H. HOADLEY DENIES PLAINTIFF HELPED TO FORM LOCOMOTIVE TRUST.

John F. Plummer has brought suit for \$1,000,000 against the International Power Company, and Joseph H. Hoadley, its president.

It is alleged by Mr. Plummer that in March, 1901, he asked the president and board of directors of the International Power Company to assist him in purchasing the Rogers Locomotive Works.

When the International Power Company was seeking to get the Rogers Locomotive Works the latter was in the hands of a receiver.

Mr. Plummer says that he persuaded George R. Sheldon, of W. C. Sheldon & Co. to help it, and that he managed to raise \$6,000,000.

The plaintiff alleges that Mr. Hoadley several times told him that the International Power Company had cleared \$7,000,000 on the deal.

Mr. Plummer says that he persuaded George R. Sheldon, of W. C. Sheldon & Co. to help it, and that he managed to raise \$6,000,000.

The International Power Company never had any connection whatever with Plummer, and no official of the company was ever authorized to enter into any negotiations of any character with him.

WANT BAPTIST SEMINARY HERE.

EFFORTS ARE BEING MADE TO MOVE THE THEOLOGICAL SCHOOL FROM ROCHESTER.

The efforts of prominent members of the Baptist Church to remove to this city the theological seminary at Rochester is just now interesting members of that denomination keenly.

Rochester Theological Seminary is one of the old institutions of the Baptist denomination. Its president is the Rev. Dr. Augustus H. Strong, one of the foremost men of the Baptist body.

It is contended that Rochester is an out of the way place in Baptist calculation, and that the seminary ought to be removed here.

The Rev. Howard L. Jones hopes to use the \$40,000 received from the sale of the Epiphany Church, Madison-ave. and Sixty-fourth-st.

While the liberal element wants to move the seminary to New York, the conservative element wants to build a denominational headquarters similar to Tremont Temple, Boston, and the fine Publication Society structure in Philadelphia.

Trenton, Nov. 26.—The State came in for criticism in the report of the State Charities Aid Association, which has been handed to Governor Murphy, William H. Allen, general secretary, prepared it. He calls attention to the need of a State institution on the line of a reformatory for girls over sixteen years old.

Mr. Allen says that in the past all effort toward remedial legislation has been blocked by the influence of the sheriffs of the various counties. He says that in this they have been aided by their

under sheriffs, whose fees depended upon the continuation of the existing order. He advocated the abolition of the fee system. This is in line with the forthcoming message from the Governor.

The Atlantic County Jail is said to be a place where the vilest immoralities obtain. There the female prisoners are attended by men prisoners, so-called trustees.
