

BOY BRIGADE FIGHTS FIRE.

CATHOLIC PROTECTORY SENIORS COOLLY ENTER BURNING BUILDING.

IN SPIKE OF LACK OF WATER PRESSURE THEY HAVE THE FLAMES NEARLY UNDER CONTROL WHEN CITY ENGINES ARRIVE.

Eight hundred boys of the senior class of the Catholic Protectors, in West Farms Road, West Chester, went through their fire drill yesterday afternoon while the high tower of the main dormitory in which they live was blazing and the fire was threatening to spread throughout the building.

The fire, which was of unknown origin, started in the tower in the centre of the building and spread to the fifth floor. It threatened to destroy the entire building, owing to the fact that the water pressure was not adequate.

Soon after 5 p. m. Policeman Fruchineicht, of the West Chester station, was crossing the grounds in front of the main building, which is brick and has five stories, when he noticed flames coming out from under a wooden balcony around the top of the clock tower.

While this was being done the protectors fire force ran to the boiler house, and soon had ironed, the institution's engine, connected with the pump in front of the building.

By this time the flames had mounted high and were creeping up the sides of the big cross, which was rekindled only two days ago at a cost of \$200.

Stellio instructed the boys to throw out their bedding. They were doing this when the engines from Williamsbridge arrived.

Chief Purroy from Manhattan. He arrived while the fire was out before the roof for a distance of fifteen feet from the front wall and about the tower had been burned.

The fire started, apparently, on the floor of a wooden balcony which surrounded the tower above the roof. That part of the building was inaccessible to the fire engines.

Brother Leontine was delighted with the drill of the boys. He called the fifty boy fire fighters into the dining hall, where they were given a dinner and he complimented them on their conduct.

TAFT REACHES MANILA.

TWENTY THOUSAND NATIVES TAKE PART IN WELCOMING HIM.

Manila, Aug. 22.—Civil Governor Taft reached here this morning at daylight on board the United States gunboat General Alava, from Singapore, Straits Settlements. He was welcomed with an enthusiastic popular demonstration.

The day had been made a holiday and the city was decorated. Eight large arches had been erected on the streets. Twenty thousand natives from adjoining provinces participated in the demonstration in honor of the Governor's arrival.

Responding to an address of welcome, Governor Taft outlined the progress and the result of his negotiations at Rome in the matter of the Philippine friars, and said that all Church questions were making progress toward a satisfactory settlement.

General Chaffee returned to Manila to-day from his tour of the southern islands. He has not taken decisive action against the Moros of the island of Mindanao.

General Chaffee conferred with a number of the Moro chiefs, including some from the Lake Lanao district. The conference was quite friendly, and the leading chief agreed to visit Captain Pershing.

Cholera scourge in Philippines. Native physicians and friars blamed for neglecting ordinary precautions.

The spectacle of a dozen men vainly attempting to stamp out a prairie fire is likened in a letter from Manila to the efforts of the sanitary authorities to eradicate cholera in the Philippines.

Runaway cable train. Dashes down incline in Kansas City and kills gripman.

Kansas City, Mo. Aug. 22.—A cable train, crowded with passengers, escaped from the control of the gripman in charge at the top of the Ninth-st. incline early this evening.

Autopsy in Remington case. No clear light yet thrown upon the alleged suicide at Newport.

WOMEN CLEAN THE STREETS.

DISGUSTED WITH CONDITIONS IN PATERSON, THEY TURN "WHITE WINGS."

Paterson, Aug. 22.—Water-st., from Arch to Clinton, is as clean as if it was a street in New York after a painstaking "white wings" had gone over it.

On Wednesday Mrs. Eppif F. Foskay, of No. 205 Water-st., called a meeting of all the women in the block at her house and several attended.

On Thursday morning, when the factory windows were almost every woman in the block had a broom and a bucket and was busy cleaning the streets.

At the Union League Club last night Mr. Fry made the following statement: "This man was introduced to me, and I obtained the privileges of the club for him, but he was very little, and made the acquaintance, I believe, of few or no members growing out of his admission ticket."

It was reported that Rowe had induced other members of the Union League Club to cash members' checks, and that when asked to make good he threatened to reveal the details of certain Tenderloin expeditions he had made with them.

It was charged several days ago when these dates were suggested that the Congress conventions had been placed so soon after the primaries (which are September 15), because the organization men wanted to prevent Walter B. Atterbury from securing the nomination for Congress in the 11th District.

CONNECTION BETWEEN BROOKLYN AND WILLIAMSBURG BRIDGES WILL DECIDE ITS LOCATION.

The location of the second Brooklyn tunnel, which, at the suggestion of Mayor Low, will be provided for the Brooklyn Rapid Transit Company, and which the officials of that company declare they will have nothing to do with, will depend entirely on whether or not the rapid connection between the Brooklyn and Williamsburg bridges is adopted by the Rapid Transit Commission.

The Tribune has advocated for some time the building of tunnels between Manhattan and Brooklyn, in place of bridges, the expense of which is a heavy drain upon the resources of the city.

DADY ASSAILS REFORMERS. DEVERY WILL BREAK IN.

Fervid denunciations of the reformers, in a spirit of defiance, at a special meeting of the Kings County Republican General Committee, in the Johnston Building, last night, indicated that the fight to be made the primaries next fall for the control of the Republican organization in Brooklyn will be a bitter one.

Thursday, September 18.—Assembly district conventions, to elect delegates to the State convention, Friday, September 19.—Congress conventions, Saturday, September 20.—Senate conventions, Friday, September 26.—County Convention to nominate a candidate for Sheriff.
