State Riparian Commission still holds the grant, which has not been paid for, and will hand it over when he receives \$30,000. It is pretty generally believed that the application was made on behalf of capitalists who propose erecting a plant on the New-Jersey shore to fight the Sugar Trust, but all who might be expected to support the project are silent. The Riparian Commission held its last session on the porch of the Governor's cottage at Sea Girt, there appeared before it George R. Ross and E. C. Eckerson, his counsel, who made a verbal application for the grant. He talked as if Mr. Ross had millions at his disposal, and that he had had millions at the disposal of the plant. "What is the nature of the plant?" asked Governor Voorhees. "That I am not prepared to disclose," replied Mr. Eckerson. "For business reasons. We want our plant kept secret until we are ready to start to build it. The company we are forming is to be a trust for the purpose of the land under water, but decided to allow a rebate of \$20 a foot if the projectors of the plant should expend \$300,000 within six months. The commission was willing to make it a year, but Mr. Eckerson was perfectly willing to make it six months, and the commissioners took him at his word. He was to pay the \$30 a foot when the new plant within that time, he said, and his manner of saying it gave the impression that that sum was really a small fraction of what would be spent. As to how the money should be paid the commissioners said that the projectors could either pay in cash or by check, and that they would accept the commission pay back the \$20 a foot when the terms of the contract were complied with, or they could pay the \$20 a foot when the plant was completed. After a discussion Messrs. Ross and Eckerson returned to the city and made a formal application for the grant was made, and would deposit a certified check for the balance with the secretary of the board. It returned with the deed at the expiration of six months, providing \$300,000 had been expended. When the formal application for the grant was made by Secretary John C. Payne, Mr. Ross and William Sprague. Since the deed had been drawn Mr. Ross has been in to see Secretary Payne, but he has not been in to see Secretary Payne since. Mr. Eckerson's assurance, but still refused to tell what kind of a plant it was proposed to erect.

M'LAURIN DEFENDS HIMSELF. A SHARP REPLY TO THE STATE EXECUTIVE COMMITTEE AND AN ATTACK ON TILLMAN.

Columbia, S. C., Aug. 6.—The State Democratic executive committee to-day received Senator McLaughlin's reply to their action of July 25 condemning his course in the Senate and demanding his resignation. In the course of the letter Senator McLaughlin says: "I hold my commission from the Democratic voters of South Carolina. I recognize no authority but theirs, and I regard them as my only source of power and shall in due course appeal to them for judgment on my course as a Senator and my character as a citizen. I am indifferent to your action because nobody has made you my master or censor. I regard you as a body of men who have no right to express the malice and the fears of one individual, Senator R. Tillman. But for this always evil and unscrupulous and unscrupulous and unscrupulous I should have preferred the party to disrepute and impeach me. I shall ask the people to decide between the man who has tried to help cotton factories, open his eyes of commerce and to commend the Democratic party to commend the confidence and respect of business and laboring men of the North and South, and the man whose conduct and record have been to sink the party to disrepute and impeach me.
