

CANTOR BOOMS PARKER. THINKS JUDGE SHOULD BE NOMINATED FOR PRESIDENT—SAYS HILLS POWER IS BROKEN.

Borough President Cantor, who it will be remembered, went to Princeton to consult ex-President Cleveland last summer, not only for Alton B. Parker, Chief Justice of the Court of Appeals, as the Democratic candidate for President in 1904, but he did considerable missionary work for the Judge on the two weeks' trip through the Western States that he completed on Saturday. Mr. Cantor believes that Hills' power as the State Democratic boss is broken; that the next State Convention will be an open one; that Parker is the coming man, and that the Democrats will stand a good chance of electing their candidate in 1904. In local affairs he says that there will not be another boss ridden Tammany Mayor—one who will be willing to "take a slate," as did Van Wyck from Croker—and he thinks that Tammany will have to put forward a man of independent character in order to make sure of winning a year from now.

NOT MUCH TALK OF HILL. "Is there much talk of Hill?"

"No, not much. It seems to be the consensus of opinion that he had a fair chance to win this time, and, having failed when everything was propitious for us, the people are inclined to think that his days of usefulness as a candidate have passed. They regard the defeat of Coier as a repudiation of Hill."

INSANE MAN ON ADIRONDACK. HE TRIES REPEATEDLY TO KILL HIMSELF ON THE TRIP FROM ALBANY—TAKEN TO BELLEVUE.

When the Albany steamer Adirondack was docked yesterday morning it was necessary to remove Samuel Nathaniel, a passenger, to Bellevue Hospital. The young man was evidently insane throughout the trip and six policemen had to shackle him hand and foot before he could be landed. When the boat was some distance from Albany one of the night watchmen saw Hunter seize an axe, intended for use at a fire, and run the gun. He was taken to the station and strapped to a table. He was locked in a vacant room, where he attempted to beat out his brains, and finally was taken to the station and strapped to a table. He was taken to Bellevue, after a frantic struggle. His home was at No. 43 Institution-ave. He is twenty-three years old.

VALUABLE MARE SAID TO BE STOLEN. A WEALTHY LUMBERMAN SAYS THE ANIMAL WAS WORTH \$1,500 AND HAD RECORD OF 212.

Nellie, a gray mare and a well known speedway trotter, with a record of 212, disappeared mysteriously last night at One-hundred-and-sixteenth-st. and Eighth-ave. The horse is owned by Thomas G. Patterson, a wealthy lumber merchant, 230 Westchester-st., and who lives at No. 29 Charles-st. Mr. Patterson says that the animal is worth \$1,500. Last night Mr. Patterson had some business in Harlem and drove there in a light buggy to which Nellie was attached. With him was his nephew, George Steffen. They left the horse standing at 18th-ave. and 10th-st. at 10 o'clock. Eight-ave. while they went into a building near by to transact some business. Mr. Patterson says that he attached a weight to the horse before leaving her. When they sought the horse again she had disappeared. They made inquiries in the neighborhood, but no one could tell them of the horse. Mr. Patterson said that the animal could not have run far with the weight and not attract attention. Mr. Steffen went to a telephone and called up Police Headquarters. He says that he was treated most discourteously by the horse as described as being a gray mare, 6½ hands, and called Nellie. Two valuable robes are also reported missing.

AUCTION AT MRS. GORDON'S HOUSE. AN INJUNCTION OBTAINED BY THE MURPHY VARNISH COMPANY STOPS IT SUDDENLY.

Up three flights of stairs to the top floor of Mrs. Eika Gordon's house, at No. 29 West One-hundred-and-first-st., a throng of well dressed women and a few men pushed and jostled each other yesterday forenoon. It was the first day's sale of the choice furniture, bric-a-brac, paintings and other works of art said to have been purchased by "Claude Stillman," the defaulting secretary of the Murphy Varnish Company, of Newark, N. J. The auctioneer had no difficulty in disposing of the contents of Mrs. Gordon's bedroom, and at prices in some cases far in excess of those usually paid for similar articles. One hundred and ten lots were disposed of in the morning. It was intended to continue the sale, taking in the things on the floor below, when a representative of the law firm which represents the Murphy Varnish Company served an injunction, restraining Mr. Gordon from selling the contents of the house. The sale was stopped and the buyers were dismissed, but in the afternoon it was announced that the sale would be continued at 10 o'clock this morning.

