

OUTBREAKS IN SAMAR.

MAY SERIOUSLY CHECK PACIFICATION OF THE PHILIPPINES.

GENERAL CHAFFEE'S FORCE TO BE KEPT AT ABOUT ITS PRESENT STRENGTH FOR AN INDEFINITE TIME.

Washington, Oct. 19.—One of the questions that will require the prompt and serious consideration of Secretary Root on his return to this city next week will be the military situation in the Philippines. The recent outbreaks in the island of Samar have disturbed the authorities considerably. It is realized that they may prove a setback to the plans of the administration for the pacification of the Philippines and the extension of American sovereignty.

There is no longer any prospect of a substantial reduction in the strength of the Philippine army for some time to come. In fact, the latest advice from General Chaffee contains arguments against any reduction of his force at this time, except as required by the expiration of enlistments. As was pointed out by General Corbin in his annual report, the army will lose nearly two thousand men a month on this account. The War Department officials are now considering how to meet this prospective deficiency without impairing the efficiency of the military establishment in the Philippines. General Chaffee has said that he will require three extra transports to assist in bringing home the short term men within the next six or eight months. The Quartermaster's Department has selected the transports Meade, Rosecrans and Egbert for this service. The last two named will leave Washington ports in a few weeks for Manila. They will take out civilian employes and supplies. The Meade, which is at San Francisco, is being held in reserve for the purpose of taking out troops to replace those to be brought home.

Other vessels which will be taking troops to the Philippines are the Grant, at San Francisco, and the Crook, at New-York. The former, which is expected to sail about the middle of next month, will carry out an entire regiment, with its equipment, and the Crook will take the nucleus of another regiment and a number of recruits. She will start about December 1. Although not finally settled, it is probable that the 28th Infantry, now in the Department of the Columbia, will be sent to the Philippines in the Grant.

A RENEGADE AMERICAN'S CRIMES. SENTENCED TO BE HANGED FOR MURDER, ASSAULT AND ROBBERY.

Washington, Oct. 19.—George A. Raymond, an American, and formerly a private in the 41st Volunteer Infantry, was tried by a military commission in the Philippines a while ago on a triple charge of murder, assault and robbery, and sentenced to be hanged. The records in this case, which have just been received at the War Department.

On the muster out of the 41st Raymond went to the Province of Pangasinan and endeavored to organize a band of outlaws among his ex-comrades. On May 7, while he was riding along a road near the barrio of San José with Henry Bohm, who had also been a private in the 41st, and who was supposed to be on friendly relations, Raymond treacherously turned on his companion and killed him with his revolver, and then emptied the dead man's pockets. Two days afterward, in company with Ulrich F. Rodgers and George L. Muhn, former privates of the 41st, Raymond, wearing the uniform of a United States Army officer, entered the premises of a peaceful native and treacherously assassinated him, and with him carried off to execution at a time and place to be designated by the commanding general of the Department of Northern Luzon.

In reviewing this case and approving the sentence of death General Chaffee said: "The depravity and dangerous criminal propensities of the accused, involving in the short space of time the robbery of a peaceful native and the treacherous assassination of a respectable girl and the murder of a peaceful native, can call for but one fitting penalty."

ACTION ON DEATH SENTENCES. ONE APPROVED AND ONE COMMUTED BY THE PRESIDENT.

Washington, Oct. 19.—President Roosevelt has approved the death sentence imposed in the case of Private William Wynnes, Company I, 24th (colored) Infantry, found guilty of murder in Pangasinan, Philippine Islands, and sentenced to be hanged. The President directs that the sentence be duly carried into execution at a time and place to be designated by the commanding general of the Department of Northern Luzon.

HE CANNOT GET A COPY OF THE NEW TRIAL OPINION.

District Attorney Philbin said yesterday that he had not decided what to do with Molineux. He said that he could not come to a decision whether or not to bring him to trial, because he had not yet received a copy of the opinion rendered in the case by the justices of the Court of Appeals. He telegraphed yesterday to W. H. Shankland, clerk of the Court of Appeals, and received a letter in reply stating that the justices had given orders to the court reporter not to issue any more copies of the opinion until further advised by the court.

Mr. Philbin said he was at the hotel at 12:30 when the mother of the Tombs boy came to see him. She was with Molineux for about half an hour.

GENERAL AND MRS. MOLINEUX CALLED AT THE TOMBS IN THE AFTERNOON. THEY HAD A LONG TALK WITH HOLLAND, AND WHEN THEY CAME OUT THE MOTHER'S FACE bore evidences of weeping.

POLICEMEN STAND UP FOR MOYNIHAN. THEY DENY ADMITTING THAT THEY DID CARPENTERING FOR HIM.

