

GOVERNMENT OF TIEN-TSIN

MILITARY COMMANDERS REFUSE TO YIELD COLLECTION OF TAXES TO CHINESE.

Peking, Nov. 21.—The military government established over the native city of Tien-Tsin continues in effect, the military commanders refusing to yield the collection of taxes to the Chinese. They also decline to submit the question of their control of the native city to the ministers of the foreign powers here, holding that a continuance of the military government there is vital to the maintenance of communication between Peking and Taku.

The ministers apparently regard the question as within their jurisdiction, and some of them are of the opinion that it is impossible, under the terms of the protocol, for foreigners to continue to govern Tien-Tsin.

Corea has secured the premises in Peking long occupied by the United States Legation, and will take possession thereof at the expiration of the American lease next spring.

TAO MU SAID TO HAVE RESIGNED.

Hong-Kong, Nov. 21.—The rumored death of Tao Mu, Viceroy of Kwang-Tung and Kwang-Si, is denied.

It is now said the Viceroy has resigned, owing to the Empress of China having refused to allow him to grant a concession for Honam Island, opposite Canton, to certain foreigners, presumably on application made by the American, German, French and Japanese consuls.

The court, telegraphing to the Viceroy in reply to his request to grant this concession, said: "Defend the boundaries; those are your orders."

SHOOTING OF QUEEN DRAGA DENIED.

REPORT THAT SHE DRANK POISON AFTER QUARREL WITH HER HUSBAND, BUT LIFE WAS SAVED.

Vienna, Nov. 21.—An official Serbian statement just issued declares there is absolutely no foundation in the reports that Queen Draga has been shot or that she drank poison.

London, Nov. 21.—A special dispatch from Budapest today says a newspaper there asserts that Queen Draga and King Alexander of Serbia recently quarrelled, and the King slapped the Queen's face. The latter thereupon drank poison, and her life was saved by physicians.

NO SALE OF SEATS FOR CORONATION.

KING EDWARD DECIDES THAT ONLY BRITISH SUBJECTS CAN ATTEND, SAVE OFFICIALLY.

London, Nov. 21.—King Edward has checked the thrifty British nobles and others who proposed to line their pockets with American and Continental gold by the sale of their seats in Westminster Abbey for the coronation ceremony, by decreeing that, except in an official capacity, none save British subjects are to be present. He has decided that the mere fact of any seat being sold will disqualify both the holder and the seller from the right of occupying the seat.

FRUIT STEAMER AGROUND AT JAMAICA.

THE ETHELRED WILL PROBABLY PROVE A TOTAL LOSS—CREW SAFELY LANDED.

Kingston, Jamaica, Nov. 21.—The British steamer Ethelred, Captain Nickerson, which sailed from New-York November 15 for West Indian ports, grounded this morning on the north side of the island, while loading fruit for New-York. She is now on the rocks where the steamer Schleswig was wrecked.

The Ethelred belongs to the United Fruit Company. She was built in 1890, at Astoria. The steamer is 215 feet long, has 25 feet beam and a 12-foot draft. She registers 324 tons gross and 531 tons net.

COTTON ON FIRE IN HER HOLD.

St. Johns, N. F., Nov. 21.—The British steamer Dunblane, Captain Farquhar, ten days out from Savannah for Bremen, laden with cotton and phosphates, has put in here in distress. The cotton has gone up in flames, and the vessel's deck has been swept by the recent gales, her bulwarks battered and other damages sustained. She is having repairs made and the fire extinguished.

NAMES OF ANN O'NEILL DISS DE BAR.

London, Nov. 21.—When the hearing of the charges against Theodore Jackson and Laura Jackson (Ann O'Neill Diess De Bar) was resumed this morning at the Marlborough police court, Peter Kane, a detective, produced an American certificate of marriage, dated New-Orleans, November 13, 1898, in which the partners were described as "Frank D. Jackson, of Wisconsin, and the Princess Edith Lollita, Baroness Rosenthal and Countess Lauda-foffia, of Florence, Italy." Other documents produced related to a sect called the Kareswan Unit, "founded by Cyrus R. Teed, and referred to in a newspaper article between Teed and Miss Horos. Another paper dealt with Teed, under various titles, started by the Jacksons in Chicago, Paris, London and elsewhere. The hearing was adjourned until Saturday.

NO ACTION ON LEASE OF SITE IN STRAND.