COMPLAIN ABOUT DISCRIMINATION. M'HEUGH & CO. SAY STREET CLEANING MEN DON'T GET RUBBISH OUT OF FORTY-SECOND-ST.

J. P. McHugh & Co., of No. 7 West Forty-second-st., have been complaining a long time because of the heaps of rubbish left on the sidewalk by the builders who are remodeling the old hotel at Forty-second-st. and Fifth-ave. Since May 24 they have helped in the agitation conducted by the Merchants' Association, the American Fire Arts Association and other bodies to have the stuff removed and the street cleared for traffic. They had, however, been unable to find the officer who was responsible, the Street Cleaning Department turning the matter over to the police, and the police turning it back to the Street Cleaning Department. A day or two ago a blast from the subway loosened some plaster from the ceiling of one of the upper roads to the street, falling six feet deep and perhaps two feet square. He says the blast and the box of plaster on the sidewalk left a truck could be found to remove it, and it turned to go back into the house. But before it got there he was stopped by two representatives of the Street Cleaning Department and a member of the police force, who compelled him to pick up the offending object and set it inside the door. McHugh & Co. are angry at what seems to them unjust discrimination.

CHARGED WITH SMUGGLING BUTTER. Flattsburg, N. Y., Nov. 25.—Customs officials have arrested Edward Pond, of Burke, and John E. Leach, of East Constantine, Franklin County, charged with smuggling butter from Canada into the United States. A vehicle loaded with tubs of butter was seized last Saturday night as it was crossing the Canadian line near Trout River, and the driver, Edward Pond, was arrested. Leach is the butter maker for a creamery in Constantine, and it is said the great mass of money has been taken from the ship from there to points in the United States than could possibly have been made there.

BROKE IN WALL TO GET AT SAFE. BURGLARS POUNDED BROWNING, KING & CO.'S STRONG BOX CONTAINING \$1,000 FOR HOURS IN VAIN.

Gaining entrance to the premises by digging two holes through a thick brick party wall from a vacant lot adjoining, burglars on Sunday spent several hours in a vain attempt to get into the safe of Browning, King & Co.'s clothing establishment, at De Kalb-ave. and Fulton-st., Brooklyn. About \$3,000 was in the safe, which resisted the blows of what must have been a sledgehammer, judging by the appearance of the steel work. Why the men abandoned their task can only be conjectured, but they did not take even a collar button, according to the manager of the store.

The attempted burglary was discovered on Monday morning, when the store was opened for business, and reported to the police at once. It was not made public, however, until yesterday noon. Examination showed that the burglars had got on the roof of the Browning, King & Co. building by coming over from some of the tenement houses in De Kalb-ave. Falling in an attempt to force the skylight, they broke open the scuttles of the adjoining building and called through the brick wall directly over a stairway, where there was a straight drop of ten or twelve feet. Finding it impossible to get in that way, the patient burglars broke out another section of the wall further along. This led to some shelves, which gave easy access to the floor. Then the intruders went directly to the safe, in the corner, next to De Kalb-ave. on the ground floor, which was concealed from the street by a drapery. That the burglars worked deliberately and spent several hours in the place is judged not only by the work they accomplished, but by the fact that several empty whiskey bottles, the remains of sandwiches and many cigarette stubs were found strewn about.

Within a week burglars have entered the lodge rooms over the police court, at 10th-ave. and 10th-st., broken open the lockers of the various lodges which have headquarters there and stolen property worth several hundred dollars.

CHILD'S BODY MASS OF BRUISES. EIGHT BRINGS TEARS IN COURT—UNCLE WHO BEAT HER HELD.