Patrolman August Boller, Sergeant Gilmarin, of the West Twentieth-st. station; Annie Ryan, and Detective William Hughes were yesterday called as witnesses at the hearing at Police Headquarters in the case of Captain Moynihan, charged with causing Patrolman Boller and Egbert to work on his private property when they were supposed to have been on duty. No important testimony was heard. The case was adjourned by Inspector Harley until Monday at 10 o'clock.

WOMAN FOUND DEAD ON PALISADES. BOTTLE WHICH HAD CONTAINED CARBOLIC ACID WAS NEAR THE BODY.

A woman was found dead on the Palisades yesterday morning, who had committed suicide by taking carbolic acid. The body was found in a clump of bushes near the old Fort Lee Hotel. Beside the body was an empty bottle labeled "Carbolic Acid." The woman's mouth and lips were frightfully burned. A short distance from the body was a small handbag, in which were a number of business cards bearing the name of Miss Lydia E. Saame, real estate, Fort-second-st. and Madison-ave. The body was removed to McNally's morgue, at Fort Lee, N. J.

THE HUDSON IN AUTUMN. The Hudson, clothed in autumn colors, is something no one can afford to miss. Those who have seen it only in summer garb can have little idea of its marvellous beauty decked in the regal tints of October and perfectly reflected as in a great mirror.

The Pan-American Exposition, with its fall travel, made it possible for the Hudson River Line to extend the time of its excursion trips this season until the latter part of the month, and many are taking advantage of the opportunity thereby provided of seeing the queen of rivers in all its glory.

COMMISSIONER HARLOW RESIGNS.

TRANSFERRED TO ST. LOUIS POSTOFFICE—CIVIL SERVICE COMMISSIONER OFFERED TO W. D. FOULKE.

Washington, Oct. 19.—Major John B. Harlow, a member of the United States Civil Service Commission, has tendered his resignation to the President, and will be transferred back to the St. Louis Postoffice under the present postmaster. Major Harlow has the hearty good-will of the President, and the transfer is made in recognition of his past service both in civil and military positions. The President has offered the vacant commission to William Dudley Foulke.

MAY SHORTEN LEHIGH'S LINE.

REPORTED PLAN TO LOWER TIME BETWEEN WILKESBARRE AND THIS CITY BY ONE HOUR.

[BY TELEGRAPH TO THE TRIBUNE.] Wilkesbarre, Penn., Oct. 19.—There is a well defined report that the new trolley line between this city and Hazleton is in reality to be part of the main line of the Lehigh Valley Railroad, between New-York and Buffalo. This road would shorten the distance between here and New-York by an hour's time, by tunneling for three-quarters of a mile through the mountains, and thus avoiding all the heavy grades and curves. The attorneys for the new road, which is ostensibly a trolley road, have admitted, in an answer filed to an injunction, that the road is to be used with both steam and electrical power, and that a number of locomotives have already been purchased. They also say that the rails, the ballasting and the bridges, will all be heavy enough to withstand the weight of kind of traffic.

POLICE WERE IN A QUANDARY.

MAGISTRATE MOTT REFUSED TO DISCHARGE OR COMMIT A PRISONER.

Owing to the absolute refusal of Magistrate Mott, sitting in the West Side court, to make any disposition of the case, the police of the West Forty-seventh-st. station house, who are engaged by their hands yesterday in the shape of a prisoner, Oliver M. Clarke, of No. 65 Marcy-ave., Brooklyn. Let him go they could not, because of the magistrate's refusal to discharge him, while to hold him a prisoner was equally impossible, owing to the magistrate's refusal to commit him. Sergeant Farrell was in a quandary. Policeman Mott had twice ordered them out of court, Clarke, who was the only cool one in the lot and who took the whole thing as a huge joke, was discharged by Inspector Harley.

Clarke had been arrested by Policeman Horan on a charge of malicious mischief. Ahearn & Hallahan, builders and contractors, of No. 78 West One-hundredth-st., had been engaged by their hands to purchase three lots in West Forty-ninth-st., on which they contemplate erecting a thirteen story apartment house. One of the lots stands a house occupied by Mrs. Nora Foster. Hallahan & Ahearn declared that Mrs. Foster's lease expired on October 15, and consequently got permission from the building department to pull down the house at that time. Mrs. Foster contends that she has a lease on the property, which has not yet expired. She claims that the contractors were to begin work razing her home on that day. Mrs. Foster stationed one of her attorneys, Harry M. Clark, at her home in company with Policeman Horan, while another attorney, Harry M. Clark, went to the court. Magistrate Mott refused to have anything to do with the case after he had refused to allow Mr. McCoy to withdraw the charge in order to get the prisoner released. Magistrate Mott refused to allow Mr. McCoy to withdraw the charge or to discharge the prisoner. "I refuse to have anything to do with it," he exclaimed.

