Chicago, July 25 (Special).—New July oats opened at 72c and closed at 70 1/2c; July July at 51c and closed at 50 1/2c. There was very little July trade.

There is a vigorous protest from both the West and local interests as to the severity in the grading shown by the inspection department in the matter of standard oats. The claim is made that the inspection officials are virtually demanding a No. 2 white to fill standard requirements, while the market is selling at a No. 3 grade.