The slight of a little girl whose body was a mass of bruises from beatings she had received from her uncle, is charged, moved many of the women prisoners and eighteens in the Yorkville Court yesterday to tears. She was Nora Reen, twelve years old, of No. 414 East Twentieth-st., and she was taken to court, with her brother Johnny, nine years, by Agent O'Connell, of the Children's Society. The uncle, John Burke, was arrested, and held for further examination by Magistrate Crane. A certificate presented to Magistrate Crane by Dr. W. Travis Gibb, of the society, stated, that, after an examination of the child's body, he found her left arm and hand a mass of contusions, her hand being swollen to twice the normal size; her back contused in several places; bruise on her back and thigh sixteen inches long by eight inches wide; contusions and abrasions half an inch to two inches square, and right thigh and leg covered with contusions about two inches square. The bruises were sustained recently, apparently by a weapon of some sort.

Agent O'Connell told the court that the society had been visited last Sunday night by a girl named Kirsch, who lives with the Reen girl, at No. 414 East Twentieth-st. She had her little friend screaming and calling for mercy, and was afraid that the uncle would kill her.

SAYS MANY CHINESE SHOULD GO. INSPECTOR DECLARES 25 PER CENT OF THOSE HERE OUGHT TO BE DEPORTED.

United States Chinese Inspector Izard stated yesterday in Brooklyn that at least 25 per cent of the 12,000 Chinamen running laundries in New-York should be deported under the Chinese Exclusion act. "If we should decide to make a wholesale raid in this city," he said, "we would be able to pick up several hundred Chinamen every day for weeks at a time. The Chinese have been staying at their laundries in the city for a long time. Inspector Izard's remarks were brought out by the action of United States Commissioner Benedict in ordering the deportation of Chu Dow, who was arrested in a recent Brooklyn raid. Black, Oloret, and other laundries have been ordered to close. The Chinese Minister in Washington to fight Commissioner Benedict's order in the higher courts.

WOULD DEBATE WITH DR. SILVERMAN. A ZIONIST CHALLENGES HIM ON ACCOUNT OF HIS SERMON OF SUNDAY RIDICULING THE MOVEMENT.

Because of his statements condemning Zionism, last Sunday, the Rev. Dr. Silverman, of Temple Emanu-El, was challenged yesterday to a debate by J. De Haas, secretary of the Federation of American Zionists. In his letter conveying the challenge to Dr. Silverman, Mr. De Haas said: "I beg to contradict every one of your observations covering historical ground, and deny all your assertions as to practicability, possibility and strength of the Zionist movement. I am, therefore, the choosing of the place for the debate and the chairman to Dr. Silverman.

MUST PAY INSTALLMENTS TO WOMAN. JURY AWARDS \$600 TO JULIA LANGER, WHO SAYS W. B. SMITH PROMISED HER A LIFE INCOME.

The defence in the suit for \$600, alleged to be due as two months' installments on a life income alleged to have been promised to Julia Langer, of Reel, by Warren B. Smith, was begun yesterday afternoon in the City Court. Mr. Smith, when called, denied that he had ever asked the plaintiff to marry him; there was never any reference to marriage in their conversation, and that no such agreement as that alleged in the complaint had ever been made, and that plaintiff had never been promised him for money, though he had paid her certain sums monthly for a time after their return from Europe. He said he had first heard that she said he had agreed to keep up these payments in a letter from Howe & Hummel. The jury returned a verdict in favor of the plaintiff for the full amount asked for, \$600. Counsel for the defendant asked Justice Seabury to set the verdict aside on the ground that it was against the weight of the evidence. Justice Seabury declined so to do, holding that the jury had to decide on a pure question of fact.

FINDS ASSESSMENT SHOULD BE REDUCED. AUGUSTUS VAN WYCK REPORTS IN FAVOR OF LITCHFIELD ESTATE.