London, Nov. 21.—The officials of the London County Council say there is no truth in the report, published in the United States by a news agency, that the Council yesterday refused to grant the application for the lease of a large block of ground facing the Strand, made by an Anglo-American syndicate. The Council has taken no action whatsoever as yet in the application for the site referred to.

THE BUFFALO AT PORTO RICO.

San Juan, Porto Rico, Nov. 21.—The United States training ship Buffalo arrived here to-day from Tenerife.

The officers of the Buffalo were amused on hearing the report that their vessel had been wrecked, and could not account for it. The Buffalo left Tenerife on November 9, and the usual run to San Juan takes eleven days.

IGLESIAS RELEASED ON BAIL.

San Juan, Porto Rico, Nov. 21.—Santiago Iglesias, the agent of the American Federation of Labor, who was arrested here about a fortnight ago on a charge of conspiracy, has been released in \$500 bail. The bail was furnished by Samuel Gompers, president of the American Federation of Labor. Iglesias will be tried on December 2.

NO INVASION OF CHILIAN TERRITORY.

Santiago, Chile, Nov. 21.—Investigation shows that rumors of a violation of Chilean territory by forces of the Argentine Republic are unfounded. The Foreign Minister of Argentina, Dr. Alcoriza, has given the Chilean Government full assurance that nothing of that nature has occurred, and that there is no reason for any alarm.

TO CALL ANTI-ANARCHIST CONFERENCE.

Berlin, Nov. 21.—"The Lokal Anzeiger" to-day prints a special dispatch from St. Petersburg, asserting that Germany and Russia are together preparing a common circular note proposing an anti-anarchist conference.

CUBAN ANNEXATION.

GOVERNOR GENERAL WOOD SAYS IT WILL COME BECAUSE OF ECONOMIC CONDITIONS.

Santiago de Cuba, Nov. 21.—Governor General Wood and his party started last night on the government yacht Kanawha for Guantanamo, where General Wood inspected the troops to-day. The Kanawha was compelled to return to the harbor on account of the rough sea outside, but started a few hours later.

An enormous amount of work was accomplished by General Wood in course of his stay here. He inspected the details of every department, and ordered many public improvements. He said he thought Cuba was destined to be annexed eventually to the United States, on account of the economic conditions existing, as the sugar and tobacco industries of the island would be unable to prosper to so great an extent in competition with the industries of Porto Rico, Hawaii and the Philippines as would be the case should annexation be accomplished with the will of the Cuban people.

General Wood also said that the United States Government had guaranteed a stable government for Cuba, a thing which it would be impossible to maintain without prosperity, and he declared that the United States would be morally bound to annex Cuba if solicited to do so by the insular republic.

General Wood will return to Havana, visiting all the ports on the north coast, and then go to Washington to endeavor to secure an amendment to the tariff schedules affecting sugar and tobacco, which he says he regards as absolutely necessary.

THE MISS STONE SITUATION.

MR. DICKINSON TO GO TO CONSTANTINOPLE—DEPARTURE FROM SOFIA MAY BRING BRIGANDS TO TERMS.

Sofia, Nov. 21.—Mr. Dickinson, the diplomatic agent of the United States here, will leave this city on Friday or Saturday of this week for Constantinople. There is apparently no prospect of a settlement with Miss Stone's abductors. The departure of Mr. Dickinson will probably have a good effect upon the brigands who have Miss Stone in their possession, as they may fear to lose everything by not accepting Mr. Dickinson's proposals.

According to dispatches to The Associated Press, dated November 20 and 21, Mr. Dickinson sent an ultimatum to the brigands, giving them three days to accept \$100,000 as the ransom of Miss Stone. If this amount is not accepted within the time mentioned, Mr. Dickinson's offer will be withdrawn.

Washington, Nov. 21.—It is said at the State Department that up to this time no application has been made by the United States Government to the Porte for permission to send warships to the Dardanelles to demonstrate off the Bulgarian coast, as reported in Vienna newspapers. Mr. Dickinson is further said that the status of Miss Stone's case remains unchanged, so far as the department is advised.

THE ELECTRIC ROAD IN BERLIN.

PLANS OF EMPEROR WILLIAM ADOPTED BY MUNICIPALITY.

Berlin, Nov. 21.—The committee of the municipality appointed to deal with the Unter den Linden controversy between the Emperor and the municipality has capitulated, and to-day adopted, by a paltry majority, the Emperor's plan for the projected electric road. The plan of Emperor William was to enter the Unter den Linden street at a thoroughfare. The municipality planned to have the electric road pass over the thoroughfare.