Inspector Harley was called up on the telephone and the puzzle was given him to solve. At 12:30 o'clock he set back Mr. McCoy would make a written statement withdrawing the complaint, the prisoner could be released. Mr. McCoy would comply with this condition, and Clarke was declared a free man.

PHILBIN'S ACTION UNDECIDED.

WOMAN FOILS TWO ROBBERS.

HER PLUCKY RESISTANCE, DESPITE CHLOROFORM PREVENTS THE THIEVES FROM GETTING AWAY.

Passaic, N. J., Oct. 19 (Special).—Only for the resistance of a woman, the wife of John Kessler, of Carlstadt, a suburb of this city, two thieves would have robbed the house to-day. Kessler is an inspector of streets. Friday night he received \$500 at the meeting of the Council. Of this the thieves must have been aware.

Early this morning Mrs. Kessler heard footsteps in her bedroom. She tried to arouse her husband. All efforts failed. Rising, she struck a match to light the gas. Suddenly she was confronted by the two men, one of whom carried a long club. They seized the woman by the arms and, despite her screams, commanded her to return to bed. Mrs. Kessler is of slight build. She fought the men as best she could, but they succeeded in throwing her on the bed, and while one held her head the other applied a sponge soaked with chloroform to her nostrils. Mrs. Kessler finally succumbed, the thieves left her and went about their work looking for the money which Kessler had placed in hiding.

The chloroform had not taken a good hold on the woman, and suddenly coming out of her stupor she screamed. Her cries alarmed the thieves, who leaped from a window and escaped. When able to rise Mrs. Kessler found her husband under the effects of the drug. She summoned a physician before he was aroused. Mrs. Kessler, mother of the owner of the house, is ill as a result of an overdose of the chloroform given to her.

Investigation revealed the fact that the thieves had, after entering by a front window, gone immediately to the sleeping apartments, a place under the effects of the drug the entire household, consisting of seven persons, including Kessler, his wife, mother, a guest and his three children. The wife, though suffering from the stupefying excitement as a result of her experience with the two thieves, was about her home to-day. She is looked upon as a heroine by the neighbors in the quiet neighborhood where they live. The men, she said, were powerful fellows. "I fought them as best I could, and I'm sure if I hadn't they would have robbed us," she said. "I would so have frightened them away from me that they produced that club. Then my strength left me and I almost fainted."

HE BARKED LIKE A DOG.

MAN ACCUSED OF ATTEMPTED MURDER CREATED A PANIC IN A COURT.

A panic was created in the County Court room at White Plains yesterday, when Henry Boecker, who is accused of attempting to murder his sweetheart, Lizzie Spiess, because she flirted with another man on a trolley car, was brought from jail to be examined as to his sanity. He barked like a dog and screamed at the top of his voice so that he could be heard throughout the courtroom. He raved, tore at his hair, and kept saying, "I didn't mean to shoot her. Oh, Lizzie, I love you!" Judge Lent appointed Drs. Curtis, Busch and Russell commissioners of lunacy to examine Boecker. The jail keeper had great difficulty in preventing the prisoner from strangling himself. For four nights he has kept the prisoners in the jail awake by his yells.

ELECTRIC AND HORSE CARS BUMP.

SIDE OF CROSSTOWN CONVEYANCE IS WRECKED AT BROADWAY AND TWENTY-EIGHTH-ST.

A Columbus-ave. car speeding up Broadway last night at Twenty-eighth-st. crashed into an eastbound crosstown horsecar, almost wrecking it. Nobody was injured, but a number of women passengers in both cars became hysterical. The driver of the horsecar said that his brake failed to work when he attempted to stop the car before crossing Broadway. He had pulled the horses up, but when he saw that they would be run into by his own car he let them go ahead and tried to make the other side of Broadway.

The motorman saw the impending danger, and reversed his lever. He could not, however, bring his car to a full stop, and it struck the horsecar directly in the centre. The side of the horsecar was smashed, and every pane of glass in the Columbus-ave. car was knocked out.

MAYOR OF WINCHESTER HERE.

COMES TO TAKE PART IN THE ALFRED MILLENNARY CELEBRATION.

The Right Worshipful the Mayor of Winchester, England, Councillor Alfred Bowker, accompanied by his sister, Miss Edith Bowker, the Mayor of Winchester, arrived yesterday on the American Line steamer Philadelphia. They are here to take part in the services in commemoration of the thousandth anniversary of the death of King Alfred the Great, which will take place in this city, beginning on Sunday, October 27. The Mayor of Winchester has been appointed to represent the English National Committee, of which the Lord Mayor of London is president.

NOT TO DRAIN THE ZUYDER ZEE.