According to the report of Augustus Van Wyck, referee, presented to Justice Marean in the Brooklyn Supreme Court yesterday in regard to the assessment of fifty-one parcels of real estate owned by the Litchfield estate in the Twenty-second Ward, Brooklyn, the estate is entitled to a reduction of 18 per cent in the assessed valuation in 1899. In that year the property was assessed for \$75,790, its estimated value being \$1,488,865. A protest was made, and the case has since been in the courts. Assistant Corporation Counsel G. S. Coleman opposed the report of the referee yesterday. Papers were submitted.

FOUND DEAD IN BED IN WILKESBARRE. Word was received in this city yesterday that William H. Kilvert, of No. 48 East Twenty-first-st., Reynolds, had been found dead in his bed in Wilkesbarre, Penn. Death was due to an accidental gas poisoning, and is believed here to have been accidental.

BURST IN MAIN CAUSES FLOOD. NO CHANCE FOR M. J. DADY.

THE MAYOR, IT IS SAID, WOULD NOT REAPPOINT HIM EVEN IF COMMITTEE INDORSED HIM. Mayor Low is considering a number of men from whom to select a successor to Michael J. Dady, one of the four Commissioners of Elections. The Mayor refuses to indicate what he is going to do, but those who are in a position to know say that Mr. Dady stands no chance of re-appointment even if the Kings County Republican Committee should recommend him. The salary of the place is \$5,000 a year. It is no secret among Republicans that Mr. Dady has not worried over the duties of his office. The "working members" of the commission are President Voorhis and Secretary Page. They regard the supervising of the bureau as their regular day by day work, and put in six days' work a week there.

Dady, while thoroughly familiar with election affairs, has been out of the city a good deal of the time, and a year ago Senator Platt was obliged to telegraph for him to come home from Cuba and attend to his official duties. He came. The indications are that Commissioner Dady will receive the indorsement of the Kings County organization, but Mayor Low is not obliged to accede to the request of the committee. It is probable that he will select an organization man who will be thoroughly acceptable to the Republican organization of Kings—one who will work regularly at his duties as commissioner. There is nothing certain about the re-appointment of Commissioner Voorhis. Mr. Voorhis is classed as a Carroll man in Tammany Hall. In the contest in Carroll's district last September a large number of floaters were sent into Carroll's district by the Murphy men, and it was through the help of Commissioner Voorhis that Carroll was enabled to detect the floaters. Charles F. Murphy, leader of Tammany, if he is so disposed, can compel the general committee to send to Mayor Low the name of a new man. "I haven't met Mr. Murphy since he became leader," said Commissioner Voorhis yesterday. "My relations with him have been friendly right along. I showed Mr. Carroll no particular courtesy in the primary fight. He asked for certain things, and under the law this bureau was obliged to comply with his request. We showed the same consideration to Mr. Dunn and other district leaders. There was no partiality. An Election Commissioner I shall be a candidate for reappointment."

CHANGES IN POLICE FORCE. Sergeant Thomas McCormick, known throughout the police force as "Terror Mac," because of his record as a thief catcher, was dismissed from the department by Commissioner Partridge yesterday.

McCormick recently was charged with refusing to accept bail for a prisoner from one man, but taking it from a saloonkeeper after \$5 had been paid to him by the man who had been refused as a bondman. McCormick subsequently resigned, but before the Commissioner could act on the application, McCormick wrote a letter withdrawing it. Then the charges were filed and he stood trial. Commissioner Partridge retired on a pension Sergeant Patrick Oats, of the City Hall station, who was one of the most picturesque men in the department. He was appointed on April 30, 1882, and in his service of over forty years was rewarded only twice, and was never fined. He was for years in charge of the Broadway Squad. His retirement was due to deafness.

WRIGHT SAID TO BE MAYOR'S CHOICE. WOODRUFF NON-COMMITTAL—DADY TO TALK WITH THE MAYOR TO-DAY.