CONFESES MANY FORGERIES.

INDIANAPOLIS, Nov. 21.—John Verrall, an Englishman, travelling from Cincinnati, walked into the police station last night, and after admitting twenty or more forgeries and embezzlements committed in various parts of the country, said he wanted to give himself up. The forgeries, he said, aggregated \$12,000, and the crimes were committed in the following cities under aliases as given: H. V. West, Cincinnati; Vincent West, St. Marys, of the Western Newspaper Association, of St. Marys, Ohio; Vincent West, Philadelphia; J. H. Verrall, embezzlement, Boston; Vincent West, embezzlement, Boston; Dr. West, embezzlement and forgery, Peoria, Ill.; Vincent West, embezzlement, Chicago; V. T. Berkeley, embezzlement, at Boston; L. V. Latham, embezzlement, Hamilton, Canada; E. D. West, embezzlement, Toronto, Canada; H. Vincent West, forgery, Dayton, Ohio.

THE WHOLE APPROPRIATION CANNOT BE EXPENDED FOR AN INCOMPLETE BUILDING.

WASHINGTON, Nov. 21.—The Controller of the Treasury, in answer to a request from the Secretary of the Treasury for the former's decision as to "whether the Treasury Department can legally enter into contracts to carry forward the work in connection with the erection of the new custom house as far as the appropriation of \$5,000,000 is concerned, saying in part:

These terms (act of Congress March 3, 1899) require the erection of a building complete in all particulars, with minor exceptions and for the purposes specified. I do not mean by this language that the act required the inclusion of every particular item of the contract, but that the act required the completion of the building in the limit of cost. Nor do I mean that the act required the expenditure of the entire appropriation. On the contrary, it leaves large scope for the exercise of discretion, and this discretion may, no doubt, be exercised with respect to such limitations of cost. I mean only that in my opinion it required the erection of a building which is complete in all particulars, according to the design adopted. I am also of opinion that by necessary implication the act required the expenditure of the entire appropriation for the erection of an incomplete building in the sense indicated.

FOR A HYGIENIC LABORATORY.

A NEW MARINE HOSPITAL SERVICE BUILDING TO BE ERRECTED.

WASHINGTON, Nov. 21.—At the last session of Congress the expenditure of \$5,000,000 was authorized for the erection of a building in the District of Columbia for the Marine Hospital Service. This money is now available, and the architect of the Treasury Department, having selected a site for the building on the flats of the Potomac, near the proposed ending place for the memorial bridge to Arlington Cemetery, is now getting ready to let the contract for the building. The Marine Hospital Service is also preparing to establish an efficient experiment bureau. Surgeon Milton J. Rosenau, formerly of Brooklyn, and at present in charge of the hygienic laboratory at the "Ben" Butler House, in this city, which is the headquarters of the Marine Hospital Service, is expected to remain as chief of the new laboratory. He is to have two assistant surgeons and several attendants. Students and practitioners will be permitted to experiment for special purposes by permission of one of the higher executive officers of the Treasury Department.

THE M'KINLEY CARNATION.

KANSAS CITY, Nov. 21.—The McKinley Carnation contest was the attraction to-day at the flower show at convention Hall, and the prize of \$100 offered for the most nearly perfect specimen of the pink carnation, the favorite flower of the late President McKinley, was awarded to E. T. Graves, of Richmond, Ind. The bloom, with two green leaves, was the winning specimen. The McKinley carnation is a hybrid. It has the blood of the Painted Lady. Its color is brighter than that of the famous pink.

NEW-YORKERS GET PRIZE WINNERS.

RIBBONED CATTLE AT PITTSBURGH FAT STOCK SHOW EXHIBITED AFTER SALE.

Pittsburgh, Nov. 21.—New-York butchers were among the greatest bidders at the Pittsburgh Fat Stock Show, and the following were the winners: A Bux New-Yorker secured ribbon winners, a Bux heifer, first premium Short Horns, at \$80 per hundred pounds; Daniel Wiant, second premium Short Horns, at \$80 per hundred, and the "Caledonia" cow, third premium Short Horns, at \$80 per hundred. Richard Weber, of Harlem, secured ribbon winners, a Bux heifer, first premium Angus steer known as King of Ireland, at \$20 per hundred pounds. These cattle are on exhibition at the United Dressed Beef Company's plant.