THE NETHERLANDS MINISTRY ABANDONS THE PROJECT.

Washington, Oct. 19.—The State Department has been informed by Consul Hill at Amsterdam, under date of September 23, that the project of draining the Zuyder Zee and adding new fertile land to the Kingdom of the Netherlands, which has been drawn from the States General by the new ministry. The matter thus has been disposed of, probably for good. The project, which was a part of the Dutch budget renders such an undertaking at this time inadvisable and moreover the fall in the price of land has diminished the demand for new agricultural holdings.

MONUMENT TO FOUNDER OF KNOXVILLE.

Knoxville, Tenn., Oct. 19.—Captain Richmond P. Hosen arrived here to-day to attend the dedication of the Daughters of the American Revolution of the monument marking the site of the home of General James W. White, founder of Knoxville, who was Hobson's great-grandfather. The ceremony took place at the site of the suburban home of J. C. Groner, where General White's house stood.

A CIVIL WAR BREAKFAST FIGHT.

From the Baltimore Sun. Apropos of the recent disaster to our troops in the Philippines, who were surprised at breakfast, the narrator continued, "and, grabbing my carbine, I rushed to the aid of the brave and unknown Grand Army man of this city who relates a story of attack upon a small band by overwhelming numbers of the enemy, and his well-nigh miraculous escape from death. It happened in Fayetteville, Arkansas, about ten or fifteen miles from the front. The Federal cavalrymen had been sent out to ascertain the whereabouts of the foe, some 2,500 or 3,000 strong, and had started for a camp, one of which occupied from 6 o'clock in the evening until 1 o'clock the next morning, in a narrow lane for two miles, almost the entire force of the enemy charged upon them from the surrounding woods. The Federal cavalrymen, who were shot down where they stood. Others jumped upon their horses and endeavored to escape. A stampede ensued, which the officer in charge tried to check by shouting words of command. The Federal trooper, being one of the best in the detachment, carried his rider over a fence, deep into the forest to a place of comparative safety, and there dropped in his tracks, having received a fatal wound in the thigh.

"Just as I had stripped the noble animal and turned him loose for I dared not shoot for fear of hurting the noble creature, I heard the sound of a horse's hoofs coming down the bridge path," the narrator continued, "and, grabbing my carbine, I rushed to the aid of the brave and unknown Grand Army man of this city who relates a story of attack upon a small band by overwhelming numbers of the enemy, and his well-nigh miraculous escape from death. "After a hard gallop of about three hours I reached our lines and rejoined my company. Two years ago a similar disaster was reached and arrived, fully prepared for the fight which followed. We lost over three-fourths of the 900 men who were present. The rest of the men who were left back to the lines were wounded, and I kept him for a long time afterward."

A HUNT FOR DESERT HORSES.

Salt Lake City correspondence of The Los Angeles Herald. Sport rivaling in excitement that of a buffalo hunt is scheduled to take place in Washington and Utah counties and across the Utah line into Northern Arizona on Thursday, when the people of the Canaan district expect to set forth and exterminate many desert horses as can be rounded up. The hunt is looked to start at Pipe Springs. Where it will end no one pretends to know. The district, lying between Harricane Ridge and Kanab Wash and over the old Canaan range to Mount Franklin, is being eaten up by the sheep on many scores. The ranchers are complaining that small animals are being run off, and many valuable sportsmen firing at supposed desert horses, so the populace has decided that the Mustang must go. TRAPPING ON THE YUKON. From The Washington Star. A thousand men, exclusive of Indians, are engaged in hunting and trapping in the vast extent of fur bearing country on the upper Yukon, according to a report from the United States State Department from Consul McCook at Dawson City. Dawson City is the central market for this country, and sends forty thousand pounds of furs annually to the great fur markets of London and New-York. The industry yields an annual revenue of about \$250,000. The fur trade is a very important one from the Mackenzie Basin to the coast range, and the season, says Mr. McCook, was better than in previous years. SPORT RIVALING IN EXCITEMENT THAT OF A BUFFALO HUNT is scheduled to take place in Washington and Utah counties and across the Utah line into Northern Arizona on Thursday, when the people of the Canaan district expect to set forth and exterminate many desert horses as can be rounded up. The hunt is looked to start at Pipe Springs. Where it will end no one pretends to know. The district, lying between Harricane Ridge and Kanab Wash and over the old Canaan range to Mount Franklin, is being eaten up by the sheep on many scores. The ranchers are complaining that small animals are being run off, and many valuable sportsmen firing at supposed desert horses, so the populace has decided that the Mustang must go. Two years ago a similar disaster was reached and arrived, fully prepared for the fight which followed. We lost over three-fourths of the 900 men who were present. The rest of the men who were left back to the lines were wounded, and I kept him for a long time afterward."