Lieutenant Governor Woodruff did not confirm yesterday Mr. Dady's statement that Mr. Woodruff would support him for reappointment as commissioner of elections. Mr. Woodruff said: "I had a talk with Mr. Dady last night, and we agreed to hold the matter of appointment of an election commissioner in abeyance until he had seen Mayor Low on the subject. I am unalterably opposed to the indorsement by the county committee of any man that the Mayor will not appoint. Mr. Dady seemed inclined to weaken a little himself yesterday. He declared that he did not know what position he would take after seeing Mayor Low to-day. Charles H. Wright, of the Xth Assembly District, was mentioned yesterday as being the personal choice of Mayor Low for Mr. Dady's successor.

CONVICT WINS POINT IN STRAUSS SUIT. Judge Lacombe, in the United States Circuit Court, yesterday modified an injunction obtained by Benno Loewy in behalf of Adele Strauss, the widow of the composer, in an action against Heinrich Coriell, of the Irving Place Theatre, regarding rights to the Strauss operas. The modification practically vacates restraining Coriell from availing himself of the injunction granted by the Supreme Court, on the ground that the United States Circuit Court had no jurisdiction to grant the injunction granted by the Supreme Court of the State.

SAYS MRS. BIDDLE CHASED HIM. THEATRICAL MAN ARRESTED ON HER COMPLAINT SHE HE MET LIEUTENANT'S DIVORCED WIFE IN RESORT.

Mrs. Constance Drexel Biddle, who gave her home as the Hotel Grenoble, the divorced wife of Lieutenant Biddle, U. S. N., appeared in the Essex Market Police Court yesterday as complainant against Najib Hasin, a theatrical manager and former member of Kostar & Bull's Theatre. Mrs. Biddle asserts that on April 19 last she gave to Hasin for safekeeping a diamond locket, valued at \$50 and containing her photograph. She alleges that he pawned it in a Bowery pawnshop. She met him when her husband was suing her for divorce, she testified. She had him arrested six months ago in Philadelphia, she said, on a charge of larceny, and he was held in \$500 bail, but friends prevailed on her to withdraw the charge. Once she gave him jewelry worth \$50.00 to keep for her, and she got it back. She had lived with Hasin as Mrs. Hasin, and they had travelled in Europe together. Hasin in his defence declared that he met Mrs. Biddle in a resort in West Forty-ninth-st., and had been the loser of a large sum of money. He said he had told him he could dispose of the locket if she failed to return it. His statement was corroborated by his brother, A. A. Hasin. He also said the plaintiff had visited him at his law office in Broadway last week and caused a scene, chasing him all the way to a streetcar, on which he made his escape. Magistrate Benson said he would set \$100 bail for trial, and he was bailed out by Gusto McKee, No. 115 West Thirty-seventh-st., who is known as the "Poolroom Queen."

BRING MANY FRENCH GIRLS HERE. E. F. JENKINS SAYS THEY COME FOR VICIOUS PURPOSES IN GREATER NUMBERS THAN THE GERMANS.

E. F. Jenkins, superintendent of the Society for the Prevention of Cruelty to Children, said yesterday at the society's building, Fourth-ave. and Twenty-third-st., that more women were brought into this country for immoral purposes from France than from Germany. Continuing, he said: "I think, however, that the amount of deception used is greatly exaggerated. The first thing that women do when arrested by the police is by one of our officers is to assume an air of injured innocence, and if a foreigner, she says that she came to this country lured by false representations. Any one who has been through the slums of Berlin, Paris, Vienna and other European cities, as I have, knows better than to be taken by such stories. In this city, as every one knows, there are men who live from the money of these women. In the case that came up this morning, we felt sure that we knew the very man who lured the girl to this flat, but we did not have sufficient evidence to prosecute him. One of the girls, who gave her name as Jeanette, said she was in our building, and even followed her into court. We and the French consular authorities had been looking for her for months. The Chatrie girl, and Bertha Gendron, who were convicted in the Court of Special Sessions a week ago, the former as Carmer Gendron, of maintaining a disorderly house at No. 24 West Sixty-fourth-st., were arrested by the police yesterday. Justice Wyatt told the Chatrie girl that if she would tell the name of the man who placed her in the flat he would get her out. She refused absolutely. She was then sentenced to thirty days in the city prison, and the other girl remained until December 2.

