ANARCHISTS SCARED,
KNOW THEY'LL BE CLOSELY WATCHED NOW.

HAD PLANNED STARTING NEW GROUPS BUT WILL KEEP QUIET FOR A WHILE — THE PRODUCTION OF THE POLICE.

Leon Cobo, who attempted to assassinate President McKinley, in his confession to the police of Buffalo, told how he planned and executed the crime. The idea was first suggested to him, he said, by seeing a picture by Forrest Goldsmith, the notorious anarchist. He went to Buffalo on Saturday, the President was to visit the exposition, and there finally decided to destroy Mr. McKinley. He watched carefully for the opportunity of being once present at a building, where a home for the insane was to be opened, to find some of those who witnessed it, all agreeing that the President's first thought was for his welfare.

STORIES OF THE SHOOTING,
MAKES FULL CONFESSION,
TOLD BY WITNESSES OF THE TRAGEDY BY MEN WHO SAW IT.

Buffalo, Sept. 7.—President assassination apparently was the result of an insane man's desire to see that the President was made to suffer. A little girl was immediately ahead of him, but he started off after the President's car, and when he got close to it, he fired three shots at the President. The President was hit in the right arm and hand, and received two bullet wounds in the back. The President was rushed to the hospital, and a large bullet was removed from his side. The President in the hospital was put in a bed, and the bullet was removed.

KNOt WHAT HAPPENED.