MURDERER HANGED HIMSELF IN CELL.

MURDERER HANGED HIMSELF IN CELL. Jackson City, Kan., Nov. 21.—W. D. Buchanan, who killed White and Cooper, policemen, while being arrested on Tuesday night, was found dead in his cell to-day. He had hanged himself with a towel. Tuesday night Buchanan ran wild through the streets, shooting at every one he passed.

WILL CONSECRATE ON JANUARY 8.

Dubuque, Iowa, Nov. 21.—The date January 8 has been fixed for the consecration of the new St. F. W. Keator, rector of St. John's Episcopal Church, of this city, as the Iowa diocese, was in charge. The ceremonies will take place in St. John's Episcopal Church, in this city.

RELATIONS NOT IN DANGER.

PRIVY COUNCILLOR PREDICTS CONTINUANCE OF GOOD FEELING BETWEEN GERMANY AND THIS COUNTRY.

L. M. Goldberger, member of the Imperial German Consultative Board for Commercial Measures and Royal Privy Councillor of Commerce, who has been in this country for some time, last night at the Hotel Savoy what he thought of the report of United States Consul General Mason at Berlin, which was recently made public by the State Department. Mr. Goldberger said:

There are no essentially new facts in this report of Mr. Mason. While the duty of an American consul naturally consists in guarding against the possibility of American interests, it would seem to be to the mutual interest of his own country and to one to which Germany is equally interested, to guard against exaggerations. Our German workmen are energetic and intelligent. They have a large measure of technical knowledge and abilities in the most difficult branches. I need only refer to the workshops for optical and mechanical apparatus, the chemical and electrical industries and shipbuilding. Our German workmen are in demand everywhere, even here in America, where I am an American industrialist. Our relations are steadily availed of by American manufacturers. It is not strange that every step of American progress and American development is met with interest and the keenest eye in Germany. Does not America watch industrial activity in Germany with just as much interest as Germany watches that of America? It is not only a mutual observation of the progress of America and Germany, but a continuous watching of each other's interests in the world's commerce.

The apprehensions regarding the new German tariff schedule seem to me exaggerated. While an increase of the duty on wheat from 10 to 15 cents, and of 150 marks per 100 kilos (equivalent to say, 10 cents and 2 cents, respectively, a bushel) would naturally affect to a certain extent the welfare of family life of the German workmen, this influence, too, is overestimated by Mr. Mason. For, if such a tariff were adopted, it would be in accordance with such proper modification as recent industrial developments have shown to be reasonable. The healthy development of German industries will continue, and the few additional marks which the wheat grower has to pay for his wheat a year will be compensated for by the higher wages which the German employer can then afford to pay him.

English foreign trade to-day leads the world. Then comes Germany, and America follows at a distance. It is not to be assumed that the proportion will continue to prevail in the future, the circumstances and the interests concerned. The Americans should keep before their minds, but Germany is not dependent upon or under the influence of the duty on wheat in America. The only article that Germany is as yet obliged to import from America is cotton. America, however, exports a large amount of German industrial products, particularly in the field of the chemical industry, the toy industry, the mechanical and electrical industries, and the textile products, etc. Everything tends toward the maintenance of a good understanding between the two countries. It is not a question of superiority in favor of either the United States or Germany.

The publication mentioned by Mr. Mason of Frederick and Waller streets, entitled "The Balance of Trade of the United States of America," was issued in March by the Central Bureau of Statistics, and is a very valuable work, which I am vice-president. This book attracted the attention of those interested six months ago, and was widely read in all the countries, including the newspapers here.

One more point" have read in the papers here unfavorably about Consul General Mason's report, and that is the article in the Berlin "Kreuzzeitung," there seems to me to be some justification for its attitude in this connection. I am of the opinion that as harmonious relations with other nations as possible, Consul General Mason is to be congratulated in this direction, but in this case he seems to me not to have acted wisely when he criticized our customs and protective policy in the front rank of nations so far as protective duties are concerned.

The controversy would spread everywhere that the interests common to Germany and the United States far exceed any possible points of antagonism. I am sure that the Emperor, who has so often declared only a few days ago that the Emperor determined the most cordial and friendly relations toward the United States. This sentiment is shared by our people, who have the most sincere recognition of American progress and the most sincere reciprocity here in the United States. This will be a blessing for both nations.