SALARY SYSTEM SUCCESSFUL. The change from the fee to the salary system in the office of the Register of Essex County resulted for the last year, the first in which the change was operative, in a net income of \$10,430.52. The fees collected in the Register's office during the last year aggregated \$23,739. The clerks' and copyists' salaries amounted to \$13,808.17, while the Register's salary is \$7,500. The profits of the office during the preceding year were \$5,467.30, showing an increase of \$492.

AFTER ABSENTEES, TOO. PARTRIDGE WANTED TO FIND OUT HOW CAPTAINS ENFORCED RULES.

Police Commissioner Partridge said yesterday that a comparison of results under the three platform and two platform systems was not the only reason for the hasty mobilization of the police reserves from twenty-six precincts in Manhattan at the Grand Central Palace on Monday afternoon. "I wanted to find out," he said, "how well the captains kept their men in hand. I am going to find out how many absentees there were yesterday, and why the men were absent."

The commissioner sent a note to Inspector Cortright, requesting him to get a statement of the number of men who were on reserve duty in each of the twenty-six precincts on Monday afternoon, the number of men absent from reserve duty, including sergeants and roundsmen, and the reasons for each. Charges may be preferred against men who were away from reserve duty unless they were on the sick list. When he was asked if there was significance in the fact that only one captain responded to the call for reserves on Monday afternoon, Colonel Partridge replied: "Oh, no, the call was for the reserves only; not for the captains on reserve duty."

CHANGES IN POLICE FORCE. Sergeant Thomas McCormick, known throughout the police force as "Terror Mac," because of his record as a thief catcher, was dismissed from the department by Commissioner Partridge yesterday.

McCormick recently was charged with refusing to accept bail for a prisoner from one man, but taking it from a saloonkeeper after \$5 had been paid to him by the man who had been refused as a bondman. MANY MERRY MEN SING MANY SONGS. PHI DELTA THETA MEMBERS WIND UP A DAY'S BUSINESS WITH A SMOKER.

Cheers and songs of more different colleges than were ever heard in New-York were given at the smoker of the Phi Delta Theta fraternity at Sherry's last evening. The college men from the South sang "Dixie" and waved a Confederate flag; they were answered with "Gankle Doodle," and then all joined in singing "God Save the Queen," in honor of the delegates from Canada. The only formal part of the evening's exercises was a short programme arranged by Lee Fairchild, of this city, a Phi Delta Theta man, from Lombard University, in Illinois. Francis Archambault, Paul Defaut and Robert K. Parker sang, John E. Hazard and Lee Fairchild gave short monologues and Miss Zelma Rawlson sang popular songs that greatly pleased her audience. The informal part of the evening was, perhaps, more important, and consisted of singing college and fraternity songs, smoking a great deal of tobacco, with the other accompaniments usual at a fraternity social. The party was taken up with business sessions, which will be continued to-day. To-night there will be a theatre party at Daly's.

HE TAKES ROOM ON RENTS IN THE EVRETT HOUSE AFTER LOSING ALL HIS MONEY. A well-dressed young man who registered at the Everett House, Seventeenth-st. and Fourth-ave., on Monday night last as Robert J. Moses, killed himself in his room in the hotel late last night by taking a box of rough on rats. He died soon after discovered groaning in bed by one of the hall boys. The body was removed to an undertaking establishment at Seventh-ave. and Thirtieth-st.

KOCIAN'S WELCOME A STRENUOUS ONE. HIS COAT IS CONVERTED INTO SOUVENIRS BY A VIOLENTLY ENTHUSIASTIC CROWD OF BOHEMIANS.

Kocian, the boy violinist, was received with open arms last night by his fellow Bohemians—by nationality, not proclivities—and barely escaped alive. The tumult of patriotic approval swept him off his feet, tore the overcoat from his back, and, after he had bolted into his coach, unharmed, the horses and began to drag him home. As that angelic musician Orpheus was followed by all living creatures, and even the trees inclined toward him, so this modern Orpheus, bearing a silver lyre, a gift of the Bohemians, was followed by cheering, singing crowds, until the police dispersed the enchanted disciples of Music. After the dinner tendered to him by the Bohemian societies in National Bohemian Hall, East Seventy-third-st., Kocian was escorted to his coach, but when his admirers saw that he was about to depart they seized him and elevated his frail body on their shoulders. His coat could not survive the strain, and was immediately converted into souvenirs. The violinist, though frightened by the warmth of the demonstration, managed to get to his coach. "SPORT" ENDS HIS VACATION. Charles F. Murphy, leader of Tammany Hall, returned late last night with Mrs. Murphy from Mount Clemens, Michigan, where he went for a vacation soon after election. Mr. Murphy will be at Tammany Hall to-day, and to-night he will attend the regular Thanksgiving eve entertainment of the Anawanda Club, his district organization. Many prominent Tammany men have been invited.

MASS FOR FATHER AUGUSTINE. Montclair, N. J., Nov. 25 (Special).—After the services in the Church of the Immaculate Conception this morning the Rev. Joseph F. Mendl announced that he would conduct a mass in the church at 8:30 a. m. on Thanksgiving Day for the repose of the soul of Father Augustine, the Filipino priest who, it is alleged, was tortured to death by the water cure, and for the Filipino who, it is said, were killed by order of General Jacob Smith.

EX-MAYOR OF CAMDEN A SUICIDE. Camden, Nov. 25.—Former Mayor Jesse Pratt committed suicide this morning by shooting himself in the head at his home, in Sixth-st. Illness was the cause of the deed. He got up this morning saying he was going for a walk. He went to a store, purchased a revolver, and returned home, put a bullet into his brain. He was Mayor for two terms, a member of the legislature and of the Board of Education, and had served as city assessor. He was 34 or 35 years old.

WINS THOUSAND DOLLARS AND FAINTS. Mrs. Elizabeth Wilkinson, of No. 25 Wilkeson-ave., Jersey City, invested \$1 for one chance at a raffle for a \$1,000 lot, and fainted when informed that she had won it. The raffle was held for the benefit of St. Patrick's Roman Catholic Church. The lot is at the southwest corner of Communipaw and Garfield aves.

HE TAKES ROOM ON RENTS IN THE EVRETT HOUSE AFTER LOSING ALL HIS MONEY. A well-dressed young man who registered at the Everett House, Seventeenth-st. and Fourth-ave., on Monday night last as Robert J. Kocian, the boy violinist, was received with open arms last night by his fellow Bohemians—by nationality, not proclivities—and barely escaped alive. The tumult of patriotic approval swept him off his feet, tore the overcoat from his back, and, after he had bolted into his coach, unharmed, the horses and began to drag him home. As that angelic musician Orpheus was followed by all living creatures, and even the trees inclined toward him, so this modern Orpheus, bearing a silver lyre, a gift of the Bohemians, was followed by cheering, singing crowds, until the police dispersed the enchanted disciples of Music. After the dinner tendered to him by the Bohemian societies in National Bohemian Hall, East Seventy-third-st., Kocian was escorted to his coach, but when his admirers saw that he was about to depart they seized him and elevated his frail body on their shoulders. His coat could not survive the strain, and was immediately converted into souvenirs. The violinist, though frightened by the warmth of the demonstration, managed to get to his coach. "SPORT" ENDS HIS VACATION. Charles F. Murphy, leader of Tammany Hall, returned late last night with Mrs. Murphy from Mount Clemens, Michigan, where he went for a vacation soon after election. Mr. Murphy will be at Tammany Hall to-day, and to-night he will attend the regular Thanksgiving eve entertainment of the Anawanda Club, his district organization. Many prominent Tammany men have been invited.
